BRADFORD CREEK BOARD OF DIRECTORS NEWS

With the arrival of warmer weather our thoughts automatically turn to summer activities. Your Board has been planning improvements to the Bradford Creek pool area through the winter and has purchased a new double slide amenity and a shade structure for the shallow section of the main pool. We will be considering other shade improvements after the trees leaf out and the tables with umbrellas are placed back around the pool. We hope our residents will enjoy these new value added amenities.

Unfortunately with the growth of surrounding communities that don't have the amenities that we own and pay to staff and maintain; some pools around Fairfield reported considerable unauthorized usage last year.

Since these are private pools intended for the exclusive use of our dues paying residents the Master Association in conjunction with the Neighborhood Associations will institute a pool pass program beginning this summer. We know this will be somewhat of a burden but maintain that we can reduce the unauthorized use of our pools with your cooperation. Look for updates on this concern in the Fairfield Gazette or in our next Directors news article.

REWARD

As you are aware, there has been a great deal of vandalism within Fairfield Village, all repaired at a cost to you, the homeowner. As the vandalism continues, and as the cost to make the necessary repairs and replacement increases, it also becomes necessary to increase your assessment.

Your Association is offering a reward of \$5,000.00 for information resulting in the arrest and FELONY conviction of the person(s) who vandalizes or steals Association property. Vandalism includes the damage to or destruction of Association property by the improper operation of an ATV or dirt bike on common areas or greenbelts. Should the person(s) be under age, the Association will legally pursue the legal guardian for all damages incurred.

Your Association has spent thousands of dollars, your dollars, repairing gazebos, entry markers, irrigation, ruts, etc., and now it's time to make these vandals stop.

If you see anyone suspicious, by all means contact the Sheriff on the non-emergency number (713-221-6000) and report the incident.

Thank you,
AMI

POOL TAGS COMING FOR 2007 SWIM SEASON

The criteria for acquiring a pool tag is: you must be a Fairfield Village resident and your assessments must be current.

Further information will be coming your way via the April Gazette and on your Fairfield Village website, www.fairfieldvillage.org

Thank you,

FAIRFIELD JAZZERCISERS

PARTICIPATE IN A FUND-RAISER HALFTIME SHOW

Cypress, Texas -- It's a fact that exercise is important for good health. And it's even better when that exercise helps others in the community. Nine Fairfield Jazzercisers combined healthy exercise and helped the community by participating in a Houston Rockets halftime show that was also a fund-raiser for The Pink Ribbons Project. The Pink Ribbons Project is the first dance organization created to promote breast cancer awareness and to help raise funding for breast cancer advocacy, education and research. The Pink Power program also provides mammograms for medically underserved women in the Houston area.

The nine Jazzercisers were part of a group of 200 Jazzercisers from around Houston who participated in the January 20th halftime show at The Toyota Center. The Houston Rockets played the Denver Nuggets. The Jazzercisers performed a high-energy choreographed routine that took many hours to perfect.

"The students came to Jazzercise classes about three times a week last fall to get in shape for the halftime performance," said Kristine Lewis, a Fairfield Jazzercise instructor and Class Owner. "In addition, they practiced the routine at least once a week in December and January to learn the moves. Finally, they attended a 4-hour practice on the court to learn the blocking so we had a professional looking halftime show that absolutely wowed Houston Rockets fans at the game. It was a lot of hard work."

The Jazzercisers who performed this routine are not professional dancers. They came from all walks of life — nurses, doctors, teachers, architects, secretaries, business owners, and parents.

And the driving force behind this performance — in addition to the excitement of performing in front of a sold out crowd at The Toyota Center — was raising money to benefit breast cancer awareness, research and medical care. In the last two years, Jazzercisers have raised more than \$40,000 to benefit this worthy cause, and they are expected to raise another \$20,000 this year. Each participant was required to raise at least \$50 to be eligible to participate. Others have raised additional money.

PLEASE NOTE: This garage sale is for Fairfield residents only due to the limited number of booths available!

IMPORTANT INFORMATION: THERE WILL BE NO RAIN DATE AS THE BOOTHS ARE COVERED. All booths are outlined, numbered, and have access to electricity. Restrooms and phones are located throughout Traders Village. Concessions are open on Saturday only. Vendors may enter Traders Village free on Friday and on Saturday before 7:00am with your vendor pass.

Place your parking pass on your car dash. Three passes will be available per booth. Vendors may enter Saturday with pass at 6:00 am. Gates open to the public at 7:00 am. There will be no refunds – this is a fundraising event for local charities. Cash or checks only will be accepted as payment. Please make checks payable to FWC. Tables (8 ft) are available to reserve for \$10 each and will be pre-sold only. Quantities are limited. You are responsible for your own tables (if not renting) and chairs. You are responsible for your own set-up/clean-up. All items must be removed from your space at the end of the sale. Traders Village provides this service for area neighborhoods, but restricts us to garage sale items only: no craft items, make-up, food concessions, etc that would compete with Traders Village businesses can be sold at garage sale booths.

FRIDAY SET-UP: Friday is the designated day for setting up your booth any time between 4:00pm – 8:45pm. Please unload your vehicle as quickly as possible and then move it out to make room for your neighbors. You will make many sales Friday evening as you set up, so have your items priced and have money to make change! Be advised you should bring some type of cloth or tarp to cover and protect your items overnight. The FWC and Traders Village will not be held liable for theft or damage to any items. Anything left unattended on premises is done so entirely at dealers' own risk. If you have valuables, you need to bring them on Saturday morning. All vehicles must be gone from the set-up area Friday by 8:45pm. Set-up will not be allowed on Saturday morning unless you can carry the items through the gate. There are no vehicles permitted in the set-up area Saturday morning. The gate will be locked at 9:00pm.

SATURDAY AND CLEAN-UP: Booths may be closed at any time, however, VEHICLES are NOT allowed in the area until after 5:00pm. If renting tables, please collapse them and leave them in your booth. FWC makes arrangements to have a charity truck available, but over the years experience tells us they may not make it. You must be prepared to take any unsold items home with you. You are responsible for your booth space being empty and clean by 5:30 pm Saturday.

MARCH TRIP PLANS:

Friday, March 16th: San Jacinto Battle Ground Historical Park

We will go back in Texas history and relive the Battle of San Jacinto. When on April 21, 1836 Texas won its independence when an outnumbered General Sam Houston and the Texas army heroically defeated, with a surprise attack, the Mexican forces, led by General Antonio Lopez de Santa Ana, on the plains here at San Jacinto.

Today this State Historical Park is home to the Battleship Texas and the San Jacinto Monument. Built for the battle's centennial in 1936, the Monument remains the world's tallest memorial tower rising 570 feet above the battleground. We'll view a multimedia presentation on three screens, take the newly renovated elevator to the monument observation deck and visit the museum.

The cost for this trip is \$8.50 per person, plus the cost of your meal at the Monument Inn, around 12:30. **Call Kay or Skip Wheeler @ 281-890-1934** for additional information and to get your name on the list. **Make checks out to: Fairfield 50 Plus.** Bus will depart at 8:00am from the Fairfield Village parking lot. Be there by 7:45am.

APRIL TRIP PLANS:

Friday, April 13: Fanthorp Inn and Washington on the Brazos State Historic Sites. Our first stop is the carefully restored Fanthorp Inn, where we will have the opportunity to walk through a historic inn that once served as a stagecoach stop.

After lunch we will go to Washington on the Brazos to tour a replica of **Independence Hall** where the Texas Declaration of Independence was signed and the government of the Republic of Texas was created. Then to learn the rich history of the Republic of Texas we will go to the **Star of the Republic Museum.**

From there we go to the **Barrington Living History Farm**, where we will step back in time and be encouraged to participate in the daily activities of this 1850's cotton farm to better understand what life was like over 150 years ago.

The cost for this trip is \$11.00 per person, plus the cost of your meal at the Wrangler Stake House (Buffet is \$7.50 per person). **Call**

Jim or Shirley Hearst @ 281-373-4432 for additional information and to get your name on the list. Make checks out to: Fairfield 50 Plus. Bus will depart at 8:30 am from the Fairfield Village parking lot. Please be there by 8:15am.

Cy-Fair ISD Volunteers In Public Schools (VIPS)

Award Winners

The Cy-Fair VIPS Executive Board congratulates Chick-fil-A, Amegy Bank, John Taylor and Linda Young for their outstanding achievement in being a state award winner at the Texas Association of Partners in Education (TAPE) annual awards conference. TAPE is one of the nation's largest professional organizations providing specialized partnership training and collaboration opportunities to enhance student success. The central purpose of the association is to strengthen student success through community/school partnerships to enhance the success of young people in school and prepare them to be responsible citizens who significantly contribute to the economic, civic, and social environment in which they live and work.

John Taylor of Lamkin elementary was awarded the Crystal Award – Best In the State as the Texas Senior Volunteer Partnership. The Gold Award winner went to Linda Young from the Science Resource Center. They are both members of the CyFair community and are

actively involved in education in CFISD with countless hours of volunteering their time.

Texas Parent Involvement Partnership Crystal Award – Best in the State went to Lowery Elementary. They were recognized as a parent group that promotes the active involvement of parents for the betterment of the school in a manner that positively impacts student achievement.

Texas Outstanding Business Partnership Crystal Award – Best in the State was awarded to Chick-fil-A/Copperfield and Cy-Fair locations (small business) and Amegy Bank (medium business). Both of these businesses work directly with the school, teachers, students and district through donations, mentoring, goods and services on a regular basis.

Our state award winners continue to provide an invaluable service to our district and they have made a positive impact in the schools. The quality of education in Cy-Fair ISD remains at the highest of levels in part because of community supporters such as the State Award Winners.

CUB SCOUT PACK #1533

GENTLEMEN, START YOUR ENGINES!

The smell of sawdust and paint filled the air in January as the Cub Scouts of Pack #1533 prepared for the Annual PineWood Derby. Taking a small block of pine, a little paint and four wheels, the Scouts constructed unique and creative Derby cars that tore up the track. Car designs ranged from the classic "wedge" shape to tanks to pick-up trucks. One Derby car was even carved into a banana! All the cars were fast, but the top three times went to:

1st Place	Tanner Thomson	Wolf Den #7
2nd Place	Justin Gracey	Tiger Den #8
3rd Place	Noah Goodin	Tiger Den #9

Way to go boys!

The month of January also found the boys busy working on their Rank Achievements, Electives and Beltloops/Pins. To complete their Law Enforcement Achievement, Bear Dens #4 & #5 enjoyed a visit from "Gizmo" the Harris County Crime Prevention Robot, and his "handler". In addition to learning about crime prevention at home, the Scouts learned about personal safety—specifically, how to avoid possible abduction.

Tiger Den #9 completed the Citizenship Belt loop by calling bingo at the Woodwinds Assisted Living Center; it was hard to tell who enjoyed it more-- the boys or the residents. The boys passed out prizes and Thanksgiving cards they had made – everyone was a winner! Hunter Parente's mom, Kelly led one den activity about why and how leaves change color. The Scouts also traced leaves they had brought by "leaf rubbing" and their work will be on display at the Pack meeting. The boys used the meeting just prior to Christmas to make a relaxing bath salt gift for their moms. The Scouts also completed requirements for their Communications achievement with a Go See It tour of Champion Forest Baptist Church Television Production Studio arranged by Reed Seller's mom, Jacque. Who knows, someone's television career could've been launched that day!

At the January Pack meeting, Cubmaster, Ryan Potter announced the winner or the T-shirt design contest held in December. Many Scouts submitted design ideas and all the designs were great. The winner is Ian Babb from Wolf Den #6. Congratulations to Ian---maybe we have a future artist in our midst.

Upcoming events:

March 23-25th Annual Spring Family Campout
April 28th Scout Fair

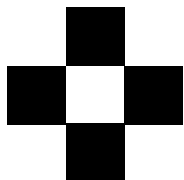

T-shirt design winner, Ian Babb, proudly displays his winning design.

Cub Scout Pack #1533 is looking forward to a great year. It's not too late to join the fun. Every boy is welcome; regardless of what school he attends. If you know of a boy (1st grade through 5th grade) who may be interested in Scouting, please feel free to contact Cubmaster, Ryan Potter at anpotter@evl.net or Pack Committee Chairman, Tom Huber at tomh@tdspecialty.com for more information. Be sure to check out Pack #1533's website at www.pack1533.org for more news and great photos. It is a

Bear Dens #4 & #5 visit with "Gizmo" the Harris County Crime Prevention Robot at their January Den meeting.

SCOUT TROOP #533 MEMBER

Hello my name is Martin McCain; I am a life scout in troop 533. For my eagle project, I have decided to participate in the Harris County SWIM (Storm Water Inlet Marking) program. This program involves putting the "No Dumping" labels on our storm drains to alert our community about the dangers of pollutants.

Here are the details from the Harris County website www.cleanwaterclearchoice.org:

Storm water runoff from urban areas can carry pollutants and trash into the storm water drainage system. Water that flows down the drains in our homes first goes to sewage treatment facilities before it's released to bayous and rivers. But, water that flows into our storm water drainage system, along with other substances it collects, goes directly into our bayous, rivers, and ultimately into Galveston Bay. Unlike sewage, storm water receives no treatment.

Thank you.

Harvest Bible Church

Did You Know? Here at Harvest Bible Church we believe in the Great Commission of Jesus Christ in Matthew 28:19-20. In that Commission Jesus first commanded the apostles and prophets of the first century to make disciples of all nations by preaching the good news. And second, he commanded that those disciples be taught everything that he had commanded.

In the modern day the apostles and prophets have passed from the scene. But their unique offices allowed them to walk and talk with Jesus and experience the Son of God first hand. And before they died a handful of them left behind their writings about Jesus and all that he taught. God kept those writings accurate by inspiring the pens they used and keeping their doctrine error free (2 Tim. 3:16). Then God miraculously handed those writings down to each generation that followed all the way to the modern day. So the Bible we carry today contains the very words of Jesus, and those words are meant to be taught in keeping with Jesus' Great Commission to not only share the good news of Jesus Christ but also to teach all that he commanded.

The apostles taught what Jesus taught, and they were able to perform miracles like he did, albeit to a lesser extent. In addition, they spoke in various kinds of languages (tongues) that they had never learned so that the world around them could comprehend the gospel message, for not everyone spoke or understood the mother-tongue of the early Jewish disciples. As a result, 60 or so years after Jesus Christ left the earth his disciples – the apostles and prophets – had taken the gospel to the entire known world of their day. The Apostle Paul made it all the way to Spain. And the Apostle Thomas made his way eastward all the way to India where he was killed because he wouldn't stop talking about his friend who died and came back to life three days later. The others lived and died within the realm of the Roman Empire, but each one (except John who died an old man) died for simply preaching the Great Commission.

Today, because the apostles and prophets have all passed, it's the church that carries the task of doing evangelism (making disciples), and of teaching disciples everything that Jesus commanded. The only difference between today's evangelists and teachers and those ancient apostles and prophets is that the teaching of Jesus is second-hand. We are simply piggy-backing on the testimony of the apostles and prophets. They laid the foundation of the church, and now evangelists and teachers build upon that foundation by teaching from the Scriptures – the divinely inspired words written by the apostles and prophets in the first century.

At Harvest Bible Church we believe that there are essentially two offices: evangelists and teachers (to include pastors), and this belief stems from the teachings in Matthew 28:19-20 and Ephesians 4:11. But there are of course many different ways to evangelize, and each one of God's children has been gifted with a passion to teach and evangelize in some capacity. For some they serve behind the scenes in order to help those who serve in front of people. Others give sacrificially from their God-given means to propagate the teaching of God's Word. Some teach and preach, some lead, and others show mercy and encourage various people who have needs – financially and otherwise. When all of God's people come together and work in the ways that God has gifted them to work the church functions like a fine-tuned and well-oiled machine.

The whole purpose of the church is to bring glory to the Lord God Almighty. All that the church does is not to shine light on the people for the sake of the people receiving praise. No, it's about God receiving praise. The church isn't about large buildings with high-tech machinery and loud rock-n-roll music groups. It's a place where the Bible is taught verse by verse, paragraph by paragraph, book by book in order to direct people to Jesus and to teach them all that he taught. After all, he is the Lord and Savior – the Almighty God, Creator of heaven and earth.

Fountain of Life Fellowship

At the Fountain of Life Fellowship, we choose a new theme each year to help us focus. To some it may seem like a New Year's resolution, but it is much bigger and very different. The theme is not a specific goal, like eat more fruit and vegetables; it is an avenue to bring us into a closer relationship with God. This year's theme is "Today is Your Turning Point". What does it mean? Let's visualize actually walking down a path just as the people in the Bible walked. Walking was the only way to get some place, so it was a way of life. Some Disciples were walking when Jesus called them to follow him. Unbelievable to us, they dropped everything (their turning point) and followed Him. Not just for an afternoon but for years, learning to be like Jesus.

Fountain of Life Fellowship's first step in discovering our "Turning Point" has been some wonderful and inspiring sermons. The next move was to read the Bible. Have you ever read the Bible cover to cover? Just the thought can be overwhelming. Maybe you have read it and need to see it in a new light. February fifth the Fountain of Life Fellowship started daily readings. These chronological Biblical readings will allow us to complete the Bible in 12 months. If you have not read the Bible chronologically it is a delight. This is how we are accustomed to reading, in time sequence. You will discover a new clarity of God's plan. Plus readings that enrich each other, like matching David's troubles with his psalms.

If you'd like to read the Bible chronologically or discover "Your Turning Point", join us. The weekly reading schedules are available at Sunday service, 10:45 a.m. and Bible studies Wednesday, 7:00 p.m. You may also call for the Biblical reading schedule or prayer at; Fountain of Life Fellowship (281) 373-9337, Monday – Thursday 10a.m.-3p.m. We are located on Mueschke Road, 1 mile north of Hwy 290. We believe that God's Word is for all to enjoy.

As you "walk" through life how much of a disciple have you become? Maybe Today is Your Turning Point!

AESTHETIC AND FAMILY DENTISTRY DR. A. SUNDRANI

Dental Tip of the Month.

How to deal with Dental Emergencies

*Don't get caught off guard with dental emergencies.
Know what to do when it happens, time can be a critical factor.*

Dear Friends,

I am starting a series where we will discuss frequent dental emergencies that arise.

It happens to many people where either a toddler head butts a parent and the parent's front tooth gets knocked out.

In another instance, your child's front tooth gets knocked out while he or she is horse playing with a sibling or a friend or if he or she takes a fall.

Here is what I recommend to do if a tooth gets knocked out.

- If the tooth is dirty, rinse it in cool water.
- Do not scrub the tooth at all as the tissue still attached to the tooth could prove to be vital in saving that tooth.
- Gently insert the tooth in the socket and hold it there.

Situation can arise where it is very painful to place the tooth back into the socket, in that case, place the tooth immediately in a cup of milk. If no milk is available at that time, then place it in a cup of cold water.

Chance for saving the tooth is the greatest if you get your loved on to the dentist in 30 minutes or less.

In the mean time, if you have any dental related questions, please email me at sundranidds@yahoo.com, and I will happily respond to your inquiries.

Your dentist,
Dr. Sundrani

Fit Facts™

FROM THE AMERICAN COUNCIL ON EXERCISE®

Before You Start an Exercise Program

there are a few questions to ask yourself to determine whether you should see your doctor first.

QUESTION YOURSELF

Your first step is to ask yourself how active you want to be. This may sound like a silly question - you're probably planning on doing whatever you're capable of, whether that's a slow walk around the block or a vigorous step class. But if you're of a certain age or have certain cardiovascular risk factors, you may need to see your physician before beginning a program that involves vigorous (as opposed to moderate) aerobic activity.

Here's how exercise intensities are typically defined:

Low-to-Moderate - This is an intensity that can be sustained relatively comfortably for a long period of time (about 60 minutes). This type of exercise typically begins slowly, progresses gradually and usually isn't competitive in nature.

Vigorous - This is an intensity that is high enough to significantly raise both your heart and breathing rates, and is usually performed for about 20 minutes before fatigue sets in.

Are you planning to participate in vigorous activities and are a man over 40 or a woman over 50? You should receive a medical exam first. The same is true for individuals of any age with two or more coronary artery disease risk factors. If you're unsure if this applies to you, check with your physician.

MORE QUESTIONS

Now that you've made it through the first questions, there are a few more to answer. A YES to any ONE of the following questions means you should talk with your doctor, by

phone or in person, BEFORE you start an exercise program. Explain which questions you answered "yes" to and the activities you are planning to pursue.

1. Have you been told you have a heart condition and should only participate in physical activity recommended by a doctor?
2. Do you feel pain (or discomfort) in your chest when you do physical activity? When you are not participating in physical activity? While at rest, do you frequently experience fast, irregular heartbeats or very slow beats?
3. Do you ever become dizzy and lose your balance, or lose consciousness? Have you fallen more than twice in the past year (no matter what the reason)?
4. Do you have a bone or joint problem that could worsen as a result of physical activity? Do you have pain in your legs or buttocks when you walk?

5. Do you take blood pressure or heart medications?
6. Do you have any cuts or wounds on your feet that don't seem to heal?
7. Have you experienced unexplained weight loss in the past six months?
8. Are you aware of any reason why you should not participate in physical activity?

If you answered "no" to all of these questions, and you passed the first round of questions, you can be reasonably sure that you can safely take part in at least a moderate physical activity program.

But again, if you are a man over 40 or a woman over 50 and want to exercise more vigorously, you should check with your physician before getting started.

So, are you ready? If you are, but are unsure how to get started, consider contacting an ACE-certified Personal Trainer or joining a reputable fitness facility.

For more information on finding a trainer, or for fitness information in general, visit the ACE Web site at www.acefitness.org.

By taking the time to evaluate if you are ready to start exercising, you've planted yourself firmly on the path to better health and fitness.

Use Only Water In Sippy Cups Or Increase Cavity Risk

AAPD Highlights Importance of Proper Use of Toddler Drinking Device

(NAPSA)-Most parents are well aware of the importance of taking care of their children's teeth, so it comes as a shock when they learn their toddlers have cavities during a checkup.

Tooth decay among young children is on the rise-and many experts believe that sippy cups containing sugary beverages are responsible.

The Misuse of Sippy Cups

Because sippy cups prevent spills, they're often used by children for long periods of time over months and years-rather than as a transitional drinking device, a purpose for which they were intended. "Sippy cups were created to help children transition from a bottle to drinking from a regular cup, but they're too often used for convenience," says American Academy of Pediatric Dentistry (AAPD) President Philip H. Hunke, D.D.S., M.S.D. "When kids sip for extended periods on sugared beverages, they're exposed to a higher risk of decay. Sippy cups should only contain water unless it's mealtime."

In fact, a report from the Centers for Disease Control and Prevention (CDC) comparing the dental health of Americans in 1988-1994 and 1999-2002 found that while cavities decreased among older children, cavities in two- to five-year-olds actually increased 15.2 percent.

A Child's First Visit

Hunke views the misuse of sippy cups as just the symptom of a larger issue-the fact that many parents wait too long before taking their children to the dentist for the first time. The AAPD recommends that a child's first dental visit occur shortly after the first tooth erupts and no later than the child's first birthday. But according to the 2005 National Survey of Children's Health (NSCH), only 10 percent of 1-year-olds and 23.8 percent of 2-year-olds had been taken for a preventive dental care visit in the past year.

At the first visit, the pediatric dentist provides information about proper sippy cup use as part of the presentation of a complete program of preventive home care. The dentist also checks the child's teeth to make sure they're developing properly.

"Studies show that children with poor oral health perform worse in school and have less success later in life," says Hunke. "Establishing the right oral care habits early helps get kids headed on the path to a lifetime of good oral health."

For more information about how to keep children's teeth healthy or to locate a pediatric dentist in your area, visit www.aapd.org.
