FIREWORKS

PLEASE BE CONSIDERATE OF OTHERS

Everyone loves to celebrate, party, and just have fun. However, it is objectionable when it's done at the sacrifice of your neighbor's peaceful enjoyment of their home.

In the past we have received many complaints regarding the use of fireworks, the noise associated with the fireworks, the fireworks being used into the early morning hours, and that few cleaned up the litter they left behind.

Fairfield Village is a family oriented community and there are many families with infants and toddlers who go to sleep early and are awakened by the startling sounds of fireworks. There are also the empty nesters who also are distressed at the explosions shocking them at all hours. Although fireworks are permitted in Harris County, we are requesting that you clean up the trash left behind and by all means, be considerate of your neighbors and please cease using fireworks at a reasonable hour.

Thank you,
AMI

The Fairfield Sports

OPEN LETTER FROM THE FAIRFIELD SPORT'S CHAIRMAN

As all of you know, we, as a youth sport's organization are struggling with our lack of facilities. Our growth has been phenomenal and the projected growth is just as exciting.

It was made very clear to me (as FSA Chairman) and you (as Homeowners and FSA Participants) at the annual homeowner's association meeting held recently that Friendswood Development has no intention of giving us any additional land to expand our sport's programs. Tim Fitzpatrick (of Friendswood Development) went on to say that we, as a sports association, will have to find alternatives to our growing facilities problems. He stated that we must accept the fact that we are going to have to start playing our games (and practices) outside of Fairfield to accommodate our growth. How he expects us to accomplish this was not apparent at this meeting. What was eye-opening and apparent was that our tremendous and rapid growth is something Mr. Fitzpatrick never truly anticipated.

When my turn came to speak (on behalf of the FSA), I pointed out to all in attendance that we are exhausting all of our alternatives. We play basketball at several school gyms as well as our recreation center and Good Shepherd Methodist Church. In baseball and softball, we play and practice on every available field we can get our kids on. We know the golf center, where we currently conduct the majority of our baseball and soccer practices, will go commercial someday, and Heaven help us when that happens! We ship our 13-14 year old Boy's baseball team to Waller for every one of their games because we need our current baseball fields for the younger age groups. Soccer plays all over Fairfield! I wish we had one centralized Soccer facility that we could call our own. We have seeded a 12-acre site (future elementary school site), but I do not think it will be ready by this fall so Soccer will have to be prepared to play at multiple venues once again. Volleyball will again make due with the Rec Center's gym but will have to vacate once Basketball kicks in!

During the homeowner's meeting, I went on to ask for someone to explain to me — with all the acreage that comprises Fairfield and the fact that we are owned (and controlled) by Exxon, the second largest corporation in the world — why can't we find 20 acres to carve out for Fairfield sports? Give us 20 acres and we will build a sports park that will accommodate virtually all of our sports programs. Give us 20 acres and we will build a sports park that Friendswood can market for years to come throughout Houston, which will inevitably lead to increased home sales!

The rub, of course, is this is not Tim Fitzpatrick's decision to make. Tim has always supported FSA's needs as best he can in his limited role. In fact, he recently stepped up and committed to pay for the irrigation at the 12-acre Soccer site. This is a hugely, generous gesture from Friendswood and will save FSA a tremendous amount of money. Granting FSA 20 acres, or more, within Fairfield is an Exxon decision. Exxon needs to be made aware of the marketing value that a centralized sports complex would bring to our community. Can you imagine the increase in home sales (not to mention retail businesses clamoring for our business) if each homebuilder could point to this amenity as something exclusive to Fairfield? A youth sports facility that no other neighborhood surrounding Fairfield has ... **are you listening Exxon?**

Please join us for our next FSA Board Meeting: Sunday, July 31, 2005 from 5:00 PM – 6:30 PM at the Lakeside Trails Clubhouse.

Bob McInerney
FSA Chairman

The Fairfield Sports Page continued. . . .

A couple of our Sport's Commissioners (Soccer and Baseball) have some important updates for all of us so I hope you will read their correspondence and go to our website for further information: www.fairfield-sports.com.

FALL SOCCER UPDATE:

Many of you may have heard that the Fairfield Soccer program will be playing on a new 12-acre soccer facility located on the north side of Fairfield along Schiel Road. Well, the good news is, this is true, there will be a new soccer facility which will have plenty of dedicated fields to accommodate our league. However, we are not yet sure if the field will be in playing condition by the time our fall season arrives. We must all cross our fingers and hope mother nature gives us some help. In any event, we will have plenty of room for our program at the Fairfield Recreation Center for our younger age groups and the former Golf Center for the older kids. So let's all cross our fingers and see what happens. Keep watching our website for updates.

The tentative schedule (dates are subject to change as the need arises) for our fall season will be as follows:

- First registration: Saturday August 6th at the Bradford Creek Clubhouse from 11:00 AM – 5:00 PM
- Second registration: Saturday August 13th at the Bradford Creek Clubhouse from 11:00 AM – 5:00 PM
- Coaches Meeting: Thursday August 18th – Mandatory for all coaches and the location to be determined at a later date
- Tryouts: Saturday August 20th at the former Golf Center (age group times will be posted on the website before registration begins)

- First game: Saturday September 10th – game times to be posted on the web after tryouts

The season will include 10 games, some of which will be played on Thursday evenings before dark. We look forward to having all the kids come out and play another exciting season of Fairfield Soccer.

Harry Stollmack
Soccer Commissioner

FALL BASEBALL & SOFTBALL NEWS:

Again this fall, the FSA will be offering an off-season baseball and softball league for those wishing to play in a participatory setting in order to keep their skills honed or ready themselves for next spring in a new age division.

In previous years, due to limited field space and practice space availability, only Boy's AA (7-8 yr) and AAA (9-10 yr) divisions were offered. While the field space is still limited, and the number of sign-ups that can be accommodated, the opportunity provides itself this year to expand our offering to include a Boy's Majors division (11-12 yr), as well as Softball (7-9 yr coach pitch & 10-12 yr kid pitch).

A catch .22 exists with these new divisional offerings that enough kids must sign up in order to field a minimum of (4) teams to create the new divisions. If you sign up and not enough kids register for these divisions, your registration fee will of course be returned and not deposited.

Please monitor the website (www.fairfield-sports.com) during the month of July for the registration day, as there will be a **one-day registration** (typically on a Saturday) the second half of the month. As a general guide for the season, the tryouts and practices will take place in August and the season should start soon after Labor Day and look to end by the close of October (*approximately a 10 game schedule over 8 weeks*).

Joe Connelly
Baseball Commissioner

FALL VOLLEYBALL SEASON:

Registration for the Fall Volleyball Season will be held on three Saturdays: June 25, July 9 and July 16, 2005 from 11:00 a.m. till 3:00 p.m. at the Lakeside Trails Clubhouse.

Tryouts will be held on August 13, 2005 and Practices start on August 15, 2005. The Season will last from August 27 to October 15, 2005. The fall program will be our "off-season" and as such you should be aware of the following: There will be no tournament play, no trophies awarded and no pictures. Shirts and Shorts will be provided.

Please visit our website at www.fairfield-sports.com for more information.

A Simple Way to Invest in Stocks

It's called dollar cost averaging. You simply invest a regular amount of money into stocks each month. Although this can't guarantee a profit or prevent a loss, your money buys more shares when prices are low and fewer when prices are high.

Call or stop by today to set up a plan that's customized for you.

Dollar cost averaging is a long-term strategy, so you should evaluate your ability to continue investing through up and down markets. Stocks are subject to market value fluctuation, and if sold, may be worth more or less than their original cost.

Kids are always welcome!

To the 5th grade Parent Volunteers at Ault Elementary ...

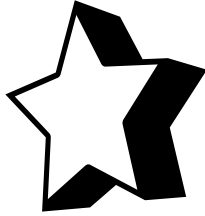

We just want to say thank you for all of your hard work this year. The 5th grade party was a great success! The kids talked about how much fun they had at the party!

We know it took a great deal of time and energy to prepare such a big event. **Thank you!**

Also for all the other 5th grade momentos, such as the DVD and the Memory Book. The kids will surely treasure these, especially when they are older and look back at them. Thanks again for all of your work, we appreciate you!

Sincerely,

The 5th grade parents of Ault

Foundation awards more than \$180,000 to CFISD students

Thirty-three graduates of Cypress Fairbanks ISD high schools were awarded \$183,500 in scholarships from the Cypress Fairbanks Educational Foundation at graduation-related ceremonies this May. The Adam Jackson Skinner Memorial Scholarship was extra special, as it was awarded to a young man who had been a classmate of Adam's.

"We went to elementary school together," said recipient Nikolas Haidamous. "He was a fun-loving kid and always had a smile on his face, said Nikolas. "Adam was a great friend, and I will never forget him."

Adam Skinner would have graduated from Cy-Fair High this year, had he not died in a car accident six years ago. Nikolas recalled being entertained by Adam, citing an elementary school talent show and end-of-year party.

Nikolas received a \$7,000 scholarship, which will be awarded over a two-year period. "I was overjoyed, really happy and very appreciative," said Nikolas about receiving the scholarship. "It was really awesome."

Nikolas is enrolled at the University of Texas in Austin and plans for a career in the medical field, as a pharmacist or anesthesiologist.

This year the \$100,000 goal was reached in the Cypress-Fairbanks Educational Foundation (CFEF) Adam Jackson Skinner Memorial Scholarship account, which will make it possible to award the scholarship in Adam's name for years to come. Foundation funds are raised from individual and corporate donations, the B.F. Adam golf tournament each May and the Salute to the Stars Gala held each October. Since 1970, when the Cypress-Fairbanks Educational Foundation was established, more than \$2 million in scholarships has been awarded to more than 680 CFISD graduates. Did you and your family attend the annual 4th of July event in Fairfield? Have you enjoyed Casino Night, Holiday on the Square, Tour of Homes, or Octoberfest?

I hope the answer to all of these questions is "yes"! These are all projects taken on by the **Fairfield Women's Club** in an attempt to uphold Fairfield as a family-oriented and fun community to live in. Our goal has been to provide service to the community, promote new social interests, and to pursue civic improvement. A special thanks to all current and past members who have helped make these events possible.

We are finding it tremendously difficult to serve the growing community of Fairfield with our limited membership. A handful of women devote a lot of time and effort to plan and coordinate these events. They are not part of your homeowner's dues and are strictly run on a volunteer basis. Area businesses and sponsors make contributions so we can make these events happen for our residents.

Since the club's formation in 1990, we have donated over \$100,000 to local charities such as Cypress Assistance of Ministries (CAM), Boys & Girls Country, our neighborhood VFD and given away thousands of dollars in scholarships to Fairfield graduates. We also purchased the scoreboard at the ball field, neighborhood picnic tables, park benches, diving platforms at the area pools and have made contributions to both neighborhood school's libraries.

In a community of over 3600 homes, the FWC has an active membership of less than 1%. That is a statistic that we want and need

to change. If we cannot get more people involved and willing to contribute their time, these events could come to an end.

The FWC is a non-profit group of Fairfield ladies with common interests and a desire to improve Fairfield and the surrounding community. Maybe you have a certain impression of what we are all about? Maybe you are a past member and haven't been back in a while? Maybe you had no idea that these events weren't part of your dues? All of these reasons aside, please consider checking out the FWC for yourself. To all the women of Fairfield, I invite you to join us on the third Tuesday of every month @ 7:00 pm at the Bradford Creek Clubhouse to meet new women and make some friends, while enjoying food, conversation and discussions on a variety of topics. We were all once captured by that sense of community when we made the choice to call Fairfield home. The community now needs your help to keep that spirit growing. We hope you can join us and help make a difference.

Sincerely,

Casey Buckley

JUNE HAPPENINGS:

We did not have enough people for the May trip and it had to be cancelled. However it appears we will have enough for our June trip to the Kings Orchard, in Plantersville. The pictures from that trip will be posted under Trip Pictures / Kings Orchard.

JULY ACTIVITIES PLANS:

Thursday, July 14th: Our Potluck Night at the Lakeside Trails Club House starts around 6:30pm. Plan on being there early, for some mixing and fellowship. We do not have a theme for the July potluck. Just bring something to share like a meat dish, casserole, salad, or a desert. Then plan on staying and enjoy some games, after eating. We've had many stay the last few month and play various games, while finishing up the deserts.

Tuesday, July 19th: Game Night at the Cook's 6:30 pm. The directions are posted on the Activity Details page of our web site and will also be put in our July 17th weekly planner. This is a pleasant gathering with great fellowship, plan on being there.

Thursday, July 28th: Game Night at Lakeside Trails Club House 6:30 pm. We would like to see even more come out for this very enjoyable evening. We now have two tables playing dominos and a table playing Sequence. If you have a favorite card or board game, bring it and teach the rest of us how to play; but be sure to get there.

For All Activities Other Than Trips: Call Mary Lou Cook for more details at 281-304-8359

We recommend that you check our web site regularly, for the latest information. Things change from the time an article must be submitted to the Gazette and when you receive the Gazette. Our Web Address: www.fairfieldseniorsgroup.com

JULY TRIP PLANS:

Tuesday, July 12th Bob Bullocks Museum / Austin, Texas. We will tour the museum and see two movies at the IMX Theater. Then have dinner at a local restaurant. After dinner, at sunset, we will take a river boat ride that takes us under a bridge for an exciting bat viewing experience. The cost is \$16.50 per person, plus the cost of your meals. Call Susan Haushalter at 281-304-7837 to get on the list. Checks for trip are to be made out to Susan Haushalter. Bring your lunch and eat on the bus or eat before leaving. Departure time will be 12:00 Noon. Be there by 11:45am. We need at least 10 or trip must be cancelled.

AUGUST TRIP PLANS:

Friday, August 26th Port of Houston. This trip is on an air-conditioned boat, so we will be out of the Houston heat. However, we need to know who is going by August 2nd no later, because of the high security, the names of those going need to be turned in three weeks prior to the trip, no additions can be accepted after that. Call Shirley Hearst at 281-373-4432 to sign-up. Cost is \$2.00 plus lunch at the Monument Inn. The departure time is 8:00am. Be there by 7:45am.

ADDITIONAL TRIP PLANS:

Wednesday, September 28th we go to NASA. In October we will have a Ghost tour. Then for November we plan a theater trip and December we will go back to San Antonio to see the Christmas lights on the boardwalk.

FAIRFIELD SENIORS WEEKLY PLANNER:

A planner each week is emailed to our members. It provides the latest information for the upcoming weeks events: activities, member birthdays, and other news of interest. If you would like to receive this weekly email, send your email address to: Fairfield-Seniors@houston.rr.com.

F.A.S.T. Dolphins

We had a fantastic summer swim season! We had super swimmers and had our own mascot – Dolphin Dude. We had many weeks of close and challenging meets and had a fun time hanging with our friends and coaches.

We want to send out thank you's to our super coaches – Coach Barbara, Coach Jason, Coach Kristen and Coach Greg!

We are also appreciative of all our parents who volunteered so much of their time so their children and their friends could participate and have a great time!

Finally, we want to thank our many sponsors that helped make this summer such a success:

Adult Lap Swimming

If you are over the age of 18 you can sign a waiver and lap swim when the FAC is open. Please call the FAC about the time for lap swimming as it changes throughout the year. The phone number is 281-373-0834.

Deep Water Running and Strengthening/Toning

Class designed to welcome men who love to run on land!

Fee is 25.00 per month per person, no refunds or discounts or prorated amount. Class continues as long as there are 8 enrolled each month by the 1st of the next month. Please register and pay at the front desk of the FAC and show instructor your receipt.

Monday nights at the FAC from 7:15 - 8:45pm
Instructor: Michelle Guppy - MichelleMGuppy@yahoo.com
Class is designed to challenge all fitness levels - especially those who want an athletic workout without the impact of land running or land aerobics.

You do not need to know how to swim to participate. An Aqua Jogger or water "noodle" will provide buoyancy. A pair of Delta Bells, Dyna-Band, and lower body toning band, is recommended for the strengthening and toning components of class, but are not required to participate in class. Instructor will not provide those, purchase information will be provided by instructor. (instructor has a limited supply for you to purchase at a used discount... first come first serve)

Please note: Warm Up and Social time is 7:15 - 7:30.

Class starts at 7:30pm, and the pace is such that I ask participants to not congregate side by side to talk during class... So bring your water bottle, your aqua jogger or a thin water "noodle", and I'll see you in the pool starting Monday nights in May!

There will be no lifeguard on duty during class, and so each participant will need to register and sign a release waiver before participating.

Please check with your doctor if you have any health concerns or possible medication issues related to aerobic exercise in the water.

Sincerely,

Michelle M. Guppy

How to talk To Your Kids About God Everyday

Here's an ingenious way to spark dinner or bedtime discussion with your family that reminds them to look for Jesus in everyday life. Ask each family member to share the Joy, Junk, and Jesus from the day.

Joy- Ask everyone to relate something joyful from the day- a good test, a fun activity, nice people they encountered.

Junk- Sharing the yucky stuff from the day makes us appreciate the good even more.

Jesus - Finally ask family member to share where they saw Jesus during the day (the more you do this the more aware you'll become of Jesus in your life)

Joy, Junk, and Jesus is a way to keep your family connected in a disconnected world. It's also a great way to help kids see that Jesus really is out there, touching our lives in so many ways.

OFF TO BRAZIL: Brazil Mission Team – 2005

Last year GSUMC participated in its first International Mission Trip. A team of 8 persons from our congregation traveled to Brazil and participated in one of the most spiritual experiences of their lives. They took the word of our Lord to Brazil and shared it with some of the most underprivileged people in that country. Upon returning, and after prayerful consideration, the decision was made that the second annual Brazil Mission Trip would be a joint adult/youth trip. The Lord has assembled the following team that will head for Brazil on July 3rd, returning on July 12th. As these are your neighbors we ask that you lift them in prayer: Bob Parsons, Rick Ivey, Joan Robilio, Lesly Haygood, Stephanie Williams, Heather Haynes, Brittani Nelson, Morgan Robilio, Preston Haygood, and Matt Williams. This year's team will share the word of God through Vacation Bible School at Santa Barbara Methodist Church and share the love of Christ with everyone we can. We are asking the GSUMC congregation to partner with us on our mission trip.

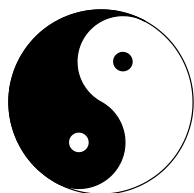

Even though you can't go with us, you can be a part of our mission by supporting us with your prayers and financial assistance. Please pray that God will open the hearts of the people, for team unity, and that we will be open to what God wants to teach us.

NEW WEEKDAY MORNING MEN'S BIBLE STUDY: Praxis

Praxis (praks'is) n. {ML< GR< *prssein*, to do} 1. practice as distinguished from theory...to put into action theory or belief. The stress of work and family are exhausting for most men. We need a way that we can be recharged and refreshed by God's word and Christian fellowship but we seldom have the time to do so. Praxis is a new opportunity for men to meet each Wednesday at 6:00am and find out how we can put God's word into action in the work place and at home. Each session lasts about 45 minutes so you can still make your commute to work and your family will not miss you that early in the morning! Also available, for those that need it, is the Common Grounds Coffee shop. *Praxis began*

Harvest Bible Church

Can a person lose his/her salvation? Consider Ephesians 1:13-14... *And when you heard the word of truth (the gospel of your salvation), when you believed in Christ, you were marked with the seal of the promised Holy Spirit, 14 who is the down payment of our inheritance, until the redemption of God's own possession to the praise of his glory.*

The three members of the Trinity each have a part in man's eternal salvation according to Ephesians 1:3-14: God the Father *chose* some for salvation before the foundation of the world (v. 4); God the Son *redeemed* the Father's chosen ones through his death on the cross (7); and in vv. 13-14 God the Holy Spirit *sealed* them for eternity guaranteeing their future redemption.

Even though God's chosen ones were given salvation at the foundation of the world, they still have to come to faith in Jesus Christ before they are adopted by God as His children. They do this when they place their faith in Jesus for salvation. They do so after hearing God's word preached, and at that moment they are *marked with the seal of the promised Holy Spirit*. This is a once and for all event that cannot be undone. The word *seal* indicates security (Matt. 27:66), validation (John 6:27), genuineness (John 3:33), and identification of ownership (2 Cor. 1:22; Rev. 7:2; 9:4). God's seal on His chosen ones proves that they can never lose their salvation.

The Holy Spirit's sealing is called "Spirit baptism" – the baptism that the Apostle Paul says is given to all those who believe in Christ (1 Cor. 12:13), and this baptism comes at the moment someone gives their life to Jesus Christ. This sealing is done by the Holy Spirit *who is the down payment of our inheritance, until the redemption of God's own possession...* In other words, like a sum of money put down on a home as a pledge of commitment to buy that home, God has given those who call upon Jesus Christ for

salvation His Spirit as a down payment guaranteeing that person's eternity in heaven. Now certainly God's guarantee in this passage ought to convince all Christians that their salvation is eternal and unable to be lost.

So can salvation be lost? Certainly not! To teach so is to teach heresy. To believe so is to not understand God's grace and lose out on the peace of knowing God personally. What about those who punt the Christian faith? The Apostle John said that those who depart from the faith never really had true faith in Christ (1 John 2:19). And we all know someone like that.

Harvest Bible Church is a Bible-believing, Bible-teaching church, and Christ-honoring church. Come worship with us on **Sundays at 10:30 a.m.** Church office: 281-304-1441; web: www.harvestbiblechurch.net.

Do Your 'Homework' Early Before Traveling Abroad

Baylor College of Medicine

HOUSTON – (June 17, 2005) – Headed to a tropical resort or for an exotic safari? Learn about possible health risks before skipping town, say physicians at Baylor College of Medicine (BCM) in Houston.

"There are many differences in terms of health risks based on what part of the world you are visiting, how long you will be gone, and what types of activities you are doing," said Dr. James Kelaher, assistant professor of medicine and director of occupational health at BCM. "Even within a small region, there can be big differences regarding health safety risks between cities and rural areas."

International travelers should consult their primary care physician or a local clinic with a travel center. Kelaher also recommends doing research about health safety in the region of interest.

"There can be outbreaks like polio or malaria in some parts of the world that vary in intensity at different times the year, so you need to get the latest information," Kelaher said.

In addition to reading up on infectious disease, travelers must prepare for injuries they could sustain from motor vehicle accidents and other health and safety hazard risks. Some health services may not be available at hospitals or clinics where they are heading.

Kelaher recommends that the following steps be taken before departing:

- Consult the Center for Disease Control (<http://www.cdc.gov/travel>), which offers detailed resources that assess varying health risks in different parts of the world.
- Check in advance on visa and admission requirements of the country you plan to visit. Some vaccines and health services may be required for entry.
- Consider getting health insurance for traveling abroad. Many health services overseas are expensive and available on a cash-only basis. Also, insurance companies are often limited to reimbursement of out-of-pocket expenses after the fact rather than direct correspondence with foreign hospitals.
- Assemble a "traveler's pack" with medical supplies such as additives that can purify water. While overseas, drink bottled water, and find out how your food is washed and handled.

Above all else, Kelaher recommends that travelers not wait until the last minute to get immunized.

"Some vaccines are hard to find, and others can be a multi-shot series that may take months to be fully immunized," said Kelaher. "As soon as you know where and when you are going, get your vaccine records together and contact your doctor. Good planning helps."

FROM THE AMERICAN COUNCIL ON EXERCISE®

Back pain is one of the most common medical problems in the United States. The cause is often poor posture and body mechanics in the workplace. A supervised program of back protection and exercise may be the key to alleviating and even preventing such problems.

Correct posture and body mechanics play a vital role in preventing back pain because pressure on the discs and strain of the muscles, ligaments and back joints is aggravated by incorrect posture and body mechanics. At the same time, when your posture is good and you move your body correctly, you reduce the strain on your back.

SITTING DOWN ON THE JOB

Sitting is often the greatest cause of back pain. When sitting either in a relaxed position, driving, or while at work, support your lower back. Use a rolled towel, small pillow, or a specially designed seat support, available at medical supply stores. Remove this low back support every half hour for five minutes to give your lower back a change of position. Your head should be positioned so that your ear is in a line with your shoulder and your chin is parallel with the floor.

Avoid leaning to one side when you are sitting, and avoid overstuffed furniture as it does not offer adequate support.

When working at a desk, your chair should be pulled close to the desk. An office chair with short arm rests will allow this. Office chairs should also have adjustable height, back rests and seats. The back rest spring should be adjusted so that the back rest moves with you. A seat that tilts forward is a particularly useful feature.

Use a swivel chair to enable you to work without twisting your back. Place objects such as adding machines and computers as close to you as possible to minimize the amount of twisting and turning you need to do.

When you lean forward at your desk, bend forward at the hips instead of rounding your lower back. This will allow you to keep your back straight and in good alignment.

TALKING ON THE PHONE CAN BE A PAIN IN THE NECK

Holding the phone between your ear and shoulder is a common cause of neck pain. Use a clipboard to hold your papers down so that your hands are free. Special phone adapters also are available.

After sitting for a prolonged period, it is helpful to straighten your back to an upright position and, if possible, stand and walk for awhile.

DON'T FORGET EXERCISE

Appropriate exercise, done regularly, will provide the strength and flexibility in the muscles of your legs and back that you need to help avoid excessive strain and possible injury. Some forms of exercise, such as yoga and tai chi, may help relieve or prevent back pain by increasing flexibility and reducing tension. These exercises should not be done, however, if they are uncomfortable or place a strain on the back. And don't neglect strength training; strong abdominal, back and leg muscles play a vital role in helping you maintain good posture and body mechanics.

Stem cell summit promotes better understanding of research, applications: Genetics Policy Institute to launch global Pro Cures Coalition

Baylor College of Medicine

HOUSTON – (June 10, 2005) – This weekend's stem cell summit at Baylor College of Medicine in Houston aims to advance the national stem cell debate by expanding public awareness and stimulating funding for research.

The Genetics Policy Institute's two-day gathering will feature internationally renowned medical experts that include heart surgery innovator Dr. Michael E. DeBakey, chancellor emeritus of BCM, and stem cell research pioneers Dr. Woo Suk Hwang and Dr. Gerald Schatten. Patients and other advocates of seeking cures through research will also address the conference.

The summit is co-hosted by BCM, the James A. Baker Institute for Public Policy at Rice University and the Texas A&M Health Science Center.

"Many of us in medical science feel that the stem cell issue is one of the most important issues in 21st century medicine and biology in terms of its potential to cure some of the world's worst diseases," said summit co-organizer Dr. William Brinkley, senior vice president of graduate sciences and dean of the Graduate School of Biomedical Science at BCM. "We want to educate the public on the technology used in stem cell research to clarify the fundamental science behind it."

Bernard Siegel, executive director of GPI, said he will announce the launch of the Pro Cures Coalition at the conference.

"Pro Cures is a global initiative that includes patients, scientist and caregivers from around the world who want to advance research for cures," he said. "This conference is the beginning of an effort to unify all those who support this important cause."

Siegel said holding the conference in Houston is significant.

"This summit puts the spotlight on Texas, a state critical to the advancement of stem cell research," he said. "Baylor has always been a leader in advancing medicine, and we are at a point in history that we can see research breakthroughs that can cure diseases of all types."

Sabrina Cohen, co-director of GPI and a quadriplegic since the age of 14, will present a special achievement award to Hwang, who has spearheaded therapeutic cloning efforts in recent months.

"His work is an inspiration for all the victims of spinal cord injuries and offers the promise that one day I may be able to stand up out of this wheelchair," she said.

SAFETY TIPS

Play it Safe In The Sun

(NAPSA)-When the weather's warmer and more and more time is spent outdoors, an association that works to help people live better and save more says heed these tips on how to play it safe, while having fun, in the sun.

- Use a sunscreen with an SPF of at least 15-most doctors recommend using SPF 30. Apply 30 minutes before sun exposure.
- Reapply your sunscreen every 45 minutes to an hour, especially if you have been perspiring or in the water.
- Some medications, including acne medication and oral contraceptives, can increase skin's sensitivity to the sun. Check with your doctor to see if this is a side effect of a medication you are taking. If so, use extra caution in the sun.
- Steer clear of tanning beds which have damaging effects on your skin, similar to the sun. Luckily, a wide variety of quality sunless tanners are now available.

Making Familiar Desserts Special

This delectable cake is made with a dark cocoa.

(NAPSA)-When it comes to making favorite desserts even better, chocolate can really sweeten the deal. The right kind of chocolate can add a delicious twist to most any dessert and help bring smiles to your family and friends.

For instance, home bakers can now use Hershey's Special Dark Cocoa to add a rich, chocolate flavor to their favorite recipes. Crafted using Dutch processing techniques, the cocoa has a deep, dark color and smooth, sophisticated taste. It can be substituted for

regular cocoa in many cakes, cookies, pies and desserts that call for cocoa. In particular, this recipe may become one of your favorites.

Hershey's "Especially Dark" Chocolate Cake

- 2 cups sugar
- 1 3/4 cups all-purpose flour
- 3/4 cup Hershey's Special Dark Cocoa
- 1 1/2 teaspoons baking powder
- 1 1/2 teaspoons baking soda
- 1 teaspoon salt
- 2 eggs
- 1 cup milk
- 1/2 cup vegetable oil
- 2 teaspoons vanilla extract
- 1 cup boiling water

"Especially Dark" Chocolate Frosting (recipe follows)

1. Heat oven to 350° F. Grease and flour two 9-inch round baking pans.
2. Combine dry ingredients in large bowl.

Beat in eggs, milk, oil and vanilla on medium speed of mixer 2 minutes. Stir in boiling water (batter will be thin). Pour into prepared pans.

3. Bake 30 to 35 minutes or until wooden pick inserted in center comes out clean. Cool 10 minutes; remove from pans. Cool completely. Frost with recipe below. Serves 10 to 12.

Hershey's "Especially Dark" Chocolate Frosting

- 1/2 cup (1 stick) butter or margarine
- 2/3 cup Hershey's Special Dark Cocoa
- 3 cups powdered sugar
- 1/3 cup milk
- 1 teaspoon vanilla extract

Melt butter. Stir in cocoa. Alternately add powdered sugar and milk, beating to spreading consistency. Add small amount additional milk, if needed. Stir in vanilla.

About 2 cups frosting.

Kids And Canines: What Every Child Should Know

(NAPSA)-A dog's wagging tail and soft, fluffy ears can be as irresistible as the forbidden cookie jar to a child. But while the family pet is tolerant and patient with your child, other dogs may not be. So it's important to teach your child how to behave safely around all dogs.

"Most of the time dogs and kids make great companions," says canine behavior expert Dr. Mary Burch. "However, sometimes dogs can view a child as 'one of the pack' and play rough, or misinterpret a child's actions as threatening."

The American Kennel Club advises parents to teach their young children how to treat all animals with care and consideration, and how to steer clear of potentially dangerous situations.

What Kids Need To Know:

- Always ask a dog's owner if you may pet the dog. Some dogs shouldn't be touched. He may be "on duty" as a service dog or he may be ill or afraid of children.
- Approach a dog from the front or side-not from behind. Hold your hands low and speak softly. Do not surprise a dog, force him into a corner, wave your hands or scream at him.

Children should always ask the owner's permission before touching a dog.

- Dogs may get defensive at the food dish. Don't interfere when a dog is eating and never put your hands between a dog's mouth and his bowl.
- Some dogs are very protective of their balls or chew toys. Never take a bone or toy from a dog's mouth unless he's trained to drop it or give it to you.
- Avoid teasing, rough wrestling, or tug-of-war games. Dogs may get too enthusiastic and forget you are not a dog. Fetch, frisbee and agility are better outlets for your dog's energy.

- Respect a dog's space. Dogs naturally defend their territories. Do not stick your hand inside a strange dog's crate or car window.
- Never try to break up a dogfight. Trying to separate fighting dogs may make them more excited, and they might turn on you or accidentally bite you. Call an adult for help.
- Observe canine body language. Beware of a dog that is barking, growling or showing his teeth. Stay away if his ears are back or his hair is standing up on his back. Say "NO" firmly and slowly walk away with your arms by your side. Do not scream, stare into his eyes or run away.

Teaching parents and children how to behave safely around dogs is at the heart of AKC Responsible Dog Ownership Day. Please join the AKC and more than 400 affiliated clubs and organizations in September to celebrate. Visit www.akc.org to find an event near you.
