Traffic Study

Due to high traffic, a number of recent incidents, and in the interest of safety for all of us, the Homeowners Association has asked the county to conduct a traffic study at the intersection of Azalea Creek Trail and Wilderness Hill. The hope is that there is sufficient traffic to warrant adding a couple of stop signs. When you see the cables at this intersection (hopefully soon!), please help out by trying to run over them as much as you can!

Curb Numbers

To better serve you...in December the curb numbers throughout Wortham will be painted. Having all of our house numbers painted the same will enhance the appearance of our neighborhood, and the reflective paint should help our visitors find their way (especially in an emergency).

Eagle Scout Gives Back To School

Rob Pazitney is a sophomore at CyFalls High School and has attained the prestigious award of Eagle Scout. Starting 9 years ago as a Cub Scout and exploring the adventures that scouting offers, he has reached a goal that only 3% of all scouts strive for and achieve...rank of Eagle Scout.

For his community service project, Rob supervised and led 20 scouts which took over 140 hours to complete the building of park benches. These benches have a special meaning because they were installed in the playground of Christian School of Northwest Houston. The same school Rob attended in pre-kindergarten, kindergarten, and first grade. The teachers and staff showed Rob so much love and caring that he decided to give back his love by building and installing 2 new benches and repairing an existing bench at the school. These benches were installed in the playground area so the teachers could sit and supervise the students during the day and the students could also use them as a place to rest. Principal Lucila Villarreal commented that her pupils were inspired by Rob's action and that it was wonderful and encouraging to see Rob grow into a positive role model.

Rob's motivation and leadership skills were given the opportunity to grow and thrive in the Boy Scout program. Rob believes all boys should get a chance to indulge and experience this program which also includes camping, cooking, and the great outdoors. Boys learn

Rob Pazitney

how to get along with others and the program teaches them life skills, just like first aid which they can use forever.

Scouting is like an investment. Over time, and done with passion, the outcome is invaluable to the young man and to his community.

Congratulations on this outstanding accomplishment!

Prepare Your Child For The Holidays

As the holiday season approaches, the kids are excited about vacations, gifts, and playing with friends- things children should concern themselves about. As parents, grandparents, guardians, and caring friends, we should know there are other things to prepare for.

We make sure that are children are dressed for the weather, wear their helmets and knee pads, and eat a healthy diet- but we also have to prepare our children for other realities.

Does your child know what to do if a stranger asks them for help? Does your child know how to reach you in the event of an emergency? Does your child know your full name? Do you have a recent color photo of your child? Do you know all the medications they may be taking? Do you know your child's friends?

We live in a time where these are just the basics. We can prepare ourselves and our children for the dangers that can be just outside our doors. With just a few basic rules, for both you and your children can better prepare you for an emergency situation.

1. Teach your children that the police are their friends and that they can rely on them if they are in trouble.
2. Set-up a password. A secret word only between you and your child. In the event someone else has to pick them up- your child knows only to go with them if they have the password.
3. Teach your children that strangers should not ask a child for assistance. Adults should ask adults for help.
4. Always accompany your child on door-to-door activities.

5. Know your neighbors and neighborhood. Regularly check for registered offenders in your area.
6. Rethink the signs on your lawns and vehicles that give strangers too much information. (Their name, team name, team number, sport, school, address, and vehicle information all in a glance.)
7. You should not put your child's name on their clothes where it is visible. Children feel more comfortable around others that already know their name.
8. Teach your children that no one should ever touch any part of their body that a bathing suit would cover.
9. Never leave your child alone in a public place, stroller, or car for even a minute.
10. Always accompany your child to the restroom in public places.

These are just a few of the basics. Too often we hear terrible stories that break our hearts. We need to start preparing our children for some of the realities that are just outside our doors. We also need to prepare them from some invaders in our homes, namely the Internet. Know where your children are going. Put a computer in a place that you as an adult can easily see where they are and what information they are giving out. Use the tools that are out there that filter out the garbage you don't want your children to see.
