## Message From The Board

At our February meeting, Senior Officer David Knutson spoke to the crowd about increased crime in our neighborhood. The following is an article by Officer Knutson on crime prevention and reporting suspicious activity.

### WHO IS WATCHING YOUR NEIGHBORHOOD?

With the frequent number of burglaries in and around Austin, I have been asked by a number of citizens how they can help. We currently work with through the local media, neighborhood and homeowner associations, safety fairs, and other crime reducing initiatives to educate and get the word out to everyone on ways reduce the opportunity of them becoming victims of property crimes. This is a continuing effort as many victims feel that it won't happen to them and they take a chance. Many victims are aware of burglaries in their area or, in the instance of vehicle burglaries, are aware of the possibility of being a victim in the area where they are parking – such as a store, mall, hike and bike trail – anywhere. Yet, many of these crimes can be prevented. Lock, Take, and Hide is a general rule to help reduce opportunity!

But what else can you do? Many associations have a neighborhood watch programs, but how active and effective is their program? The success of your program may rely on you!

### WHAT IS NEIGHBORHOOD WATCH?

Crime or the fear of crime provides the impetus for residents to become better informed on how to protect themselves and their property. Getting back to the old adage of being our “brother's keepers”, means neighbors watching out for other neighbors. Neighbors are asked to be the eyes and ears in helping the police in apprehending criminals. Crime Watch is not designed to substitute for police protection. Rather it is an extension or supplement in assisting the police in making neighborhoods safer for all residents. Neighborhood Watch operates under two principles. When neighbors get to know and watch out for each other, they watch out for each other's property as though it was their own. Second, Neighborhood Watch helps to create an identity within the neighborhood, which in turn fosters sense of pride, and belonging for the participants. The participants make their neighborhood a safer place to live by adopting

a more observant and active attitude and, as a result, become more aware of strange cars, persons, or circumstances. This will not take a lot of time and soon will develop into a daily habit of becoming more aware of what is going on in the neighborhood.

As a community, people generate many good ideas on how to protect their neighborhood from crime, but it takes active participation. A reduction in crime and higher quality of life can be accomplished by combining citizen involvement with the available law enforcement resources. More resources can help reduce crime, but a joint effort will be more effective almost every time.

Some associations are coordinating their recreational walks with looking out for suspicious activity and reporting that activity to the police. This is a very good start and with the age of cell phones, reporting suspicious activity to the police can be done from almost anywhere. You can help by being familiar and aware of your surroundings and when you observe something that looks suspicious – report it. Follow these tips what to do if you see suspicious activity. Do it for your neighbor – do it for your community.

### SUSPICIOUS ACTIVITY

#### REPORTING AND PURPOSE OF REPORTING

The purpose for reporting suspicious activity to the police is to stop the criminal activity, increase police presence in your neighborhood and give a true perspective of crime. Making a report will enhance the possibility of getting your property returned. Keep police emergency numbers close by when reporting suspicious activity or an emergency. Anything that seems slightly “out of place” or does not look right could be criminal activity.

### CALL THE POLICE IMMEDIATELY ABOUT ALL SUSPICIOUS ACTIVITY.

Do not worry about “bothering” the police or being embarrassed if your suspicions prove to be unfounded. Think ahead about what could happen if you don't act. Give the police or the telephone clerk:

- The reason for the call.
- The location of the activity.

## ADVERTISING INFO

Please support the businesses that advertise in the HPWBANA Newsletter. Their advertising dollars make it possible for all residents to receive a newsletter at no charge. No neighborhood association funds are used to produce or mail the newsletters. If you would like to support the newsletter by advertising, please contact Peel, Inc. Sales Office at 512-263-9181 or [advertising@PEELinc.com](mailto:advertising@PEELinc.com) for ad information and pricing.

### Message from the Board - (Continued from Cover Page)

- The description of the suspect and any vehicle involved.
- If the crime is in progress, give the circumstances and possible crime being committed.

### WHEN IN DOUBT, CALL IT IN

Under no circumstances should you attempt to apprehend a person committing a crime or try to investigate suspicious activity. The police want your information – not your action.

The police department would rather investigate than be called when it is too late. Your call could save a life, prevent an injury or stop a criminal act. BE ALERT.

Not every stranger who comes into your neighborhood is a criminal, by any means.

There are many door-to-door salesmen, repairmen, and servicemen moving around our neighborhood all the time. But criminals do take advantage of this by pretending to be legitimate workmen.

“What is Neighborhood Watch” and “Suspicious Activity Reporting and Purpose of Reporting” information was obtained from the Austin Police Department “Forming a Neighborhood Watch Program” manual at <http://www.ci.austin.tx.us/police/downloads/neighborhoodwatchmanual.pdf>

### February Meeting Highlights

The February meeting was held on Wednesday, February 25. The first order of business was the issue of whether HPWBANA should adopt the city ordinance that prohibits front and side yard parking on unpaved areas. Several neighbors voiced concern about the passing of such an ordinance and raised questions regarding new driveways and expansion of parking areas. Debate continued after the meeting, and the board decided not to consider the matter for the 2009 year. Further research regarding the ordinance will be conducted and HPWBANA may revisit the issue in 2010. If you want to discuss this issue, or have more questions, call Carolyn Robinson, HPWBANA president.

APD Neighborhood Representative David Knutson was present and addressed the issues of speeding and recent increase in crime. Officer Knutson is an interested and active neighborhood representative and has been very responsive to helping address our issues. He offered many tips, including some published elsewhere in this newsletter.

Other business included approving the 2009 budget and discussion of the upcoming egg hunt in Perry Park.

Board meetings are held the fourth Wednesday of every month at 7pm at the Yarbrough Library on Hancock. Neighbors are encouraged to attend and present any ideas or concerns they may have. We look forward to seeing you at our next meeting!

## Westview Drive Shrove Tuesday Pancake Race: *A "Flipping" success!*

Neighbors from Westview, Lucas Drive, Beverly Hills, Beverly Skyline and Ridgemoor gathered to celebrate Shrove Tuesday. Participants brought their own skillet and organizer John Berry provided each participant a pancake (crepe) to place in their skillet and flip while running the race. Colorful aprons, mardi gras beads, masks and even a tuxedo costumed the contestants (and on-lookers). A cup was presented to the first place finisher and medals were given to the top three finishers:

**First place:** Audra Lewis

**Second place:** Anna Blankenship

**Third place:** Jonas Tatu

After the race, the crowd continued to John Berry's home for tasting the pancakes! Congratulations to the winners and Congratulations to everyone who attended. This is the greatest neighborhood in Austin!
