Official Publication of the
Cypress Point Homeowner's Association

MAY 2010

VOLUME 2, ISSUE 5

Letter from the President

NEW POOL FENCE

Construction will begin soon on the new wrought iron fence at the community pool. The portion of the fence that fronts Barker Cypress is rusted and structurally beyond repair. The four large pine trees have already been removed and their stumps ground. The company that bid lowest on that portion of the project also removed all of the bushes outside of the fence. This cost was \$1,500.00

The new fence will expand the fenced in area of the pool because we are building it to within six feet of the existing sidewalk. The six feet will allow for planting a future hedge for privacy of the swimmers and sun bathers. The new fence went through two rounds of bidding before the contract was awarded 3/16/10 to Houston Fence Company.

The new fence will be 7-foot tall. For security purposes the top of the fence curves outward and each picket forms a sharp point. Decorative rings were added to dress up the fence. This portion of the project cost \$12,500 including the upgrades to larger posts and adding the decorative rings. The new fence has a 20-year warranty.

I could hardly believe what we discovered still hidden behind those bushes we removed in front of the existing, rusted fence. As some of our long-time homeowners may already know, the old pool fence--back in the day--was a chain link fence with three strands of barb wire at the top. Excuse me if I sound elitist, but, how ghetto!

We are currently taking bids for the remaining ancillary work associated with the project, including removing the front posts of this old chain link & barb wire fence, removing bushes inside the old fence and leveling and re-sodding areas where the bushes were removed outside the fence.

OTHER POOL PROJECTS

The diving board is being resurfaced. The large slide is being cleaned, including grinding certain areas of the support structure to remove rust and refinishing the paint. The slide itself is being cleaned and the water supply that had a line that hung in such a manner that a child could get tangled in it is being routed properly. (Apparently the slide was moved about ten feet sometime in the past and they "Jerry-rigged" the water line.)

The very small baby pool has been removed. It has leaked for years and a few years back we had a company trace the leak to a pipe somewhere under the pool pump and supply building. It was cheaper to ignore and pay a little extra water bill than fix. So we thought. Here's a good reason for constant "new blood" on the Board of Directors. Tom Weathersby who was elected about a year ago pointed out that means we probably have erosion under the building. So yeah, it was find and fix the leak or remove the pool.

(Continued on Page 3)

UPCOMING EVENTS

- May 1 Pool opens (weekends only)
- May 8 Layla Grace Marsh Benefit
Cypress VFW Post
11:00 – 3:00
- May 9 Mother's Day

From the President - (Continued from Cover Page)

LAYLA GRACE

At our March monthly meeting your Board of Directors unanimously approved installing a large tree and a new bench at the playground closest to Layla's home. Two memorial plaques will be placed: One on the back of a new bench and another under the new tree. However, we also voted not to donate any association funds to the family (which may have given our tax status as a 501-C (4) issues) and some directors (including me) felt that it was not an appropriate use of your dues. But I encouraged individual directors to donate out of their own pocket as I will be doing. See other articles in this newsletter about a fundraiser that our new editor of this newsletter has coordinated. If you can not attend please contact Tammie for other ways you can help or donate.

MISCELLANEOUS PROJECTS

Competition for "The Yard of the Month" has begun. We run this monthly contest for six months. At the baseball complex we have opted not to cut out base paths, however we are taking bids to level the playing field for the infield area. Bids have been taken for the potential refurbishment of the sand pit for the volleyball court at the Barker Cypress Recreation Center. Refurbishment will include tilling parts of the pit that have hardened, removal of some growth in a few edge areas and adding several yards of new playground quality

sand. Two sets of new soccer goal nets have been ordered at the time of this writing. As soon as I get them I'll install one set and put the other in storage for the next time. We are getting about 18-months of use out of the nets for this popular feature. We are in the second round of bids for the new irrigation system for the Cypress Point Playground. After installing irrigation we will do some leveling and improve the grass for this "pocket park" we started building last year with the new playground.

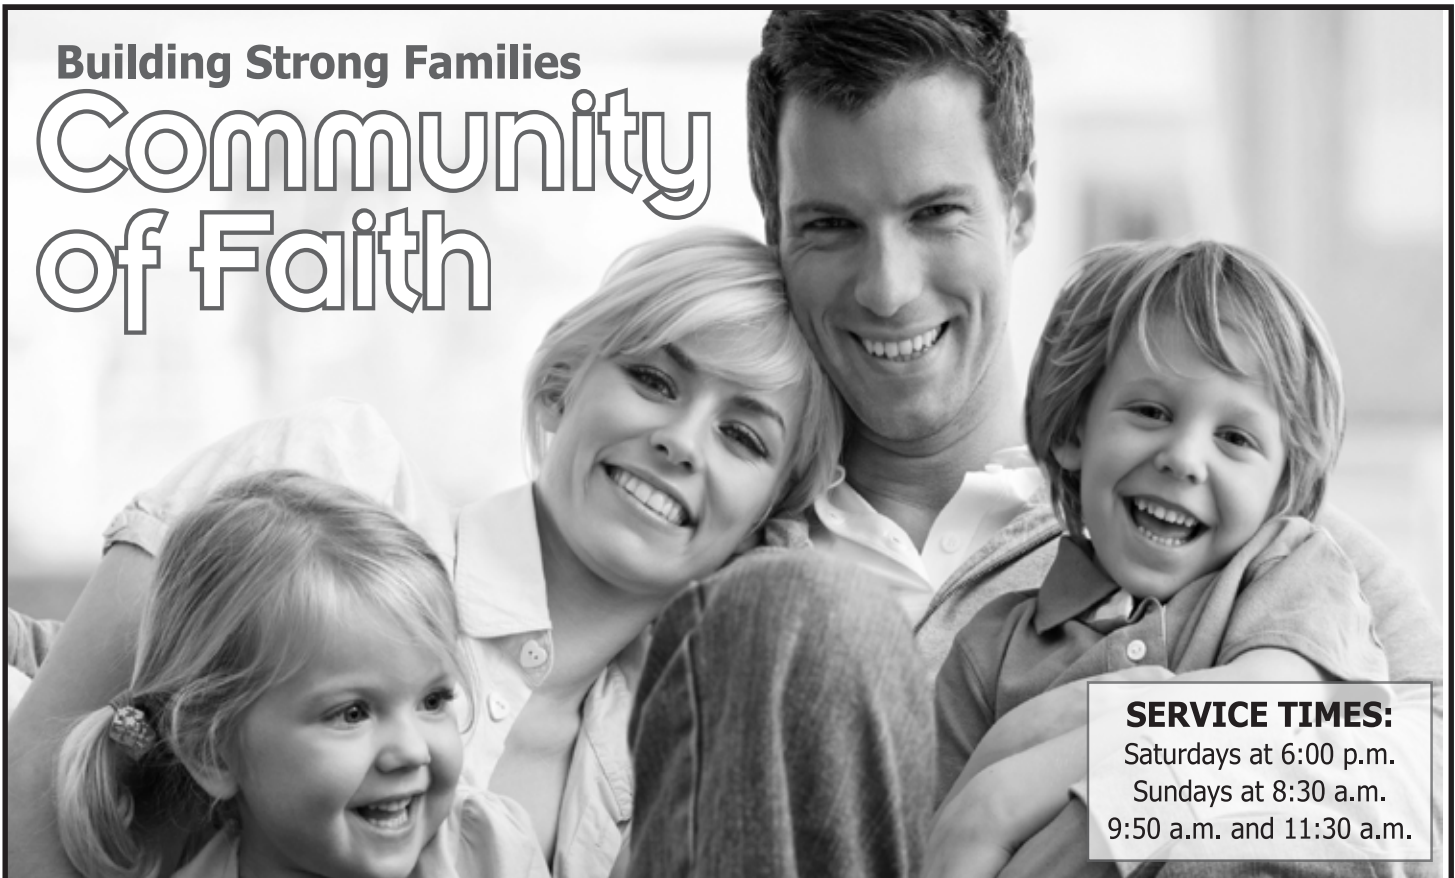

2010 EASTER EVENT

Special thanks to Mary Laughlin and for many volunteers from the neighborhood for their hard work that made the 2010 Easter event a success. Mary was the event chairman. The Board could not host the event for the neighborhood children without all of your volunteer efforts.

Classified Ads

Personal classifieds (one time sell items, such as a used bike...) run at no charge to Cypress Point residents, limit 30 words, please e-mail two63059@gmail.com.

Business classifieds (offering a service or product line for profit) are \$50, limit 40 words, please contact Peel, Inc. Sales Office at 512-263-9181 or advertising@PEELinc.com.

VFW Hall Post 8905
21902 HWY 290 (next to Carl's BBQ)

Family fun event with
barbecue, entertainment, face painting,
silent auction, and raffle
www.laylagrace.org

For most parents, the thought of having a child with cancer is among the worst possible things imaginable. For the Marsh family, it was a harsh dose of reality. At the beginning of May 2009, Ryan and Shanna Marsh were happily raising their three daughters in Cypress, Texas, when their youngest, Layla, began to suddenly show signs of illness.

On May 7, 2009, the doctors revealed that precious Layla had a massive cancerous tumor (Stage 4 Neuroblastoma) in her abdomen. The tumor extended from above her left kidney, around her side, over her belly and wrapped around her aorta. In addition, the cancer had attacked Layla's bone marrow and bones. She fought a valiant fight, but gained her eternal wings March 9, 2010.

On May 8, 2010, the Cypress community is coming together to host a BBQ fundraiser at the VFW Hall on HWY 290 to raise awareness of Neuroblastoma and to raise money for the **Layla Grace Foundation** to help fund Neuroblastoma research. A live and silent auction will take place with games and activities for the children and door prizes. A live band, Beyond Reason, will be performing along with as much other fun and entertainment that we can round up.

Local businesses and individuals can donate items, gift cards, and services to be auctioned off or included in a raffle. Food and services supporting the benefit itself are welcomed as are monetary donations. There is still a great need for businesses and individuals to contribute towards these particular areas.

For more information, please email benefitforlayla@yahoo.com.
For more information about Layla, visit www.laylagrace.org.

News, News, and More News

Cypress Point Circular

Hello everyone! I will be taking over the Cypress Point newsletter. My intentions are to make this a more community oriented newsletter. I also write a newsletter for my former subdivision and have for about 10 years. I like to include current events taking place in the subdivision in addition to anything happening in our resident's lives as well. So, I'm asking for your help. In my old subdivision, I send out an email to all residents (that have sent me their email address, over 250!) on the 1st day of each month. I ask if they have anything they would like to submit for the newsletter to please have it to me by the 8th of the month as MY deadline is the 10th. If you want to be included in the Cypress Point email each month, please email me your email address to two63059@gmail.com. Do you have a special anniversary coming up (50th, 25th, 1st, etc), a special birthday or birthday wish you would like to send to your spouse, child, neighbor, etc, a special accomplishment that your child has done that you would like to recognize (home run, touch down, straight A's, award, etc), a great recipe that you just discovered, etc. Anything that we can put in the newsletter to make it more community friendly! Don't hesitate, send it in. You can also put classified ads in the newsletter free of charge. These ads are for residents selling items such as a furniture, bicycles, pool tables, etc). Ads promoting your products (Avon, House Painting, Fence Builders, CPA, etc) are not free and you must go through www.PEELinc.com for advertising rates.

--Tammie Ogradowicz

Teenage Job Seekers

We will be re-instating this column in the newsletter and is strictly for teens and college students. If your child would like to baby sit, pet sit, house sit, tutor, mow yards, etc., please send me your child's name (first and last), date of birth and phone number and what all categories they would like to be placed under to: two63059@gmail.com. Also if your child is Red Cross Certified, please let me know that as well and there will be an * by their name to show this certification.

Layla Grace Marsh Benefit

A benefit will be held for the Cypress Point family of Layla Grace Marsh on May 8th. Several Cypress Point residents have gotten this benefit together to show the Marsh family that we as their neighbors, are here for them during this difficult time in their life. The benefit will be held at the Cypress VFW Post 8905, located at 21902 Hwy. 290 right next to Carl's BBQ. Proceeds will go to help the Marsh family with their rising medical bills and a portion will also be given to the Layla Grace Foundation to help fund Neuroblastoma research. Please join us for a time to get together with family and neighbors for Bar-B-Q (served 11:00 – 3:00, dine in or plates to go), a live band (Beyond Reason), live and silent auctions, a clown and games for the kiddos and much, much, more fun. If you would like to make a contribution and cannot make the benefit, please go to her website at: www.laylagrace.org. If you would like to donate something to the silent auction, please send an email to: benefitforlayla@yahoo.com. MARK YOUR CALENDARS TODAY!!!

Softball in the Community

Spring is in the air and baseball season has begun. The smell of flowers in bloom, trees pollinating and grass clippings takes me to a good time. After learning we have a ball field in the neighborhood I thought about how much fun it would be to play softball with my neighbors. Anyone interested in a little softball fun at the field on a regular basis, no charge like the leagues around, should come out. A great time to come out is in the morning, it is still a little cool and the dew is typically off the grass by ten. Anyone interested in coming out should email me at eric@fsihouston.com and be ready to play. This is open to men, women, young and not as young, and anyone interested in having fun. By the way we will keep score, multiple games are a possibility. –Eric (They probably need a cheering section too!!!)

News, News, News - (Continued from Page 5)

Park Hours at the Rec. Center

Residents, please note that the park closes at 10:00 p.m. There have been numerous complaints about the loud noise occurring late at night with the basketball players. Please try to remember that there are those who are trying to sleep and try to control the noise volume. Three signs have now been posted displaying the park closing hours. If you are found at the park, whether it be playing basketball or just hanging out, you will be considered trespassing. If the complaints keep coming about the noise, the basketball goal will be permanently removed.

Cypress Cyclones

It's that time of year again! Get your swim suits on and your fins ready! Registration for the Cypress Point swim team is once again underway. Practices began the week of April 20th but don't fret, it's never too late to join and they are always accepting new swimmers. Any child through 18 years of age is eligible to join the Cyclones swim team if he/she can swim the length of the pool. Registration is not limited to Cypress Point residents but is open to surrounding neighborhoods without a NWAL sanctioned swim team. It is an excellent way to meet some new people, enjoy the outdoors,

and is great exercise! Meets are held Saturday mornings May 7th through June 19th. We have a FANTASTIC team! Visit www.cypresscyclones.com to learn more, or email cypresscyclones@yahoo.com. See you in the water!

Graduating Class on 2010

I will be doing a "Senior Edition" of the newsletter in July. If you have a senior in your household (not a senior citizen!!!), please submit the following information to me as soon as you have all the information. The deadline for senior information will be June 8th. I will be looking for the following: students name, school (some will be graduating from private schools and college as well as Cy-Woods), street name, parents and siblings name, any special accomplishments, awards or clubs they belonged to while in high school or college, plans for the future (college or work - not all high school grads plan to attend college) and anything special you would like to say (we love you, mom, dad, joe, jane, the dog etc.) I devote the entire newsletter to the senior class, they deserve it, they worked long and hard for this day! Please email me your students information to: two63059@gmail.com. I don't want to leave anyone out on this VIP edition.

Mother's Day

Mom you are a shining star though the world doesn't know your name.
 You have no fancy title like Baroness or Dame.
 Mom you really are a star, my mother mentor and friend.
 A Nobel Prize for motherhood is what I'd recommend.
 And if I won the lottery I'd share my win with you
 I'd take you Mom on a spending spree each day the whole year through!
 You may not be famous, as your face is known to few.
 But Mom I think you are wonderful and I'm so proud of you!

*Happy Mother's Day to all our Cypress Point
 Mothers & Grandmothers!!!*

Electricity is **ON SALE** at StarTex Power!

Alan "Petrodamus" Lammey, host of 'Energy Week', can be heard every Sunday on 1070 KNTH in Houston.

I'm Texas Energy Analyst, Alan Lammey. In case you didn't know, electricity rates are currently at lows not seen in years, which means that NOW is the time to lock in a very low electricity rate with the provider that I highly recommend to all my radio show listeners: StarTex Power. StarTex Power is local and reputable, with some of the most competitive rates available in all of Texas. You can switch right online at www.StarTexPower.com

Sign Up Today Online: www.StarTexPower.com or call 866-917-8271
PLEASE USE "NEIGHBORHOOD NEWSLETTER" as your referral!

*"Highest in Residential Customer Satisfaction
 with Retail Electric Service"
 ... J.D. Power and Associates*

StarTex Power received the highest numerical score among residential electric service providers in Texas in the proprietary J.D. Power and Associates 2009 Texas Residential Retail Electric service Satisfaction Study™. Study based on responses from 6,890 consumers measuring 15 providers and measures opinions of consumers with their electric service provider. Proprietary study results are based on experiences and perceptions of consumers surveyed between October 2008 and June 2009. Your experiences may vary. Visit jdpower.com.

Can the Weather Affect My Child's Asthma?

Weather and Asthma

The effect of weather on asthma symptoms isn't fully understood, but clearly there is a link. Numerous studies have shown a variety of connections, such as increases in asthma-related emergency department visits when certain weather conditions are present. Some people find that their asthma symptoms get worse at specific times of year. For others, a severe storm or sudden weather change may trigger an attack.

Exposure to cold, dry air is a common asthma trigger and can quickly cause severe symptoms. People with exercise-induced asthma who participate in winter sports are especially susceptible. Dry, windy weather can stir up pollen and mold in the air, leading to problems for some people.

Hot, humid air also can trigger asthma symptoms, and wet weather encourages the growth of mold spores, another asthma trigger. In certain areas, heat and sunlight combine with pollutants to create

ground-level ozone, which is also an asthma trigger.

Studies have shown that thunderstorms can trigger asthma attacks. One study showed that during thunderstorms, the daily number of emergency department visits for asthma increased by 15%. The study concluded that the problem was caused by the number of fungal spores in the air, which almost doubled. It wasn't rain, but the wind, that caused this increase. Changes in barometric pressure may also be an asthma trigger.

Avoiding Allergy Triggers

If you suspect weather is playing a role in your child's asthma, keep a diary of asthma symptoms and possible triggers and talk to your child's doctor. Once you know what kind of weather triggers asthma symptoms, you can take steps to protect your child:

- Watch the forecast for pollen and mold counts as well as other conditions (extreme cold or heat) that might affect your child's asthma.

Experience Matters
Doing business for
30+ years.

Can the Weather Affect... - (Continued from Page 8)

- Limit your child's outdoor activities on peak trigger days.
- Make sure your child wears a scarf over his or her mouth and nose outside during very cold weather.
- Keep windows closed at night to keep pollens and molds out. If it's hot, use air conditioning, which cleans, cools, and dries the air.
- Keep your child indoors early in the morning (before 10 AM) when pollen is at its highest levels.
- Your child shouldn't mow the lawn or rake leaves, and should be kept away from freshly cut grass and leaf piles.
- Dry clothes in the dryer (hanging clothes or sheets to dry can allow mold or pollen to collect on them).
- Make sure your child always has rescue medication on hand.

Your child's written asthma action plan should list weather triggers and ways to manage them, including any seasonal increases in medication. A child whose asthma seems to be allergy-related may also need to see an allergist for medication or allergy shots.

CYPRESS FELLOWSHIP

a real church, with real people, offering real hope.

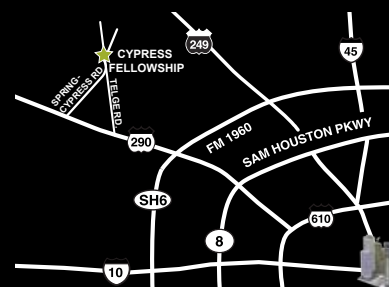

At Cypress Fellowship, we believe that life is about relationships! We know the joy and heartache that we experience in this life is a direct result of our relationships. The first and most important relationship that we can have is with Christ. In Christ, we become free to experience real relationships with others. While you are here, we hope that you will find hope and healing for your relationships. In the meantime, we look forward to beginning a new relationship with you!

Recipe of the Month

Cheesy Potatoes

6 medium potatoes, cooked & chunked
Pour cooked potatoes into a lightly greased 8 x 10" baking dish.

Cook the following in ¼ lb. margarine or butter until tender:

- 1 small onion, chopped
- 1 green pepper, chopped
- 3 stalks celery, chopped

Add the following to cooked vegetables:

- 1 can cream of mushroom soup
- 1 small can evaporated milk
- ½ lb. Velveeta cheese
- 1 small jar pimentos

Sprinkle with parsley if desired. Stir until cheese melts and pour over potatoes. Bake in 350 degree oven until bubbly.

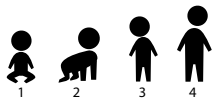

COLIN'S HOPE

Increasing water safety awareness and standards

FACTS YOU NEED TO KNOW ABOUT DROWNING

Drowning is the leading cause of unintentional injury-related death in children ages 1-4

DROWNING WILL AFFECT YOU OR SOMEONE YOU KNOW

Drowning is the 2nd leading cause of unintentional injury-related death ages 1-14.

For more information, check out our website at www.colinshope.org

DROWNING CAN STILL OCCUR EVEN IF YOU KNOW HOW TO SWIM

NO ONE is "drown proof" – no matter their level of swimming ability.

Falls, entrapments, and injuries lead to drowning regardless of swimming level.

A majority of people overestimate their own and their child's ability to swim, especially in a panic event.

DROWNING IS QUICK AND SILENT

Drowning occurs in as little as 2 minutes.

Irreversible brain damage occurs in as little as 4 minutes.

Most children are out of sight or missing for less than 5 minutes and usually in the presence of 1 or both parents.

Most children die who are submerged for as little as 6-10 minutes.

Children who drown do not **scream, splash, or struggle**. They silently slip beneath the water, even with adults & lifeguards present.
