REWARD

WANTED FOR VANDALISM

As you will have read in several of these Newsletters, there have been some acts of vandalism in the community. The Board has decided to offer a reward of up to \$200, which will be paid to anyone who provides information that leads to the successful prosecution of any act of senseless vandalism within Lakes on Eldridge.

Please call AMI at 713-932-1122 with your information - if you prefer to remain anonymous you will be given a unique code to allow you to claim the reward.

If more than one person calls to provide information about the same act of vandalism, the LOE Board will decide how the reward should be divided.

Sales Tax Holiday

August 5-7, 2005

Texas shoppers get a break from state and local sales taxes on August 5, 6, and 7--the state's seventh annual tax holiday. Lay-away plans can be used again this year to take advantage of the sales tax holiday.

The law exempts most clothing and footwear priced under \$100 from sales and use taxes, which could save shoppers about \$8 on every \$100 they spend.

Cypress-Fairbanks ISD is looking for dedicated individuals to serve as mentors to our students in grades K-12. No experience required. The only qualification to join is a strong commitment to helping students with their personal and educational development.

Once trained, a criminal background check processed, and the application accepted, the mentor meets with the student once a week at the selected school during regular school hours. The mentor will provide the individualized positive attention that many children need to be successful in school and life.

Mentors also benefit from the special bond that forms between mentor and mentee. Mentors report an overwhelming sense of self-satisfaction with the mentoring relationship and the program. They often return to the school year after year to successfully mentor more students.

Unfortunately, there is a long waiting list of children in need of an adult, caring friend. Schools throughout the district are seeking mentors to fill this need.

Mentors are extraordinary volunteers who love to share their knowledge, experiences and commitment to education with a special student. If you would like to become a mentor or require more information, call the CFISD Partners in Education office at 218-807-8604.

July Yard of the Month

The Yard of the Month program (YOM) was started with the goal of increasing interest in keeping our neighborhoods looking good. Each month, an anonymous committee chooses a property as Yard of the Month to honor property owners who have made a special effort to enhance their properties. Yard of the Month is chosen on the merits of its landscaping. This month, 25 nominations were sent in and 3 yards were chosen for yard of the month.

The whole idea is to say thank you to those residents working hard to make their property and the Lakes on Eldridge community more attractive. Each winner gets to display a YOM sign for the month.

Beach Club Pool Notes

This year has been an active year for visiting the Beach Club Pool. The amount of residents using the pool has increased this summer and everyone every one is taking advantage of the chance to beat the heat!

The LOE Board has upgraded the restrooms and added new depth markings to comply with the new public pool regulations. Further we are working to upgrade the Beach Club by adding new paint, carpet, window tinting, window curtain swags, and new furniture. All these improvements should be completed in the next few months. We also would like to take this time to thank the LOE residents that sent in donations to help cover the cost of the renovations so we can add nice furniture to compliment all the upgrades.

Keeping this in mind, now is a good time to cover some reminders to help keep our facilities in tip top shape.

For people using the Beach Club for parties:

- Please do not tape or staple any decorations to the walls or windows as these damage the paint. Also balloons can cause lots of problems

when they get stuck in the ceiling fans so please secure these items to chairs or a table.

- We now have a vacuum cleaner to use for cleaning up after the party.

- If alcohol will be served then it is MANDATORY for the renting party to arrange for a police officer to be present for security measures.

- Wet swimsuits are not allowed inside the Beach Club.

- All parties are limited to a maximum of 50 people.

- A comprehensive list on all guidelines is available through AMI.

For people having pool parties (this includes Beach Club parties)

- Pool parties are required to have (1) lifeguard for every (20) people. Residents will need to contact Greater Houston Pool Management at (713) 771-7665 to make the proper arrangements.

For all LOE residents using the pool:

- Please remember to bring your pool key and shut the gate behind you. This will help to ensure that only LOE residents and escorted

guests use the facilities.

- Please pick up any trash and make sure it is deposited in the trash containers around the pool. Further, if you are having a party, it will be greatly appreciated if you will collect the garbage in trash bags and take them back to your residence for trash pick up. This will help us keep the pool area clean and nice for all the residents.

- If you have children playing in the sand pit, please help keep the pool clean by making sure the children use the water spray nozzles to rinse off the sand from their feet and swim suits.

- Please use the showers in the restrooms and help keep the facilities clean.

Again, we look forward to using the Beach Club and pool facilities throughout the year. We appreciate your assistance in helping to keep this area clean and respecting your neighbors by following these simple guidelines. If you have any questions regarding the Beach Club or the pool area, please contact AMI immediately.

Have a great summer!

LOE Book Club

Book-aholics – join us in the clubhouse the 4th Thursday of each month at 7:30 P.M. for the L.O.E. Book Club. We try to read a wide variety of material, so if this month's selection doesn't appeal to you, maybe next month's will. Do join us when we tackle a book on which you have comments or opinions. Call or e-mail Celeste Fritz, 713-896-6942, cfritzt@houston.rr.com for additional information.

August 25th – Tim by Colleen McCullough. Written by the author of *The Thornbirds*, Tim is the story of Mary Horton, a woman content with her comfortable, solitary existence . . . until she meets Tim. A beautiful young man with the mind of a child -- a gentle outcast in a cruel, unbending world -- he illuminates the darkness of Mary's days with his boyish innocence. And he will shatter the lonely, middle-aged spinster's respectable, ordered life with a forbidden promise of a very special love.

September 22nd - SARAH by Marek Halter Thought-provoking and engrossing, SARAH brings us into the mind of an elusive biblical figure, a woman shrouded in mystery and shadowed by myth; Halter renders her human, complex and fascinating, flawed and ultimately real. The book's unique blend of biblical mysticism and feminist overtones drew comparisons to Anita Diamant's *THE RED TENT*. But Halter's novel stands alone in its spellbinding depiction of the lives of the women of The Old Testament, and specifically, that of Sarah, the wife of Abraham and the mother of the Israelite nation.

Dolphins Finish Season Strong

Congratulations to the Dolphin Swim Team Eleven and Twelve Year old Boys. They won first place at the Red, White and Blue Invitational meet. These swimmers include: Sander Barsingerhorn, Nick Carroll, Alex Carroll, Carter Taylor, Ross Gordon, Winston Kint, Lee Grant, and Michael Gamble. Special recognition should also go to our 2005 swim season high point winners: Souheil Moufarrej, Leila Kent, Adam Vinall, McKenna Keith, Danny Ceballos, Audry Vinall, Nick Carroll, Molly Styslinger, Rory Davidson, Alex Durkee, Jasper Barsingerhorn and Katie Ruppe. Additionally, two swimmers were awarded with Sportsmanship awards for their willingness to swim in an older age group at Divisionals to help score crucial points for our team. These two 11 year old boys are Carter Taylor and Alex Carroll.

Our end of season Divisional Meet was equally exciting. After a disappointing 0 – 5 season, the Dolphins won third place out of the six teams in our division. We were able to redeem ourselves after suffering several very close losses during

the regular season. This made the trophy party at Pecans a true celebration. Everyone came out an enjoyed great food and even a slide show. During the celebration, Coaches Sabrina and Angie announced they would be back next year. Even more reason to celebrate. We all had a great time.

Individuals who had outstanding individual performances at Divisionals include:

Ripe Peaches

If you have ever dreamed of a sweet, ripe, juicy peach but only found hard green things in the supermarket, here is a method for ripening peaches. This method works on Southern and Midwestern peaches but may not work on peaches grown in California.

1. Pick out peaches without bruises in the supermarket.
2. Place the peaches in a single layer, not touching each other in a clean cardboard box or plastic tray.
3. Set the peaches in a warm dark place, my garage works great. Check the peaches daily.

It took 3 days to ripen the peaches, the last time I did this. Some peaches will ripen in less time than others.

The green color will completely disappear and the peaches will be slightly soft to the touch.

Ripe peaches have an extremely short shelf life, hours. The easiest way to peel peaches is to dunk them in boiling water for a few seconds. The peeling just slips off then. Fruit Fresh will keep the sliced peaches from turning brown. Of course, I like to peel and eat immediately. One of my favorite desserts is sliced fresh peaches with vanilla ice cream. Another dessert is made by putting some sliced fresh peaches on top of a piece of unfrosted yellow cake and topping with whipped cream.

If you prefer peach pie, cook your pie filling on top of the stove before putting it in the piecrust.

I know this is not the way my mother and grandmother did it but you will have a better pie, which is not soupy.

Hope you enjoy the peaches this summer.

Who's In Charge, Anyway?

Does life seem a little crazy sometimes? Do you think you're in control and then suddenly everything changes, leaving you wondering what happened? The ladies' Living Free Bible Study will begin on September 6, 2005, with a study that will help you "Become A Woman God Can Use", not matter the circumstances. Even when life seems crazy, God is still working. You can cultivate an attitude that will get you through the tough times with peace and perseverance. You will learn what sources are the best to consult when you need help. You have a spirit that needs nourishment. How you feed it influences those around you. This study is food for the soul.

Author Judith Couchman uses the Book of Esther from the Bible as her basis for Becoming A Woman God Can Use. Every Tuesday morning from 9:30 to 11:30 AM Living Free Bible Study will meet in the Beach Club at Lakes On Eldridge on Lake Center Run, beginning September 6 and ending October 11, 2005. The study guides are \$10.00. Praise, prayer, small group study, and lecture offers a time to fellowship with neighbors and feed your soul. This is a non-denominational study. Everyone is invited. For reservations please call Martha 281-560-5111 or e-mail your name and telephone number to SABLeggett@aol.com.

ALPHA IS COMING!

Alpha? Alpha is for anyone interested in finding out more about the Christian faith—people investigating Christianity or Christians who want to brush up on the basics. Adults of all ages are welcome.

Alpha is about learning and laughter. It is about meeting people and discussing questions in a non-judgmental environment. No question is regarded as too simple or too complex. Topics discussed include: Who is Jesus? Why and how do I pray? Who is the Holy Spirit? Does God heal today? And more.

The Alpha course is being hosted by Messiah Lutheran Church on Tuesday evenings beginning August 23 for 12 weeks, 6-8:30 PM. The evenings begin with a shared supper provided by the church. Childcare is provided. All people are invited to participate in the Alpha course. Bring a friend. Register by calling the church office.

Messiah Lutheran Church is a grace place, a congregation of the Evangelical Lutheran Church in America (ELCA). Messiah is located at 11522 Telge Road, ½ mile north of Highway 290. Regular worship times are 6 PM on Saturday evenings (a casual service of song and sacrament), and traditional worship at 8 and 10:30 AM on Sundays. The Education Hour is 9:15-10:15 AM on Sundays. For more information, call 281-890-3013, or www.messiahlc.org. All people are welcome at Messiah.

..... Light And Easy Lemonade Cake

(NAPSA) This year's most popular cake at the block party could be the one that tastes like fresh lemonade and blueberries. It may well be the one everyone wants to try and, even better, it is low fat.

It begins with a great tasting fat-free blueberry muffin mix, so it's a breeze to make. All you add is lemonade concentrate, water, an egg and freshly grated lemon zest. The cake bakes up with a light texture and a tasty golden top.

Because it packs well and is so delicious, you'll have it made-in-the-shade when you bake it for warm weather picnics and potlucks.

Fresh, lemony and good to go, it may well become everyone's hands-down favorite. So when life hands out lemons, just make Blueberry Lemonade Cake.

Low Fat Blueberry Lemonade Cake

- 1 package Krusteaz Fat Free Blueberry Muffin Mix (1 pouch muffin mix and 1 can blueberries)
- 1/2 cup lemonade concentrate
- 1/2 cup water
- 1 egg
- 1 teaspoon finely grated lemon zest
- powdered sugar (optional)
- fresh blueberries (optional)

Preheat oven to 350F. Drain and rinse blueberries and place on a paper towel to drain; set aside. Place muffin mix, lemonade concentrate, water, egg and lemon zest in medium bowl. Stir together until moistened, about 40 strokes. Gently fold in drained blueberries. Spoon batter into lightly greased, 9-inch round cake pan. Bake 27-32 minutes or until toothpick inserted into center comes out clean. Cool 10 minutes; remove from pan. Cool completely. Dust with powdered sugar and serve with fresh blueberries, if desired.

The Hidden Dangers Of Computer Disposal

(NAPSA)-To millions of computer users worldwide, an outdated or malfunctioning computer is no different than a broken toaster; they simply toss it in the trash and buy a new one. However, unlike a busted kitchen appliance, a computer should not be thrown away for two critical reasons: it can lead to identity theft and poison the environment.

Protect The Environment

Some pieces of hardware may contain toxic materials. Much like used motor oil or old paint, certain computer parts must not be disposed of in a public landfill in order to prevent toxic substances from leaching into the ground and contaminating water supplies. These components should be disposed of properly by trained professionals who participate in computer recycling.

Protect Your Identity

The hard drive inside your computer contains an extensive amount of private information, such as financial records, personal e-mails, family photos and critical documents. To prevent this data from falling into the wrong hands-which could lead to identity theft-it is

Discarding your old computer can put your personal information and data at risk.

imperative that you delete it prior to selling, recycling or disposing of your computer.

To erase files in a safe, permanent manner, you must do more than delete them and empty the Windows "recycle bin." While these actions may remove the information from Windows, they do not expunge the files from the hard drive itself. The only ways to ensure that your private files are permanently erased are to use special

"shredder" software programs.

A word of caution: if your hard drive is on the fritz or appears to be "dead," don't assume that your data is incapable of being retrieved. A crafty thief could rummage through your trash, steal the malfunctioning hard drive you threw out, then use special hardware or software tools to recover your data. Before throwing away any hard drive that appears to be inaccessible or severely damaged, make certain the drive is truly dead by physically smashing it several times with a hammer or similar tool.

Geeks On Call offers a variety of on-site support services, including troubleshooting, maintenance, upgrades, networking and training/consulting for computer users at their homes or businesses. When virus and spyware issues surface or other computer headaches arise, the company's certified technicians deliver prompt, expert PC service on-site, including information on safely erasing data.
