The MOMS Club® of Cypress / NW-Fairfield Moms Offering Moms Support *Welcomes all Stay-At-Home Moms in Fairfield and Lakes of Fairhaven*

MOMS Club® is an international organization with a neighborhood feel! We are teachers, business women, counselors, chefs, CPA's and artists who have put those careers on hold and have made the choice to stay home with our kids.

MOMS Club® is a place to find friendship, support, playmates and sisterhood!

ALL events include our children and we believe there is something for every mom out there! Are you looking for park days, coffee breaks, lunch outings, (free) babysitting co-op, craft projects, time to sit and chat, cooking club, book club or someone to share dinner with when your husband is traveling or working late? We even find the time to meet once a month for a mom's night out for a great time to unwind. Or are you interested in helping within the community with service projects? We have that! (And a whole lot more!)

Summer is drawing to an end, and our children are returning to school. Their younger brothers and sisters are going to miss them, so let's make an effort to get together and allow our younger children some playtime. Come join other moms and kids in many great outdoor and indoor activities. Are you new to the area or a new mom and need a friend or support; we are here for you. Don't let yourself feel isolated being a stay at home mom. You can attend two events before joining. Our membership fee is only \$20 a year. The MOMS Club is a great opportunity for you and your kids to make new friends in our area. Come visit our next all-member meeting and see for yourself! There is a lot of fun and support just waiting for you! Our next meeting is Tuesday, July 14th, 10AM at Good Shepherd United Methodist Church located on Cypresswood Drive in Fairfield. We often have a guest speaker at our meetings discussing topics like finance, health, organization and other popular topics. As always, children welcomed!

Outdoor Water Conservation Tips

Even though we use water every day, it's easy to take it for granted. Just imagine how you would function without clean water. It's everyone's responsibility to conserve and protect water resources. The decisions and actions you make today truly affect our water resources for the future. The following suggestions will help you get in the habit of saving water in the great outdoors:

- Use mulch around landscape plantings. Mulch will help eliminate weeds and hold moisture in the soil.
- Select hardy plants that don't need much water. Native plants that are well adapted to your climate and soils will survive well without supplemental watering. A copy of the Steiner Ranch Approved Plant list is available on the website at www.steinerhanchhoa.org.
- Water during the cool part of the day to avoid rapid evaporation.
- When watering is necessary, water slowly and thoroughly. If you notice puddles or runoff, turn water off and wait for water to soak in. Also be sure your sprinkler puts water where you need it—not on driveways or sidewalks.
- Wash cars efficiently. First give the car a quick rinse, and then turn the water off. Wash one section of the car at a time and rinse that section quickly. Turn the water off each time.

Visit www.auduboninternational.org for more conservation tips.

Why The Maids?

**"They clean my kitchen and bathroom floors on hands and knees.
The only right way to do it!"**

Obviously, hand-washing kitchen and bathroom floors is the hard way to do it. But it's the way we do it, because it's still the best way to get rid of dirt, grime and bacteria, especially in the corners.

We use a grout brush to remove mold and mildew and thoroughly clean the counters, getting rid of water spots, soap residue, hairspray, toothpaste and anything else that shouldn't be there. And that's just the bathroom.

More HELP for PETS

When a pet is lost, finding the pet means that time is of the essence. It takes time to create, print and distribute flyers. The flyers are many times illegible because of wind or rain. I certainly do not fault the pet owner because I have done this myself.

Frustrated, I thought there has to be a better way. So that is why we created Cypress Lost Pet Alert.com. The idea is to very quickly get the word out through an e-mail alert to as many neighbors as possible plus post the picture and information about the pet on the website under the specific neighborhood.

Once the email alert goes out to the specific neighborhood, many, many neighbors are now aware. If they happen to forward the email to their friends who have not signed up, it could mean hundreds of your neighbors are already alerted and are keeping their eyes open for your lost pet.

Cypress Lost Pet Alert.com is on-call 7 days a week from sun up to sun down and is FREE. We are glad to work with any informal email chains. The whole idea is to find lost pets quick for the good neighbors in Fairfield and surrounding areas.

Regards,
RB Cox

The Science of Grocery Shopping

Submitted by Kelly Bruneman, Certified Nutrition Specialist

The grocery store can be a scary place! All those aisles filled with grocery goodness! What is healthy and what isn't? How do you know where to start and what to buy? Follow these simple rules to ensure that you get the most out of your grocery shopping experience:

- **STAY TO THE OUTSIDE**

- Most everything you need is on the perimeter of the store. Your produce, meats, and dairy cases are all on the outside. The aisles are where the boxed and processed foods reside.

- **ORGANIC...IS IT WORTH IT?**

- Not all things are necessary to buy organic. The following produce list is often referred to as the "Dirty Dozen" because they contain the highest levels of pesticides.
 - **THE DIRTY DOZEN:** Peaches, Apples, Sweet Bell Peppers, Celery, Nectarines, Strawberries, Cherries, Pears, Grapes (Imported), Spinach, Lettuce, Potatoes.
 - **THE LEAST CONTAMINATED:** Onions, Avocado, Sweet Corn (Frozen), Pineapples, Mango, Asparagus, Sweet Peas (Frozen), Kiwi Fruit, Bananas, Cabbage, Broccoli, Papaya.

- Beef, Poultry, and Dairy are also worth the organic price because they are produced without growth hormones and antibiotics.
- Currently the USDA has not developed organic certification standards for seafood.
- **REMEMBER:** buying organic foods that aren't good for you doesn't make them healthy!!

- **BUY FROZEN**

- Frozen fruits and vegetables are often flash frozen locking in nutrients better than canned foods.
- Frozen fish and chicken is also flash frozen at the source locking in nutrients and making them convenient alternatives to store in your freezer.

- **DON'T BE AN IMPULSE BUYER**

- Make a list according to how your grocery store is laid out and **STICK TO IT!** If ice cream isn't on your list, don't go down the ice cream aisle.
- Don't go to the grocery store when you are tired, hungry or irritable. This almost always leads to impulse buys.

The Science of Grocery Shopping- (Continued from Page 10)

- If possible, don't take the kids! Grocery stores target impulse buyers and almost all kids are impulse buyers!
- Don't get distracted at the checkout line. As you are waiting to check out grocery stores stock the racks with tempting candy bars and sodas. Don't be fooled! If you think you might give in bring in water with you and pop a piece of sugar free gum! Or flip through the latest gossip magazine until it is your turn to pay.
- If you don't buy the junk food, you won't have it in the house!

• CHECK OUT THE LABEL

- THE FDA requires that all ingredients be listed in descending order of predominance by weight. Try to pick foods that have a short ingredient list that don't have many artificial ingredients.
- Look for foods that have ingredients that you can pronounce
- Choose foods that are "real". Examples are 100% fruit juice or 100% whole-grain items with as little processing and as few additives as possible. If you want more salt or sugar, add it yourself.

Finally, just take a deep breath and go for it! You are in control and remember if you don't buy it; it won't find its way into your house!

DROWNING CAN STILL OCCUR EVEN IF YOU KNOW HOW TO SWIM

NO ONE is "drown proof" – no matter their level of swimming ability.

Falls, entrapments, and injuries lead to drowning regardless of swimming level.

A majority of people overestimate their own and their child's ability to swim, especially in a panic event.

DROWNING IS QUICK AND SILENT

Drowning occurs in as little as 2 minutes.

Irreversible brain damage occurs in as little as 4 minutes.

Most children are out of sight or missing for less than 5 minutes and usually in the presence of 1 or both parents.

Most children die who are submerged for as little as 6-10 minutes.

Children who drown do not **scream, splash, or struggle**. They silently slip beneath the water, even with adults & lifeguards present.

The Road of Uncertainty

By Mindy Ferguson

As I traveled along a remote road on my way to speak at a women's retreat, my GPS suddenly began an annoying repetition of the phrase, "lost satellite". After a few minutes, I picked up my cell phone to call for directions. No service. I found myself on an unfamiliar country road in East Texas, with no cell phone and a GPS that appeared to be as disoriented as I was.

Uneasy, I pulled over onto the side of the road, took a deep breath, reviewed my map and prayed. I studied the map and located a road that I remembered passing a few miles earlier. I estimated my location and eased back onto the road, following the map with my finger as I drove. Needless to say, I was grateful to discover a sign with the retreat center's logo and an arrow, indicating the turn was ahead.

Thinking back on my experience, it occurred to me that our journey through life often presents us with circumstances that make us feel as disoriented and uneasy as I felt that day when I was lost on an unfamiliar country road without cell service. It also occurred to me that our response to life's uncertainties should be the same as mine was that day on the road —Pause, Ponder, Pray, and then Proceed.

Pause

When faced with uncertainty, we need to take some time to quiet ourselves before the Lord. Psalm 46 assures us, God is our refuge

and strength, an ever-present help in trouble. Be still and know that I am God (vs. 1,10a NIV).

Regardless how lost or helpless we may feel, God is our refuge and our strength and He is always available to help us. We can rest in the truth that He knows every detail of our circumstances and He is never disoriented. It's important to "be still" in order to hear His voice and sense His presence.

Ponder

Next, we need to take the time to gather information, reflect, and regroup. When conflict arose in the early church between Jewish and Gentile believers, the apostles took time to ponder the issues before deciding how to proceed. Acts 15:6 says, the apostles and elders met to consider this question (NIV). When we are unsure how to proceed, we need to gather information and ponder the facts.

Pray

Prayer is crucial. Through prayer, we can come before the Lord with the facts of a situation and earnestly seek His guidance. James 1:5 assures us, If any of you lacks wisdom, he should ask God, who gives generously to all without finding fault, and it will be given to him (NIV). We can count on God to listen and to grant us the

wisdom that we need to move forward in His will.

Proceed

Finally, after we have patiently paused, diligently pondered and earnestly prayed, it is time to act. You may step out cautiously, just as I did that day on the unfamiliar country road, but we can count on the truth of Exodus 15:13, which says, In your unfailing love you will lead the people you have redeemed (NIV). God loves us abundantly and although our circumstances can be frightening, we can trust that our God will lead us as He works out everything in conformity with the purpose of His will (Ephesians 1:11 NIV).

Are you facing uncertainty on an unfamiliar road? Pause... Ponder... Pray... and then Proceed. Our God faithfully leads the people He has redeemed!

AMERICA IS GOOD

- I believe in God and He is the Center of my Life.
- The family is sacred. My spouse and I are the ultimate authority, not the government.
- I have a right to life, liberty and pursuit of happiness, but there is no guarantee of equal results.
- I work hard for what I have and I will share it with who I want to. Government cannot force me to be charitable.
- The government works for me. I do not answer to them, they answer to me.
