CONGRATULATIONS CY-FALLS VARSITY FOOTBALL TEAM!

The Friday night lights in Cy-Fair burned bright for the 2006 Cy-Falls varsity football team with an amazing 12-4 season ending one game short of a 5A Division II title. The 2006 Golden Eagles were the first team in Cy-Fair ISD history to reach the state title game in football.

NEW GARAGE SALE CHAIRPERSON NEEDED

It is time to pass the torch. Cameron Newcomb, who chaired the garage sale for 3 years and Debbie Brown, who chaired the last garage sale, are stepping down so we need someone to volunteer to be the new Garage Sale Chairperson. There will not be a Spring Garage Sale this year unless someone volunteers. Cameron has all the materials ready to go for the next chairperson, so please contact her at cjnewcomb@yahoo.com if you would be interested in chairing this event.

Street Light Out?

Don't drive around in the dark! Report it. It's easy. Just call 713-207-2222 and list the following:

- The pole number, which is stenciled on the pole
- The nature of the problem; completely out, flickering, etc.
- Location of the pole, such as the nearest street corner.

Or you can report it on the internet. Go to www.riataranch.net and click on "Report Street Light Outages".

If one of your New Year's resolutions was to spend more time volunteering in the community, then CAM is just the place for you. Bring along a friend and assist other volunteers in our busy sorting and hanging department. You will experience warm, friendly fellowship and the satisfaction of knowing you have helped families in need in our community. The services provided at CAM are made possible by many dedicated, weekly volunteers. If you can stand and lift for a moderate amount of time, please contact Lisa Bassett to schedule a volunteer orientation.

AESTHETIC AND FAMILY DENTISTRY DR. A. SUNDRANI

Dental Tip of the Month.

Dear Friends,

People are living longer then ever before. People are keeping their teeth longer. There are fewer and fewer patients with full dentures. As a result more older individuals are visiting our offices for their dental care. Some of the more common areas of concerns among older population are root caries, where cavity is occurring on the root of the tooth. To prevent root caries, effort should be made to brush the gum line really well. Another problem, xerostomia, which is another word for dry mouth, is prevalent in this population mainly due to many medicines they are on. The solution for that is frequent professional cleanings. There are also artificial saliva producers that you can ask your dentist about.

Third problem I see is gum disease, or periodontal disease. This can be due to buildup of plaque and calculus, thus getting inflamed gums and bone loss. Gum disease can also occur due to shifting of the teeth, thus changing the bite. As a result of aberrant forces, can have bone loss that stabilize teeth.

We always try to be cognizant of patient's medical conditions and take that into account. We also understand that many patients have hearing loss and vision loss, thus we take our time and are very patient in tending to your needs.

In the mean time, if you have any dental related questions, please email me at sundranidds@yahoo.com, and I will happily respond to your inquiries.

Your dentist,
Dr. Sundrani

Help Keep the Storm Drains Clear

Recently, we have received reports of teens throwing items into the storm drains, such as boxes and basketballs. These items can plug the drain and cause flooding when the next storm comes.

If you see this activity, please report it to the Sheriff's Department with the best description of the activity that you can give.

Stopping this activity is important to all of us. It could even keep your home from flooding.

Service with Love

February is the official month to celebrate the gift of "love," and many people will celebrate that gift in their life with those they hold dear. The students, administration, and faculty of Cypress Christian School challenge you to express God's love to those less fortunate than yourselves this month.

There are many ways to show others that they are loved. For example, get involved in a community project like Habitat for Humanity, serve at your local food bank/mission, write a letter to someone who needs encouragement or bring food and flowers to an elderly person who might be lonely and missing family members. No matter what you do, your actions will be greatly appreciated and will serve as an encouragement to that person or group.

The mission of Cypress Christian School - "to produce students from Christian families

who are academically prepared with a biblical worldview to take their place in the world as servants of Jesus Christ" - includes the goal of teaching students to serve. In recent months, students have helped build a house, collected food and supplies for a local food bank, visited and entertained residents in an assisted living facility, collected gifts for children whose parents are in prison, served at a home for incarcerated youth, and more.

As we strive to serve others in our community, we hope you, too, will join the effort to make those less fortunate feel loved through acts of kindness - small or large. To partner with our school in a service project or suggest a service project for our students, please contact Todd Clark, Chaplain, at 281-469-8829 or todd.clark@CypressChristian.org.

Vacation Watch

At your request, the Harris County Sheriff's Department will put your house on VACATION WATCH. Just go to www.riataranch.net and look for the Vacation Watch form in the FORMS and DOCS section.

Your completed form will need to be submitted to the Sheriff's Department 7 days prior to departure, or just call 713-221-6000.

Use Only Water In Sippy Cups Or Increase Cavity Risk

AAPD Highlights Importance of Proper Use of Toddler Drinking Device

(NAPSA)-Most parents are well aware of the importance of taking care of their children's teeth, so it comes as a shock when they learn their toddlers have cavities during a checkup.

Tooth decay among young children is on the rise-and many experts believe that sippy cups containing sugary beverages are responsible.

The Misuse of Sippy Cups

Because sippy cups prevent spills, they're often used by children for long periods of time over months and years-rather than as a transitional drinking device, a purpose for which they were intended. "Sippy cups were created to help children transition from a bottle to drinking from a regular cup, but they're too often used for convenience," says American Academy of Pediatric Dentistry (AAPD) President Philip H. Hunke, D.D.S., M.S.D. "When kids sip for extended periods on sugared beverages, they're exposed to a higher risk of decay. Sippy cups should only contain water unless it's mealtime."

In fact, a report from the Centers for Disease Control and Prevention (CDC) comparing the dental health of Americans in 1988-1994 and 1999-2002 found that while cavities decreased among older children, cavities in two- to five-year-olds actually increased 15.2 percent.

A Child's First Visit

Hunke views the misuse of sippy cups as just the symptom of a larger issue-the fact that many parents wait too long before taking their children to the dentist for the first time. The AAPD recommends that a child's first dental visit occur shortly after the first tooth erupts and no later than the child's first birthday. But according to the 2005 National Survey of Children's Health (NSCH), only 10 percent of 1-year-olds and 23.8 percent of 2-year-olds had been taken for a preventive dental care visit in the past year.

At the first visit, the pediatric dentist provides information about proper sippy cup use as part of the presentation of a complete program of preventive home care. The dentist also checks the child's teeth to make sure they're developing properly.

"Studies show that children with poor oral health perform worse in school and have less success later in life," says Hunke. "Establishing the right oral care habits early helps get kids headed on the path to a lifetime of good oral health."

For more information about how to keep children's teeth healthy or to locate a pediatric dentist in your area, visit www.aapd.org.
