

## Neighborhood Graffiti: *Reward offered*

As many residents have noticed, our area has been hit with graffiti the past several months. As fast as the graffiti is removed, additional areas are defaced. Each time an area needs to be cleaned, it costs homeowners \$250-\$500 per incident. We are working with the Brazoria County Sheriff's Department and the Pearland Police Department to identify and apprehend these criminals, but we need your help. The Silverlake HOA in conjunction with the Southwyck Master Association and the Silvercreek HOA is offering a \$2,600 reward for the apprehension and conviction of the person or persons responsible for defacing public property within the three HOA areas. If you have any information regarding graffiti in the area, please send an e-mail to [SilverlakeHOA@gmail.com](mailto:SilverlakeHOA@gmail.com) or contact PCMI at (281) 504-1350.

## Halloween Decorating Contest

The Silverlake HOA is sponsoring the 2nd Annual Silverlake Halloween Decorating Contest. Show your Halloween spirit and decorate your home. Who has the spookiest house in Silverlake? Judging will take place at Midnight Wednesday, October 21st. The lucky winner will receive \$100 cash prize and a yard sign identifying their home as the winner.

## Cub Scout Pack 446 *Update on Activities*

The Cub Scouts of Pack 446, which meets at Silvercrest Elementary School, have had a very active summer and we have been busy preparing for another school year filled with fun activities. This summer, our pack enjoyed a skating party at Alvin Skate n' Party, we toured the Houston Ship Channel, we went to Cub Adventure Camp at Bovay Scout Ranch in Navasota, and we're having an End of Summer swim party at Independence Park.

At Cub Adventure Camp, our boys got to ride BMX bikes on a race course, they went canoeing and sailing, they got to swim in a pool with two waterslides, they built and launched model rockets, shot pellet guns at targets, tried their hand at archery, caught fish, and generally had a fantastic time. Webelos scouts Andrew Casey and Caleb Speasmaker received awards for their skill at the archery range, and Liam Spicer was recognized for his efforts on the BMX bike course. Assistant Cubmaster Jeremy Welch landed a really nice bass on a plastic worm – this is no “fish story”, we have the photo to prove it!

## Cub Scout Pack 446- (Continued from Cover Page)

Pack 446 has a great slate of activities planned for the upcoming year, including camping trips to Huntsville State Park (September) and nearby Brazos Bend State Park (November). We'll be working on model rockets for our annual rocket launch in October, and we'll build cars for Pinewood Derby in January. The pack will celebrate the 100th anniversary of scouting at our Blue & Gold banquet in February. We'll travel to Corpus Christi to stay overnight on the USS Lexington, a World War II-era aircraft carrier. Our pack meetings are full of fun activities for the boys; last year we had presentations from the Houston Zoo and NASA!

Don't miss out on all of the fun! If you are the parent of a boy who is entering First through Fifth grade, or is between the ages of 7-10 years old, then Cub Scouting may be for you! Cub Scouting is fun with a purpose – scouting's activities revolve around our 12 Core Values and are designed to build character and citizenship. Come join us – your boy will be glad you did! For more information, contact Cubmaster Michael Dilling at mdilling1@gmail.com. He'll be glad to get you connected.

## ASK THE COACH

**Dear Coach,**

I have been walking every day for the past six months. After losing 10 pounds in the first 2 months, I have not lost any since! I am frustrated by my lack of results, what can I do?

**Sign Me Frustrated**

**Dear Frustrated,**

You have learned firsthand about 2 common training concepts: training effect and training plateau. "Training effect" is the usually positive effect that your body will get from the first 8 weeks in a new program. Once those first few pounds melt away, the body adjusts and then plateaus where you stop seeing results.

The best program is one that continually challenges the body. If you enjoy walking, change up the tempo or the incline (even try walking backwards!). Also, put in a couple of days with weights/bands/jump rope/etc at the house or in the gym in order to challenge your body and jump-start your metabolism again. If you still are not seeing desired results, you should ask a trainer or a nutritionist to look deeper into your eating and exercise habits.
