OFFICIAL FAIRFIELD COMMUNITY ASSOCIATION NEWSLETTER

## Fairfield Sports

*It's that time of year again ... the Spring Baseball/Softball Season is in full swing. The FUN and GAMES have begun!*

*And the WINNER is ...*

Last Spring Baseball Season we had a contest to name our new concession stand. Finally, a year later the sign has been completed and is currently hanging on our new facility; "Home Plate." The winning baseball team from last spring was the AAA Rockies. The picture shows the team receiving their winning check that was used for their team party.

We want to thank all of the participating teams and would like to invite everyone to come see the sign, the new building and try some of our new menu items.

**And for MORE fun ...**

**Get READY for Fairfield Sports' Backyard Cookout 2005**

For the past three spring baseball seasons, members of the concession's committee, along with numerous other volunteers have hosted a backyard cookout with burgers and fries on the same Saturday as the team pictures. Our initial reason for this event was simply to have some fun, eat some good food, and promote a close knit community. Each season the event has grown and has proven to be just what we wanted—"a great day at the ballpark."

This year's cookout will be on April 9, again coinciding with team picture day. Last year, we cooked around 750 hamburgers and about 800 servings of French fries. As with any event as large as this, it takes a great number of people to make it a success, and that is why this year, we have made some changes. We have contracted with a third party to do the cooking and serving this year. The company is "Jus-Made of Houston, Inc." This company will also be serving various goodies on Opening Day that the concession stand does not carry. The advantage of a third party is that the 100 or so people behind the scenes of this great event can actually enjoy it this year with their families, instead of watching from behind the grill.

We ask that you continue to support the spirit of the event and come join us for some fun, some good food, and a great day.

Additional information regarding serving times will be added to the Fairfield Sports' web page ([www.fairfield-sports.com](http://www.fairfield-sports.com)) at a later date. Check back for details.

### **Make MOTHER'S DAY a special event at the Ballpark!**

There's nothing more exciting and more heartwarming than a Mother getting to watch her child play baseball! She sits on the edge of her seat in great anticipation just waiting and watching for her shining star to step up to the plate. Moms don't really care if their stars hit a home run or a foul ball or any at all because in Mom's eyes those stars are already ten feet tall. Yes, those Moms cheer their stars on ... some cheering loudly while others cheer quiet and proudly and up close you can see – whether their stars catch one or three – Mom's face is filled with glee!

There's nothing better than a Mom's loving support, especially when she's sitting in the stands cheering you on ... so why not treat your Mom to a very special day! In honor of Mother's Day, Fairfield Sports will help you celebrate with your favorite Mom or Grandmom on Saturday, May 7, with games, food, shopping and lots of fun at the ballpark. Chik-fil-A will be there serving up lots of tasty chicken for a great, low price from 10:00 a.m. on AND the Chik-fil-A Cow will be at the park from 11:00 a.m. to 1:00 p.m. There will be lots of "surprises" out there for Mom so come on out and see some ball games, eat some great food, and Moms - shop til you drop!

## THE PET CORNER

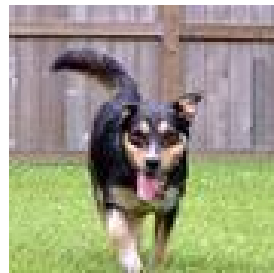

### ATTENTION Fairfield Pet Owners.....

My name is Susan Locke, and I am the Lost and Found Pet Coordinator for Fairfield. I am a contact for someone that has lost or found a pet and tries to match the two together. I am unable to pick up, deliver or provide medical assistance to lost, found or injured animals but try to help locate the dog or owner when they are lost. I can be reached at **281-304-7231** or [smltxag@houston.rr.com](mailto:smltxag@houston.rr.com) Please sign up for daily updates on lost and found pets at <http://groups.yahoo.com/group/fairfieldpets>.

Did you know that there are people that think we are way out in the "country" and can provide new homes for the dogs they no longer want or find a nuisance? Simon and Francesca were two dogs stolen from their own backyard in the Heights because the neighbor thought they were a nuisance and were dumped in Fairfield. Animal Control was called and Simon was captured and taken to the county facility where his life was spared because he was micro-chipped. Unfortunately Francesca is not as lucky as she avoided being captured and is still somewhere in Fairfield. Her owners miss her dearly and look every weekend. Please help bring Francesca home if you have been providing shelter or food for her please call us so we can help her get home.

We have several other dogs that have seemed to disappear without a trace. If you know someone that has found a dog or cat and has been kind enough to provide it a loving home please tell them about our website. Some assume that no owner is looking for them when in fact they are heartbroken and searching daily. Please report a lost or found animal as soon as possible. If you have lost an animal it is important that you keep checking the shelter at [www.countypets.com](http://www.countypets.com) daily as they only keep animals 72 hours without identification.

**Pet of the month: Francesca!** Lets bring her home for good! Please call if you have any information to help find her. 281-304-7231 or [smltxag@houston.rr.com](mailto:smltxag@houston.rr.com)

### In Need of Good Home:

Female short haired, tortoise colored (black, orange and brown) young cat. About 10-12 pounds already. Very, very loving and wants a lot of attention. She loves belly rubs and neck scratches! She loves the dog and any aged child. Found on February 17th in Chappel Ridge. She needs a good home where she can be adored and loved and played with, she likes hide and seek with the dog! She is used to being inside as she wants in and is fully potty trained. She even uses the litter pan even though she has been outside. She doesn't appear to have any problems as she eats and drinks well. If you would love to adopt her, I will give her all her toys and food etc. that I have purchased and if she doesn't work out then you can bring her back! Please email me at [dsgracey@sbcglobal.net](mailto:dsgracey@sbcglobal.net) or call 281-373-1953.

## TEXAS TERRAPINS SWIM TEAM

### Caution / Danger!

### The Problem with Flotation Devices

*By Barbara Harold*

*Head Coach for the Texas Terrapins Swim Team and FAST in Fairfield*

*"Caution: This is not a lifesaving device. Do not leave child unattended while in use. Use only under competent adult supervision. Not a life preserver."*

*"WARNING! Only to be used in water in which the child is within its depth and under adult supervision." (The standard warning on floaties.)"*

We are getting to the time of year when we will be seeing more and more articles about senseless drownings. What does this have to do with flotation devices? More and more children are wearing these devices in their swimming suits, on their arms and around their waist. Parents feel more secure when their little one's head is held above water when they are not holding them.

There are times when flotation devices are a must, like ANY TIME the child is on a boat, or around the water (lake, river, beach, or pool – when you are not holding them). Always use a Coast Guard approved life jacket. The ONLY time a child should not use these is when they are swimming. What is the harm? It is threefold.

1. They give a false sense of security to the child. When a child swims with a flotation device, they do not have to work, or even get proper body position, to get to the surface. Usually, a favorite pastime at the pool for children is to repeatedly jump in. It's so much fun. When a child does this over and over with a flotation device, they learn to just "hang" in the water and wait to be popped up to the surface. Many times, accidents happen when the device is taken off (to get a snack, or go to the bathroom) and the child gets back in the water without being noticed. Since the child doesn't have the maturity to understand that they won't "pop up" without their flotation device, they will continue with the same behavior (jumping in and just "hanging", waiting to be popped to the surface).
2. They give parents a false sense of security. Parents feel that they are being safe by putting these devices on their children. Many times, you can see youngsters walking to the pool with mom or dad, wearing their arm floaties. These children will be allowed to play in the pool, even where they can't stand up, while mom or dad lies at the side, reading a book, or something. Arm floaties are dangerous in that they don't always work. They can have a leak that is hard to detect, they can slip off easily (especially after sunscreen is put on), and very young children bite them and put holes in them. Other devices include the inflatable rings that go around the waist. They are really dangerous, in that many times, children end up upside down and they can't right themselves. This is very common. The only devices that should be allowed to keep children at the surface are coast guard approved life jackets. Parents - DON'T TRUST ANYTHING ELSE!
3. They put the body in the wrong position for swimming. I have seen children that already know how to swim, that wore floaties over the weekend and came back to me with a non-productive stroke. In other words, they went from being balanced in the water in a horizontal position, to being unbalanced vertically. This can even scare a youngster into not wanting to learn to swim. Most devices keep the child in an upright position, so they never learn that they have to lie down on the water to stay at the top. Children that paddle around the pool in arm floaties are learning to swim in an upright manner, usually bicycling their legs for a kick, and rarely, if at all, put their face in the water. Try this yourself without flotation and see how long you last.

I have always told parents to stay away from floaties and rings, and just get in the water with your child. Make sure that you always have them within an arms distance, and ALWAYS have your eyes on them. Train your children to ask permission to leave the steps (or whatever their boundaries are), and wait for your response. Teach them to sit at the edge and wait for you to call them into the water. When you have to get out for a break and your child wishes to stay in, then put the lifejacket on them. BUT, also have them follow the **same guidelines**, and stay within the same boundaries. They do not understand that the life jacket is holding them up and making it OK for them to paddle around the pool, so don't give them permission to do that with a life jacket on.

Young children need to learn a respect for water early. Parents and instructors must try to instill a sense of respect at the same time as encouraging a love for this environment. Train young children early to follow your rules around the water and always enforce them, never slack off. It could mean the difference between life and death.

## Little Lamb News

Easter time is a fun time at Little Lambs: we celebrate and learn about new life by studying plants, bugs, and spring, we have a petting zoo and Easter egg hunts. It is hard to decide what the children enjoy most! Our monthly "pizza days" continue to be very popular with our students and we owe a huge **thank you to Ci Ci's Pizza** on Jones Road for all their help in implementing this program.

We would like to thank all of the parents who took advantage of our online registration. We hope you found the process fast and easy to use. Supply fees for the 05-06 school year are due May 2, and any additional forms needed can be downloaded off our website.

If you are interested in enrolling your child to our program, we still have a few vacancies in our 3s WF class. We serve children 18 months to 5 years of age 2, 3, or 4 days a week depending on age. For additional information, please visit our website at [www.littlelambsmdo.org](http://www.littlelambsmdo.org) or call 281-373-0052 to schedule a tour of our facility.

## Shepherd's Kids Before and After School Care

From the creators of Little Lambs, KidSpirit, and CrossAction, Good Shepherd UMC has added Shepherd's Kids to their list of programs involving children from our community. Children zoned to Ault Elementary are split into age-appropriate small groups from Kindergarten through 8<sup>th</sup> grade enjoying a wide variety of arts and crafts, games, and fun activities in a loving, Christian environment.

Cy-Fair provides bus transportation to and from school. **Registration for the 05-06 school year will begin March 14.**

Enrollment forms and general information are available at [www.littlelambsmdo.org](http://www.littlelambsmdo.org), then click on the "Shepherd's Kids" button. Call 281-373-2273 to tour our facility.

Foundation's "Salute" Gala  
recognized with award!

"Outstanding" is a word Cypress-Fairbanks Educational Foundation (CFEF) and school district volunteers use to describe the annual October gala recognizing teachers and raising funds for CFEF programs. That was confirmed by outside judges when CFEF and Cypress Fairbanks Independent School District were recognized with a Crystal Commendation Award for excellence in foundation special programs and events from the Texas School Public Relations Association (TSPRA) in February. Only one award was given in each of the Crystal Commendation categories. CFEF also received a Silver Star for a their scholarship flyer.

Each year TSPRA recognizes outstanding communication and public relations programs for Foundations and school districts. More than 800 entries were received this year.

For more information about the Foundation, contact CFEF Executive Director Becky Daniels at 832.615.5730.

Since 1970, when the Cypress-Fairbanks Educational Foundation was established, more than \$400,000 has been given to CFISD in support of excellence and more than \$2 million in scholarships has been awarded to more than 650 CFISD graduates.

### To-Do or Not To-Do

Do you find yourself striving to “do” for God? Is your calendar full of things you are doing for the Lord, but lacking in time spent *with* Him?

My schedule has been particularly busy the last few months and one morning when I turned the page of my day planner, I could feel stress grip me as I glanced at the long list of “To-do’s.” I then dialed my voicemail, only to be greeted with the words, “*You have ten un-played messages.*” My throat tightened, my eyes watered, and I wondered how I could possibly get everything completed on time. Overwhelmed, I whispered a quick prayer under my breath, “Lord, show me what to do!” In my spirit, I sensed God say, “Be still.” But how could I be still with phones ringing, deadlines lurking, and papers piling up around me?

I went into time management mode and began assessing which tasks could be postponed. I opened my mail, put aside anything that wasn’t urgent (adding to my piles!), and emailed responses to some of my phone messages to save time. I tackled my “To-do’s” with determination, ate lunch at my desk, and raced out the door just in time to pick up my kids and make it to my son’s orthodontist appointment. As I collapsed in the waiting room chair, I once again sensed God say, “Be still.”

After a few days of similar chaos, I recognized that my quiet times had grown shorter as my schedule had grown tighter. A very wise man told me, “You are so busy ministering that you aren’t taking the time to hear from God.” Everything on my schedule was “for God,” but that didn’t mean everything in my planner was God directed. I took a morning and simply sat before the Lord, reminding myself of His faithfulness and asking Him for guidance with my schedule. I walked away from that morning with a much shorter “To-do” list and far greater sense of peace that I would find the right balance in my ministry.

At one point in King David’s life, he too became focused on “doing” for God. He looked around his palace and shared with the prophet

Nathan that he wanted to build a house for the Lord. After all, David was living in royal luxury while the ark of God was housed in a mere tent. Nathan quickly agreed that David’s plan was good and told him “*Whatever you have in mind, go ahead and do it, for the Lord is with you.*” (2 Samuel 7:3). Turns out, this was not what God had in mind at all.

The Lord made it clear David would not be the one to build a house for him. God said, “*I have not dwelt in a house from the day I brought the Israelites up out of Egypt to this day. I have been moving from place to place with a tent as my dwelling. Wherever I have moved with all the Israelites, did I ever say to any of their rulers whom I commanded to shepherd my people Israel, ‘Why have you not built me a house of cedar?’ Then King David went in and sat before the Lord.*” (2 Samuel 7:6-7, 18) David’s heart was right, but the Temple was not his to build. That work would be left to David’s son Solomon.

Like David, we can get excited about “doing” for God. The tasks on my calendar were all related to ministry, but some of those good works were intended for another of God’s servants to perform.

Jesus said, *Come to me, all you who are weary and burdened, and I will give you rest* (Matthew 11:28). The Greek word “weary” in this verse indicates one who is fatigued from too much work. I was overloaded and worn out from pushing myself too hard. Once I took the time to “be still” before my Lord, I was able to make the corrections to my schedule that would bring my life back into balance.

How much time are *you* spending sitting before the Lord in prayer? Are there some ministry “To-do’s” on your calendar that might need to be done by someone else in the Body of Christ? Do you feel weary and burdened by the load you carry?

Take time to sit before the Lord. You just may find that some of your “To-do’s” are not for you to do.

## Harvest Bible Church

**Did You Know?** During his time on the cross Jesus was not completely abandoned. At least four women were there including his mother Mary and his disciple John. John refers to himself throughout his Gospel account as “the disciple whom Jesus loved.” Given that his Gospel was written about 50 years after Christ’s death and resurrection he most likely grew more and more in the awesome realization that Jesus loved him. As such, he called himself the “disciple whom Jesus loved.”

The price Jesus paid at the cross for sin never stopped teaching John about how much Jesus loved him. In John 19:28, Jesus while suffering on the cross, cried out saying he was thirsty. So the Roman soldiers offered him soured wine, thus fulfilling the prophecy of Psalm 69:21. That the wine was there shows that it was used for the crucified victims, for it acted as a drug to deaden the pain of crucifixion and allow the victim to suffer longer. After Jesus tasted the wine he cried out with the shout of victory, “It is finished!” Jesus didn’t die like some feeble old man who had been beaten to within an inch of his life; he died with the loud cry of victory on his lips, and it must have startled all who were present. It was the victorious and triumphant cry from the God-man who had fully accomplished everything he came to do. He then bowed his head and willingly gave up his spirit. No one took it from him, he gave it up – all in his perfect time.

When Jesus yelled “It is finished” he meant just that. That term is a monetary term used in ancient Greek to mean “paid in full.” That’s

what the death of Christ did: it paid our sin-debt to God IN FULL! That means we owe nothing. Believers are saved by God’s grace, through faith in Christ, unto good works prepared for us before we were born (Ephesians 2:8-10). We can do nothing to add to what Christ has already done for us. To attempt to do so is a slap in the face to God the Father who gave us the free gift. When Christ yelled “It is finished” what else could he have meant except that nothing could be added to his perfect sacrifice. Jesus fulfilled everything that the OT scriptures said he would – right down to the request for a drink right before he died. But the salvation granted is only for those who call out to Jesus in faith for eternal salvation.

Harvest Bible Church is a non-denominational, non-charismatic church. We gather each **Sunday morning at Ault Elementary** to worship Christ through the study of the Bible, songs of praise, prayer, and fellowship. ## Trinity Vineyard Church

### Who are we?

Trinity Vineyard is a new church gathering in Fairfield. We love Jesus. We are growing through study of the bible. We find life and purpose in relationships. We drink coffee together and dress casually. We exist to pursue God in the company of friends.

### What's on our mind this month?

There is a hunger in every human heart to know what our roots are. We all desire to know where we came from, what our ancestors were like, and what countries, cultures, and communities they lived in. My wife's family tree traces back 100's of years and shows connections with Stephen F. Austin, Robert E. Lee, and possibly Elvis Presley. My family tree, however, is only established to a few generations. Needless to say I am quite jealous of my wife's genealogy. At some point in every person's life we want to uncover the buried secret of our heritage.

When reading through the Bible you will find long sections of family genealogies. Often times we skip over these sections and miss their importance. One example of a biblical genealogy can be found at the very beginning of Matthew, the first book of the New Testament. This genealogy traces back the family and roots of Jesus Christ. It teaches us that Jesus was a direct descendent of Abraham and King David. Matthew intentionally includes these names at the beginning of his book to prove that Jesus bloodline fit the requirements to become Messiah. In order to be Messiah, the Jews believed that it was an absolute requirement to be a descendent of Abraham and David. This is just one example of how these genealogies can impact our experience of Jesus.

We could spend months, even years, studying the stories of those named in the genealogy of Jesus from the book of Matthew. It includes stories of those who had Jewish roots and those with Gentile backgrounds. It includes women, kings, servants, prostitutes, sinners, and saints. Each of these stories are marked with a promise: that from

their family line Jesus the Messiah, Son of God, came to earth, was born to the Virgin Mary, lived a sinless life, healed the sick, raised the dead, was crucified, buried, and resurrected.

Jesus' roots are our roots. We are invited into His family, to call His Father our Father. As we inspect our personal roots and genealogies, we need to consider the roots of Christ. It will deepen our relationship with Him, and give us greater understanding of who He is. It will also give us a greater understanding of who we are. At Trinity Vineyard Church we want to know Jesus. We want to know His teaching, His leadership, His divinity, and His roots.

### Who is invited?

Imperfect people of all ages, backgrounds, and cultures are welcome to attend.

### When are our Gatherings? NEW SERVICE TIME!

We now meet on Sunday mornings! The morning service will begin at 10:30 am and will end at 11:45 am. Children's programs are provided for those 6 months – 5<sup>th</sup> grade.

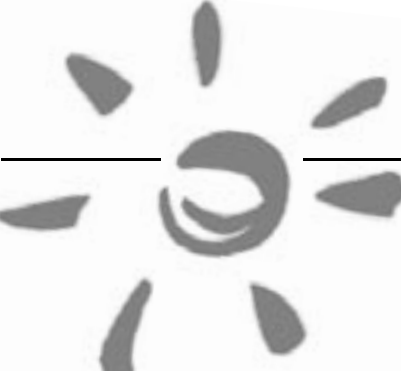

Mid-week small groups are another opportunity to join us. We study the bible together, pray for each other, and do life together. Email or call for more info.

### What is our Location?

Our services are currently at Fairfield Dance Studio at Lakeside Place of Fairfield office building. The street address is: 15040 Fairfield Village Place Suite 180 Cypress, TX 77429.

## Kid's Health Briefs

*Baylor College of Medicine*

### Tantrums May Be A Cry For Help

Kids who act up may be having trouble fitting in, say experts at Baylor College of Medicine (BCM).

"Behavior problems are often the first sign of an underlying developmental problem," said Dr. Sherry Vinson, an assistant professor of pediatrics at BCM. "Before they blame it on behavior, parents should check out other possible concerns."

Behaviors that can signify developmental problems include tantrums, self-aggression, aggression toward others, destructiveness, hyperactivity, inattention, immaturity, food refusal and withdrawal.

The subtleties of learning disabilities are difficult to distinguish, said Vinson, also a developmental pediatrician at Texas Children's Hospital and a former elementary and middle school teacher.

Developmental problems range from difficulty in one area, such as mathematics or reading, to attention deficit hyperactivity disorder or autism.

When behavioral problems appear, parents should see their pediatrician and arrange for psychoeducational testing. This testing can be done for children 3 years old and above through the local school district and for children under 3 through the Early Childhood Intervention Program, found at [www.nectas.unc.edu](http://www.nectas.unc.edu).

### Toddler Is The Boss At Potty Time

Persistent parents do more harm than good when it comes to toilet training.

"Children should have complete control during toilet training," said Dr. Teri Turner, assistant professor of pediatrics at Baylor College of Medicine. "Problems can arise when parents forget who's in charge."

Toilet training can begin when the child is able to stay dry for several hours and can communicate the need to use the toilet. At this point, the child will be looking for independence and will want to please.

"The most common reason for resisting toilet training is that the child has been lectured or reminded too much," she said. "To the child, the reminders are pressure."

Turner, also an attending physician at Texas Children's Hospital, offered these suggestions for successful toilet training:

- Teach a boy to sit to urinate before standing.
- Keep the child in loose, easy-to-remove clothing.
- Read age-appropriate books with your child about toilet training.
- Don't punish or criticize for accidents.

"Parents should not be overly concerned about when a child is able to use the potty and should not expect perfection," Turner said. "Setbacks are to be expected."
