ASK THE BOARD

Question & Answer

Question: I just want to know the regulations in putting up a swingset on our backyard. Can we just email the information to the HOA or do we have to send a letter containing the information?

Answer: Any type of modification to your home must receive ARC approval prior to starting the modification. Please visit www.silverlakehoa.com. In the Documents section you will be able to review the ACC Guidelines as well as print out the home improvement form to obtain approval. The ACC Guidelines will provide the approved specifications established for Silverlake.

Question: Where can I get additional Silverlake decals for my vehicles?

Answer: Additional stickers can be requested by emailing us at silverlakehoa@gmail.com or by visiting www.silverlakehoa.com and completing the Contact Us form. The decals are a great help to the deputies in the Sheriff's department.

Question: The yards on multiple homes for sale on my street look like abandoned homes. The yards have weeds 2 feet high, with overgrowth of hedges on one location. Is there anything you can do about this?

Answer: : Due to the current state of the economy, there are a number of foreclosures in Silverlake. Although the board regularly drives throughout the neighborhoods, we don't catch all of the homes that are currently sitting empty. The board would like to ask for everyone's help in this matter. If you know of a home that is no longer occupied, please email us the address and we'll be sure to include the property on our list for mowing by Terra Management. We can be reached at silverlakehoa@gmail.com or by visiting www.silverlakehoa.com and completing the Contact Us form. Remember, all correspondence to the board is kept confidential; we will not disclose your information. We want to keep our neighborhood looking great!

If you have a question for the board, please email us at silverlakehoa@gmail.com.

Silverlake Vehicle Stickers

Do you need Silverlake vehicle stickers? Local law enforcement, Brazoria County Sheriff's Department ("BCSD") has recommended usage of vehicle stickers to more easily identify vehicles that "belong" in our area. Usage of stickers is entirely optional, but we recommend placing them in the lower right hand corner of your rear windshield. To get your stickers, contact us at silverlakehoa@gmail.com.

Splashpad Operating Hours

The Splashpad at 2715 Southwyck Parkway will be operating 8 am to 8 pm, 7 days a week, while the pool is open.

My Story

My name is Dancer. I am a toy poodle. I live with my Mommy, my Daddy, another human, Jasmyn, and two other puppies (strange looking puppies with only two legs), Lyla and Mason. My favorite things are my yellow squeaky ball and my nice soft bed.

Life is fun these days, but Mommy and Daddy say that my life has not always been so nice. They say that I came from a puppy mill in Arkansas. I don't remember it, but Mommy says that the puppy mill humans were bad—that I was sick and I was covered with fleas there. They say that I had chewed over half of my hair off and what I had left was completely matted. (Mommy says that I'm pretty handsome now.)

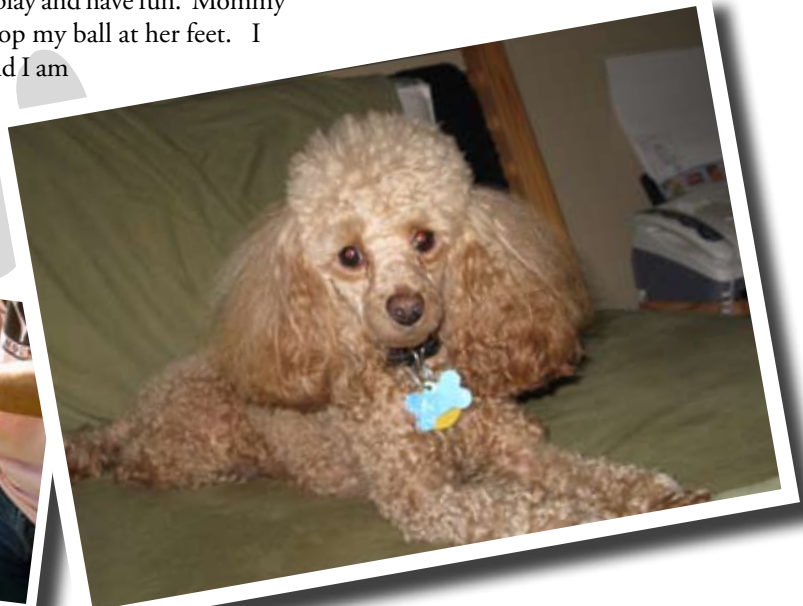

Some people from Poodle Rescue of Houston drove all the way to Arkansas to save me from the bad puppy mill. They brought me back to Houston and took care of me. I was at Poodle Rescue for a month and then Daddy came looking for a dog. Daddy says that he looked for just the right dog—Mommy and Daddy weren't sure that they even wanted a dog, but they said that if they got one, they wanted one with just the right personality. So Daddy came and played with lots of dogs, one of whom was me. I liked Daddy—he smelled like toys and I wanted to go home with him, but he went home and I stayed. The next day Daddy came

back and he brought the whole family! I liked all of them—they smelled so good and I knew that I wanted their home to be my forever home. I was happy, but scared, when they took me to their car and took me home with them.

It took me a while to adjust to my new home—it smelled funny—but happy—and there were lots of things that were scary to me. I had lots of accidents—at the puppy mill, I went to the bathroom in my crate—gross—so it took time for me to learn to go outside, but Mommy and Daddy kept working with me and teaching me. Over time I have learned to not be scared of most things—some things are still scary for me, but for the most part, things don't scare me. I love to run and play and have fun. Mommy likes it when I drop my ball at her feet. I love my family and I am happy that they came to

get me. Mommy said that she sort of wanted a puppy (I was a year old when I came to live with Mommy and Daddy), but she says that she wouldn't trade me for a puppy now.

Mommy and Daddy say that I am the best dog that either of them have ever had, but here's the thing—if Poodle Rescue wasn't there, I don't know what would have happened to me. I was sick and in bad shape. I wonder if I would have been put to sleep... Well, that's not something that I like to think about—Poodle Rescue did come and save me and Mommy and Daddy adopted me, and now I have an awesome life—I even get beef tenderloin from time to time—yum! Just thinking about it makes me lick my lips.

Lemonade Day

Remember the summer when you were 10? No school, going to the pool and playing baseball were all rites of passage. So was building a lemonade stand. What was better than getting together with your friends to have fun and make some money? Today, tens of thousands of kids continue this time-honored tradition every May, but with a greater sense of purpose – Lemonade Day.

Inspired by the vision of Houston entrepreneur, philanthropist and community leader, Michael Holthouse, Lemonade Day was developed by Holthouse's non-profit, Prepared 4 Life, an organization dedicated to helping youth become socially conscious individuals that seek to positively impact their communities. It strives to address an invaluable element missing in many youth education organizations - entrepreneurship. Lemonade Day is P4L's

catalyst for meaningful and sustainable change in communities across the country.

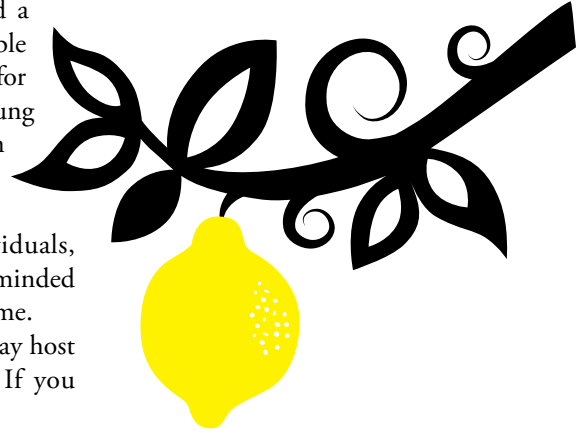

Lemonade Day exists to infuse today's youth with the spirit of enterprise, teaching the basic business & entrepreneurial skills necessary to become successful, contributing members of their communities. This fun, free and exciting program encourages participants to "save a little, spend a little, share a little," instilling valuable principles that will help prepare them for life. Lemonade Day offers many young people their first experience with earning money and opening a bank account. The aim is to build a society of economically empowered individuals, who also are engaged, community-minded citizens - one lemonade stand at a time.

On May 1, 2011 Silverlake will play host to several Lemonade Day stands. If you

should happen to see one of our budding entrepreneurs, please stop by, say hello and buy a glass of lemonade! You can find Lemonade Day stands at the following locations:

Alex – Pocket Park at Creekstone

Carson – Corner of Lakehill and Deerfield in Springbrook

Mr. and Mrs. Paul Olson of Silverlake are pleased to announce the wedding of their son, Eric John Olson, to Margaret (Maggie) Maria Mahoney of Houston. The couple wed at a formal ceremony Saturday, March 5th at 7:00 in the evening at St. Cecilia Catholic Church in Houston.

A formal reception followed, hosted by the bride's parents, with music by Sound Connections Entertainment. The groom's parents hosted a festive Tex-Mex themed rehearsal dinner at Landry's Cadillac Bar, with disc jockey and live mariachi band entertainment.

Maggie is the daughter of James and Barbara Mahoney of Houston. Maggie attended St. Cecilia Catholic School and graduated in 2004 from St. Agnes Academy. She later graduated from Loyola University of Chicago with a B.A. in English with minors in history and theology, and is employed as a religion teacher at St. Cecilia Catholic School.

Curb Numbering

Residents have asked about whether they may paint their house number on the curb in front of their house along with a logo. The Board of Directors has discussed this and feels it is a good idea as it will assist emergency vehicles to identify properties quickly. There are companies that provide standard size numbers and templates of logos such as an American flag, Texas flag, or college/ university logo. The BOD asks that the logo be tasteful.
