## Managers Message

The response to the Inside Timarron Newsletter has been very positive. As Homeowners, I encourage you to take ownership of this newsletter. Make it into an instrument that will provide benefit in the communication and *community* fostered by its publication. The objective is for *Inside Timarron* to show up in your mailbox on a monthly basis. Please share your thoughts and ideas concerning the content. If you are interested in helping with the newsletter, please call the office at 817-424-3027.

This issue is packed full of useful information. We have received several calls wanting to know the standard Timarron color for the wooden fences. The answer to that question is contained within. Based on your CC&R's there are no other acceptable colors for the wooden fences! There are many outdoor activities in Colleyville and Southlake, a Neighborhood Watch meeting, and Landscaping Tips but most important I would like to know how well you do on the Wine Quiz.

Please make note of the vacancies in the list of Delegates. George Bernard Shaw said, "I am of the opinion that my life belongs to the community, and as long as I live, it is my privilege to do for it whatever I can". Consider this an invitation to serve your neighborhood. Take a look at the vacancies. Could this could be you?

## Mission Statement

*The Mission of the Timarron Owners Association is to provide its members a superior residential development with amenities, policies, and standards which maintain the quality of life for its neighborhoods, maximize the property values of its homeowners, and provide uniform administration and enforcement of its policies*

*The principle points of focus to fulfill the mission are to:*

- *Administer strict but fair enforcement of covenants and restrictions*
- *Maintain the high standards of Timarron landscaping and infrastructure*
- *Respond to property owners particular needs and ideas*
- *Maintain accountability to the elected neighborhood delegates*

## Job Opportunity

Looking for an experienced administrative assistant to work four days a week (32 hours) at the Timarron Owners Association Office located at 700 Wentwood Drive. Job includes assisting the association manager, filing, resident contact, scheduling community centers, etc. If interested please drop a brief resume at the office.

### Homeowner's Security Survey

If you are interested in making your home more secure AND saving money on your homeowner's insurance rates, we offer another free service to residents:

For Safety - The Security Survey is an inspection conducted on your home by a certified Crime Prevention Officer. The officer checks the interior and exterior of your home and discusses how better to secure the premises. The officer draws up a plan specific to your home, making recommendations about subjects such as locks, lighting, landscaping, etc.

For an Insurance Discount - Texas law allows for a 5% insurance rate discount if the residence meets certain basic requirements. If your home meets these requirements, the Crime Prevention Officer submits a report to the Texas Insurance Board for your rate reduction. If your home fails to meet the requirements, the officer gives you a report indicating how to bring it up to the insurance standards.

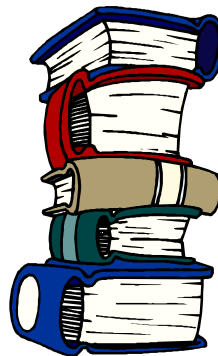

That same Texas law allows for a 15% discount if the residence meets the basic requirements as well as certain advanced requirements. This level requires a monitored alarm system connected to specific windows and doors in the home.

For further information on this service, contact Corporal Mike Bedrich at 817.748.8137. Corporal Bedrich will get forms to you to fill out in advance and set an appointment to meet at your home for the inspection. Please be aware that the insurance discount is not immediate - this is one government entity dealing with another!

Colleyville Police Department can also provide this service. Please contact Officer Bill Hudgins at (817) 503-1230 or by email at [hudginsb@ci.colleyville.tx.us](mailto:hudginsb@ci.colleyville.tx.us)

### Water the Lawn and Landscape: How Often, How Long

*By Dotty Woodson, Horticulture County Extension Agent,  
Tarrant County*

At the end of a hot, dry summer the most asked question is how often and how long to water the landscape. There are two issues about landscape water; quality and conservation. Water quality is an issue because all drinking water for north central Texas comes from the lakes in and around Tarrant County. That's correct. All the lakes are water reservoirs built to collect and hold water to provide Tarrant County with drinking water. The water providers in Tarrant County clean the lake water and provide all of us with very clean safe drinking water.

Research of the lake water and lake water sources shows runoff from home landscapes carry fertilizer, pesticide and soil into the storm drains and then unfiltered into the lakes. Runoff occurs when water is applied faster than the ground can absorb the water. As the water quality in the lakes deteriorates, the cost to clean the water goes higher and therefore our water bills increase. Proper water application will reduce water contamination and conserve water.

As more homes are built, more water is required to keep landscapes green and beautiful. More water is needed for all the businesses to support all the people living in all the new homes. For many years you have read and heard about water conservation in the home with showers, toilets, dishwashers and washing machines. We now have an entire generation who grew up with low water use appliances. Now we need to look at conserving water in the landscape.

There is nothing worse than reading about an issue that you as an individual cannot do anything about. Everyone with home landscaping can do something about these issues by applying water, fertilizers and pesticides properly.

Here is what you can do:

- Plant native and adapted plants. These plants do not require as much water, pesticides and fertilizer.
- Use irrigation water as efficiently as possible. Only water when necessary. Make sure all water lands on soil.
- Only apply pesticides when necessary.
- Fertilize according to a soil test.
- Mulch all shrubs, flower and vegetables gardens.

For lists, pictures and descriptions of native and adapted plants go to <http://www.txsmartscape.com>. If you do not have Internet access, send a self-address stamped envelop with your request to Extension Horticulture, 401 E. 8th St. Fort Worth, TX 76102. The Texas SmartScape web site also includes landscape design and maintenance instructions.

## Crescent Royale Front Lawn Maintenance

April—Spring is definitely here! We are planting flowers this month, so changing your irrigation from the winter setting to the spring setting is a must, especially for your flowers and grass. The flowers should be getting water about 3-4 days a week, increasing the minutes and days a week as the weather gets warmer. The grass and other bedding material should also be running about 3 times a week. When our crews are out on property, if you need something, please look for the man wearing the bright orange colored safety vest, he will have direct, radio contact to his supervisor.

Please contact the Crescent Royale Landscape Service Line at 817-488-6969 if at any time you have questions or want to discuss extra services; we do our best at seeing to it that your questions are answered.

## Club Corner

*Ahh Choo!* Don't you just love Spring? *Ahh Choo!* The grass is turning a bright, fresh green and the trees are budding. I don't know about you, but I much prefer these snowy flakes of the blossoms floating in the air vs. those wet, cold ones we experienced in January! I have to say – despite the allergies there's something special about Spring that makes me want to get out of the house and learn something new. But what?

For 70 of our younger members here at Timarron Country Club that something new has to do with golf. Participating in the Junior Development Program starts young players out right. This great program primarily focuses on FUN in the game of golf. At the same time they're learning about the etiquette and rules of the game as well as working on their personal development in the sport.

Let me dissolve a myth – Timarron Country Club is not just about golf. We have several members that don't play golf. They're here for the pure FUN of getting together with friends and neighbors to share a great meal or just a drink together. And for some that beverage of choice is wine. I'm very impressed with the wine knowledge of our members; and of our staff. Staff like our Director of Food & Beverage, Mr. Greg Radomski with a little wine trivia for us all to learn something new this Spring!

Which grape is almost exclusively planted in California?

- A. Chardonnay
- B. Cabernet Sauvignon
- C. Syrah
- D. Zinfandel

What are Tannins?

- A. The color of the wine.
- B. Pigment in the skins of the grapes.
- C. A component in the wine that adds structure and texture.
- D. A pesticide used in the vineyards.

What is a Varietal?

- A. Wine made from non-specific grapes
- B. Wine made primarily from a single grape variety
- C. A vineyard
- D. A cellar

If you have a dish that is very hot and spicy, what would go well with that?

- A. A powerful Cabernet
- B. A high alcohol Zinfandel
- C. An off dry Riesling
- D. A Glass of water

Which United States region is famous for high quality Pinot Noir?

- A. Columbia Valley, Washington
- B. Willamette valley, Oregon
- C. Mendicino Country, California
- D. Long Island, New York

## PUBLIC NOTICE

### APPLICATIONS ARE BEING ACCEPTED FOR THE PLANNING AND ZONING COMMISSION

The Colleyville City Council will accept applications March 16 through April 16, 2007, at 5:00 p.m. for one (1) position on the Planning and Zoning Commission whose unexpired term ends September 2007. Applicants are required to file a Financial Disclosure and Business Conflict of Interest Report two days following the end of the application period. The Commission approves plans for subdivisions and makes recommendations to the City Council on the rezoning of land and on amendments to the City Development regulations. The Commission meets on the second and fourth Mondays of each month.

An Application for Appointment and the Financial Disclosure and Business Conflict of Interest forms are available at <http://www.colleyville.com/content/view/29/49/>. The Application may be submitted to the City Secretary via email at [singletonc@ci.colleyville.tx.us](mailto:singletonc@ci.colleyville.tx.us), or fax 817.503.1139 or mail to City of Colleyville, City Secretary, 100 Main Street, Colleyville, Texas 76034. If you have any questions, please contact City Secretary Cynthia Singleton at 817.503.1133.

## Colleyville Home Inspections

<http://www.colleyville.com/content/view/210/234/>

Business and home security surveys are available through the Colleyville Police Department. Any Colleyville resident or business owner can arrange to have a trained crime prevention officer come to their home or business and give security tips to improve security.

Residents wishing to reduce their home owner's insurance premiums may request an inspection. This inspection includes door and window hardware. If you have a monitored burglar alarm you may qualify for an even better discount.

Crime prevention officers are also available to give talks on crime prevention topics to groups. If you are interested in any of the above programs, please contact Officer Bill Hudgins at (817) 503-1230 or by email at [hudginsb@ci.colleyville.tx.us](mailto:hudginsb@ci.colleyville.tx.us).
