Check-up

As we close on yet another hot Houston summer, and approach our winter season, it's important to schedule a seasonal check-up on your heating equipment.

Homes heated by a gas furnace essentially have a controlled fire burning in the attic. In order to maintain "flame control", equipment must be inspected to ensure all safety mechanisms are operating properly.

Our licensed HVAC technicians will perform a complete evaluation of your heating system, and provide you with a comprehensive analysis of your equipment's condition, along with recommendations on how to maximize energy efficiency & extend your equipment life.

(281) 859-0200

Seasonal system checks help to:

- * Maximize energy efficiency
- * Extend equipment life

Ask your technician how to become a priority customer & earn special discounts!

CURBSIDE TREES

The appearance of your trees at the sidewalk at your home is vital to the overall appearance of your community. The trees are part of the overall plan of development and it is each homeowner's responsibility to ensure the trees are trimmed on a regular basis. Many trees have branches hanging over the street, brushing the tops of vehicles and some are even blocking stop signs. For the benefit of all the Fairfield residents, and the overall appearance of your neighborhood, please check your trees and if necessary, raise the canopy (should be 12-14 ft. from the street), remove dead branches, and shape the tree.

Regrettably, should you chose not to do this, the County has the authority to trim them back and will not take the time to groom them properly.

Thank you for your understanding,
AMI

You are responsible for your own tables (if not renting) and chairs. You are responsible for your own set-up/clean-up. All items must be removed from your space at the end of the sale. Traders Village provides this service for area neighborhoods, but restricts us to garage sale items only: no craft items, make-up, food concessions, etc that would compete with Traders Village businesses can be sold at garage sale booths.

Be advised you should bring some type of cloth or tarp to cover and protect your items overnight. The FWC and Traders Village will not be held liable for theft or damage to any items. Anything left unattended on premises is done so entirely at dealers' own risk. If you have valuables, you need to bring them on Saturday morning. All vehicles must be gone from the set-up area Friday by 8:45pm. Set-up will not be allowed on Saturday morning unless you can carry the items through the gate. THERE ARE NO VEHICLES PERMITTED IN THE SET-UP AREA SATURDAY MORNING. THE GATE WILL BE LOCKED AT 9:00pm.

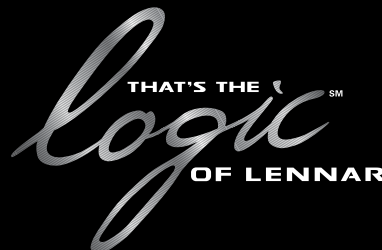

SATURDAY AND CLEAN-UP: Booths may be closed at any time, however, VEHICLES are NOT allowed in the area until after 5:00pm. If renting tables, please collapse them and leave them in your booth. FWC makes arrangements to have a charity truck available, but over the years experience tells us they may not make it. You must be prepared to take any unsold items home with you. You are responsible for your booth space being empty and clean by 5:30 pm Saturday.

MOMS Club® of Cypress-NW/Fairfield 1st Annual Balloon Release and 5K Run/Walk/Stroll

MOMS Club® of Cypress-NW/Fairfield is thrilled to announce our 1st Annual Balloon Release and 5K Run/Walk/Stroll. On Saturday, November 10th at 9AM we will kick off the 5K Run/Walk/Stroll with a Spectacular Ceremonial Balloon release. This event will take place at the Fairfield Athletic Baseball Fields.

MOMS Club® is an international organization that focuses on Moms Offering Moms Support. Many of our activities focus around our children and their daily needs. We also participate in many service projects that aim to better our community. This year we are going bigger! We have found a Fairfield family that needs our assistance!

The Goertz family is our neighbor. Six year old Elise has battled two rounds of cancer within the past four years. On November 17, 2006 she received a bone marrow transplant. Her very own brother, Michael was her donor. On November 10, 2007 we will be celebrating almost one full year that Elise's cancer has been in remission. We want to give the Goertz family another reason to celebrate: Relief from the financial toll medical bills have taken. We are inviting YOU to join in our celebration!

We are selling balloons for \$5 each. If you wish, you may dedicate your balloon in someone's name. These dedications will be hung

around town in participating sponsors businesses. The race entry is \$15 (children under 12 are free)! This is not much money but together with your participation, we can make a difference in this family's life!

Every single penny from balloon sales and race entries will go directly to Elise's past and ongoing medical expenses.

Come out on Saturday, November 10th @ 9AM and show the Goertz family your support and love!

Balloon Sales and Business Sponsorship contact Kim Robinson @ kjlrobinson@hotmail.com or 281-256-7553. Registration contact Erin Varnell @ erin_varnell@yahoo.com or 281-304-8121.

"Special thanks to our first sponsor Post Boxes Etc. They generously donated their printing services for this event. We could not do this type of event without the support of local businesses like Post Boxes Etc.

Thank you!"

Come hang out with us.

School has started...

Fall is here...

Schedules are back to normal...

What a great time of the year to join the Fairfield Book Club.

This is a terrific way to meet other women in Fairfield. Have great conversations and develop new friendships.

We meet the 3rd Wednesday of each month (rotating homes and sometimes restaurants), from 7:00pm – 9:30pm. We share food, drinks and of course conversations. We read all kinds of books that have been suggested by our members. Classics, modern pop fiction, non-fiction, biography and classic junk....anything. There are no book snobs here, we read it all! So if you are a book lover or just want to expand your reading and/or social network then please join us at one of our meetings.

We invite you to attend one of our meetings as a guest or a member. We currently have openings, however because we hold the meetings in homes our membership is limited. So don't wait, contact me today.

Shepherd's Kids

**Before and After
School Program
(K-5th Grade)**

Shepherd's Kids is off to a great start for the 2007/2008 school year. In September 3rd-5th explored science with experiments. They made soap, rockets and other crazy experiments. They also enjoyed build it challenges. They built with pipe cleaners and playdough, domi-

noes, noodles, and sugar cubes. Kindergarten-2nd have kept busy with games, playground, gym time, art and crafts and science. On Thursdays everyone enjoys a down day with a movie, popcorn and cookies. Kindergarten-2nd enjoy the large theater screen in the new children's worship room. It makes it seem like we are at a real theater.

Fridays are always fun with either a trip to the treasure chest or a fun food snack. In September we enjoyed Fun Food Fridays with a cookie cake and ice cream cups. Yum! Spots are still available for the 2007/2008 school year. Additional information can be found on our website at littlelambsmdo@sbcglobal.net by following the Shepherd's Kids link or by calling Barbara Allen at 281-373-0052.

Little Lambs News

Fall has arrived at Little Lambs. We have many exciting activities planned for this exciting time of the year. Our classes will be discovering and exploring all the things the season of fall brings. We have a Fall Festival planned at the end of the month. This festival every year is a big hit with our students! The pumpkin patch is also coming back to Good Shepherd. Our students will pick out a special pumpkin to take home and hear a special story time in the pumpkin patch.

Children and teachers alike are enjoying the new children's worship room for our chapel and music classes. It is painted like a mountain adventure and is so big to dance and move to all of our favorite songs!! Everyone loves the new equipment on the playgrounds. We have new balance beam, chalkboards, talk tube, and playground drums. There is so much to play with and explore.

Little Lambs Mother's Day Out and Preschool is a weekday ministry of Good Shepherd United Methodist Church in Fairfield. We offer classes for children 18 months of age to 5 years old. There are currently openings in the three's program. To learn more about our program, please visit our website littlelambsmdo.org or call 281-373-0052.

Announcing Cy-Fair High School Project Prom 2008

It's finally here--senior year!!! There will be so much going on in the lives of seniors this year, and two of those exciting events will be Prom and Project Prom, May 2-3, 2008.

What exactly is Project Prom?

It's a fun-filled after-the-prom event that provides a safe, chaperoned, drug-free and alcohol-free environment with games, prizes, and refreshments. The senior parents provide this all-night party.

Who attends Project Prom?

All Cy-Fair High School seniors and their dates are welcomed at Project Prom, whether they attend the prom or not. Historically, CFHS Project Prom has had approximately 90% of seniors attending and prizes including TVs and other popular items.

How can you get involved?

Fundraising and donations are vital to the success of Project Prom. We are a non-profit 501C3 organization, a booster club, and we plan enjoyable ways of raising the funds to cover the cost of venue rental, entertainment, refreshments, and prizes. In return for your donations and participation, your designated senior will earn points that are redeemed for play money, also known as Project Prom Bucks (PP\$), which become chances to win prizes during the Project Prom evening. The more time or money that you contribute, the more chances your senior has to win exciting prizes. Grandparents and other relatives can make donations as well. Our meetings are on the third Monday of each month at 7:00 p.m. in the Cy-Fair High School cafeteria and are open to all parents.

Save the date for our first fundraising event, the Annual Cy-Fair Project Prom Charity Golf Tournament on November 2, 2007, at the Houston National Golf Club. Call or email Robert Calloway for more information about the tournament: (281) 744-9476 / robert@calloway.com.

Check your newsletter or our web site monthly for information about upcoming fundraising activities and events. We will be hosting two evening events for adults during the school year, Denim and Diamonds and Casino Night. These are events provide great food and entertainment while supporting a worthy tax-deductible cause.

Contact information:

Karen Fitzgerald, CFHS Project Prom 2008 President: 281-304-8272, acfitzgerald@sbcglobal.net. Project Prom Web site: www.cyfairprojectprom.com to sign up for the e-mail newsletter and also to find printable forms and make donations through Pay Pal.

Cypress Christian Students Serve Locally and Worldwide

From Mexico to Honduras to Viet Nam, from Spain to Guatemala, from England to Norway, from Texas to Louisiana to Mississippi and back home to Houston, students from Cypress Christian School made a difference in our community and the world this past summer!

Many CCS students served on missions and evangelistic teams throughout the summer. Recently, they shared how they helped to impact the lives of their fellow Americans, as well as those in other countries, by:

- Holding vacation bible schools and religion classes
- Handing out food and clothing
- Praying and sharing the gospel with others
- Performing puppet shows and making balloon animals for children
- Building new homes, painting and repairing old ones
- Visiting orphanages
- Leading worship

When asked to describe their experiences, these students responded, "Amazing," "Humbled," "Useful," "Excited," and "Life Changing." When asked if they would serve again, they enthusiastically replied, "YES!" Also, they highly recommended that others become involved because, as one student commented, "You will never be the same!"

We at Cypress Christian School wholeheartedly support and encourage service to others. In fact, it is part of our mission statement.

Whether you are a student or an adult, we believe you will experience much joy by helping to provide for those in need.

A note to parents: Recently, a report was published stating that children who participate in service projects are more likely to volunteer as adults, because they have conquered their fear of the unknown and found joy in serving others. We hope you will encourage your son or daughter to become involved in such worthy endeavors, so that the tradition of service to others will be carried forward to the next generation.

Harvest Bible Church

Did You Know?... In Genesis 1:24 it is written that God created all the land-dwelling animals on the sixth day of creation along with mankind. Now if one takes the biblical genealogies, which date all the way back to the first man (Adam), the age of mankind and the earth itself is only about 6,000 years old. According to the Bible there is no way the earth, and no possibility that mankind, dates back 3.2 million years. But this is exactly what secular scientists want us to believe as fact, in spite of the fact that their "science" changes year after year.

Such is the case with Lucy. Lucy is a fossil discovered in 1974 from Ethiopia depicting an ape-like human that scientists hail as a possible "missing link" between apes and humans in the course of man's evolution (of course the Bible says that man was created as a man side-by-side with the animals on the sixth day of creation). She was 3.5 feet tall, the same height as a normal chimpanzee, with long and curved fingers and a wrist that has a locking mechanism like chimpanzees that walk on their knuckles on all fours.

Lucy is in a group known as "australopithecines" – literally "southern apes." These are indeed a unique apelike creature because they are different from African apes and humans. There is evidence from Lucy's footprints that she could have walked upright but nothing conclusive. Anatomists agree that her footprints are indistinguishable from those made by modern man on a beach. Rather than admit this as evidence that man and Lucy lived side-by-side in the past, it is claimed that an ape-like Lucy must have made the footprints because "we all know" that man hadn't evolved yet. All of this in spite of the physical improbability that Lucy and her kind could actually walk upright. Evolutionary scientists seem to use their education most shrewdly in cases like Lucy, mostly revealing their ability to use circular reasoning as opposed to giving facts.

Essentially in almost every way, the evidence surrounding Lucy points to an ape, not a human. Why is Lucy hailed as the greatest evidence for the "missing

link" by evolutionists? Because she's the best they've got! As one geologist said: "It is a credit to an educational establishment that banks on the ignorance of taxpayers that Lucy remains a "missing link."

So which is more believable? The so-called "science" found in textbooks and magazines or the Bible? The former changes with every new hominid fossil found in the ground and causes a reshuffling of the human evolutionary tree. The Bible, however, has never changed. God created a beautiful and perfect world in Genesis 1-2. There was no death, and all living creatures were vegetarian (since eating meat would entail death). In Genesis 3 man sinned, and sin brought death. Therefore God killed an animal in front of Adam and Eve and used its hide to cover the two shamed sinners. This was a precursor to the animal sacrifices God commanded Israel to perform when they sinned. In doing this the sinner's sins were atoned for, they were covered.

Then Jesus appeared on the scene, and he gave historical credibility to Adam and Eve's literal historical reality (Matt. 19:4-6). Then after revealing himself as the true God and Creator of all things he died as the "Lamb of God" – a once for all sacrifice to atone for the sins of man. The atonement that God gave to Adam and Eve in the beginning was merely a precursor to the perfect sacrifice Jesus offered to God on man's behalf. If you reject God's literal creation in six days and the historical reliability of Adam and Eve's sin, which plunged the entire human race into sin, then you also reject Jesus Christ, the perfect sacrifice who alone atones for sin.

Will you accept Lucy and evolutionary science or the Bible? If you'd like to learn about our Creator God from the Bible, come join us at Harvest Bible Church on Sundays at 10:30 as we seek to worship our Creator, Lord, and Savior in spirit and in truth. You can consult our website at www.harvestbiblechurch.net or call our church office at 281-256-7733.

Dental Tip of the Month

Fluoride and Bottled Water

Dear Friends,

An official statement of the American Dental Association says, "There are no scientific studies to indicate an increase in the tooth decay rate because more people are drinking bottled water. Nonetheless, the ADA wants people to be aware that if they drink bottled water as their primary source of water they could be missing the decay preventive effects of optimally fluoridated water available from their community water source.

Although there is no standard for a minimum daily dietary requirement of fluoride, the recommended level of water fluoridation for those who favor the process is from 0.7 to 1.2 milligrams per liter.

Howard Bailit, with the University of Connecticut School of Medicine's department of community medicine and health care agreed there essentially is no such thing as a fluoride-free diet, but addressed the question of whether or not using fluoridated toothpaste would be enough for someone who consumed no dietary fluoride.

Drinking fluoridated water is more effective than using toothpastes or mouth rinses that contain fluoride. Fluoride from toothpaste is only on the teeth for a short time, whereas consumption of fluoridated water allows fluoride to continually be delivered to the teeth through the bloodstream and saliva. Fluoride can therefore also be incorporated into teeth as they form in childhood.

Therefore, it's important that parents buying bottled water for their family determine how much fluoride is present in the water.

Fit Facts™

FROM THE AMERICAN COUNCIL ON EXERCISE®

A Walk a Day

The popularity of walking as a fitness activity is growing by leaps and bounds. Low risk and easy to start, walking has proved its health benefits in numerous studies.

An eight-year study of 13,000 people found that those who walked 30 minutes a day had a significantly lower risk of premature death than those who rarely exercised.

A regular walking program can help:

- Reduce blood cholesterol
- Lower blood pressure
- Increase cardiovascular endurance
- Boost bone strength
- Burn calories and keep weight down

Get ready

A walking program is simple to start. All you need are comfortable clothes and shoes. Layer loose clothing, keeping in mind that exercise elevates the body's temperature. Shoes specifically designed for walking are best.

Every workout should begin with a brief warm-up and a few simple stretches. Walk around the house or in place for a few minutes to get the blood flowing to the muscles before you attempt to stretch them. Although walking primarily works the major muscles of the legs, don't forget to stretch your back, shoulders and arms. This will help to loosen up any tension you may be carrying and make your walk more enjoyable as well as more effective.

Get moving

Beginning walkers can make their workouts less strenuous by limiting how fast and far they walk. Keep in mind the following:

• Walk short distances

Begin with a five-minute stroll and gradually increase your distance.

• Forget about speed

Walk at a comfortable pace. Focus on good posture, keeping your head lifted and shoulders relaxed.

• Swing your arms naturally

Breathe deeply. If you can't catch your breath, slow down or avoid hills.

• Be sure you can talk while walking

If you can't converse, you are walking too fast.

Get fit!

Walking is one fitness activity that allows you numerous options. Once you have reached a point where you can walk a few miles with relative ease, you can start to vary the intensity.

Walking hills, in addition to increasing your cardiovascular endurance, is a great way to tone the legs. Concentrate on lengthening your stride or increasing your speed. And don't forget to reward yourself after each workout with a few minutes of relaxing stretches to help prevent sore muscles.

Listening to lively music while you walk is also a great way to energize your workout. But if you wear headphones, keep the volume down and watch out for traffic that you may not hear.

Keep track of your progress. Many experts recommend that you walk a minimum of 20 minutes a day. But there are no hard and fast rules. Fit walking into your schedule whenever you can. That may mean two 10-minute walks each day, or even hour-long walks two to three times a week. The best schedule is one that keeps you walking and keeps you fit!

Preparing Your Pet For Your Baby's Arrival

(NAPSA)-Bringing a baby into the family can be a life-changing event for your pet as well as for you and your spouse. Fortunately, there are several simple things pet owners can do before the baby arrives that can help to prepare your pet and you for the changes that are about to occur. For example:

- Take your pet to the vet for a routine health exam and vaccinations. This is important, since pets can expose infants-and even older children-to fleas, hookworms and other internal parasites.
- Do your research and identify expert resources that you can use as you enter into this new phase of family life. For example, the Web site www.growingupwithpets.com offers a wide range of tips on different aspects of caring for a pet while becoming a parent.
- You may want to spay or neuter your pet. Sterilized pets typically have fewer health problems and are calmer and less likely to bite.
- Address any pet training or behavior problems. If your pet exhibits fear and anxiety, now is the time to consult an animal behaviorist.

Be sure to take your pet to the vet for a routine health exam and vaccinations before your newborn arrives.

- Train your pet to remain calm on the floor beside you until you invite him on your lap, which will soon cradle a newborn.
- If your pet has any type of behavior problem, consider enrolling in a training class with

your dog. Training allows you to safely and humanely control your dog's behavior and enhances the bond between you and your pet.

- Encourage your friends with infants to visit your home to accustom your pet to the sounds and smells of a baby.
- Play recordings of a baby crying, turn on the mechanical swing and use the rocking chair-anything to accustom your pet to baby-related noises. Make these positive experiences by offering your pet a treat or playtime.
- Once you have the nursery set up, allow your pet to inspect it. Install a sturdy, removable gate that your pet can see through. Allowing the pet to see and hear what's happening in the room will make him feel less isolated from the family.

Before the new baby arrives, allow your pet to sniff around the nursery. Begin introducing scents such as baby powder and baby lotion by putting these products on yourself or the baby doll.

For other useful tips on pets and family life, visit the Web site at www.growingupwithpets.com.

Using state of the art techniques, our doctors can safely and gently correct your bunions and get you back on your feet.
