Debt Stacking - Get Out of Debt!

Modern financial planning has to address consumer debt to be realistic. Debt is the biggest blocker to financial success that I know of. And getting out of debt seems to be something most Americans want to do these days. This discussion will focus only on what is known as "bad debt" which includes credit cards and revolving charge accounts. If you would truly like to get out of debt, the first thing you need to do is stop incurring more debt on your credit cards. Pay cash for a month and track your "latte factor." There are several strategies to use from this point. You can transfer your balance to a lower rate card, but beware of the fees associated with transferring the balance. As I am fond of saying, the large print giveth and the fine print taketh away. You can also ask your lender or credit card company to lower your interest rate, but it has become tougher to achieve this.

Many clients benefit from doing a debt consolidation loan which can free up hundreds of dollars a month in cash flow. A powerful method which I recommend is called "Debt Stacking". Debt stacking allows you to use less money to pay off the same amount of debt more quickly. The method of Debt Stacking states that you pay off the highest interest rate debt first, while making just the minimum payments on all the other credit cards. When you pay off that high interest rate credit card, you then transfer the amount that you were paying monthly on that card to the next highest interest rate credit card. Let's look at an example. First, arrange your credit cards in order of highest to lowest interest rate:

- Revolving Charge Card A: \$4,000 at 24% APR, minimum payment \$100
- Credit Card B: \$5,000 at 18% APR, minimum payment \$100
- Credit Card C: \$3,000 at 12% APR, minimum payment \$100

Assuming that you are able to pay \$400 per month towards all credit cards, use the Debt Stacking method to pay \$200 towards Revolving Charge Card A until it is paid off. Then you would add that \$200 to the \$100 equaling \$300 that you would pay on Credit card B until it was paid off. Finally you would add the \$300 you were paying on Credit Card B to Credit Card C for a total of \$400 dollars until the last one is paid off. In a comparatively short time you are out of debt. You will have paid less interest and gotten out of debt more quickly than if you had you paid the same amount of money spread equally over the three credit cards.

In conclusion, your steps to get out of debt are to stop incurring more debt, pay less interest on the debt you do have, spend smarter, and use the Debt Stacking Method. You'll be debt free much faster, and you will save a lot of money! - **By Rich Keith**

BAK-PAK CRITTERS READING PROGRAM WAGS INTO KEITH ELEMENTARY

BAK-PAK: Books and Kids, Power and Knowledge

Keith Elementary is participating in a very exciting reading program called BAK-PAK Critters Reading Program. This program is dedicated to helping children improve their reading skills by using specially trained therapy dogs. Teams consist of a handle and their therapy animal. Two teams work with 20 students during the school day on a one-on-one basis to help at-risk students improve their reading skills. Research shows that children who are below their peers in reading skills are often intimidated by reading aloud. The use of therapy pets reduces stress and students are more willing to interact with an animal than with another person.

Keith Elementary gives a special thanks to Lori King and Becky Talash for volunteering countless hours training their own pets to be certified therapy dogs. Their dogs kicked off the program in January and it has been a huge success.

More dogs are needed. You and your pet can become involved in this specialized animal assisted reading program which is sponsored by Oaks Presbyterian Church and partially funded by a grant for Williams. For more information please contact Mary Kegarise at 832-326-4112 or mary_kegarise@hotmail.com

TAG TEAM VOLUNTEER TRAINING SCHEDULED

Cypress-Fairbanks ISD needs caring members of the community to join the VIPS TAG Team (Targeting Achievement Globally). This team of volunteers works with the district's helping teachers to tutor students in science on selected elementary school campuses. You do not need to be a parent or family member of a student to become a team member. You can become a global volunteer – a generous, concerned resident of the community who wants to help children reach their full academic potential. No specialized knowledge or training is necessary. We do ask that team members be willing to work on a consistent, weekly schedule so that the students receive the utmost benefit from their work.

An informal orientation meeting will be held on February 11, 2010, from 9:30-11:30, at the Richard E. Berry Educational Support Center, 8877 Barker Cypress Road. This meeting is a great opportunity to gather with district administrators, current TAG Team members and your fellow volunteers to learn more about the program. In order to keep up with increasing demand for tutors, we need your help! For more information, please contact Kim Nash (kfnash1@sbcglobal.net or 281-550-2685) or the CFISD Partners in Education Office (Pamela.scott@cfisd.net or 281-894-3950). To RSVP for this informational meeting, please send an email with your name and meeting date to vipsrsvp@cfisd.net.

ASK AN EXPERT: MAINTAIN YOUR VEHICLES REGULARLY

To Save Gas And High Repair Costs

Written by Chris Yarger

There are more benefits to maintaining a regular schedule of preventative maintenance than just a longer car life. A well serviced vehicle will not only perform as it should but will run more efficiently, saving its owner money and avoid unplanned or potentially unsafe situations. Following these simple steps provide cost-saving benefits to protect your vehicle life-span:

- **CHANGE ENGINE OIL AT REGULAR INTERVALS** – Engine oil will clean, lubricate and cool your engine properly. When oil levels are inadequate or not changed with its filter as recommended, your vehicle consumes more gas to compensate for increased heat and friction among the engines moving parts.
- **CHECK FLUIDS MONTHLY** – Your engines vital fluids including antifreeze, transmission and brake fluids must be kept at their proper levels to prevent rust and dirt build-up which can ultimately clog or restrict the flow of fluids and damage internal parts. An engine deprived of clean fluids will struggle to operate efficiently and ultimately burn more fuel.
- **CHECK TIRE PRESSURE WEEKLY FOR MAXIMUM FUEL EFFICIENCY AND SAFETY** -- Properly inflated tire pressure is key for fuel efficiency. An under inflated tire causes increased road resistance which makes the vehicles computer to allocate more fuel to the engine. Tires should also be rotated every 5,000 miles to prevent uneven wear and prevent a potential blowout and hazardous situation on the road.
- **SERVICE YOUR VEHICLE REGULARLY BY A TRUSTED AUTOMOTIVE EXPERT** – Regular preventative maintenance rather than costly repairs keeps you driving efficiently and safely while protecting resale values and warranties. Follow the maintenance schedule per your owner's manual and do not neglect even a small problem, as they can lead to dangerous situations and costly repairs.

Texas Flag Flown over Afghanistan Donated to Cypress Christian School

In honor of our many veterans and prayer warriors, Mr. and Mrs. Phillip Miller, Cypress Christian School parents, donated a special and unique "Texas" flag to the school located at 11123 Cypress N. Houston at Jones Rd. The flag was flown on June 19, 2009, in Afghanistan, by a United States Army Special forces team during a mission. The Miller's son, Jonathan gave the flag to his parents to present to Cypress Christian in honor of all the prayer warriors who have prayed for him during tours to Iraq and Afghanistan.

The Miller family asks everyone to pray Psalm 91, The Soldier's Psalm, for all soldiers who are in harm's way. It is said that, during WWI, the soldiers of the 91st Brigade recited the 91st Psalm daily. This brigade engaged in three of that war's bloodiest battles. Other units suffered up to 90% casualties, but the 91st Brigade did not sustain a single combat-related death. Cypress Christian School is honored to support our troops through prayer and donations. For more information on this story, please contact Sharon Miller at the school at 281.469.8829. Articles on how students support our troops are published in the school newsletter, CONNECTION, which is available via the school website at www.CypressChristian.org. (both C's should be capitalized for clarity).

GIRL SCOUT COOKIE PROGRAM

Girl Scout cookies are a familiar part of American culture. For more than 80 years, Girl Scouts, with the enthusiastic support of their families, have participated in the country's premier entrepreneurial and economic literacy program. Cookies will be sold January 9 through March 28, 2010. In February, troops will begin selling cookies at "Cookie Booths" outside neighborhood grocery stores.

WHY BUY GIRL SCOUT COOKIES? BECAUSE YOUR SUPPORT:

- Helps girls develop courage, confidence and character
- Teaches girls about teamwork, goal-setting and fiscal responsibility
- Helps troops raise funds for community service projects, troop activities and more

Next time you hear, "Would you like to buy some Girl Scout cookies?" know that your support is developing future leaders who will make the world a better place!

PURCHASING GIRL SCOUT COOKIES

Enjoy delicious Girl Scout Cookies and support a worthy cause! If you've been unable to purchase cookies from a Girl Scout in your area, call 1-888-GS-COOKIE to find a troop near you. Also, visit Cookie Finder to locate a "Cookie Booth" in your neighborhood.

WHERE DOES THE MONEY GO?

All of the revenue earned through the Girl Scout cookie program benefits our community and Girl Scouts in San Jacinto Council. The volunteer board of directors determines how the Council's share of the proceeds is spent. Among other things, at the Council level, proceeds are used to:

- maintain campsites
- provide financial assistance to girls
- offer training for adult volunteers
- keep camp and program fees at a minimum
- support special initiatives, such as offering Girl Scout programs in underprivileged communities like public housing facilities and detention centers

*Michelle Xu, Rachal Pastrano, Layla Jones, Tabatha Calvit
Brooklyn House, Isabel Mujica, Grace Schlafer,
Ali Morgan, Nichole Riso*

Less than a third of the selling price of a package of Girl Scout cookies goes toward the actual cost of the cookies. This means that more than two thirds of every Girl Scout cookie purchase goes toward programs and services to benefit girls. A portion of that goes directly to the troop/group selling the cookies.

Each Girl Scout council's volunteer board of directors determines the baker, the price per package of cookies, how revenue will be used to provide vital services in the community and how much money will be returned to troops/groups selling cookies for their projects and activities.

Within our Council, approximately half of the operating budget is funded by the Cookie Sale. The price for a package of cookies is \$3.50. Troops receive 56 to 63 cents of every cookie package they sell. Service units receive 3 cents per package. Troops/Groups and Service Units decide how they want to spend their bonus money. The national organization receives no funding from the cookie sale.
