COLIN'S HOPE

Increasing water safety awareness and standards

FACTS YOU NEED TO KNOW ABOUT DROWNING

Drowning is the leading cause of unintentional injury-related death in children ages 1-4

DROWNING WILL AFFECT YOU OR SOMEONE YOU KNOW

Drowning is the 2nd leading cause of unintentional injury-related death ages 1-14.

For more information, check out our website at www.colinshope.org

DROWNING CAN STILL OCCUR EVEN IF YOU KNOW HOW TO SWIM

NO ONE is "drown proof" – no matter their level of swimming ability.

Falls, entrapments, and injuries lead to drowning regardless of swimming level.

A majority of people overestimate their own and their child's ability to swim, especially in a panic event.

DROWNING IS QUICK AND SILENT

Drowning occurs in as little as 2 minutes.

Irreversible brain damage occurs in as little as 4 minutes.

Most children are out of sight or missing for less than 5 minutes and usually in the presence of 1 or both parents.

Most children die who are submerged for as little as 6-10 minutes.

Children who drown do not **scream, splash, or struggle**. They silently slip beneath the water, even with adults & lifeguards present.

Playground Safety & Adult Supervision

You can make the playground a place that's entertaining and safe for your kids by teaching kids how to play safely is important: If they know the rules of the playground, they're less likely to get hurt.

Parents can help prevent playground accidents by taking some precautions, ensuring that there's adult supervision at the playground, and making sure that the equipment is appropriate to a child's age and maturity level.

Adult supervision can help prevent injuries by making sure kids properly use playground equipment and don't engage in unsafe behavior around it. If an injury does occur, an adult can assist the child and administer any needed first aid right away.

Kids should always have adult supervision on the playground. Children can't always gauge distances properly and aren't capable of foreseeing dangerous situations by themselves. Older kids like to test their limits on the playground, so it's important for an adult to be there to keep them in check.

ATTENTION RESIDENTS:

Call Before You Dig Request

To prevent service outages, please, prior to performing work on your property, call the "Texas One Call System at 811". They will mark the location of the utility lines easement within your property. Remember, damages to any utility lines within your property can affect services to YOU and YOUR neighbor's homes. Thanks for taking time to call before you dig! Texas One Call System: dial "811" or 1.800.245.4545

Deed Restriction Process

- 1st letter: Notifying owner of violation and giving them (30 days) to cease and desist. (Legally no further letters can go out for this violation until the (30 days) has expired)
- 2nd letter: After the (30 days) has expired from the 1st letter a 2nd letter notifying the owner of violation will be sent. (Please note that depending on what the violation is the board can send the account to the attorney when the (30 days) has expired from this letter.)
- 3rd letter: This letter is optional to the board and depending on what the violation is they do not always feel the need to send a 3rd letter.

Festivities included bounce houses, a DJ & games, balloon twisters and more! Every "bunny" had a fabulous time with special guest Peter Cottontail! A Huge thank you to Shane Rogers, State Farm Insurance, for sponsoring the SplashPad moonwalk!

Special thanks to the Cy-Fair Key Club for volunteering to "hide" the eggs. Special thanks also goes to Lori Logan Family & Cosmetic Dentistry for helping us stuff some of our eggs!
