## Cy-Fair Volunteer Fire Department Station #7 News

### **Congratulations Graduates**

Station 7 would like to congratulate the graduating class of 2006. In particular we would like to congratulate our members John Baker, Jordan Stahl, and Aaron Strain who upon graduation became our newest full (non-junior) members.

### **Summer is Here!**

Summer is here and we will all be spending more time outside with our families. While the sun is a welcome change from cold, dark wintry weather, it can also be dangerous. Try to stay out of the sun during the hottest hours of the day, properly protect your skin with sunscreen, and drink plenty of water to keep yourself hydrated. Avoid too much physical activity, spending too much time in the sun, or staying too long in an overheated place as these can cause heat-related illnesses.

### **Fire Safety**

The 4th of July is just around the corner and we encourage you to attend the Annual Fairfield Fireworks Display. If you do plan to use fireworks at home then the following safety tips will help.

- Observe any burn bans if in place
- Light fireworks in a wide open area away from anything that could catch fire
- Read instructions on the fireworks before using them
- Don't allow children to light fireworks
- Keep a bucket of water or garden hose handy
- Keep pets inside
- Don't try to relight dud fireworks
- Keep fireworks away from open flame (in closed box)
- Burns need water for 10 minutes

### **Membership Drive**

Station 7 is actively seeking new members. Want to join us? Anyone interested in becoming a Volunteer Firefighter, EMT, or learning more about the department is invited to visit the station on any Thursday evening between 7 p.m. and 9 p.m. or check our website at [www.cyfairvfd.org](http://www.cyfairvfd.org). No experience necessary.

### **CPR & First Aid Classes**

Do you or a group that you're associated with need a CPR or First Aid Class? The Cy-Fair Volunteer Fire Department hosts these classes every month. The cost is \$20 each per person or you can take both for \$35. Courses include infant, child, and adult CPR, as well as obstructed airway and rescue breathing. For more information or to sign up for a class, please call the Cy-Fair Volunteer Fire Department Business Office at 281-550-6663.

### **On the NET**

Did you know we have a website? Visit us in cyberspace at [www.cyfairvfd.org](http://www.cyfairvfd.org). There's something for everyone including information about the department, becoming a member, upcoming events, and other useful items.

*If you would like more information or have any questions, please contact B.J. Worster, Station 7 Public Relations @ 832-452-3103.*

## Etc. Safety Stuff

Here's some safety things you may not know or hear about that could help your child this summer:

- Having long hair that's not tied back can be dangerous. A swimmer tries to get a breath of air and only gets a breath of hair.
- Boys swim suits that are long with a lot of material can be a real drag in the water. Even though they may be in style, if your son is a beginner, or even if they are on swim team, you should consider getting them the tight-fitting type of swim suit. It's much easier for them to swim and learn the strokes correctly when they aren't fighting all that drag.
- Sunscreen only works if it has time to soak in. Putting it on right before they get into the water only makes them slippery. When you know they are going swimming, put the sunscreen on at least 30 minutes before going into the water.
- No one should swim within 24 hours of having diarrhea. Even chlorine can't kill some of those bugs!
- The worst message a parent can send their non-swimming youngster is that it's OK for them to go anywhere in the pool without someone next to them in a flotation device. ANY NON-SWIMMER SHOULD BE WITHIN AN ARM'S LENGTH OF A RESPONSIBLE ADULT AT ALL TIMES WHEN IN AND AROUND THE WATER. Those that are dependant on flotation devices have a much harder time learning to swim properly as their body has been trained to be vertical in the water. They are also more likely to think they can jump in anywhere and just "hang" and they will pop up to the surface. Only use flotation sparingly, and not the first or the last thing the child does in the water.
- Never swim with gum or candy in your mouth. When you swim, you breathe in through your mouth and it's possible to choke.
- Swim shoes aren't meant for swimming. They create drag and make the legs heavier. For children that get their feet rubbed raw from the bottom, encourage them to keep their feet up more and swim/float more.
- Any time you have a back yard pool party, it's best to hire a life-guard. Call one of the area pool companies to find one.

The Texas Terrapins Swim Team is a year round USS swim team in it's second year. We have a two week trial for anyone that would like to try out and see if our team is right for you. ## MORE FUN FOR PACK 533

We had our spring campout on April 29th and 30th at Lake Somerville Birch Creek. We had beautiful weather and a great time!

First, the scouts learned how to throw a frisbee, how to catch it and then how to play ultimate golf. There were six boys that got "holes in one". Congratulations! All scouts that participated received the Ultimate Sports Belt Loop and Pin. And yes, even the adults got into it. We were able to spy on some of them as they too made it across the ultimate golf course.

Secondly, some dens used some of the afternoon for den activities - some held den meetings, some did conservation projects (picking up trash - and there was quite a bit too), some did some fishing and bird watching and some just hung out! All in all, lots of fun!

Third: on Saturday evening we had April Pack Meeting. We recognized Gabriel Roberts as being our top Scout Fair Ticket Salesman, as well as Robert Smead, Michael Shirley, Matthew and Michael Owen. We also recognized 37 of our scouts with their respective ranks - had 14 Tigers, 12 Wolves and 11 Bears achieve their rank. **GREAT JOB BOYS!!!**

Our next event is Graduation and Cross-over to be held on May 18th at New Kentucky Park. We will be awarding ranks for the remainder of the scouts in our Pack and having them all cross over into the next rank.

In June, some of our scouts will attend Cub Scout Day Camp. They'll participate in lots of fun activities while working on rank achievements and electives. We would like to thank these parents for volunteering and making it possible for our scouts to attend: Jim and Michelle Cartwright, Robert Noyes, Denise Semrick, Lissette Smead and Annette Thomas.

As for our summer, we have lots of fun events planned!

**June:** Pool Party

**July:** 4th of July Parade, Picnic

**August:** Roller skating

Please look at our website, [www.pack533.com](http://www.pack533.com) for more details.

As you can tell, we have quite a bit of fun which is what Cub Scouting is intended to be. Any boy from 1st to 5th grade can join Cub Scouts! If you would like to join or have questions, please feel free to contact our Cubmaster, Brian Roberts at [broberts63@houston.rr.com](mailto:broberts63@houston.rr.com). We look forward to hearing from you!

## CUB SCOUT PACK #1533 WRAPS UP THE SCHOOL YEAR WITH LOTS OF EXCITEMENT

The last months of the school year have been filled with lots of fun and excitement for the **Cub Scouts of Pack #1533**.

Our **Webelos** Dens participated in "**Webelos Do Your Best**" sponsored by the **Sam Houston Area Council**. **Webelos I and II Scouts** enjoyed camping and participating in various sessions. Some sessions included specific Activity Badge work in a "show-and-do format", while others introduced the **Webelos Scouts** to skills useful in the **Boy Scout** program. All the boys that participated had a great time.

On April 22, 2006, **Pack #1533** participated in the **Sam Houston Area Council's Scout Fair—"RACE TO SCOUTING"**. Held at Reliant Arena, the Fair drew thousands of Scouts and their families who enjoyed the opportunity to mingle with other Scouts, participate in hands-on activities, taste gourmet camp-fare foods, and take home great memories. The boys worked very hard selling **Scout Fair** tickets. This year Pack #1533 sold a total of 312 tickets earning over \$1200 for use by the Pack.

Pack #1533 is pleased to announce the **TOP SCOUT FAIR SALESMEN**:

**1st Place—30 tickets**  
Edwin DeCora (Den 3)  
Wesley Foster (Den 4)  
Brandon Lord (Den 4)

**2nd Place—20 tickets**  
Peyton Huber (Den 4)

**3rd Place—15 tickets**  
Andrew Lane (Den 7)  
Ethan Schultz (Den 5)

**Way to go boys!! Thanks for your hard work!!!**

The **Annual Spring Family Campout** was held the weekend of April 28<sup>th</sup>-30<sup>th</sup> at Jellystone Park in Waller. In addition to camping through some rough weather (a severe thunderstorm blew through the camp in the early morning hours of the 29<sup>th</sup>) the boys enjoyed all the really great recreational activities offered at the campground, including an awesome water park. The Scouts also participated activities to earn various beltloops and electives, including Badminton, first aid and building a simple machine. Of course the highlight of the weekend was the Pack meeting held around the campfire.

The excitement doesn't stop here, though. The **Cub Scout's of Pack #1533** have big plans for the summer, too.

Upcoming events include:

May 19, 2006 "Crossing Over"/ Rank Advancement  
Pack Meeting, Ault Elementary  
May 27, 2006 **Welcome to Summer Swim Party**

June 5-9, 2006 & June 12-16, 2006 FAC Pool  
Rising Star District Cub Scout  
Day Camp

As you can see, the boys are looking forward to a lot of fun—just some of what **Cub Scout Pack #1533** is all about. It's *not too late* to be a part of it all. **Every boy is welcome; regardless of what school he attends.** If you know of a boy (1<sup>st</sup> grade through 5<sup>th</sup> grade) who may be interested in Scouting, please feel free to contact Pack Committee Chairman, Tom Huber at [tomh@tdspecialty.com](mailto:tomh@tdspecialty.com) or Cubmaster, Jim West at [jwest@geoshack.com](mailto:jwest@geoshack.com) for more information. Be sure to check out Pack #1533's website at [www.pack1533.org](http://www.pack1533.org) for more news and more great photos.

Then we had the limit of 25 members go on the May Galveston trip, a tour of the Ocean Star Offshore Drilling Rig & Museum, and our Duck tour on the waters and streets of Galveston. These pictures are also available on our web site.

### JUNE TRIP PLANS:

**Thursday, June 22<sup>nd</sup>: Astros vs. Minnesota.** Yes. It's take me out to the ball game. Hey, I think that's an old song. Well that is just what we have scheduled for June, its back to Minute Maid Park, this time to see an action packed ball game.

We will have group seating in the area adjacent to the Astros bullpen. Let's hope it's not necessary for the bull pen to be put into action for this game; however, if it is you should be able to hear the popping sound from the bullpen catchers' mitt, with our seating.

The cost is \$23.00 per person (non refundable) for the baseball tickets, plus the cost of your meal. We will have dinner at the Cleburne Cafeteria on Bissonnet, prior to the ball game which starts at 7:05pm. **Call Ed or Darlene Hofer @ 281-304-9078** to get your name on the list. Joseph is a boy blessed with prophetic dreams, and his father's favorite son. The story tells of him being sold into slavery, taken to Egypt, and his series of adventures in which his spirit and humanity are challenged. An inspiring and hilarious journey brought to life with a wide range of musical styles.

## Dental Tips:

### Is Overwhitening a Concern?

Many folks that are teeth whitening are aiming for an unnaturally white shade by overusing the products. Excessive use of bleaching products can damage tooth structure and gums. Some overly enthusiastic patients experience tooth sensitivity, blisters and discoloration on teeth and gums.

Custom-fitted trays are used to hold the gel, reducing risk of hydrogen peroxide leakage. With over-the-counter products, the trays are usually not form-fitting. But even under ideal conditions, studies show that often less than 50% of the whitener is still in the trays one hour after application, indicating a lot of leakage.

Caution should be taken against buying tooth whitening products over the counter. The ingredients may be correct, but the balance of the ingredients may be improper, resulting in a low pH, thus damaging the enamel of the teeth.

Make sure whatever whitening product you get has an ADA (American Dental Association) seal of acceptance. Most over the counter products do not have that seal, thus may cause an unknown harm.

If you have any further questions, please ask your Dentist and they should get you the latest information.

### Rail could save commuters hundreds of dollars, advocate says ...

HOUSTON (April 28, 2006) – As gasoline prices escalate, so does the potential savings that a commuter rail system would provide those traveling to and from work, according to the chairman of a nonprofit group that is developing a commuter rail line that will run along the U.S. 90A corridor between the Texas Medical Center and Houston's southwest suburbs.

Dalton Smith, chairman of Southwest Commuter Rail Corp. of Texas, was the guest speaker at the April 27 meeting of the 290 Passenger Rail Coalition, an initiative launched by the Cy-Fair Houston Chamber of Commerce to advocate rail service from College Station to Houston.

Although cost savings is only one of a long list of benefits of commuter rail systems, it may be near the top of almost every commuter's list as gas prices hover near or above the \$3-per-gallon mark. According to Smith, the average commuter rail rider saves \$400 to \$1,500 annually in transportation costs – and those numbers are probably low because they do not take into effect the recent spike in gasoline prices, he said.

In addition to saving consumers money, riding the rail saves them time. Texas drivers spend an average of 50 hours a year in traffic delays, and many employees must leave early to ensure they aren't late for work, Smith said. Commuter rail along the 90A corridor will give Texas Medical Center employees the certainty of knowing exactly how many minutes it will take to get to work, he said.

Other potential benefits of commuter rail include reduction in air pollution and the economic development that is often fueled by such rail lines, he said. Commuter rail lines in both the U.S. 290 and 90A corridors are part of METRO'S Solutions plan, but the commuter rail service could be decades away without advocacy groups such as the 290 PRC to build a consensus and help move plans forward. The 90A line was thought to be 20 years away from being built, but could now be operational within four years, Smith said. "The most important thing you can be doing is the gathering of absolute support for the project," he said. "I think getting the resolutions in support of commuter rail in the 290 corridor is important."

The 290 PRC has taken a number of steps in building a consensus, Cy-Fair Houston Chamber President Darcy Mingoia noted. Thus far, the 290 PRC has signed resolutions from City of Jersey Village, City of Navasota, Commissioners Court of Waller County, Copperfield Community Association, Cypress Creek Flood Control Coalition, Greater Houston Partnership, Waller Area Chamber of Commerce and Waller Economic Development Corporation.

Public-private partnerships are also vital, Smith said. 90A Commuter Rail Partners include Fluor Enterprises, Inc., which will provide Project Management and Construction Management services; Bombardier, which will provide passenger rail cars and be responsible for the control and signaling systems, and will support METRO in maintenance of this equipment; and Public Project Management LLC, which will provide financing expertise and project oversight.

METRO's light-rail system, as well as bus lines, provides important infrastructure to help make a commuter-rail system viable, Smith said. "To have a viable commuter rail project, you need to have a very detailed and connecting system in and around the city, you need to have a very detailed and connecting system in and around the city, so that those coming in on commuter rail can get around to other locations," he said.

As an example, Smith noted, one of the planned station stops on the 90A line is Westbury, where a new METRO signature bus line will take passengers to the Galleria area. As helpful as commuter rail would be in saving commuters time and money and reducing pollution, Smith underscored that it is not a money-making venture. "The economics of building and operating a commuter rail system are well known: They do not make money," he said. Smith said he expects a shortfall of about \$10 million on the 90A line, some of which could be made up by METRO. However, he added that it's possible that tax revenue generated by new development spurred by the rail line could offset all or part of the funding gap. For more information about the 290 Passenger Rail Coalition, visit [www.290prc.com](http://www.290prc.com) or call the Cy-Fair Houston Chamber at 281-955-1100.

### Chamber hosts informative luncheon on school finance, tax issues ...

HOUSTON (April 25, 2006) – As the 79th Texas Legislature was nearing the midway mark in its third special session to pass new school finance legislation, the Cy-Fair Houston Chamber of Commerce held a special luncheon to educate taxpayers about the issues at hand. The event, held today at the Crowne Plaza-Brookhollow Hotel, featured remarks by David Anderson of HillCo Partners LLC, an Austin lobbying and consulting firm.

With the Legislature down to its third and final strike as it seeks to pass a new school funding tax bill and facing a June 1 deadline imposed by the Texas Supreme Court in which to do so, Anderson found a metaphor for the issue in a sign posted near some steps in the state Capitol building.

"There's a sign that reads, 'Watch your step – historical steps, uneven,' " Anderson said. "Of course, they're talking about stairs. But I thought that this is true about legislation as well. Historical steps in the Texas Legislature are usually uneven, and that's where we are right now in terms of our circumstances with school finance and changes in the tax policy, which is a byproduct of this."

Anderson believes Gov. Rick Perry, Lt. Gov. David Dewhurst and the state Legislature have all taken seriously the June 1 deadline, which mandates that the Legislature either reach a new school funding agreement or risk a cutoff of state funds to public schools. On April 24, the House passed a sweeping new business tax that is the key component of Perry's proposal to cut school property taxes.

The new tax would expand the franchise tax, paid now by only a relative handful of businesses, to all corporations and limited liability partnerships with annual revenues in excess of \$300,000.

But the most important task facing legislators is providing a system for school boards across the state to have meaningful discretion when they set local property tax rates, Anderson said. Currently, there is a \$1.50 per \$100 assessed value maintenance and operations tax cap, and with most districts at or near the cap, they have little or no opportunity to raise additional revenue.

"When you boil it down, that's what the Texas Supreme Court ruling is all about, and that's what the special session is all about," he said. "At the end of the session, the question will be whether meaningful discretion has been established. If the answer is yes, we'll all feel better about it."

Anderson observed that in an election year, citizen frustration with the Legislature, which failed in its regular session and two previous special sessions to agree on a new school funding and tax plan, is running high. Now, Perry and leaders in the House and Senate are cooperating better than they have since Perry took office in 2001, he said.

The burden of funding public schools has gradually shifted to local taxpayers as the state provides funding for less and less of districts' budgets, Anderson noted. In Cy-Fair ISD, only 27 percent of district funds come from the state, Superintendent David Anthony told those gathered.

"All we ask of our residents is that they stay informed about the issues," Anthony said.

Cypress Assistance Ministries (CAM), located at 11202 Huffmeister, exists to provide a safe place for individuals or families to tell their story and be offered hope during difficult times. CAM focuses its efforts on helping families become totally self-sufficient by offering a variety of life-enhancing services.

Families of hundreds of school-aged children in the Cypress/Northwest Houston area are depending on CAM to assist them with necessary school supplies for their children. These start-up supplies can be impossible to fit into an already strained budget. Your donations of pocket folders with brads, washable markers, large & small packages manilla paper, large & small packages construction paper, writing tablets, spiral notebooks and pencil boxes would be greatly appreciated.

Operation Jobs offers networking, counseling and resume writing as well as interview and job search techniques for unemployed and underemployed persons in the community. If you are an employer and will be hiring students for the summer or a job seeker looking

for employment, please call Loretta Nixon at 281-955-5895.

CAM's Angels' Attic Resale Shop is open to the public and carries a wide variety of household items, clothing, and furniture, as well as, craft items and new jewelry. The Food pantry can also use shampoo, bar soap, and toilet paper. Of course, meat is a luxury, therefore, hot dogs, hamburger and chicken are always appreciated.

## Harvest Bible Church

### Did You Know?

The modern-day church is fulfilling a 2,000-year old prophecy about her today. The Apostle Paul warned: *For the time will come when they will not endure sound doctrine; but wanting to have their ears tickled, they will accumulate for themselves teachers in accordance to their own desires, and will turn away their ears from the truth and will turn aside to myths* (2 Timothy 4:3-4). Aside from the fact that today's church has abandoned the Bible in favor of flowery speeches that last less than 20 minutes with little to no biblical reference, and aside from the fact that the most popular books among self-proclaimed Christians are the Purpose Driven Life and Your Best Life Now, now the church is being duped by another myth: The Da Vinci Code.

The Bible says that *a time will come when people will not endure sound doctrine*. Of course this has been fulfilled over and over but especially in our day. People don't want to hear about God, Jesus Christ, and the Holy Spirit. They want to hear about themselves! They want to know what God can do for *them*, and preachers today not only know this, they accommodate it. How? Through short speeches devoid of doctrine that promise you an intimate marriage, a healthy and wealthy lifestyle, and a god who just wants you to be happy no matter what you do. In today's church it's all about YOU! But in the Bible it's all about GOD. This is what doctrine is. But people don't want doctrine. They'd rather be *relaxed, relevant, and real*, and churches are eating this up by accommodating this trend. Be reminded, however, that although these churches are big and rich (and have huge music programs!), most of them are anything but godly.

The Bible says that people will not only abandon sound doctrine, they will also find teachers that tell them what they *want* to hear – not what they *need* to hear. They want to have their ears tickled – a figure of speech that denotes

people who want to hear positives, funnies, and light-hearted religion. Of course in today's pragmatic church (churches that do "whatever works!") pastors are all-too-willing to give the folks what they want. After all, it works! Tell folks that God is all about them finding their purpose in life, and off they go completely focused on themselves. Or, tell someone that God wants you to have your best life now, and off they go naming and claiming – something Jesus, Paul, Peter and the rest never taught and never did.

The prophecy that people would turn away from truth and turn aside to myths is exactly what's going on today. The Da Vinci Code is just another pitfall for folks to stumble into. Though it's labeled as fiction, the author (Dan Brown) says it is fact! Yet the irony is that while it accuses the early church fathers of creating a cover-up about Jesus, it's the novel that's filled with lies. The whole thing can be debunked, however, in about 15 minutes. But it's entertaining!

Another prophecy the Bible gives is found in 2 Timothy 3:1-6, and it describes these people: *"But realize this, that in the last days difficult times will come. For men will be lovers of self, lovers of money... arrogant... unholy... unloving... lovers of pleasure rather than lovers of God, holding to a form of godliness, although they have denied its power. Avoid such men as these."* Yes, today's church has a form of godliness, but it is devoid of any real power. So, "avoid such men as these." Don't be duped. Evaluate a church based on what they believe about God's Word. Then see if they really preach it. If they don't, then they don't really believe it.

**Harvest Bible Church** is a non-denominational, non-charismatic church where God's Word is upheld in our worship. Worship is at 10:30 each Sunday morning at Ault Elementary. We have a full children's and youth program and adult Sunday School which begins at 9:30. Consult our website for more info.: [www.harvestbiblechurch.net](http://www.harvestbiblechurch.net).

Neighbors, truth seekers, and concerned Christians, you are invited to a series on what the De Vinci code really says and why Christians should be concerned about it. Come join with us as we explore the De Vinci code and gain insight into the truth of it.

This exciting and insightful series will be held in our church sanctuary each Wednesday evening @ 7:00 PM beginning Wednesday, June 7<sup>th</sup> and running through Wednesday, July 26<sup>th</sup>. A nursery will be provided.

### YOUTH AND KIDS – HAVE WE GOT FUN FOR YOU!

Youth and Kids get excited for Jesus in an atmosphere that is magnetically charged with “Holy Spirit” power. We have two exciting groups to tell you about. One, *Youth Group* for 6<sup>th</sup> – 12<sup>th</sup> graders, especially geared toward Youth, with the vibrant today’s sound with Christian lyrics, Bible study and activities. The youth group ministering to those in an assisted living facility who have no family to visit them. We believe the older generation has wisdom and maturity to offer our youth and the youth have their love and time to offer. The other, *Kidz Klub*, for k - 5<sup>th</sup> graders geared toward the active, “bouncing off the walls” temperament of the elementary aged kids. The *Kidz Klub* ministry is to a local foster home of special needs kids.

### Vacation Bible School (VBS) –it’s time to firm up your plans

This summer come and join a Fiesta crew where 5 children of varying ages form a small group. Each crew will have an adult or teenage Crew Leader. The kids will get fired up for Jesus as they rotate every 20 minutes through

Maraca Munchies, Hot Bible Adventures, Chadder’s Desert Drive-In Theater, Grande Games, and Cactus Crafts and Missions. The 2006 Operation Kid-to-Kid missions program will warm kids’ hearts and minds and allow them to share the joy of God’s love. Kids will learn what it means to help others as they create a special blanket that says “Jesus loves me” in both English and Spanish. Plus, everyone will personalize a Spanish Bible Book to send along with the blanket to a child in Mexico. Allow your child to be part of the world’s largest focus mobilizing kids in serving others around the world. This VBS promises to be the most exciting and innovative VBS ever. This is an evening VBS from 6:00 – 9:00 p.m. Come join the Fiesta to celebrate Jesus, beginning Monday, July 24<sup>th</sup> and running through Friday, July 28<sup>th</sup>. ## Good Shepherd United Methodist Church

### RICK IVEY'S ORDINATION CELEBRATION

We are proud to announce a celebration in honor of our Associate Pastor, Rick Ivey's ordination. We will host a covered dish event on Sunday, June 4 at 12:30 pm following our late service. The United Methodist Men have graciously offered to provide meat so we are asking each family to bring a dish or two to share. Those who have names beginning with the letters A—L should bring a casserole or vegetable dish and letters M—Z should bring salad, bread, or fruit. Dessert, drinks, and paper products will be provided.

### SATURDAY NIGHTS IN JUNE

Is the Bible really from God if it was written by man? Do Christians believe in reincarnation? What does the church do with my money? If you have questions like these we want you to come to Good Shepherd United Methodist Church Saturday Nights in June for F.A.Q's, a series of nights that answers your questions on God, the Bible, church, and Jesus. You can submit your own questions by visiting the Common Grounds section of [www.goodchurch.us](http://www.goodchurch.us).

### WOMEN'S SUMMER BIBLE STUDY

Who are you...on the inside? Are you growing into the image of Christ? Or are you far from being all you want to be in the Lord? If you've ever wondered how you can truly change, now there's hope. Jesus invites you to stop trying to develop godliness through your own efforts and to start relying on the indwelling Holy Spirit. Join us on Tuesday evenings beginning June 13th at 7:00 pm in Room 211 as we take a look at Kay Arthur's "Lord, Only You Can Change Me". This 9 -week study will guide us through the Beatitudes and the Sermon on the Mount so we can begin living a truly

transformed life. For more info, contact Cynthia Blackshear at 281.304.0869 or [cblackshear@houston.rr.com](mailto:cblackshear@houston.rr.com).

**WOMEN WANTED!** – Mark your calendar for Friday, June 23rd for a Spiritual Sleepover at Good Shepherd! This will be a great time of fellowship and FUN! We will have several activities going on all night and will conclude with breakfast on Saturday morning. We plan to start with praise and worship in the Sanctuary at 7 pm followed by an icebreaker, then supper of pizza, hot dogs, popcorn. After dinner we will enjoy games, movies, crafts, scrapbooking, karaoke and of course, talking and giggling far into the night. We will even have fun with a scavenger hunt! Midnight ice cream sundaes along with lots of junk food snacks all night long will complete the night of leisure. Bring your cot or air mattress and comfy PJ's. Cost will be \$10 per person. For more info please contact Aynne Daugherty at 281.373.1822.

# Fit Facts™

FROM THE AMERICAN COUNCIL ON EXERCISE®

## A Walk a Day

The popularity of walking as a fitness activity is growing by leaps and bounds. Low risk and easy to start, walking has proved its health benefits in numerous studies.

An eight-year study of 13,000 people found that those who walked 30 minutes a day had a significantly lower risk of premature death than those who rarely exercised.

A regular walking program can help:

- Reduce blood cholesterol
- Lower blood pressure
- Increase cardiovascular endurance
- Boost bone strength
- Burn calories and keep weight down

### Get ready

A walking program is simple to start. All you need are comfortable clothes and shoes. Layer loose clothing, keeping in mind that exercise elevates the body's temperature. Shoes specifically designed for walking are best.

Every workout should begin with a brief warm-up and a few simple stretches. Walk around the house or in place for a few minutes to get the blood flowing to the muscles before you attempt to stretch them. Although walking primarily works the major muscles of the legs, don't forget to stretch your back, shoulders and arms. This will help to loosen up any tension you may be carrying and make your walk more enjoyable as well as more effective.

### Get moving

Beginning walkers can make their workouts less strenuous by limiting how fast and far they walk. Keep in mind the following:

#### • Walk short distances"

Begin with a five-minute stroll and gradually increase your distance.

#### • Forget about speed"

Walk at a comfortable pace. Focus on good posture, keeping your head lifted and shoulders relaxed.

#### • Swing your arms naturally"

Breathe deeply. If you can't catch your breath, slow down or avoid hills.

#### • Be sure you can talk while walking"

If you can't converse, you are walking too fast.

### Get fit!

Walking is one fitness activity that allows you numerous options. Once you have reached a point where you can walk a few miles with relative ease, you can start to vary the intensity.

Walking hills, in addition to increasing your cardiovascular endurance, is a great way to tone the legs. Concentrate on lengthening your stride or increasing your speed. And don't forget to reward yourself after each workout with a few minutes of relaxing stretches to help prevent sore muscles.

Listening to lively music while you walk is also a great way to energize your workout. But if you wear headphones, keep the volume down and watch out for traffic that you may not hear.

Keep track of your progress. Many experts recommend that you walk a minimum of 20 minutes a day. But there are no hard and fast rules. Fit walking into your schedule whenever you can. That may mean two 10-minute walks each day, or even hour-long walks two to three times a week. The best schedule is one that keeps you walking and keeps you fit!

## Chemical Garden

Use chunks of broken brick (about the size of a large egg), porous rocks (not slick ones), any pieces of synthetic foam rubber, or cellulose sponge. Sponge is good because it can be cut in any shape. (Christmas tree, etc.)

Wash pieces of brick in plain water until thoroughly wet. If you use sponge, wet it and wring it out. Place in a shallow bowl (do NOT use metal) and arrange the damp pieces to fit your fancy, placing some on top of one another.

Into a glass jar, put 4 T water, 4 T bluing, and 4 T ammonia. Pour this over wet rocks, being sure to dampen all of them.

Put a few drops of food coloring - one color or several, and a few drops of bluing on one or two of the rocks. Now take 4 T salt and sprinkle evenly over all. You may stick in a plastic flower or two, if desired. This will look like an Oriental garden.

Within a few hours, "snowflakes" will begin to form. In less than six hours, it is building beautifully. They grow even faster the second day.

After 2 days, add 2 more tablespoons water and 2 T ammonia. Be careful and do not pour this on the crystallites, but in the edge of the bowl. This will make it start growing again; and when it gets to the size you want, stop adding the extra fluid.

If it is dumped over, just put it back, add more original mixture and start over. If it grows too fast, and grows over the side of the bowl, get a damp tissue and wipe it off. This might damage furniture. It will damage marble and any metal.

*Coal may be used for garden.* Use six T salt, 6 T bluing, 6 T water and 1 T ammonia. Pour slowly over coal. Drop food color from medicine dropper all over mixture. Use one or several colors. If some places seem bare, sprinkle on a little ammonia water.

## Creating a Butterfly and Hummingbird Garden

(NAPSA)-With just a little bit of planning, you can have beautiful butterflies and hummingbirds flocking to your garden. That's good news for gardeners because not only are these winged creatures fun to watch, they're essential pollinators.

The key is to know what hummingbirds and butterflies look for, which is flowers with nectar. So when you select nectar-rich plants for your garden, look for varieties that are both prolific bloomers and have a long bloom time. Prune your plants to prevent excessive woody growth and encourage the growth of new flowers.

Try these tips from Monrovia, one of the leading growers of plants:

- Hummingbirds are attracted to bright orange, red and hot pink blossoms. Their long, narrow beaks can reach the nectar of long, tubular flowers such as the Balboa Sunset Trumpet Vine with its large scarlet blossoms, and the Goldflame Honeysuckle, which has vibrant yellow and red flowers. Other good choices are the Super Red Flowering Maple and the Navajo series of Salvia, available in many colors, including bright red, rose and salmon red.
- Not all hummingbirds feed at the same height, so plant an array of shrub sizes and climbing vines for food sources.
- Butterflies are attracted to yellow, orange and red. They too are seeking nectar, but their mouths, or proboscises, are much smaller, so they prefer flatter flowers they can perch on while they feed. The no-fail plant for butterflies is the Butterfly Bush, or Buddleja. However, since they can get too large for some gardens, consider the Petite series of Dwarf Butterfly Bushes. Petite Indigo has a profusion of lilac-blue flowers; Petite Plum sports reddish-purple blooms and the Petite Snow has pure

white blossoms.

- Lilacs are favorites of butterflies, but don't typically flower well in climates with warmer winters. The Blue Skies Lilac produces huge clusters of light lavender-blue flowers that don't require winter chilling. Butterflies love Coneflowers, such as the bright pink Pixie Meadowbrite. Asters are great because they bloom well into fall. The new Farmington Aster has a profusion of lilac bloom clusters that butterflies flock to.
- Supply a source of water. Hummingbirds enjoy flying through a fine mist, which cools them off. Butterflies like drinking from shallow puddles. Position some large flat rocks in a sunny spot, on which butterflies can sun themselves to warm their wings.
