FACTS YOU NEED TO KNOW ABOUT DROWNING

Drowning is the leading cause of unintentional injury-related death in children ages 1-4

DROWNING WILL AFFECT YOU OR SOMEONE YOU KNOW

Drowning is the 2nd leading cause of unintentional injury-related death ages 1-14.

DROWNING CAN STILL OCCUR EVEN IF YOU KNOW HOW TO SWIM

NO ONE is "drown proof" – no matter their level of swimming ability.

Falls, entrapments, and injuries lead to drowning regardless of swimming level.

A majority of people overestimate their own and their child's ability to swim, especially in a panic event.

DROWNING IS QUICK AND SILENT

Drowning occurs in as little as 2 minutes.

Irreversible brain damage occurs in as little as 4 minutes.

Most children are out of sight or missing for less than 5 minutes and usually in the presence of 1 or both parents.

Most children die who are submerged for as little as 6-10 minutes.

Children who drown do not **scream, splash, or struggle**. They silently slip beneath the water, even with adults & lifeguards present.

The Science of Grocery Shopping

Submitted by Kelly Bruneman, Certified Nutrition Specialist

The grocery store can be a scary place! All those aisles filled with grocery goodness! What is healthy and what isn't? How do you know where to start and what to buy? Follow these simple rules to ensure that you get the most out of your grocery shopping experience:

• STAY TO THE OUTSIDE

- Most everything you need is on the perimeter of the store. Your produce, meats, and dairy cases are all on the outside. The aisles are where the boxed and processed foods reside.

• ORGANIC...IS IT WORTH IT?

- Not all things are necessary to buy organic. The following produce list is often referred to as the "Dirty Dozen" because they contain the highest levels of pesticides.
 - THE DIRTY DOZEN: Peaches, Apples, Sweet Bell Peppers, Celery, Nectarines, Strawberries, Cherries, Pears, Grapes (Imported), Spinach, Lettuce, Potatoes.
 - THE LEAST CONTAMINATED: Onions, Avocado, Sweet Corn (Frozen), Pineapples, Mango, Asparagus, Sweet Peas (Frozen), Kiwi Fruit, Bananas, Cabbage, Broccoli, Papaya.

- Beef, Poultry, and Dairy are also worth the organic price because they are produced without growth hormones and antibiotics.
- Currently the USDA has not developed organic certification standards for seafood.
- REMEMBER: buying organic foods that aren't good for you doesn't make them healthy!!

• BUY FROZEN

- Frozen fruits and vegetables are often flash frozen locking in nutrients better than canned foods.
- Frozen fish and chicken is also flash frozen at the source locking in nutrients and making them convenient alternatives to store in your freezer.

• DON'T BE AN IMPULSE BUYER

- Make a list according to how your grocery store is laid out and STICK TO IT! If ice cream isn't on your list, don't go down the ice cream aisle.
- Don't go to the grocery store when you are tired, hungry or irritable. This almost always leads to impulse buys.

The Science of Grocery Shopping- (Continued from Page 6)

- If possible, don't take the kids! Grocery stores target impulse buyers and almost all kids are impulse buyers!
- Don't get distracted at the checkout line. As you are waiting to check out grocery stores stock the racks with tempting candy bars and sodas. Don't be fooled! If you think you might give in bring in water with you and pop a piece of sugar free gum! Or flip through the latest gossip magazine until it is your turn to pay.
- If you don't buy the junk food, you won't have it in the house!

• CHECK OUT THE LABEL

- THE FDA requires that all ingredients be listed in descending order of predominance by weight. Try to pick foods that have a short ingredient list that don't have many artificial ingredients.
- Look for foods that have ingredients that you can pronounce
- Choose foods that are "real". Examples are 100% fruit juice or 100% whole-grain items with as little processing and as few additives as possible. If you want more salt or sugar, add it yourself.

Finally, just take a deep breath and go for it! You are in control and remember if you don't buy it; it won't find its way into your house!

The Road of Uncertainty

By Mindy Ferguson

As I traveled along a remote road on my way to speak at a women's retreat, my GPS suddenly began an annoying repetition of the phrase, "lost satellite". After a few minutes, I picked up my cell phone to call for directions. No service. I found myself on an unfamiliar country road in East Texas, with no cell phone and a GPS that appeared to be as disoriented as I was.

Uneasy, I pulled over onto the side of the road, took a deep breath, reviewed my map and prayed. I studied the map and located a road that I remembered passing a few miles earlier. I estimated my location and eased back onto the road, following the map with my finger as I drove. Needless to say, I was grateful to discover a sign with the retreat center's logo and an arrow, indicating the turn was ahead.

Thinking back on my experience, it occurred to me that our journey through life often presents us with circumstances that make us feel as disoriented and uneasy as I felt that day when I was lost on an unfamiliar country road without cell service. It also occurred to me that our response to life's uncertainties should be the same as mine was that day on the road —Pause, Ponder, Pray, and then Proceed.

Pause

When faced with uncertainty, we need to take some time to quiet ourselves before the Lord. Psalm 46 assures us, God is our refuge

and strength, an ever-present help in trouble. Be still and know that I am God (vs. 1,10a NIV).

Regardless how lost or helpless we may feel, God is our refuge and our strength and He is always available to help us. We can rest in the truth that He knows every detail of our circumstances and He is never disoriented. It's important to "be still" in order to hear His voice and sense His presence.

Ponder

Next, we need to take the time to gather information, reflect, and regroup. When conflict arose in the early church between Jewish and Gentile believers, the apostles took time to ponder the issues before deciding how to proceed. Acts 15:6 says, the apostles and elders met to consider this question (NIV). When we are unsure how to proceed, we need to gather information and ponder the facts.

Pray

Prayer is crucial. Through prayer, we can come before the Lord with the facts of a situation and earnestly seek His guidance. James 1:5 assures us, If any of you lacks wisdom, he should ask God, who gives generously to all without finding fault, and it will be given to him (NIV). We can count on God to listen and to grant us the

wisdom that we need to move forward in His will.

Proceed

Finally, after we have patiently paused, diligently pondered and earnestly prayed, it is time to act. You may step out cautiously, just as I did that day on the unfamiliar country road, but we can count on the truth of Exodus 15:13, which says, In your unfailing love you will lead the people you have redeemed (NIV). God loves us abundantly and although our circumstances can be frightening, we can trust that our God will lead us as He works out everything in conformity with the purpose of His will (Ephesians 1:11 NIV).

Are you facing uncertainty on an unfamiliar road? Pause... Ponder... Pray... and then Proceed. Our God faithfully leads the people He has redeemed!
