The 3rd Annual Colin's Hope Classic Was a True Success

*Proud Sponsor of the Third Annual
Colin's Hope Golf Tournament*

Summer and swim season are just around the corner, so there's no better time to start thinking about water safety and drowning prevention! Cue the 3rd annual Colin's Hope Classic golf tournament hosted by the Austin-based non-profit organization, Colin's Hope. On April 13th, 110 golfers teed up to spend their day in support of the charity's mission to promote water safety awareness and help prevent childhood drowning. The beautiful Flintrock Falls Golf Club was the backdrop for a spectacular spring day filled with fun and fundraising. And 100% of the money raised that day will go toward making children safer in and around the water this summer!

The inaugural tournament was held in April 2009, just 8 months after the organization was launched in 2008 in honor of 4-year-old Colin Holst, who drowned in an Austin-area public pool. Since then, fueled by hope, passion and an army of tireless and dedicated volunteers, Colin's Hope has moved from a grassroots charity to a nationally recognized organization. The organization now has partnerships with Schlitterbahn, YMCA, Safe Kids Austin, the American Red Cross, the United Way and the Central Texas Water Safety Coalition, IPSSA Austin, City of Austin, not to mention Olympic gold medalist Brendan Hansen and Dr. Ari Brown. All of these relationships have helped Colin's Hope spread the word that, in most cases, drowning is preventable! The charity has developed a Water Guardian pledge and a badge, which is worn by a designated adult who takes responsibility for staying focused on children who are in the water. In addition, it promotes 7 key drowning prevention tips to help save lives, all of which can be found on their website at www.colinshope.org. In addition, Colin's Hope has

WHY CHOOSE *The Hyatt Agency* FOR ALL YOUR INSURANCE?

Helpful Tips:

- Many of the clients we come across are currently paying premiums on the value of their home, including the land. This is a waste of money. No homeowners insurance covers the land. Homeowners insurance should be based upon the replacement cost of your home, not the market value....
- Many of our clients were previously paying for "personal injury protection" on their auto insurance while at the same time paying for / having a good health insurance policy in place. This is usually duplicate / unnecessary coverage that is wasting your money....
- In today's litigious world it never hurts to have increased personal liability limits on your household. Homeowner, Personal Liability Insurance, pays for most things for which you could be found liable, short of work and auto related incidents. We have helped many of our clients protect their hard earned assets by increasing their liability coverage. For example, on an average home, the cost of increasing your liability coverage from \$300,000 to \$1,000,000 can be as low as \$1.25 a month....
- We can save a typical household at least \$500 a year just by combining their home and auto policies. We can save even more by combining home, auto, and Life insurance.

Colin's Hope- (Continued from Cover Page)

Colin's Hope has become one of the "go to" organizations in the community for water safety questions and concerns. Just recently, Colin's Hope was featured in a local TV news segment regarding foreclosed homes with pools with no fences or protective barriers. The organization's executive director, Alissa Magrum, was alerted to two such homes and took immediate action, letting the bank owners as well as the neighbors and the community know of the inherent danger of this type of situation. Drowning can and will affect you or someone you know!

The 2011 Colin's Hope Classic was sponsored by 25 companies and almost 50 donors, whose generosity has only grown over the past 3 years. In addition, more than 75 volunteers donated their time, energy and talents to make the tournament happen as well. Prizes were awarded for the top 3 scoring teams, as well as for longest drive, longest putt and closest to the pin. In addition, one winning golfer was drawn to participate in a \$2000 50-foot putt challenge and two golfers were drawn for a \$100,000 shoot-out for a 165-yard hole-in-one challenge. However, the only big winners on this day were the children and families Colin's Hope works to protect!

The organization is now beginning to see the first proof of its success in our community! The number of drownings in the Austin area declined in 2009 and in 2010 as compared to the 2008 launch year. In the two highest-risk zip codes in Austin in which Colin's Hope focused its attention and education during its 2010 initiatives, the number of drowning deaths was reduced to zero! Colin's Hope strongly believes that its presence in the community is responsible in many ways for these changes, and that is why all those golfers, sponsors, volunteers and families really came out on April 13th for the Colin's Hope Classic. Because Colin's Hope will help save the life of a child this summer! Swim safe!

Bee Cave Public Library Events in May

Story time continues year-round in Community Room A above the library inside City Hall. Storyteller “Ms. Laurie” Works and her mascot puppet, “the Bee Cave Bee,” delight children 4 times a week with stories, songs, fingerplays, and more. Thursday’s sessions at 10:30 and 11:15 am are aimed at preschoolers ages 3-5, while Friday’s sessions at 10:30 and 11:15 are designed for toddlers—simpler stories and songs for shorter attention spans. At the end of each session, “if the children have been good listeners,” according to Ms. Laurie, the Bee makes an appearance to greet her fans, often wearing a costume to match the day’s theme. Seen here, the Bee is dressed as a police officer in honor of the day’s guest reader, Officer Mark Kessler from the Bee Cave Police Department. In the second photo, Officer John Meiners is seen with Ms. Laurie singing the good-bye song at the end

of story time before heading out to show off the police cruiser to the youngsters. At the end of the morning, a grateful fan shows his appreciation!

For adults who enjoy reading and relaxed conversation, check out the Bee Cave Book Club, which meets the first Monday of each month at the Barnes & Noble in the Hill Country Galleria, across the street from the library. On May 2, the group will be discussing a nonfiction title, *The Great Influenza: The Epic Story of the Deadliest Plague in History*, by John M. Barry. For the June 6 meeting, the selection is *The Magicians*, a novel by Lev Grossman. New members are always welcome, and are encouraged to come, even if you haven’t read the book! Discover the Magic of Reading at Bee Cave Public Library This Summer!

Submitted by Barbara Hathaway, Library Director

Bee Cave Public Library invites everyone to "Discover the Magic of Reading!" this summer. The sixth annual Summer Reading Program will kick off on June 4th when everyone is encouraged to read just for fun. This year's Summer Reading Program has a "magical" theme, in honor of the release of the last of the Harry Potter movies, based on the ever-popular series of books about the boy wizard and his adventures. Readers of all ages are invited to keep a log of the minutes spent reading, and turn them in to earn fun prizes. Children who read at least 400 minutes will have their photo taken for a personalized poster that will hang on the library wall throughout the summer. "We began doing the posters our first summer, in 2006, to give the kids a little extra incentive to read. It was so popular we've continued it ever since," commented Library Director Barbara Hathaway. "Children enjoy seeing their picture up on the wall, and looking for their friends' photos. The excitement builds throughout the summer as more and more posters go up, and the whole community gets a kick out of seeing them."

This year's Summer Reading Program is expected to serve more than 800 children, and includes book clubs for readers of all interests and reading levels, including American Girl, Star Wars, Magic Tree

House, and Harry Potter. A complete calendar of events will be available soon on the library's website at <http://pl.beecavetexas.gov>.

SPONSORS NEEDED!

All children who read at least 400 minutes will receive a special water bottle made possible by the generous donation of this year's sponsor, the Shops at the Galleria and Broadway Bank. Also partnering with the library to help support the program are local businesses Your Personal Best Physical Therapy, A+ Federal Credit Union, Ben Archer State Farm Insurance, and Rigby Advanced Dentistry. Other businesses wishing to participate should contact Library Director Barbara Hathaway at 767-6624 or bhathaway@beecavetexas.gov. In addition to direct donations, the library is also seeking gift cards and in-kind donations to use as prizes for the adult and teen program.

Visit the library website <http://pl.beecavetexas.gov> for information about all library activities and programs, or call 767-6620. Bee Cave Public Library is located in the Hill Country Galleria, at the intersection on Highway 71, Ranch Road 620 and Bee Cave Road (FM 2244). All events are free, and open to the public. Announce Partnership with Liverpool Football Club

'The Liverpool Way' is coming to the United States. The Lake Travis Youth Association (LTYA) and Dynamo Juniors of Central Texas are proud to announce a partnership with Liverpool Football Clubs Academy which will allow LTYA and Dynamo Juniors of Central Texas to teach and implement the same technical, developmental program implemented at Liverpool's Academy, making LTYA/Dynamo Juniors of Central Texas the only Liverpool Football Club International Academy approved program in the US.

Liverpool's technical program was developed by Josep Segura, who was brought to the club by Rafa Benitez to revamp the clubs Academy. Pep's learned his coaching education at Barcelona's youth Academy and merged that development system responsible for developing some truly world class talents, including Iniesta, Xavi and Messi with Liverpool's existing development program which was responsible for developing more world class stars in Gerrard, Carragher and Owen to create the ultimate development system, 'The Liverpool Way'.

"This is a monumental day for the Elite youth soccer player in Central Texas, now not only do we have the pathway to the top level in the United States through our partnership with the Houston Dynamo but we also have what is in my opinion the best proven development system in the world". Says Paul Dalglish, "I feel honored and privileged I have been trusted with bringing 'The Liverpool Way' to America."

TxDOT and City of Lakeway Warn: Talk. Text. Crash.

With technology at their fingertips, drivers are constantly faced with distractions such as talking or texting, putting their safety and that of others at serious risk. April is National Distracted Driving Awareness Month and the City of Lakeway is proud to join the Texas Department of Transportation (TxDOT) in its Talk. Text. Crash. Campaign to raise awareness of the dangers associated with distracted driving and to encourage Texans to put down their cell phones while driving.

Distracted driving is becoming increasingly common and dangerous, causing traffic crashes and fatalities. Data from the National Highway Traffic Safety Administration (NHTSA) shows the proportion of fatalities reportedly associated with driver distraction increased from 10 percent in 2005 to 16 percent in 2009. In fact, 20 percent of injury crashes nationally in 2009 involved reports of distracted driving.

This deadly trend is mirrored in Texas, where nearly one in four crashes involves driver distraction, according to TxDOT. In 2009 alone, over 100,000 vehicles were involved in crashes where distraction in vehicle, driver inattention, or cell phone use was cited. Sadly, 408 of those crashes were fatal.

Drivers can be distracted by conversing with other passengers, eating, smoking, manipulating dashboard controls, reaching for something in the vehicle, and talking or texting on a cell phone. Among the many distractions drivers face on the road, cell phone use is one of the most common and a major cause of distracted driving traffic accidents and fatalities. At any given moment during the daylight hours, over 800,000 vehicles are being driven by someone using a hand-held cell phone, according to NHTSA. In 2009, 3,308 crashes in Texas were attributed to cell phone use and 41 of those crashes were fatal.

"Drivers simply do not realize the dangers that are posed when they take their eyes and minds off the road and their hands off the wheel and focus on activities other than driving," said Carol T. Rawson, P.E., TxDOT's Traffic Operations Division Director. "Talk. Text. Crash. reminds Texans of the consequences associated with distracted driving. Eliminating distractions and putting away their cell phones while driving can and will save lives."

The Talk. Text. Crash. Campaign aims to reduce distracted driving, not only for National Distracted Driving Awareness Month, but throughout the year. Although cell phone use is the most easily recognized distraction, all in-vehicle distractions are unsafe and can cause crashes or fatalities. Lakeway Mayor Dave DeOme reminds drivers to put away their cell phones and wait until they arrive at their destination to use their phone.

Teacher Appreciation

Honor a Special Teacher

Now more than ever, our Lake Travis ISD teachers could use a show of support. Tell them how you feel through LTEF's Teacher Appreciation Campaign.

It's so easy! Just visit LTEF's website (www.laketraviseducationfoundation.org) to send a note describing a teacher's (or staff member's) special qualities, along with a recommended tax deductible donation of at least \$25 (per teacher), to the Lake Travis Education Foundation. The Foundation will send a letter to the honored teacher sharing

your appreciation, and will also notify the campus principal of your encouraging words. Your donation will then be channeled into grants for needed classroom projects on every campus.

As this school year comes to a close, tell your teacher exactly what's on your mind. Or honor a teacher who had a profound impact on your child in earlier years. Teachers tell us, year after year, how much they treasure these tributes like no other gifts received.

You will be acknowledged as a Friend of the

Foundation, and you'll be making a positive impact on education in our school district while sending a lasting tribute to a special person in your child's life. Contributions received by May 20th will be shared with the Lake Travis ISD teachers before the school year ends. While most Teacher Appreciation contributions are received as end-of-year gifts, the Lake Travis Education Foundation runs the Teacher Appreciation Campaign throughout the year because it's ALWAYS a great time to thank a teacher!

CAVALIER EX'S CONTRIBUTE TO LONGHORN DIAMOND SUCCESS

Walla takes a high ball four for a free pass in a recent game for the Longhorns.

Two Lake Travis High Ex's—Chance Ruffin and Cohl Walla—have contributed to the success of Longhorn Baseball teams. As a junior pitcher, Ruffin was the premier closer for the Longhorns and all of NCAA baseball last year. Chola Walla has been one of the 'Horns better hitters this and last year.

As a right-handed closer, Ruffin had a 6-1 record for the Longhorns last year. He led the NCAA Division I in strike outs at 13.5 per nine inning game. With a fast ball in

the mid-90 mph, a slider and curve ball, he ranked high in NCAA categories with a 1.11 ERA, 14 saves, and an opposing batting average of .180 for the 'Horns. He was named as a 2010 All-Big 12 first team pitcher. He nearly contributed to the Longhorns' return to the College World Series (CWS), but the return was sidelined when 'Horns lost to TCU in a three-game super regional last June.

He had a won-loss pitching record of 8-3 in 2008 and 10-2 in 2009 for the Longhorns. One of many 2009 honors was a first team selection for the All-Big 12 team.

In deferring his senior year, Chance entered the MLB supplemental draft and was selected in the first round by the Detroit Tigers, signing for six figures. Baseball America's 2011 Prospect Handbook said he had the "best slider in the Tiger system." Sporting News' 2011 Baseball Annual ranked him fourth among Tiger "Down on the Farm" prospects, saying he "was perhaps the most dominant pitcher in college baseball last year." He was scheduled to start in the AA minor leagues this year.

With a number one on his uniform Cohl Walla worked himself into the starting lineup early last season. As a right-handed batter he had the team's third best batting average of .316. He started 52 of 62 games, delivering 72 hits, 40 RBI's, a slugging percentage of .491, and an on-base percentage of .357.

This year he has started most of the Longhorns' early games and had the third best batting average, although the team has been facing better pitching this year. The team continues to be ranked in the Top 10 of college baseball and expects another run for a CWS berth with the help of Walla.

News You Can Use

RANGO

Johnny Depp voices the scaly, heroic title character in "Rango."

Industrial Light and Magic sure knows how to make a great first impression. "Rango," the first-ever animated feature created by the George Lucas company, is an impressive adventure film set in the Old West featuring a scrawny pet chameleon as it's courageous hero.

When Rango (Johnny Depp), an aspiring thespian, strolls into the small town of Dirt after landing in the desert, he is given the chance to start on a clean slate and become whoever he wants in his new surroundings. No one in Dirt knows who he is, so he conjures up a few lies and jumps into character as a mysterious gunslinger who isn't afraid of anything the big, bad desert has to offer, including the villainous Rattlesnake Jake (Bill Nighy).

Reminiscent of the storyline in the 1986 comedy "The Three Amigos," the towns people, made up of some bizarre looking creatures, accept Rango into their dried-up community and make him sheriff when he accidentally kills a terrorizing hawk. As sheriff, it's now up to Rango to somehow bring water to the thirsty people of Dirt before more of them pack up and take off in search of the one thing they need to survive the desert heat.

***Starring: Johnny Depp,
Isla Fisher, Abigail Breslin***

***Directed by: Gore Verbinski
("Pirates of the Caribbean")***

***Written by: John Logan
("Gladiator")***

As an animated spaghetti Western, "Rango" takes its original narrative and sets it on a dark and dangerous path most cartoons would never tread. Leave it to director Gore Verbinski, who teamed up with Depp in the first two "Pirates" movies, to find inspiration from Western classics like those from director Sergio Leone. Along with exquisite imagery and witty dialogue from the title character, "Rango" is an imaginative and sort of hallucinatory tribute (see if you can spot the "Fear and Loathing in Las Vegas" reference) to a genre most kids aren't exposed to nearly enough. With a lizard as the lead, this is as kid-friendly as it's going to get.
