## Lakeway Community Blood Drive

The Blood Center of Central Texas has a normal demand for 200 units of blood per day. Summer donations are traditionally less than normal, but demand remains constant. Our Lakeway Community Blood Drive plays a significant role in meeting this requirement.

Our next Lakeway Community Blood Drive will be held on Saturday, July 21st, at the Lakeway Activity Center, from 8:00 to 12:00. We have plenty of open appointments, so please consider donating if you have not already signed up.

To be eligible to donate blood, a person must be at least 17 years of age, weigh at least 123 lbs, and bring a photo ID when they donate. The process takes approximately 30 to 45 minutes. Walk-ins are welcomed, but appointments are honored, so please plan ahead and make an appointment.

To schedule an appointment, call Searcy Willis, Lakeway Community Blood Drive Coordinator, @ 261-9055 (home) or 799-5714 (cell), or email [swillis1@austin.rr.com](mailto:swillis1@austin.rr.com)

## WHY CHOOSE *The Hyatt Agency* FOR ALL YOUR INSURANCE?

### Helpful Tips:

- Many of the clients we come across are currently paying premiums on the value of their home, including the land. This is a waste of money. No homeowners insurance covers the land. Homeowners insurance should be based upon the replacement cost of your home, not the market value....
- Many of our clients were previously paying for "personal injury protection" on their auto insurance while at the same time paying for / having a good health insurance policy in place. This is usually duplicate / unnecessary coverage that is wasting your money....
- In today's litigious world it never hurts to have increased personal liability limits on your household. Homeowner, Personal Liability Insurance, pays for most things for which you could be found liable, short of work and auto related incidents. We have helped many of our clients protect their hard earned assets by increasing their liability coverage. For example, on an average home, the cost of increasing your liability coverage from \$300,000 to \$1,000,000 can be as low as \$1.25 a month....
- **We can save a typical household at least \$500 a year just by combining their home and auto policies. We can save even more by combining home, auto, and Life insurance.**

## PRUNING GUIDELINES FOR PREVENTION OF OAK WILT IN TEXAS

Oak wilt, caused by the fungus *Ceratocystis fagacearum*, is the most destructive disease affecting live oaks and red oaks in Central Texas. Most of the tree mortality results from tree-to-tree spread of the pathogen through interconnected or grafted root systems, once an oak wilt center becomes established. New infection centers begin when beetles carry oak wilt fungal spores from infected red oaks to fresh, open wounds on healthy oaks. Wounds include any damage caused by wind, hail, vehicles, construction, squirrels, birds or pruning. Research has shown that both oak wilt fungal mats on infected red oaks and insects that carry oak wilt spores are most prevalent in the spring. Below is a brief description of how you can reduce the risk of fungal spread when pruning.

- Always paint fresh wounds on oaks, including pruning cuts and stumps, with wound dressing or latex paint immediately after pruning or live tree removal at all times of the year.
- Clean all pruning tools with 10% bleach solution or Lysol™ between sites and/or trees.
- If possible avoid pruning or wounding of oaks during the spring (currently defined as February 1 through June 30). Reasons to prune in the spring include:
- To accommodate public safety concerns such as hazardous limbs, traffic visibility

or emergency utility line clearance.

- To repair damaged limbs (from storms or other anomalies)
- To remove limbs rubbing on a building or rubbing on other branches, and to raise low limbs over a street.
- On sites where construction schedules take precedence, pruning any live tissue should only be done to accommodate required clearance.
- Dead branch removal where live tissue is not exposed.

Pruning for other reasons (general tree health, non-safety related clearance or thinning, etc.) should be conducted before February 1 or after June 30.

Debris from diseased red oaks should be immediately chipped, burned or buried. Regardless of the reasons or time of year, proper pruning techniques should be used. These techniques include making proper pruning cuts and avoiding injurious practices such as topping or excessive crown thinning. If you are uncertain about any of this information, you should consult with a Texas Oak Wilt Certified arborist, ISA Certified Arborist, or an oak wilt specialist from a city, county or state government agency such as the Texas Forest Service or Texas AgriLife Extension Service.

## Letter to the Editor

Live and Let Live. Freedom. Property Rights. These are principles and concepts I strongly believe in...and not theoretically....I mean practically. You see, my family arrived to the United States in 1961 from newly Communist Cuba to flee the very types of oppressive principles limiting Freedoms and Ownership... including redistribution of income, robin hood, and Nationalization of people's property which my family had to leave behind for the promise of a better life in the United States of America. However, that promise was never agreed to include Lawlessness and freedom to encroach on OTHER people's freedoms...and it is not Absolute as evidenced by the Constitution and other subsequent laws.

Freedom and Property Rights are what separates the United States from the re-emerging world powers such as China and Russia. MY fear is that our current political and economic climate is throwing us closer

and closer into that dangerous realm where we abandon those principles that have made us a great, prosperous and free country.

When I arrived in Bee Cave in 1997, it was a young and virtually lawless City...a clean slate ripe for development; there was no stopping it and we all knew it. Many people worked many years within the laws granted cities by the State and Federal government to allow Bee Cave to construct legal parameters from which to govern ourselves and create a vision for this family-oriented, suburban bedroom community of the beautiful Austin we all love, patronize, and strive to Keep Weird.

I have traveled to 35 countries, lived in 3 continents including Asia and Europe and have lived in 6 cities in the greater United States. Like people....countries, states, cities and even streets have distinct personalities formed by laws based on their unique values and character. These are achieved by various

legal vehicles attorneys can tell us more about but they include zoning laws, special economic or other development districts, and more. It is also achieved by the effects of business concepts such as synergy, niche or target marketing, demographic targeting, image, merchandising, public relations and advertising, and so on. This is how distinct areas develop like Chinatown, Little Italy, Little India, Soho, South Congress, 6th Street, and even the red light district in a section of Amsterdam. It's not a free for all...regulations exist in our society and they must be followed, especially when it is the will of the community. This includes zoning laws first used in 1916 in New York City and upheld in 1926 by the US Supreme Court to segregate uses that were thought to be incompatible as well as to preserve the character of a community.

**Letter to the Editor-** (Continued from Page 8)

Bee Cave...what do we stand for? What was the meaning and purpose of Bee Cave's zoning laws within the confines of the laws of Texas and the United States of America? We stand for families, children, schools, places of worship, parks, libraries, amphitheaters, music, recreation, sports, and more. We had not considered Adult Novelty or Head Shops to date, and frankly don't find it compatible with our public values...but the City is offering to consider zoning it in certain locations, not ANY location. If that isn't suitable, the law provides businesses the freedom by virtual right to locate outside of city limits, in the counties, or even within the ETJ extra-territorial jurisdictions to construct virtually anything.

I have considered your arguments carefully Mr. Kleinman, including those of the famous freedom-fighter Larry Flynt. I empathize with your position and arguments. This is not about discrimination or hypocrisy...your business is not a target, but rather a symbol for those who don't represent our community's public values. This is about compatibility, and character, its economic consequences, and possibly health and safety consequences too. This is about following the zoning laws and will of a community to be who they want to be and publicly represent themselves as such.

From personal circumstances, I have experienced and studied the dangers of violating people's rights, freedoms and property. I fully support the right of your store and merchandise to exist in our society ...but not wherever YOU want...because that goes against MY rights, OUR rights to choose by right within the laws HOW we want to represent ourselves as a community. In other words, your rights END where MINE begin! I also support the right of others to enjoy incompatible freedoms in private if they choose.

It was YOUR choice to proceed to buy that very visible historic property at the cornerstone of our community in secret, whether or not your merchandise fit within our city's zoning laws...which it doesn't....there is nothing General Retail about your merchandise or the fact that you have to be 18 or older to buy there. You purchased and then began construction of your store, also in violation of our

building codes, in secret without any discussions or the required City approvals of any kind, with the intent of hiding behind the 1st Amendment and any other laws you can muster. Freedom is not Absolute. Building laws are in place for the safety of customers, employees and neighbors. Environmental laws are in place to protect our water and air quality, for example. Zoning Laws are in place for the protection of those whose property purchase becomes a consent to pay city property taxes and in return they agree to abide by the laws voted on by its citizens or their elected representatives to protect their property and personal interests.

We all know you proceeded in a manner that was not in good faith and far from the behaviors of being a welcome, agreeable, and law-abiding member in our community. This is not a civil rights issue... though that is your trump card. Your business would not encounter any major obstructions in the County, ETJ or communities that welcome you gladly as a partner who fits within the vision for themselves, including the Commercial districts of Bee Cave which this Council is so generously offering. Town Center never was and never will be the place we choose for an Adult Novelty Head Shop in the City of Bee Cave.

## Discover the Magic of Reading at Bee Cave Public Library This Summer!

Bee Cave Public Library invites everyone to “Discover the Magic of Reading!” this summer. The sixth annual Summer Reading Program will kick off on June 4th when everyone is encouraged to read just for fun. This year’s Summer Reading Program has a “magical” theme, in honor of the release of the last of the Harry Potter movies, based on the ever-popular series of books about the boy wizard and his adventures. Readers of all ages are invited to keep a log of the minutes spent reading, and turn them in to earn fun prizes. Children who read at least 400 minutes will have their photo taken for a personalized poster that will hang on the library wall throughout the summer. This year’s Summer Reading Program is expected to serve more than 800 children, and includes book clubs for readers of all interests and reading levels, including American Girl, Star Wars, Magic Tree House, and Harry Potter.

### NEW THIS YEAR

A “Meet the Authors” event on June 18 will feature popular teen authors Cynthia Leitich Smith and Jennifer Zeigler. Smith’s novels beginning with *Tantalize*, and followed by *Eternal* and *Blessed*, are set in Austin and

feature what one reviewer described as “deliciously dark fantasy.” Zeigler’s witty *How Not to be Popular* will be followed by her new release, *Sass and Serendipity*, coming out in July. The authors will discuss their books and answer questions while sharing pizza with teen readers. The event is sponsored by the Friends of Bee Cave Public Library.

Also new this year will be a special Saturday storytime for families each month. A complete calendar of events will be available soon on the library’s website at <http://pl.beecavetexas.gov>.

### SPONSORS NEEDED!

All children who read at least 400 minutes will receive a special water bottle and other prizes made possible by the generous donation of this year’s sponsors, Broadway Bank and the Shops at the Galleria. Also partnering with the library to help support the program are local businesses PAIYH Dance Studios, Your Personal Best Physical Therapy, A+ Federal Credit Union, Ben Archer State Farm Insurance, Rigby Advanced Dentistry, Austin Foot and Ankle Specialists, and Dogadillo.

In addition to direct donations, the library is also seeking gift cards and in-kind

donations to use as prizes for the adult and teen summer reading program. “We wanted to offer something fun for everyone, and we knew that kids would be inspired to read by seeing their parents and older siblings reading for fun,” said Hathaway, “so last year we began offering our teen and adult readers the chance to win something as well.” For each book read, they earn a chance to win one of a dozen fabulous prizes including gift cards to local restaurants, stores, and spas. The program runs throughout June and July, and everyone is welcome to participate. Other businesses wishing to participate should contact Library Director Barbara Hathaway at 767-6624 or [bhathaway@beecavetexas.gov](mailto:bhathaway@beecavetexas.gov).

Visit the library website <http://pl.beecavetexas.gov> for information about all library activities and programs, or call 767-6620. Bee Cave Public Library is located in the Hill Country Galleria, at the intersection on Highway 71, Ranch Road 620 and Bee Cave Road (FM 2244). All events are free, and open to the public. Recommended ages are listed on the website.

## Rotary Club of Lakeway/Lake Travis

### *LLT Rotary Club Supports the Healthcare Volunteer Associates Clinic in Lakeway*

For several years now, the Lakeway/Lake Travis Rotary Club has financially supported the all-volunteer free clinic operating here in Lakeway. Pictured accepting the check are L to R: Melinda Osburn, LLT Club President, Jerry and Judy Jones of HVAC, and Ginny Jellison, LLT club member. Ginny also volunteers her time in the clinic office on Wednesday evenings. Mr. Jones accepted the club's check, saying that the funds will be helpful in adding dental care to the many other medical services the clinic now offers. The clinic has no paid employees; all the services, both non-professional and professional - including physicians from many practices - are donated by volunteers.

### *Lakeway/Lake Travis Rotary Club to Hold Another Adoption Awareness Event*

In June, the Lakeway/Lake Travis Rotary Club will hold their second Adoption Awareness Family Picnic at the Lakeway City Park. Last year's event was so successful, the Texas Child Protection Services requested that we hold another one. This event brings together children of all ages available for adoption with prospective couples who have already been screened by the CPS. In a casual setting, kids and prospective parents alike enjoy games, food and music and get a chance to interact in a non-threatening environment. The Rotary club provides and cooks the food, sets up the games and bounce house (all donated!) and oversees the event. CPS reported that last year helped place several children in loving families.

## Teacher Appreciation

### *Honor a Special Teacher*

Now more than ever, our Lake Travis ISD teachers could use a show of support. Tell them how you feel through LTEF's Teacher Appreciation Campaign.

It's so easy! Just visit LTEF's website ([www.laketraviseducationfoundation.org](http://www.laketraviseducationfoundation.org)) to send a note describing a teacher's (or staff member's) special qualities, along with a recommended tax deductible donation of at least \$25 (per teacher), to the Lake Travis Education Foundation. The Foundation will send a letter to the honored teacher sharing

your appreciation, and will also notify the campus principal of your encouraging words. Your donation will then be channeled into grants for needed classroom projects on every campus.

As this school year comes to a close, tell your teacher exactly what's on your mind. Or honor a teacher who had a profound impact on your child in earlier years. Teachers tell us, year after year, how much they treasure these tributes like no other gifts received.

You will be acknowledged as a Friend of the

Foundation, and you'll be making a positive impact on education in our school district while sending a lasting tribute to a special person in your child's life. Contributions received by May 20th will be shared with the Lake Travis ISD teachers before the school year ends. While most Teacher Appreciation contributions are received as end-of-year gifts, the Lake Travis Education Foundation runs the Teacher Appreciation Campaign throughout the year because it's ALWAYS a great time to thank a teacher!

## TWO BROADWAY STARS TO PERFORM ON JUNE 8

### *To Benefit Our Wounded Soldiers*

Plan to attend the very exciting "Broadway & Beyond" concert on Wednesday, June 8 at 6:00 p.m. at the Lakeway Emmaus Catholic Church. The concert is presented by the Patriot Fund to benefit Luke's Wings, a non-profit organization dedicated to the support of the families of wounded veterans. The performance will showcase Broadway stars America's Tenor™ Steve Amerson and Broadway soprano Laurie Gayle Stephenson who will sing a collection of Broadway and patriotic songs from the American musical heritage.

Admission will be free to all for the 6:00 concert. A VIP dinner reception in the Parish Life Center will follow from 7:30 to 10:00 p.m. The tickets for the reception will be \$75 per person with proceeds going to directly benefit the effort of Luke's Wings to fund travel for our injured service members' families. Seating at the reception will be limited and reservations will be accepted on a first come, first serve basis. Checks for the reception reservations or event sponsorships – or donations - can be made payable to "America's Huey 091 Foundation" and mailed to Ben Farrell, 107 Lakeway Hills Cove, Lakeway, TX 78734. The deadline for the sponsorships or reception reservations is Friday, June 3.

You can contact Mike and Diane Jackson, the local Austin co-chairmen, for further details about the event or the Luke's Wings organization.

#### **WHAT DOES LUKE'S WINGS DO?**

Although the United States military provides soldiers with care for their wounds, it does not give financial assistance for family members to travel to be with their loved ones during treatment. Enter Luke's Wings. Recognizing the immediate benefit for families to be together after a trauma, Luke's Wings provides travel agency planning services and pays for round trip travel for family members. Luke's Wings tries to partner with hotels or other non-profit organizations to provide free or discounted accommodations, meals, entertainment and other vouchers to augment the services provided to the visiting families.

Luke's Wings, founded in December 2007, was the brainchild of Fletcher Gill and Sarah Wingfield. Fletcher Gill is currently Vice President, Montview Realty Advisors, Luke's Wings Chairman of the Board, Chief Executive Officer and Co-Founder. Fletcher's current efforts include trying to promote the mission of Luke's Wings around the country and even to open a branch of Luke's Wings in Austin.

#### **WHO WILL BE PERFORMING AT THE CONCERT?**

Steve Amerson has established a reputation as a superior tenor and is at home in both popular / contemporary music and classical literature. Presently, much of Steve's time is dedicated in presenting concerts based on his Front Row Center project, which is a collection of inspiring songs from the Broadway stage and screen, as well as Amazed by America patriotic presentations. He sings at events as a musical ambassador for the Congressional Medal of Honor Foundation and Society.

On October 10, 2009, Steve was presented the "Bob Hope Award for Excellence in Entertainment" at the Congressional Medal of Honor Foundation Patriot Award Gala in Dallas, Texas. This award recognizes distinguished Americans who have made notable contributions to our nation and the values we hold dear through their life's work in the entertainment industry. Past recipients of this award include Gary Sinise, Clint Eastwood, Wayne Newton, and Jon Voight.

Laurie Gayle Stephenson made her Broadway debut in the Tony award winning *The Secret Garden* where she performed the role of Lily. She starred for two years on Broadway as Christine Daae in *Phantom Of The Opera*, and made her debut as Christine in *Phantom* with the first national touring company at The Kennedy Center in Washington, D.C.

Laurie was an original cast member of *The Music Of Andrew Lloyd Webber In Concert*. She toured the U.S. singing opposite Michael Crawford and made her debut in London's West End at The Palladium with The Royal Philharmonic Orchestra. Everyone who attends the Broadway and Beyond concert on June 8 will thoroughly enjoy the music and the knowledge that you are supporting our wounded service men and women at the time when they need support the most. It will be a glorious evening.

## FINANCIAL FOCUS

### *Know Your Investment Risks — and How to Respond*

When you invest, you take some risks. While you can't totally avoid these risks, you can take steps to help reduce their impact and increase your comfort level. And the more comfortable you are with your investments, the easier it will be to follow a long-term strategy that can help you meet your goals.

Let's look at the most common types of risk related to investing, along with some suggestions on helping to reduce these risks:

**Losing principal** — This type of risk is most closely associated with investing. For example, when you purchase a stock, you know that its value could go up or down. If it drops below your purchase price, and you then sell your shares, you will lose some of your principal.

**Your response** — You can't eliminate the risk of losing principal, but by owning a mix of stocks, bonds, government securities and other types of investments, you can help reduce the impact of volatility on your portfolio. Keep in mind, though, that diversification, by itself, can't guarantee a profit or protect against loss.

**Losing value when interest rates change** — This type of risk primarily affects fixed-income investments, such as bonds. If you purchase a bond that pays, say, a 4% interest rate, and the market rate goes up to 5%, then the value of your bond will drop because no one will be willing to pay you the full price for it when newer, higher-yielding bonds are available.

**Your response** — You can combat, or even ignore, interest rate risk by holding your bonds until they mature. By doing so, you'll get your full principal back, provided the issuer doesn't default, and you'll continue to receive regular interest payments unless the bonds are "called," or repurchased

by the issuer. (You can help protect against this by purchasing bonds that have some degree of "call protection" and by owning bonds with different maturities.)

**Losing purchasing power** — This risk largely applies to fixed-rate investments such as certificates of deposit (CDs). To illustrate: If you purchase a CD that pays 2%, and the inflation rate is 3%, you are actually losing purchasing power.

**Your response** — Despite their vulnerability to inflation, CDs can offer you some valuable benefits, such as preservation of principal. Yet if you are concerned about fighting inflation, you may want to look for investments that have the potential to offer rising income, such as dividend-paying stocks. In fact, you can find stocks that have increased their dividends for many consecutive years. (Be aware, though, that companies can reduce or eliminate dividends at any time. Also, an investment in stocks fluctuates, and you could lose your principal.)

Apart from these individual techniques to reduce investment-related risk, you should also save early and save often — because the more money you accumulate, the greater your ability to follow a long-term strategy that reflects your personal risk tolerance. That's why it's a good idea to contribute as much as possible over the years to your IRA and 401(k) or other employer-sponsored retirement plan.

By understanding the different types of investment risk, and by acting to help lessen them, you can reduce much of the stress sometimes associated with investing — while you increase your prospects for achieving your objectives.
