

The HOME FRONT

August 2009

Official Publication of Legends Ranch Property Owners Association

Volume 3, Issue 8

Community Beautification Project

Interested in working together with your neighbors to maintain the attractiveness of our community? We'll be meeting these following dates to help pick up trash and mow in vacant lots:

Saturday, August 8
Saturday, August 22

You'll be working directly with your section leader, who will have a list of lots that the group will be addressing.

Don't know your section leader? Contact jclark@canyongate.com and she will get you in touch with the organizer for your section.

Canyon Gate Community Night with the Astros!

*Saturday, Sept. 12th,
6:05pm against the Pirates*

For Canyon Gate Community Special Pricing, log on to:
www.astros.com/canyongate
(password: canyon)

National Night Out & Photo Contest

Tuesday, August 4th, 2009, Around 6PM

Rain Date: Tuesday, October 6th

Drag out those lawn chairs, gather your neighbors, and join in National Night Out again this year! National Night Out takes place on your own individual streets or sections. This is a great opportunity for you to meet more of your fellow residents and make new friends! For more information, visit www.nationaltownwatch.org/nno.

Make sure to take some pictures, as we'll have our photo contest again this year. There will be three categories, most creative, most comical and best representation of community. The first place winners of each category will have an ice cream social scheduled at a later date.

The deadline to submit your group photo is Tuesday, August 25th. E-mail your entries to jclark@canyongate.com. If you have any questions, please contact Director of Community Events, Jennifer Clark at jclark@canyongate.com Good Luck!

Legends Ranch Bike Rodeo, Car Seat Inspections and Safety Day

*Saturday, September 19th from 2PM – 4PM at the
Legends Ranch Clubhouse*

You are invited to attend our upcoming Safety Day and Bike Rodeo! We're pleased to have the Montgomery County Sheriff's Department, Precinct 3 Constables, Montgomery County EMS, the South Montgomery County Fire Department and fire truck on hand to provide information and demonstrations! Crime Stoppers will also be attending to help educate residents on how this program can be most effective for our residents and the community as a whole. The Bike Resource, a local bike shop in the Woodlands, will be conducting a bike rodeo (safety class) for the kids. This is a great opportunity for the kids to improve their bike safety skills before the new school year!

Car seat inspections will be conducted by the Safe Riders Program and the Police Department at no charge to our residents! This is expected to be a **very popular service**, so please RSVP to jclark@canyongate.com, to be included!

Moonwalk and light refreshments will also be provided!

Legends Ranch Fall Community Garage Sale Sat., Sept. 12 from 7 am – 12 noon **RAIN OR SHINE**

It's time to clean out your closet, your trash could be someone else's treasure! The sale takes place in your own garage so be ready to open your garage at 7AM on Saturday, September 12th!

We'll be creating a map of all the garage sales in the community. To be added to the map, please e-mail your address to jclark@canyongate.com **AND** include a short list (5 to 6 words) to describe the items you are selling. **DEADLINE** to E-mail your address and description is **Monday, September 7 to be included**. The map will be handed out at the guardhouse on the day of the garage sale.

Banners will be posted at the front of the community. You may place signs in your yard to promote your garage sale.

Please respect our community by **NOT ATTACHING** your garage sale signs to street signs, stop signs, or community event signs.

ALL GATES WILL BE OPEN FROM 7AM to 12 NOON FOR THIS EVENT.

*To register and for questions, please contact
Jennifer Clark, Director of Community Events at jclark@canyongate.com*

LEGENDS RANCH

Living Legends

New Legends Ranch Seniors Group

The Living Legends are young at heart, 50 and older, retired or still working, male or female, and residents of Legends Ranch. We meet monthly at the Clubhouse for card games, fellowship and more! Our first social was July 24th & we're looking forward to many more.

Interested in more information or joining this new group? Contact Jennifer Clark, Director of Community Events at jclark@canyongate.com.

Legends Ranch Walking Group

Interested in walking, but need to be motivated? The new Walking Group is just what you've been waiting for! Based on group input, we created several "standing" walk dates, starting at the front clubhouse on Tuesday's & Thursday's at 7pm.

Contact Michelle at mitchell04@sbcglobal.net to join the group and for additional information!

Seeking Section Leaders and Block Captains

To increase community awareness, the Communications Committee is actively recruiting section leaders and block captains. For more information on becoming a block captain or section leader, please contact Jennifer Clark, Director of Community Events. To reach your section leader, also contact jclark@canyongate.com.

Please Control Your Pets!

Please respect your neighbors' yards....remember that pets must be confined to a fenced backyard or within your home. They must not be allowed to bark all night or cause a nuisance to your neighbors.

They must also be on a leash at all times when contained environment. It is also the pet owner's responsibility to keep ALL areas of the community FREE from pet debris when walking your pets. Please remember that cats must also be confined.

*Waste Management began recycling service to your community
in December of 2008.*

*Recycling is a service to your community, offered through MUD #89.
For questions, please contact Waste Management direct at 713-686-6666.*

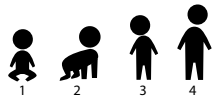

COLIN'S HOPE

Increasing water safety awareness and standards

FACTS YOU NEED TO KNOW ABOUT DROWNING

Drowning is the leading cause of unintentional injury-related death in children ages 1-4

DROWNING WILL AFFECT YOU OR SOMEONE YOU KNOW

Drowning is the 2nd leading cause of unintentional injury-related death ages 1-14.

For more information,
check out our website at

www.colinshope.org

DROWNING CAN STILL OCCUR EVEN IF YOU KNOW HOW TO SWIM

NO ONE is "drown proof" – no matter their level of swimming ability.

Falls, entrapments, and injuries lead to drowning regardless of swimming level.

A majority of people overestimate their own and their child's ability to swim, especially in a panic event.

DROWNING IS QUICK AND SILENT

Drowning occurs in as little as 2 minutes.

Irreversible brain damage occurs in as little as 4 minutes.

Most children are out of sight or missing for less than 5 minutes and usually in the presence of 1 or both parents.

Most children die who are submerged for as little as 6-10 minutes.

Children who drown do not **scream, splash, or struggle**. They silently slip beneath the water, even with adults & lifeguards present.

Outdoor Summer Safety Tips

The summer months generally mean more time outdoors. Whether working in the yard or playing in the sun, these types of activities require safety precautions to prevent injuries and/or accidents. Please review the following summer safety tips obtained from The U.S. Consumer and Product Safety Commission (www.cpsc.gov), The American Cancer Society (www.cancer.org), The American Kennel Club (www.akc.org), and the American Academy of Pediatrics (www.aap.org). Have a safe and enjoyable summer! Brittany Kolkhorst

SUN & HEAT SAFETY:

- Limit direct sun exposure during the peak intensity hours - between 10 a.m. and 4 p.m.
- Use sunscreen with an SPF of 15 or greater that will protect against UVA and UVB rays. If also applying insect repellent or makeup, apply the sunscreen first.
- Apply sunscreen 20 to 30 minutes before going out in the sun. Reapply sunscreen every two hours, or after swimming or sweating.
- Note that some medications, such as antibiotics, may increase your skin's sensitivity to the sun.
- The intensity of activities that last 15 minutes or more should be reduced whenever there is high heat and humidity.

- Hydrate yourself well before prolonged physical activity in the sun and take frequent water and rest breaks.
- Provide plenty of fresh water and shade for your pets during the summer.
- Never leave your dog unattended in direct sunlight or in a closed vehicle.
- Dogs can get sunburn too, especially short-haired dogs and ones with pink skin and white hair. Limit your dog's exposure when the sun is unusually strong, and apply sunblock to his/her ears and nose 30 minutes before going outside.

LAWN SAFETY:

- Before working in an area, remove objects that can cause injury or damage equipment, such as sticks, glass, metal, wire, and stones.
- Try to use a mower with a control that stops the mower from moving forward if the handle is let go.
- Make sure that sturdy shoes and other protective clothing (gloves, eye protection, pants, etc.) are worn while mowing.
- Do not pull the mower backward or mow in reverse unless absolutely necessary, and carefully look for children behind you when you mow in reverse.

Oh No!!! It is Chinch Bug Season Again!

The chinch bug is the most difficult-to-control and damaging insect pest of St. Augustine. Expanding, irregular patches of dead or stunted grass surrounded by a halo of yellowing, dying grass often provide the first clue to the presence of chinch bugs. These islands of dying grass tend to increase in size and merge as insect numbers increase. Damage can develop rapidly, especially in sunny locations during hot, dry weather. If you use a landscape company, their equipment can transfer chinch bugs from yard to yard. Below is an article printed from the website: <http://www.planetnatural.com/site/xdpy/kb/chinch-bug-control.html>

Chinch Bug Control Description: Widely distributed throughout the United States, there are several species of chinch bugs that are damaging to turfgrass. They are usually found on drought-stressed lawns where they puncture grasses with their needle-like beaks and suck the fluids out. As a result of their feeding, large irregular patches of lawn begin to turn yellow then brown as they die. These patches often begin on the edges of lawns and will continue to get larger, even when properly watered. Damage occurs most frequently during hot, dry weather from June through September.

Adult chinch bugs (1/4 inch long) are black and white, with whitish wings marked by a dark triangle on their outer margins. Nymphs are easily recognized by their bright red color and white band across the back. Both adults and nymphs produce a strong odor that often gives them away, especially when pest numbers are high or they are crushed under foot.

Life Cycle: Adult chinch bugs overwinter in dry grasses and other debris that offers them protection. In spring or early summer the insects mate and females begin depositing eggs on the leaves and stems of grass. One female can lay as many as 500 eggs. These hatch in 1-3 weeks into nymphs which feed voraciously and pass through 5 instars before becoming adults. There are usually 2 overlapping generations each year.

Chinch Bug Control: Practices that promote healthy lawns help to reduce the occurrence of chinch bugs. Mow lawns at the recommended maximum height. Try not to remove more than 1/3 of the leaf surface in any one mowing. Remove excess thatch and aerate compacted soils. Improve soil conditions by top-dressing with organic matter, such as compost or well-aged animal manure. Keep lawns well watered, especially during hot summer months and use slow-release organic lawn fertilizers. Aerate and fertilize again in the fall. Beneficial insects, such as ladybugs, lacewing and big-eyed bugs, will feed on a large numbers of pests. Spot treat small infestations with insecticidal soap. Botanical insecticides should be used if pest levels become intolerable.

Tip: A coffee can with both ends cut out can be used to determine the level of infestation. Force one end of the can into the soil, fill with water, then watch as pests float to the top.

Outdoor Summer Safety Tips - (Continued from Page 9)

- Keep children indoors and supervised at all times when any outdoor power equipment is being used (young children move quickly and are attracted to mowers and mowing activity).
- Always turn off the mower and wait for the blades to stop completely before removing the grass catcher, unclogging the discharge chute, or crossing gravel paths, roads, or other areas.
- Handle gas carefully. Never fill gasoline tanks while equipment is on or still hot. Wipe up any spills. Store gas in an approved container away from the house. Never smoke or use any type of flame around gasoline or any gasoline-powered equipment.
- Never work with electric power tools in wet or damp conditions. For protection against electrocution while working, use a ground fault circuit interrupter (GFCI).
- Be sure that extension cords are in good condition, are rated for outdoor use, and are the proper gauge for the electrical current capacity of the tool.
- Lawn and garden products may be hazardous. Make sure that plants and fertilizers within the reach of children and pets are not toxic.
