## AMI Notes

### Dear Residents,

I know we are all busy and often it is presumed that someone else will report an item requiring attention to AMI. AMI is contracted with your Association to drive through the community once per month to ensure all residences comply with your Governing Documents and to ensure your common area is maintained in a neat, safe and attractive condition. If you notice something that you feel requires attention, please take a moment to let us know. We may be in the process of soliciting a proposal for the repair, or it may be an item that is on the list to be improved as monies allow, or we may not be aware of the problem! Also, if you see someone damaging common area property, please call the Harris County Sheriff's Department and let us know. The repairs are costly and it's your money paying for them.

Many thanks to Bradford Creek resident Jay Hartley who reported a main line water break to AMI emergency on-call Sunday, March 9th. The water had been pouring down Fairfield Place Drive since the previous night!

If we all do our part, we will keep Fairfield Village a beautiful and safe community to live.

Fairfield Village is a picturesque community – let's all do our best to keep it that way!

Thank you,  
AMI

### A friendly reminder from the Fairfield Deputies ...

Summer is rapidly approaching. With the nice weather coming more people will be enjoying the outdoors. Please obey the traffic laws so everyone can have a fun and safe summer. Please remember that the speed limit on Mason Road and many of the streets in Fairfield is 30 miles per hour and to stop at the stop signs. The Deputies will be out in full force and will enforce violations of Texas state laws in order to keep Fairfield safe. If you are in need of assistance from the deputies, please call 713-221-600. Thank you for your support and cooperation.

See me for all your

## CY-FAIR

### Community Emergency Response Team (CERT)

Cy-Fair CERT now has about 200 team members in your neighborhood. The team members are not only from Cypress/Fairfield area, but Alief, Katy, Bear Creek, Copperfield, Tomball, and Sugarland. More trained CERT members will be needed in each of these areas to form neighborhood teams.

CERT training is designed to prepare you to help yourself, your family, and your neighbors in the event of a catastrophic disaster. Because emergency services personnel will not be able to help everyone immediately, you can make a difference by using this training to save lives and protect property.

The 8-week course (24 hours of training) covers basic skills that are important to know in a disaster when emergency services are not available. You are taught skills about disaster preparedness, small fire suppression, urban search & rescue, medical operations and more. With training, practice and working as a team you will be able to do the greatest good for the greatest number of people after a disaster, while protecting yourself from becoming a victim.

In 2003, President Bush asked Americans to volunteer to serve others. The Harris County Citizen Corps [www.harriscountycitizen-corps.com](http://www.harriscountycitizen-corps.com) was created to help our citizens find volunteer and training opportunities. CERT training is just one of the programs created.

CERT training courses are provided throughout Harris County. There is no cost for this course. A backpack of supplies is provided to all CERT team members during training. This program is brought to you by Harris County Judge Emmett. The next CERT training class (Class #9) for the Cy-Fair area began on March 26, 2008 at the Lone Star College (Barker-Cypress campus).

For more information on how you can become involved in CERT and to register contact: Bob Fitzgerald (Course Coordinator) at 832-472-8603 or [firefighterbob8@aol.com](mailto:firefighterbob8@aol.com), or Patrick Wong (Cypress/Fairfield Team Lead) at [pcwong1@earthlink.net](mailto:pcwong1@earthlink.net).

Clinic options are Monday/Wednesday OR Tuesday/Thursday beginning at either 4:15 or 5:00 depending on your swimmer's abilities.

Due to the TAKS test on Tuesday, April 29th, we will begin our regular season practices on April 30th. ## CUB SCOUT PACK #1533 RACING INTO SPRING

*On your Mark -- Get Set -- Go!!!  
What a great time to be a Cub Scout!*

**Pack #1533 from Ault Elementary School has started 2008 off with lots of fun and exciting activities for the boys.**

The Cub Scouts of Pack #1533 had a busy January and February complete with the Annual Push Cart Race and the popular Pine Wood Derby Car Race. The Scouts also celebrated the Birthday of Scouting, with the Annual Blue & Gold Banquet. This year's theme was "The Science of Cub Scouting" and the boys were entertained by Mad Science.

This spring, the Scouts are looking forward to a busy spring. The Webelos I Scouts will be attending Webelos Do Your Best at Bovay Scout Camp April 11-13th. This will be their introduction to Boy Scouting. The entire Pack #1533 will be hosting the Annual Spring Family Campout on April 26th, again at Bovay Scout Camp in Navasota.

Currently, the Scouts are promoting the Sam Houston Area Council Scout Fair by selling Scout Fair Tickets. Your generous donation not only helps fund the Council, but greatly benefits Pack #1533 also. In addition, the "tickets" include Kroger, Luby's and other valuable coupons---worth well over the \$10.00 cost. Your generosity has always been appreciated by Pack #1533 and the Scouts are counting on you again this year.

What a great time to be a Cub Scout! It's not too late to join the fun. Every boy is welcome; regardless of what school he attends. If you know of a boy (1st grade through 5th grade) who may be interested in Scouting, please feel free to contact Cubmaster, Ryan Potter at jamesryanpotter@sbcglobal.net. It is a great time to be a Cub Scout, especially in Pack #1533.

## Little Lambs News

*A weekday ministry  
of Good Shepherd United Methodist Church.*

Spring has finally arrived at Little Lambs! We celebrated Easter with an egg hunt on our playground and our children learned the Easter story with Ms. Treva in chapel. Our classes also participated in many fun activities that go along with Easter and the spring season. We wrapped up the month of March with an exciting field trip to the Oil Ranch. The children love going there every year in the spring.

Now with April already here, we are going to have a special visit from Harmony the Clown and Jean Kuecher's Marionette Playhouse this month. Harmony has done many shows for us. The children love her! The Marionette Playhouse will be performing for us for the first time. The children will love seeing something new and different. We will then end this busy month with our annual Spring Sing Programs.

We then have lunch at Klumps in Round Top.

After lunch we will visit the Sterling-McCall Old Car Museum which has vehicles from the prized collection of Sterling-McCall, a Houston auto dealer. It characterizes the evolution of the automobile industry. In addition to the cars is a collection of antique gasoline pumps, signs and glass globes.

## ANNOUNCING ...

### A new community theatre for NW Harris County!

North West Playhouse is preparing for its first season thanks to the tenacity of a handful of dreamers. This dedicated group has located directors, actors, scripts and a stage, all since December, and is ready to get to work. In the midst of the chaos, their first season has also been scheduled, beginning with the show "A Monster Ate My Homework" to begin rehearsals in March. Monster is a proven children's theatre production that will be sure to be a big hit for all ages.

The group's goal is to bring a wide variety of productions to stage, from children's theater to a more mainstream selection of plays, including On Golden Pond, MASH and Christmas Carol.

The project is creatively led by Vicki Wiese, president of NW Playhouse and a 15 year veteran of children's theater who most recently has been working with the 1960 Playhouse as well as providing private acting lessons. Many of her students have gone on to work on stages around the country.

If you have ever wanted to become involved with supporting a theatre program, now is your chance to get in on the ground floor. Actors, directors, playwrights, set designers, technicians and more are always welcome regardless of the experience level or age. North West Playhouse would like to invite you to visit their website for information about auditions, the 2008-2009 season and how interested parties can join in on the fun. The website address is [www.NWPlayhouse.com](http://www.NWPlayhouse.com).

## Harvest Bible Church

### Did You Know?

"I am not ashamed of the gospel..." (Romans 1:16). The word ashamed means to lack courage; be embarrassed; to feel guilty. In Romans 6:21 the word is used in reference to former sins committed which produce shame – like a prostitute who comes to Christ for forgiveness with shame and embarrassment over past sins. The word is also used of Jesus in Hebrews 2:11 when he is said to feel no shame for those who love him. And it's also used in Hebrews 11:16 of God in reference to how He feels about those who simply believe in the promises He's given. Those who do believe God make Him proud, and He is not ashamed to be their God.

Not being ashamed of the gospel is a trait of genuine Christians. Jesus warned his disciples about being ashamed of him: For whoever is ashamed of me and of my words in this adulterous and sinful generation, of him will the Son of Man also be ashamed when he comes in the glory of his Father with the holy angels (Mark 8:38). Paul himself warned Timothy about being ashamed of the words of Jesus while encouraging him that he was not ashamed of his Lord (2 Tim. 1:8, 12). Of course many believers are tempted to feel ashamed of their faith in the modern day. Even Paul experienced some timidity when he first came to Corinth in weakness and in fear and with much trembling (1 Cor. 2:3). But with time he got over it mightily.

Whatever Paul's reasons were for even mentioning being ashamed of the gospel, it is clear that he had grown as a Christian into one who was not ashamed. He wrote to the Roman church at least 20 years

after his conversion to Christ, so possibly it took a few years for his soul to settle and for his intimidation to subside. No doubt his trials up to that point, accompanied with God's peace and joy in the midst of his sufferings, made him bold to preach everywhere. Whereas the modern mood for evangelism and missions is one of fear, for Paul it was one of enthusiasm. His boldness developed through his knowledge of the Scriptures, his firm belief in Jesus as the Messiah, and through the many sufferings God put him through to develop his faith.

Preaching God's truth – just saying the name "Jesus Christ" – naturally brings conflict and persecution in our world today. For timid Christians and for sweet people who hate conflict this can produce a fear that causes them to shirk their evangelistic responsibilities. Even many pastors avoid preaching the gospel because it doesn't "work" in the sense that it doesn't bring in the all-important numbers they desire to build their ministries and egos. But being embarrassed about Christ means that he's embarrassed about you! Oddly enough, Jesus is the one thing that Christians are supposed to boast about and be proud of (Gal. 6:14). If not, maybe you don't really know enough about him to be proud of who he is – the Almighty God!

Come visit us at Harvest Bible Church where the Scriptures are preached verse-by-verse from the children's Sunday Schools up to the older adult classes. No one leaves HBC without having heard God's word in its context and hearing the solution to all of life's problems. We welcome you. ## Fairfield Church of Christ

*"Discovering the Heart of Christ, in the Heart of Fairfield."*

JUST SMILE! 1. Smiling makes us attractive. We are drawn to people who smile. There is an attraction factor. We want to know a smiling person and figure out what is so good. Frowns, scowls and grimaces all push people away -- but a smile draws them in. 2. Smiling Changes Our Mood. Next time you are feeling down, try putting on a smile. There's a good chance your mood will change for the better. Smiling can trick the body into helping you change your mood. 3. Smiling is Contagious. When someone is smiling they lighten up the room, change the moods of others, and make things happier. A smiling person brings happiness with them. Smile lots and you will draw people to you. 4. Smiling Relieves Stress. Stress can really show up in our faces. Smiling helps to prevent us from looking tired, worn down, and overwhelmed. When you are stressed, take time to put on a smile. The stress should be reduced and you'll be better able to take action. 5. Smiling Boosts Your Immune System. Smiling helps the immune system to work better. When you smile, immune function improves possibly because you are more relaxed. Prevent the flu and colds by smiling. 6. Smiling Lowers Your Blood Pressure. When you smile, there is a measurable reduction in your blood pressure. Give it a try if you have a blood pressure monitor at home. Sit for a few minutes, take a reading. Then smile for a minute and take another reading while still smiling. Do you notice a difference? 7. Smiling Releases Endorphins, Natural Pain Killers and Serotonin. Studies have shown that smiling releases endorphins, natural pain killers, and serotonin. Together these three make us feel good. Smiling is a natural drug. 8. Smiling Lifts the Face and Makes You Look Younger. The muscles we use to smile lift the face, making a person appear younger. Don't go for a face lift, just try smiling your way through the day -- you'll look younger and feel better. 9. Smiling Makes You Seem Successful. Smiling people appear more confident, are more likely to be promoted, and more likely to be approached.

Put on a smile at meetings and appointments and people will react to you differently. 10. Smiling Helps You Stay Positive. Try this test: Smile. Now try to think of something negative without losing the smile. It's hard. When we smile our body is sending the rest of us a message that "Life is Good!" Stay away from depression, stress and worry by smiling. By Mark Stibich, Ph.D.

We want to personally invite you to church this Sunday. Come for a visit or become a regular part of the family. You are always welcome at Fairfield Church of Christ.

Every Sunday morning, Bible Classes for babies to adults begins at 9:30am. Each Bible Class is taught by loving, well prepared, Christians utilizing the latest in educational techniques and finest bible curriculums.

Worship is at 10:30am and each service is carefully thought out and planned by our worship ministry leaders. Every service is meant to bring glory to the name of Jesus and help each worshipper realize how wonderful it is when you fall in love with Jesus as your Savior.

Mid-week Bible Studies are also offered every Wednesday at 7:30pm. This is a great time to pause in the middle of a busy week and be re-energized by fellowship, prayer and study of God's Word.

We also offer free of charge in-home, personal, one-on-one Bible Studies and for those who wish to study alone, Bible Correspondence Lessons as well. If you have a prayer need of any kind, please let us know by calling the church office or visiting our web site at [www.fairfieldchurch.org](http://www.fairfieldchurch.org).

Cindy Lowery will be happy to answer any questions you may have about the loving nursery we provide at Good Shepherd. Please contact her directly at nursery@goodchurch.us.

### Charis Prayer Ministry

Charis is a Greek word meaning grace. It is by God's abundant grace we are privileged to commune with God directly. It is by the blood of Jesus Christ that we are recognized by God as heirs to the Kingdom of God. By this, we have rights and

responsibilities to be in relationship with God, and we do this through prayer. Prayer is communication with God. It is not only a time of adoration, thanksgiving, praise and petition, but it is also a time of listening and receiving. It is an exchange in both directions.

It is the desire and mission of the Charis Prayer Ministry to encourage a growing relationship with God through prayer as well as teaching of all the diverse ways we can pray and grow deeper in love with God and creation. We are interested in your feedback and questions. The group will be open to anyone and they hope to meet Tuesday evenings at 7:30 pm. Please contact Lisa Mage at paxinim88@yahoo.com.

## Ranch Community Fellowship

### Tulips, Eggs, and Jesus

Spring is a time of celebrating rebirth, growth, and renewal. Of course, the truth is that Texans know very little about spring. I say that after living for nine years in northern Minnesota. After months and months and months of snow and cold (like -30 degrees cold), spring is literally a breath of fresh air. The first 40 degree day brings out the shorts. When the tulips break through the ground, and sometimes through the snow, the sense of new life is everywhere. The first green on the trees is a shade of green that does not even exist in Texas. It is so bright and cheery. Easter is like that, or at least it should be. Our society gets excited over eggs, bunnies, and candy, which is nice, I suppose. I am not sure where the candy figures in, but the eggs and bunnies are signs of fruitfulness and new life. Let's not forget the origins of the theme of new life at Easter. Jesus arose from the grave. Possible? Not for humanity. Probable? Not for the human mind. But with God all things are possible. Jesus died, but he rose from the grave. And he rose to give us the greatest life possible, both in and out of this world. So, let's celebrate the new life in Jesus.

We would consider it an honor to host you and your family at Easter here at Ranch Community Fellowship.

Ranch Community Fellowship is a non-denominational Christian community that values spiritual growth, authentic community, and community outreach. Our regular Sunday worship services are held at Lindsay Lakes event center at 16536 Mueschke Rd., just north Schiel Rd., every Sunday at 10:30 AM. Concurrent with our worship service, High Point Children's Ministry conducts high energy children's ministry for K-5th grade. Small group Bible studies are held at 9 AM Sundays for all ages. Nursery care is provided at 9:00 and 10:30 AM. We also have small groups that meet in homes throughout the week. Thrive, our weekly youth ministry meeting, takes place on Wednesday, 7:00-8:30 PM, at the Ranch—our land site at 17810 Mueschke Rd., one mile north of Schiel Rd.

If you would like any further information, please visit our website, [www.ranchnet.org](http://www.ranchnet.org). The "Contact" link includes email addresses for ministry leaders. God bless you all in the wonderful season of celebration of life.

## Consequences of Sleep Deprivation Can Add Up

*Baylor College of Medicine*

HOUSTON – (March 5, 2008) – Think you can get by on a few hours of sleep each night without any serious consequences?

Think again.

Depriving yourself of sleep can have a detrimental effect on your overall health, said Dr. Shyam Subramanian, assistant professor of medicine at Baylor College of Medicine and a sleep expert.

“Research shows that several body functions are disturbed when you’re not getting enough sleep. This ranges from neuropsychiatric disruptions to general cardiovascular function,” he said.

Sleep deprivation can disrupt normal brain function and lead to short term memory loss, anxiety and even depression, said Subramanian. For someone who already suffers from a mood disorder, a lack of sleep can trigger more severe symptoms of the disorder.

Lack of sleep also affects how well the body functions. While you sleep, heart rate, blood pressure, adrenaline and platelet function slow down. Disrupting this slowdown can increase the risk of heart attack, stroke or blood clots, said Subramanian.

However, the body releases the hormones cortisol and leptin during slow-wave sleep, the period of deepest sleep. Cortisol regulates the immune system and plays a role in glucose regulation. The risk of diabetes and a poor immune system result with a lack of cortisol

in the body. Leptin plays a role in suppressing the appetite. Some research shows that sleep deprivation increases the risk of obesity and insulin resistance, a precursor to diabetes.

Insulin resistance is also a common symptom in women suffering from polycystic ovary syndrome. Women with polycystic ovary syndrome have fertility problems, irregular periods and weight gain, among other problems. Many women with this problem also stop breathing while they are asleep (apnea). For some, treating apnea relieves the symptoms of their disease, said Subramanian.

Signs of sleep deprivation include fatigue, falling asleep involuntarily throughout the day and constantly waking up at night, among others. Adults between the ages of 18 and 60 should get about seven and a half to eight hours of sleep each night. Children under the age of 5 years should get 11 to 12 hours of sleep each night. For each year after the age of 5, the number of hours of sleep needed will decrease by one.

Every hour of sleep you lose watching late night television or chatting on the phone will have an effect –the next morning and perhaps over your lifetime as well, experts say.

# Fit Facts™

FROM THE AMERICAN COUNCIL ON EXERCISE®

## *You made it. You finished a marathon.*

Whether it's your first or your fiftieth, the feeling is still the same: exhilaration, which, at some point, gives way to the tired, achy feeling that inevitably comes from having logged more than 26 miles in a single stretch.

Too often we try to ignore what our body is telling us and carry on with our regular training. This inevitably leads to that flat, "out-of-shape" feeling, illness, or worse, an injury that sidelines you for weeks or even months.

### **Take it Easy**

Rest—which many athletes consider a four-letter word—is one of the most important components of a successful training program. Endurance events such as a marathon pose special challenges in replenishing hydration levels and fluid stores, repairing/remodeling cellular disruption in skeletal muscle and regaining a sensible mental drive. Other factors, such as environmental conditions (hot/cold, calm/windy, humid/dry), terrain (hilly/flat), intensity, and your own physical state (rested/fatigued, rained/untrained) also may affect the recovery process.

# After the Marathon

Here are some guidelines to help ensure your recovery process:

### **The First Few Hours**

Keep moving and change clothes as soon as possible to stay warm. Resist the tendency to just stop and plop! A gradual cooldown is important and will enhance the recovery process.

Drink, drink, drink. Complete restoration of your fluid balance is a critical part of the recovery process, particularly in hot, humid conditions. A combination of water and sports drinks will help replenish lost fluids, sodium and electrolytes.

Alcohol and caffeine should be avoided during the rehydration process as both may potentially increase urine output.

Eat. Early food intake is essential to fuel replacement following endurance exercise, and also assists in restoring hydration levels. While complete reloading of muscular glycogen supplies may take up to 48 to 72 hours, a significant portion can be refueled in the initial 2 hours after the race.

Check yourself out. Look for blisters, rashes and other irritated areas that may require treatment to prevent infection and further injury.

## Fit Facts - (Continued from Page 52)

### Week One

Relax. This is your week to do “nothing.” Give your musculoskeletal system a break, an opportunity to repair and remodel. Even if you do not experience excessive fatigue and soreness, resist the temptation to train. What’s a week of rest compared to spending two to four months recovering from a major illness or injury? Studies have shown that muscular strength five days after an event is greater in athletes who completely rest than those who jog or exercise in the days following the marathon.

Additionally, continuing to exercise, even in a limited fashion, will only delay the refueling/rehydration process. And, as you move back in to physical activity, the temptation to start training harder again grows—too soon. Giving in to the temptation to train harder at this point in time generally leads to an extended recovery from unnecessary injury.

### Weeks Two to Four

Gradually return to your training

routine, but remember that complete musculoskeletal recovery may take up to a month. Start out at 25 percent or less of your normal average training quantity at an easy intensity. Increase to 35 percent to 40 percent during week three and no more than 50 percent by week four. During weeks three and four, it is okay to consider doing one or two tempo-type training sessions. Don’t be afraid to take a day or two off should you start feeling soreness and/or fatigue.

Maintain proper hydration and emphasize good nutrition throughout this recovery month. Your muscles need adequate fuel and protein intake to continue healing and adapting once again to the training routine. Pay attention to restoring flexibility and mobility, but be careful not to over-stretch. This is especially critical during the first two weeks following the competition. After the first month continue to gradually increase your training (10 percent to 15 percent per week) until you’ve eased back into your normal routine.

Good luck, and remember, rest means the opportunity to compete and train—an injury means watching from the sidelines.
