# **GREEN THUMB CORNER**

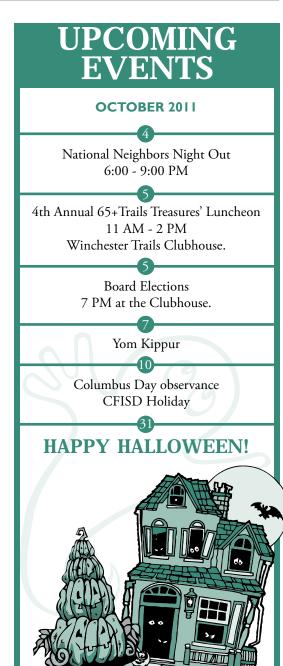

The first cool spells are encouraging us to get out into the yard, even though it may look like a disaster area after a summer of punishing drought and heat. Let's hope for a better outlook next year and what better way to start off the year than with a bright display of bulbs. It's already time to be thinking about the spring bulbs, even though we're nowhere near winter yet. They've been in some stores for a while already, and newspaper articles and radio talk shows have been covering the annual topic. Even if you're not ready to plant yet, now is the time to buy while the selection is still good. Bulbs may be safely stored in the refrigerator, just like a regular vegetable, and can be planted this month or next (except for tulips), or you can even procrastinate until Christmas.

In addition to the usual daffodils and tulips, try Amaryllis, Anemone, Calla, Iris, Lilies, Narcissus, Oxalis and Ranunculus, and select a variety of early, mid and late bloomers to stretch out the flowering period. Plant in rich, loamy soil with lots of humus, and it helps to add bone meal at the bottom of the hole; planting depth is usually indicated on the packet, but a good rule of thumb is to use a depth of two or three times the width of the bulb.

Tulips require special treatment they need to be chilled (not frozen) for 45 to 60 days before planting, and the recommended planting time is between Christmas and New Year's Day. The best bulb display is usually obtained by mass plantings rather than single rows or small groups, and try to avoid too many different colors in the same area. Unfortunately, only the daffodils offer any hope of perennial performance in the Houston climate.

October is the recommended month for giving the lawn its final feeding of the year to promote root health through the winter, and it may also be needed to encourage some re-growth in areas damaged by dry periods earlier in the year. Use 15-5-10 or 16-8-8 or even a general-purpose 12-24-12. Watch out for Brown Patch (circular brown or yellow areas of grass); this is a fungus activated by cooler moist weather and is easily spread by people and pets walking across affected areas. Control with Terraclor granules.

Acid-loving azaleas like a pH of 5.0 or less, so check your soil and treat with powdered (Continued on Page 3)

sulfur or copperas. Sprinkle around the base of the shrub without disturbing the roots, and water in thoroughly. Groom as necessary and budding out should occur where cut.

Dig up and store caladium bulbs this month or next it's easier to locate them before the foliage dies back completely, and if left in the ground they may rot or freeze. Dry them in the shade, brush off any loose soil, dust with fungicide, and hang up in old pantyhose in the garage.

In the vegetable garden, plant strawberries between mid-October and mid-November in raised beds with good drainage, using slightly acid, rich, loose soil with lots of humus (bark mulch is good). Cabbage and collard plants can go in, and you can sow seeds for beets, turnips, carrots, lettuce, spinach, radishes and onions. Also try planting English garden peas this month or next for an early spring crop, but you may have to nurse them through any freezing spells.

# VOLUNTEER

#### **Opportunities Available** cy-fair isd & community volunteers - a winning team!

The Cy-Fair ISD volunteer theme for this year is "Teamwork is Key" in recognition of the combined effort that it takes to ensure student success. Our school district fully understands and appreciates that it takes district administration, teachers, school staff, parents, community partners and volunteers each doing their part to give our children every possible opportunity to reach their full potential.

We are looking for community members who want to become Global Volunteers in order to be a part of our "team" and make a difference in the lives of children. If you are not the parent, grandparent or legal guardian of a student enrolled in the school at which you volunteer, you would be considered a Global Volunteer.

We have many volunteer opportunities available at a school near you. Individuals are needed to perform a full range of activities and we have training available for specific tasks such as vision and hearing screening, tutoring, mentoring, Junior Achievement, and other instructional presentations.

If you have some free time and would like to learn more about becoming a Global Volunteer, please contact Kim Nash at krnash1@sbcglobal.net or call the CFISD Partners in Education Office at 281-894-3950. And remember: "TEAMWORK IS KEY"

# Crime report August 2011

According to the reports by the Harris County Sheriff's Office, published on http://www.CrimeReports.com, the crimes reported in the Winchester Trails neighborhood during the month of August 2011 are as follows:

#### Theft from Vehicle - Hondo Hill

#### **"TEAMWORK IS KEY"** WITH CY-FAIR ISD VOLUNTEERS

#### Hey! Grab your keys, unlock your hidden talents and join our Volunteer Team this fall in the Cy-Fair Public Schools!

The name of the team is "VIPS" (Volunteers in Public Schools). VIPS in Cy-Fair ISD center the attention of their service on supporting students and staff and making a significant contribution to the education of children. These dedicated individuals are just like you, they give freely of their time and resources; and they have an impact on the academic and personal development of our students. Cypress-Fairbanks ISD is fortunate to be able to draw from a terrific diversity of skills and knowledge in its community.

If you are interested in being a part of an exciting group of volunteers and making a difference in your Cy-Fair Schools, or would like more information, please feel free to contact Pam Scott, Partners in Education Director at 281-894-3950.
