LEED-ing BY EXAMPLE

The Lakeway Municipal Utility District (District) has been awarded the prestigious LEED GOLD green building certification. LEED stands for Leadership in Energy and Environmental Design and is the U.S. Green Building Council program for the design, construction and operation of high performance green buildings.

The District's W-3 Water Operations Office achieved LEED certification for energy use, lighting, water and material use as well as incorporating a variety of other sustainable strategies. By using less energy and water, LEED certified buildings save money for families, businesses and taxpayers; reduce greenhouse gas emissions; and contribute to a healthier environment for residents, workers and the larger community.

"The Lakeway MUD W-3 Operations Office project serves as an admirable model of not only water conservation by the public's own provider of water, but also of energy efficiency and environmental responsibility," said the Architect, Chad Pierce with SEAUX-PIERCE Architecture.

By capturing and reusing rainwater and condensate water at the new office, installing water efficient plumbing fixtures and xeriscaping with native plants, the District lowered water consumption by 35 percent of a baseline building's use. The site features

a water quality pond to control runoff from entering Lake Travis.

An energy savings of 34 percent of a baseline building was achieved with a combination of features including a water-source heat pump system for heating and air conditioning, maximizing the use of natural light, shade on east and west facings, Energy Star-rated solar reflective roof, and high-efficiency lighting and automatic shutdown controls for when a room is unoccupied.

During the course of construction, 54 percent of construction waste was diverted from landfill by recycling or salvaging. More than 16 percent of construction materials were recycled content and nearly a quarter of construction materials were resourced regionally from within 500 miles of the project.

As a water provider, the District wanted its newest facility to be less of a drain on local resources and save money for its customers in the long term. "As a utility we are responsible for the environment and energy. We felt like we did our part, and we will continue to do so," General Manager, Earl Foster, said. The District made a conscience decision to use the LEED GOLD facility as an illustration for public education on the importance of green building for a sustainable future. In celebration of National Water Week, the

District provided public tours on May 4th from 11 a.m. to 1 p.m. to showcase their new facility and will likely entertain more public tours there in the future.

"With each new LEED-certified building, we get one step closer to USGBC's vision of a sustainable built environment within a generation," said Rick Fedrizzi, President, CEO & Founding Chair, U.S. Green Building Council. "As the newest member of the LEED family of green buildings, the LMUD W-3 Operations Office is an important addition to the growing strength of the green building movement."

This latest effort is only just one more contribution to environmental responsibility that the District has made. Since its inception in 1972, the District has recognized the significant value of reclaimed water as a resource and water-saving strategy. Ensuring public safety, the District has produced treated wastewater effluent to exceptionally high standards and has used this water for irrigation of golf courses, medians, and commercial and residential common areas. In 2010, the District saved 29 percent in production of treated potable water, saving both energy and water resources, by maximizing beneficial use of all reclaimed water from their wastewater treatment facilities.

The District has also been an advocate for water conservation with an ongoing agenda to incentivize customers in the community to use water more efficiently. The District implemented a low-flow toilet program in 2010, with plans to introduce similar programs for other water efficient plumbing fixtures such as low-flow showerheads and aerators to customers in the near future. The District encourages improved irrigation efficiencies by publicizing a recommended watering schedule to all customers as well as offering irrigation assessments to large users.

The importance of conserving our valuable resources can't be emphasized enough at a time when water supplies are decreasing and demand is increasing due to population

growth. According to a report produced by the Office of the Texas Comptroller, Liquid Assets: The State of Texas' Water Resources, "Texas does not have enough water now to fulfill all of its estimated future needs. If new management and conservation strategies are not implemented, water needs will increase from 3.7 million acre-feet in 2010 to 8.8 million acre-feet in 2060. These water shortages would leave 85 percent of the Texas population in 2060 with insufficient supplies." Compounding this with the increasing severity of drought after the driest month of record last March, there truly is no better time to take responsibility for our finite water and energy supplies and environment. The Lakeway MUD intends to continue its role as a community leader in this commendable effort.

WHY CHOOSE *The Hyatt Agency* FOR ALL YOUR INSURANCE NEEDS?

Helpful Tips:

- Many of the clients we come across are currently paying premiums on the value of their home, including the land. This is a waste of money. No homeowners insurance covers the land. Homeowners insurance should be based upon the replacement cost of your home, not the market value....
- Many of our clients were previously paying for "personal injury protection" on their auto insurance while at the same time paying for / having a good health insurance policy in place. This is usually duplicate / unnecessary coverage that is wasting your money....
- In today's litigious world it never hurts to have increased personal liability limits on your household. Homeowner, Personal Liability Insurance, pays for most things for which you could be found liable, short of work and auto related incidents. We have helped many of our clients protect their hard earned assets by increasing their liability coverage. For example, on an average home, the cost of increasing your liability coverage from \$300,000 to \$1,000,000 can be as low as \$1.25 a month....
- **We can save a typical household at least \$500 a year just by combining their home and auto policies. We can save even more by combining home, auto, and Life insurance.**

"We go above and beyond just providing an insurance quote. Anyone can do that for you. We analyze your current coverage, eliminate redundancies, get rid of duplicate insurance and help you better understand what you are paying for. More often than not we get our clients more coverage for less money."

Testimonials:

"Thanks for all your help...I am just so busy, you really have taken all the unnecessary leg work out of this deal." K. Plentl, Elgin, TX

"You have made the closing of our home so much easier and saved us a lot of money; I am going to refer you to all my friends at work."
R. Griffiths, Austin, TX

LAKEWAY SING ALONGS ROARING TWENTIES SHOW

The Lakeway Sing Alongs had a very successful Roaring Twenties show last month with a full house each of the 3 nights of their dinner/show.

The Sing Alongs are a group of over 80 men and women from the Lakeway area that put on a show each Spring and follow it up with a Christmas show they do in support of the Green Santa project for the Lake Travis area.

This show was produced and directed by Ernie Clay and she used all songs from the twenties era along with dances and costumes. It was a real treat for all those attending.

Just a small sampling of the numbers that were in the Roaring Twenties show are pictured below with:

Flappers Linda Swan and Mary Ann Cohen as they are doing "Five Foot Two, Eyes Of Blue" with Jim Sommer.

A trio with Martha Kubala, Julianne DeBower, and Linda Bradshaw doing the "Cell Block Tango" from the stage play Chicago as they sang "He Had It Comin".

Susan Sullivan, Donna Ferrie, and Janice Armstrong are doing a Flo Ziegfeld Folies review to the tune "Sweet Georgia Brown".

Finally Jerry Hietpas and Judy Walker perform with the "Sheik of Araby" that came out with the transition from silent movies to talkies in the twenties.

The Sing Alongs will be back on Sunday, December 4th with their Green Santa show.

Lake Travis Community Library Offers Summer Programs

Hear expert paleontologist and television star Dinosaur George speak at TexARTS on Saturday, June 4th at 10:30 a.m. to kick off Lake Travis Community Library's Summer Reading Program.

Now that school is ending, the library's Summer Reading Program is just around the corner! Lake Travis Community Library offers over 100 events such as lunch bunch, camp library, cooking class, Bow Wow Reading, Little Yoga, and many special performers for young people throughout the summer.

The library's official Summer Reading Program kickoff will be held on Saturday, June 4th at 10:30 a.m. at the TexARTS theatre a few doors down from the library. Paleontologist, television personality, writer, and performer Dinosaur George will educate and entertain all ages. In 2007, George Blasing co-created, wrote and hosted the popular 12 part series for The History Channel called Jurassic Fight Club.

"We are so excited to host Dinosaur George to kick off our Summer Reading Program!" said Library Director Morgan McMillian. "Dinosaur George has a huge following and is known for his vast knowledge of prehistoric

life that he loves to share with enthusiastic fans. I can't wait to see him in person!"

Summer reading logs, face painting, arts, crafts, and refreshments will also be available at the library on Saturday, June 4th. Children can pick up their summer reading logs and start earning stickers and working towards reading rewards. For the third year in a row, teens and adults can fill out Genre Bingo Cards. Read books in a number of different genres, then win free books at the end of the summer.

Also on June 4th, Point of Origin will host a fundraiser in conjunction with the Summer Reading Program Kickoff to raise money for the new library building. Ten percent of all purchases will be donated to the library. Shop for cards, shoes, jewelry, beads, gifts, candles, and more! A raffle will also raise funds.

In addition, the popular Friends of the Library Book Sale will be held on Saturday, June 4th and Saturday, June 11th from 8 a.m. to 1 p.m. at Jack Brown Cleaners. Buy an entire bag of books for only \$10!

Later in the month, join Bonzo Crunch, Ringling Bros. and Barnum & Bailey Ambassador of Laughter, for some serious fun on Monday, June 6th at 3:30 p.m. at Lake Travis Community Library. Don't you want to learn what it takes to soar on the flying trapeze or what goes into those cream pies that the clowns throw?

From Friday, June 10th through Sunday, June 12th, shop at Barnes and Noble in the Hills Country Galleria to support the library's book fair. Barnes and Noble will give a percentage of your sale to support the library. Special book fair story times will be held at the store on Saturday, June 11th at 10:30 a.m. and Sunday, June 12th at 7 p.m. Don't forget to shop the library's wish list as well!

Then, award-winning, awfully English storyteller Bernadette Nason will perform on

Thursday, June 16th. Nason brings stories to life with facial expressions, character voices and amazing energy. Nason will perform at the Briarcliff Community Center at 10 a.m. and at the Lake Travis Community Library at 11:30 a.m. on Thursday, June 16th.

Back by popular demand, professional ventriloquist and puppeteer Mr. Puppet will return to the library on Thursday, June 30th.

"One of my greatest experiences as a performer is when I perform at a party and all the adults are in another room," said Mr. Puppet. "The children laugh so much that the adults just have to see what all the commotion is about. When the adults come see, they laugh out loud too!"

Mr. Puppet has been performing across the country as a full time entertainer for the past 15 years. Tiny the Elephant, Cousin Joey the teenage mouse, Baby Dinosaur, and singing cowboy Roofus Doofus are just a few of his most memorable characters. His performance will begin at the Briarcliff Community Center at 11 a.m. and at TexARTS near the Lake Travis Community Library at 3 p.m. on Thursday, June 30th.

In addition to special performers, the library will hold regular Library Camps for three different ages: Kindergarten and First Graders; Second through Fourth Graders; and Fifth Grade and up. At Library Camp, activities will vary every week and include science experiments, book clubs, writing exercises, crafts, cooking, reader's theater, and more.

Please contact the library at (512) 263-2885 or www.laketravislibrary.org for details and to see the complete Summer Reading Program calendar. All library events are free and open to the public. We look forward to seeing you this summer!

TWO BROADWAY STARS TO PERFORM ON JUNE 8

To Benefit Our Wounded Soldiers

Plan to attend the very exciting "Broadway & Beyond" concert on Wednesday, June 8 at 6:00 p.m. at the Lakeway Emmaus Catholic Church. The concert is presented by the Patriot Fund to benefit Luke's Wings, a non-profit organization dedicated to the support of the families of wounded veterans. The performance will showcase Broadway stars America's Tenor™ Steve Amerson and Broadway soprano Laurie Gayle Stephenson who will sing a collection of Broadway and patriotic songs from the American musical heritage.

Admission will be free to all for the 6:00 concert. A VIP dinner reception in the Parish Life Center will follow from 7:30 to 10:00 p.m. The tickets for the reception will be \$75 per person with proceeds going to directly benefit the effort of Luke's Wings to fund travel for our injured service members' families. Seating at the reception will be limited and reservations will be accepted on a first come, first serve basis. Checks for the reception reservations or event sponsorships – or donations - can be made payable to "America's Huey 091 Foundation" and mailed to Ben Farrell, 107 Lakeway Hills Cove, Lakeway, TX 78734. The deadline for the sponsorships or reception reservations is Friday, June 3.

You can contact Mike and Diane Jackson, the local Austin co-chairmen, for further details about the event or the Luke's Wings organization.

WHAT DOES LUKE'S WINGS DO?

Although the United States military provides soldiers with care for their wounds, it does not give financial assistance for family members to travel to be with their loved ones during treatment. Enter Luke's Wings. Recognizing the immediate benefit for families to be together after a trauma, Luke's Wings provides travel agency planning services and pays for round trip travel for family members. Luke's Wings tries to partner with hotels or other non-profit organizations to provide free or discounted accommodations, meals, entertainment and other vouchers to augment the services provided to the visiting families.

Luke's Wings, founded in December 2007, was the brainchild of Fletcher Gill and Sarah Wingfield. Fletcher Gill is currently Vice President, Montview Realty Advisors, Luke's Wings Chairman of the Board, Chief Executive Officer and Co-Founder. Fletcher's' current efforts include trying to promote the mission of Luke's Wings around the country and even to open a branch of Luke's Wings in Austin.

Co-Founder Sarah currently serves as project manager, corporate communications for Choice Hotels International, Inc, one of the world's largest hotel franchisors. Both volunteer their time as do the many people who work to support this effort.

WHO WILL BE PERFORMING AT THE CONCERT?

Steve Amerson has established a reputation as a superior tenor and is at home in both popular / contemporary music and classical literature. Presently, much of Steve's time is dedicated in presenting concerts based on his Front Row Center project, which is a collection of inspiring songs from the Broadway stage and screen, as well as Amazed by America patriotic presentations. He sings at events as a musical ambassador for the Congressional Medal of Honor Foundation and Society.

On October 10, 2009, Steve was presented the "Bob Hope Award for Excellence in Entertainment" at the Congressional Medal of Honor Foundation Patriot Award Gala in Dallas, Texas. This award recognizes distinguished Americans who have made notable contributions to our nation and the values we hold dear through their life's work in the entertainment industry. Past recipients of this award include Gary Sinise, Clint Eastwood, Wayne Newton, and Jon Voight.

Laurie Gayle Stephenson made her Broadway debut in the Tony award winning The Secret Garden where she performed the role of Lily. She starred for two years on Broadway as Christine Daae in Phantom Of The Opera, and made her debut as Christine in Phantom with the first national touring company at The Kennedy Center in Washington, D.C.

Laurie was an original cast member of The Music Of Andrew Lloyd Webber In Concert. She toured the U.S. singing opposite Michael Crawford and made her debut in London's West End at The Palladium with The Royal Philharmonic Orchestra.

Everyone who attends the Broadway and Beyond concert on June 8 will thoroughly enjoy the music and the knowledge that you are supporting our wounded service men and women at the time when they need support the most. It will be a glorious evening.

THE WOMEN'S CLUB OF GREATER LAKEWAY

Awards 2011 College Scholarship To Angela Bumstead

Each year, the members of the Women's Club of Greater Lakeway make donations to the Lake Travis Education Foundation for a

scholarship to be awarded to an outstanding Lake Travis High School Graduating Senior. This year the Foundation has selected Miss Angela Bumstead, daughter of Laura Bumstead and Randall Bumstead.

Angela will attend the University of Texas this fall majoring in Broadcast Journalism, with a minor in Psychology or Theater. She hopes to pursue a career in News Media or Law and would like to attend Law School after college. Writing has been a passion of hers for many years, and she is excited to take English and writing classes at UT.

Angela has set lots of goals: to make the Longhorn Marching Band on clarinet or cymbals, to keep her GPA at a 3.8 or higher, to stay true to her Christian faith by being involved in churches, bible studies, and youth groups.

She wants to continue to stay active in community service opportunities. She has volunteered for the Lake Hills Church Vacation Bible School, Lake Hills Church Worship Band, "KARDIVAS," served as a mentor for 6th grade girls, National Honor Society, Senior Citizen Prom and Relay for Life Team Participant. She has exhibited her leadership skills with the following organizations: Cymbal Line Section Leader, Thespian Club Vice President and Principal (First Chair) Clarinet Player of Symphonic Band.

THE WOMEN'S CLUB OF GREATER LAKEWAY is very proud of this fine young woman, their 2011 Scholarship Recipient. For more information about the Lakeway Women's club, call President Maryleeann Bryan 608-6923

Oasis, Texas Village Boasts More than the Spectacular View

Soleil Mediterranean Restaurant & Uncle Billy's Brew and Que

Changing the landscape of the Lake Travis dining scene, two new restaurants have arrived at Oasis, Texas Village: **Soleil**, a Mediterranean restaurant and **Uncle Billy's Brew and Que**, a rustic Texas smokehouse and brewery. Located next to the world-famous Oasis restaurant, the two spaces combined amass a magnificent 38,000 square feet of lakefront space, sharing the stunning panoramic view of Lake Travis that Austin is known for.

Inspired by the seaside tastes of the Mediterranean and the rich, seasoned flavors of Italy, Soleil's menu showcases a wide variety of dishes. Led by **Chef George Thomas**, the Soleil kitchen prides itself on its bountiful, full-flavored cuisine. Though the seasonally changing menu was designed under the guidance of **James Beard-award-winning Texas Chef Robert Del Grande**, Chef Thomas' passion for cooking with fresh, all-natural and seasonal ingredients shines through every delightful dish. The bruschetta of Taleggio and pears and the shrimp and corn chowder are perfect starters, while Soleil's fettuccine with gulf crab, shrimp and lobster highlights how well traditional Italian fare marries with Mediterranean-inspired seafood dishes. The plate

selections include gems like the rainbow trout, sea scallops and filet mignon.

Diners hankering for a less formal meal will delight in Soleil's burger selection, fish and chicken sandwiches and, of course, Soleil's stone-oven pizza menu, sure to please the entire clan. A children's menu is also available.

Looking for a sunset cocktail? **Soleil's Azure Lounge** is casual and welcoming with the same stunning view, highlighted by a massive curved bar showcasing Soleil's impressive cold and raw seafood selections, providing the perfect respite for a glass of bubbly and something light and refreshing.

Diners can enjoy soothing vibes at **Soleil's Sunday brunch** which features DJ Chicken George and other touring DJs in rotation each week. Served every Sunday, 10-3 p.m., the buffet-style brunch boasts a wide array of dishes including Soleil's Build-Your-Own Bloody Mary Bar.

Located upstairs from Soleil at Oasis, Texas Village, is Uncle Billy's Brew and Que, a rustic Texas smokehouse serving mouthwatering family-style barbecue. Featuring an on-site brewery, Uncle Billy's is renowned for its handcrafted signature ales and lagers. Developed from scratch by the highly regarded award-winning **Brewmaster Brian Peters**, these ales and microbrews are made with only the finest malted barley and aromatic hops. Uncle Billy's also offers a wide variety of selections from its full-service bar.

There's entertainment galore at Uncle Billy's. Music lovers will appreciate the stellar line up at Uncle Billy's. **Rod Williams** will play every other Thursday night from 7-10 p.m., with other local talent taking the stage on alternate Thursdays. Uncle Billy's **Honky Tonk Happy Hour** every weekend features local favorites from 4-8 p.m.; with bands such as the **John Evans Band** and **Southern Backbones** featured from 8:30-11 p.m. Big-screen TVs please the sports fans and darts and shuffleboard seem to soothe those looking to relax after a day on the lake.

Whether fresh fish and pasta at Soleil, a sunset cocktail at Azure Lounge or legendary BBQ, brew and tunes at Uncle Billy's, there's something new under the sun, for everyone...at Oasis, Texas Village.

Rotary Club of Lakeway/Lake Travis

LLT Rotary Club Supports the Healthcare Volunteer Associates Clinic in Lakeway

For several years now, the Lakeway/Lake Travis Rotary Club has financially supported the all-volunteer free clinic operating here in Lakeway. Pictured accepting the check are L to R: Melinda Osburn, LLT Club President, Jerry and Judy Jones of HVAC, and Ginny Jellison, LLT club member. Ginny also volunteers her time in the clinic office on Wednesday evenings. Mr. Jones accepted the club's check, saying that the funds will be helpful in adding dental care to the many other medical services the clinic now offers. The clinic has no paid employees; all the services, both non-professional and professional - including physicians from many practices - are donated by volunteers.

Lakeway/Lake Travis Rotary Club to Hold Another Adoption Awareness Event

In June, the Lakeway/Lake Travis Rotary Club will hold their second Adoption Awareness Family Picnic at the Lakeway City Park. Last year's event was so successful, the Texas Child Protection Services requested that we hold another one. This event brings together children of all ages available for adoption with prospective couples who have already been screened by the CPS. In a casual setting, kids and prospective parents alike enjoy games, food and music and get a chance to interact in a non-threatening environment. The Rotary club provides and cooks the food, sets up the games and bounce house (all donated!) and oversees the event. CPS reported that last year helped place several children in loving families.

Children who drown often do not
scream, splash, or struggle.
They can silently slip beneath the water,
even with adults & lifeguards present.
