## **DEED RESTRICTIONS**

### *Prohibit Fireworks*

The Board asks that residents refrain from celebrating the holidays with the use of fireworks and firework displays. This not only poses a nuisance and disturbance to your neighbors, it also leaves a messy aftermath to be cleaned up. Thank you for helping to keep Stone Gate community firework free!

## We Provide Expert Care STAT!

Did you know that in many hospital emergency rooms, you could spend up to 10 hours in the waiting room while your condition possibly worsens? If you are experiencing a true medical emergency, minutes can be critical. That's why it's important to see an expert as quickly as possible.

At Texas Emergency Care Center, you will always be seen by a physician who is Board Certified in Emergency Medicine. What's more, the average wait time is less than 20 minutes, depending on the severity of patients being treated.

## HURRICANE SAFETY

Hurricane season is here! In the event another hurricane heads our way this year, please see the following hurricane safety information provided by State Farm Insurance ([www.statefarm.com](http://www.statefarm.com)). The Legends Ranch Traffic & Safety Committee encourages everyone to prepare a plan and take proper precautions before, during, and after the storm.

### BEFORE THE HURRICANE:

- Decide whether you will go to a shelter, safer place inland, or stay home (if local authorities permit you to stay) and make sure your relatives know where you will be.
- Stock plywood and materials you may need to board up windows before you leave.
- Move garbage cans and other large objects inside the house or garage.
- Make a family emergency/disaster kit - include water (plan on three gallons per person, per day for all uses), non-perishable food, non-electric can opener, medications, and copies of important personal documents.
- Fill your car with gas.
- Organize an evacuation plan and establish a safe meeting place and/or contact person should your family get separated.
- Learn which weather conditions could prompt disasters, and when these conditions occur, listen to radio or TV broadcasts for emergency information.
- Evacuate immediately if told to do so.

### DURING THE HURRICANE:

- If you go to a shelter or inland, go directly there.
- If you live in a sound structure outside the evacuation area and do not live in a mobile home, stay home and take these precautions:
- Stay indoors and away from windows and glass doors. Get on the opposite side of the house from the wind. Find a safe area in your home (an interior room, a closet or bathroom on the lower level).
- If flooding threatens your home, turn off electricity at the main breaker.

- If you lose power, turn off major appliances such as the air conditioner and water heater to reduce damage.
- Do not use electrical appliances, including your computer.
- Do not go outside. If the eye of the storm passes over your area, there will be a short period of calm, but at the other side of the eye, the wind speed rapidly increases to hurricane force and will come from the opposite direction. Also, it is easy to be hit and seriously injured by flying debris.
- Beware of lightning. Stay away from electrical equipment. Do not use the phone or take a bath/shower during the storm.

### AFTER THE STORM:

Typically, more deaths occur after a hurricane than during. These deaths come from people being too anxious to get outside and survey the damage where they come into contact with downed power lines or unstable trees, etc. Follow these suggestions for staying safe after the hurricane:

- Remain indoors until an official "all clear" is given.
- Do not touch fallen or low-hanging wires of any kind under any circumstances. Stay away from puddles with wires in/near them. Do not touch trees or other objects in contact with power lines.
- Use phones only for emergencies. Call 911 only for life-threatening situations.
- Call police or utility companies immediately to report hazards such as downed power lines, broken gas or water mains, overturned gas tanks, etc.
- Watch for weakened roads, bridges, tree limbs or porches which could collapse unexpectedly.
- After power is restored, check refrigerated food for spoilage. Spoiled food is the cause of much sickness two days to a week after the storm.
- When reinstalling a CB, TV or satellite antenna, check in all directions to be sure no power lines are nearby. The same goes for climbing trees to clear debris.
- Do not operate charcoal grills, propane camping stoves or generators indoors.

## 4th of July Cake Decorating

To make a flag cake, bake a 9x13-inch cake. You'll need a cake mix, two pints of strawberries, one pint of blueberries, and whipped icing.

- Wash and drain the blueberries on paper towels.
- Wash and drain the strawberries. Stem them and cut them into halves.

- Spread the icing generously over the cake.
- In the top left-hand corner of the frosted cake, arrange the blueberries into an outline of a rectangle that is 5 inches wide and 4 inches tall. Press the berries down into the frosting.
- Fill the blueberry outline in with the remaining blueberries. The blueberries look best if placed in rows: the icing between them resembles stars.
- Place strawberry halves cut-side down in rows going across the cake horizontally. The bottom stripe of the flag is red, so start the first row at the bottom. Be sure to press the berries down into the frosting so the stripes will not be raised above the fluffy frosting.

## Fairfield Sports Association

Baseball and Softball is wrapping its season up but we have others around the corner. Summer Basketball is getting underway and we have Soccer and Volleyball in the Fall. We are making changes in two important areas. We have a new website so check it out. This is more user friendly especially for you MAC folks. We also have a new registration website. This one will allow your family to create a family account. Your contact info is retained as your children play in Fairfield Sports. No more entering in the same information for each sport and each year. Also its one stop checkout with one payment.

- Login is through the Fairfield Sports Website. <http://www.fairfieldsports.net>
- All families will be required to create an account the first time logging into our system. Please add all family members, players and parents by choosing the add children or add adult options (alternate contact information such as phone numbers and emails can be added when another adult is added to the account).
- This system will keep track of your account information for all sports that your children want to participate in. No more re-entering contact and address information each time you want to register.
- When each sport has its standard registration process usually 2-4 weeks before tryouts, you will be able to register and make payments

for any of the available programs. Through the registration system you will have access to all account information, including payments due, payments received, due dates, outstanding balances, etc.

- If you have multiple players, please register them all at the same time. To do this after completing one registration click the continue shopping button to register another player.
- The entire registration process occurs over a secure server using the highest security currently available.

### FAIRFIELD SOCCER

Registration for another exciting year of Fairfield Soccer has begun. Our registration will go from June 19, 2010 to July 18, 2010. The fees for the 2010 season will be \$115 for 4-6 year olds and \$125 for 7-13 year olds, and individual sponsorship fees are \$15 per player. As teams have successfully done in the past, we recommend that you speak to local businesses and ask them for sponsorships (they will receive a plaque in recognition of their generosity).

### NEW FOR THIS SEASON

We upgraded the uniforms (images will be posed to the Fairfield Sports Association Facebook page.) In the spirit of the World Cup this summer, all uniforms will be part of an International Series

## COLIN'S HOPE

*Increasing water safety awareness and standards*

### FACTS YOU NEED TO KNOW ABOUT DROWNING

Drowning is the leading cause of unintentional injury-related death in children ages 1-4

### DROWNING WILL AFFECT YOU OR SOMEONE YOU KNOW

Drowning is the 2nd leading cause of unintentional injury-related death ages 1-14.

For more information, check out our website at

[www.colinshope.org](http://www.colinshope.org)

### DROWNING CAN STILL OCCUR EVEN IF YOU KNOW HOW TO SWIM

NO ONE is "drown proof" – no matter their level of swimming ability.

Falls, entrapments, and injuries lead to drowning regardless of swimming level.

A majority of people overestimate their own and their child's ability to swim, especially in a panic event.

### DROWNING IS QUICK AND SILENT

Drowning occurs in as little as 2 minutes.

Irreversible brain damage occurs in as little as 4 minutes.

Most children are out of sight or missing for less than 5 minutes and usually in the presence of 1 or both parents.

Most children die who are submerged for as little as 6-10 minutes.

Children who drown do not **scream, splash, or struggle**. They silently slip beneath the water, even with adults & lifeguards present.

## Fairfield Sports Association - (Continued from Page 12)

from Xara Sports. We are very happy with the improved quality and look of the jerseys, and think you will agree. Also, this year we are including the jersey, socks, AND SHORTS, AND A SOCCER BALL with your fee. New, better quality jerseys, a complete uniform that includes socks and shorts, and a soccer ball; we hope you're as excited about the improvements in the uniforms as we are. The changes we've implemented also include a new training package for coaches. This package is optional to use, free, and will be included with your team uniforms when you pick them up.

### START OF THE SEASON

The start of the season depends on the ability to have the fields ready on schedule. Three years ago, 10 people worked to prepare the fields and the work was complete in 4 hours. Two years ago we had 6 people and it took a day and a half. Last year only 3 people set up all of the fields and it took 4 days to complete. We are seeing negative participation in this effort, and I believe it is largely due to poor communication on our part, and your concern about the commitment when asked to volunteer. Therefore, this year I am scheduling Saturday, July 17th as the official field set up day, and I need 40 people to volunteer for only 1 hour. Just 60 minutes, and we'll have everything done... if we get enough people. I'm asking you to make this minimum commitment to make sure we can start

the season on time (again, the committee will be short staffed this year). We will meet at the Schiel Road fields (Weaver Complex) at 9:00am (and you'll be done by 10:00am).
