Cy-Fair Volunteer Fire Department

SPRING RECRUITING OPEN HOUSE

The Cy-Fair VFD will be having a Spring Recruiting Open House at all 12 of our neighborhood fire stations on Saturday April 21st from 9am to 12. Those interested in joining or learning more about the Cy-Fair VFD can stop by and visit their local fire station and speak to actual volunteer firefighters about the needs and requirements to join. For more information on joining or to find your closest fire station please visit us at www.cyfairbravest.org or call 281-550-6663. The Cy-Fair Volunteer Fire Department is one of the largest volunteer fire departments in the Nation. We cover 156 sq. miles in Northwest Harris County from 12 Fire Stations and have over 350 volunteers.

Your Neighbor's Need Your Help!

Fifty years ago in the Cypress area, if you walked outside and saw your neighbor's house on fire there was no 911 to call, no fire station just around the corner and no fire fighters nearby trained to save lives and property. There was your neighbor and you. Along with anyone else who would stop to help, you would pass water buckets to each other, turn on the garden hose and hope to keep the fire at bay for the 20 minutes it took Houston, Fairbanks or Jersey Village fire departments to get an engine to your home. In 20 minutes, a home and a life built in it can be totally destroyed.

Responding to the need of their community, in 1961 the Cypress-Fairbanks Volunteer Fire Department was formed. The firefighters-to-be who signed up were mechanics, firefighters from other services, police, shop assistants, nurses, lawyers and other ordinary people from homes and businesses in Cypress-Fairbanks. Fire department phones were placed in businesses and homes throughout the region, and extensions run to homes to cover any calls received at night. Fire 'stations' were volunteers' homes, volunteers willing to be woken at any time of night with a cry for help. While the volunteer fire fighters responded, their wives would call the other volunteers – there were no pagers or cell phones in 1961.

Today, the Cy-Fair Volunteer Fire Department has gone through many transitions. They have a state-of-the-art communications system. They have equipment that is the envy of many paid departments. And the word Volunteer does not mean Amateur – Cy-Fair has a no-cost training program for members that earns state qualifications in fire-fighting, EMS and Emergency Communications. But one thing has not changed – neighbors helping neighbors. No matter how good the training, the equipment or the operations, the Department needs neighbors to volunteer. They need YOU to volunteer. No matter what your day job is, no matter how busy or old you are. Man, woman, college student, the Department needs you to help us help your neighbor.

Happy Easter Lakes of Rosehill!

NW Flyers Track Club

The Northwest Flyers Track Club will host two free open house / registration sessions for all middle and high school athletes and their parents interested in joining for the 2012 season. The events will be held on Thursday, April 5, and Friday, April 20, from 7:00 – 8:30 PM at Cypress Creek High School, 9815 Grant Rd., Houston.

The Northwest Flyers is a youth (ages 6 -18) track organization, affiliated with USA Track & Field. The club provides a full program of “track” events such as sprints, hurdles, middle distance, distance and relays, and “field” events such as long jump, triple jump, high jump, pole vault, discus, shot put and javelin. It is an excellent “off-season” program for young athletes who currently compete on their middle school or high school track teams.

The club was founded 25 years ago by Olympic gold medalist Fred Newhouse to foster the development of youth track & field in the northwest Houston area. Last year, the Northwest Flyers sent 62 young athletes to compete at U.S. Junior Olympics National Championships in Wichita, Kansas and Myrtle Beach, South Carolina. Visit the team website at <http://www.northwestflyers.org> for registration forms and information prior to the session, or contact Linette Roach at (281) 587-8442, or linette.roach@sbcglobal.net.

Fit & Fun: Health Tips for You & Your Children

By: Concentra Urgent Care

Getting fit and staying fit can be a fun process. That's true for individuals, and it's especially true for families. Fitness is an important topic, especially when your daily routine involves a lot of sitting, whether at work, at school, or at home in front of a computer or TV screen. The habits that we learn as children are often the habits we carry into adulthood. As parents, we can help our children build healthy habits and find new, fun ways to motivate ourselves and our children to get active.

BELOW ARE SOME IDEAS FOR GETTING OFF THE COUCH & HAVING SOME FUN WHILE GETTING FIT:

- **Take an active vacation:** It's tempting every day to think of your vacation as a time to sit and relax. But isn't that what your body does everyday? Instead, you can

plan a trip that includes hiking, biking, skiing, and other activities that the whole family can do together.

- **Visit a local park:** It doesn't have to take a whole day, but you could spend a few hours playing at a park. Take a ball (football or soccer), a Frisbee, or a hacky sack, and play. You can invite some friends to join you, too. And remember: It's not just about the kids moving around – it's your time, too!
- **Hold a block party:** Call your neighbors, and block off the closest cul-de-sac for a get together that includes fun and active games. From freeze tag and relay races to hide-and-seek and kickball, there are hundreds of activities to choose from that are fun for everyone.

- **Go for a hike:** Find a local area where you and your family can go and hike for a few miles. Spend time outdoors, and enjoy what nature has to offer while you all get fit!

For more ideas about fun activities, visit the American Alliance for Health, Physical Education, Recreation, and Dance's Web site at: www.aahperd.com.

THE GOAL: BE INSTRUMENTAL IN ENCOURAGING CHILDREN TO DEVELOP THE GOOD HABIT OF MOVING THROUGH SPACE, NURTURING THEIR PHYSICAL POWER, & GETTING FIT.

For more information about healthy activities, contact your health care provider or your Concentra health specialist. For more information on the importance of fitness for children, visit the Centers for Disease Control and Prevention's Web site at: <http://www.cdc.gov/healthyyouth/physicalactivity/>

Houston Repertoire Ballet Presents the Classic Cinderella

RESERVE YOUR DATE TO THE BALL NOW ON APRIL 28 & 29

WHO

Houston Repertoire Ballet (HRB), featuring guest artist David Armendariz as the prince, while Claire White and Amaris Sharratt will alternate the role of Cinderella.

WHAT

The pre-professional ballet company in Northwest Houston proudly presents the Tomball premiere of its full-length production of Cinderella in three acts. Award-winning choreographer Victoria Vittum brings the classic fairy tale to life with her interpretation of this "happily ever after" ballet set to the timeless score of Sergei Prokofiev.

WHEN & WHERE

**Saturday, April 28 at 4pm & Sunday,
April 29 at 2pm**

**Tomball High School Auditorium
30330 Quinn Road
Tomball, Texas 77375**

TICKETS

Reserved Seating: \$15/\$18. For ticket information, call 281-940-HRB1 (4721) or visit www.hrbdance.org.

OUTREACH

The dancers of HRB perform excerpts from each production and make costumed appearances at various nursing homes, group events and at Arts & Education performances. Also, HRB will perform for the Tomball ISD fourth grade students, fulfilling the arts component of their curriculum. To schedule an outreach event for your organization, call 281-940-HRB1 (4721).

WHAT ELSE

Cinderella's original choreography is the creation of Victoria Vittum, with Barbara Le Gault doing much of the coaching and rehearsing. HRB's beautiful sets transform the stage back into a time where dreams really did come true. The exquisite costumes, designed by an amazing group of volunteers and partnered with Twin Cities Ballet in Monroe, LA, bring the dancers into Cinderella's world of magic and fantasy in this professionally staged production.

SYNOPSIS

The magical tale of a beautiful, kind young woman who rises from scrubbing floors to marrying a prince comes to life in Cinderella, a full-length ballet presented by HRB. From the wicked stepsisters' hilarious antics to the lovely pas de deux performed by Cinderella and the Prince, the performance is sure to capture the hearts of all. The ballet opens with the sisters fighting over fabric with Cinderella left to pick up the mess. The wicked stepmother orders Cinderella's father to purchase gowns for the sisters (Skinny and Dumpy) leaving Cinderella home alone. The fairy godmother conjures up fairies representing the four seasons to help Cinderella get dressed for the ball where she and the Prince fall in love. After elves stop time and Cinderella loses one of the glass slippers, the Prince travels the world to find her. Once they are reunited, they marry in an enchanted forest amid waltzing dancers.

ABOUT HRB

The Houston Repertoire Ballet (HRB) is a non-profit 501(c)(3), founded by Victoria Vittum and Gilbert Rome, both nationally acclaimed teachers and choreographers who served as its co-artistic directors. Today, Ms. Vittum oversees training and programming with an equal eye to serving the needs of the community. Although Mr. Rome is now retired, he maintains his interest and affiliation with HRB, performing as Drosselmeyer in *The Nutcracker* and as a guest teacher.

Since 1994, HRB has contributed to the cultural fabric of Harris and Montgomery Counties by providing excellent dance training to the area's young ballet stars and dance educators of tomorrow, while also presenting two high-quality productions annually at affordable prices. The *Nutcracker* and its Spring Program, this year *Cinderella*, introduce area children and their families to the world of classical and contemporary ballet. Today, HRB is considered to be the premiere pre-professional ballet company in the Houston region, and is recognized for sharing its gifts with the community and beyond.

The program attracts and develops some of the finest young dancers in the greater Houston area, with many of the dancers advancing to professional ballet companies throughout the country. HRB graduates can be seen with New York City Ballet, American Ballet Theatre, Miami City Ballet, Pacific Northwest Ballet, Atlanta Ballet, Pittsburgh Ballet Theatre and other prestigious companies. HRB has three graduating seniors this year and each will continue with dance at the university level. For more information, please visit: www.hrbdance.org.

MISSION

HRB's mission is dedicated to providing the finest classical ballet instruction, education and performance experience to local gifted students, and to preparing them for a professional career in the world of dance. HRB also is committed to serving the suburban Houston region with high-quality theatre productions that educate, engage and entertain residents of all ages and perpetuate their appreciation of dance as an art form.

Major funding for Houston Repertoire Ballet provided by Houston Endowment, Inc and ConocoPhillips. *Cinderella* is funded in part by a grant from the Texas Commission on the Arts through the Houston Arts Alliance.

CY WOODS KEY CLUB

When you normally hear clapping or cheering coming from proud parents, it is usually found at an outdoor sporting event, such as basketball, football, and soccer, or during an awards ceremony. Yet, when I heard these sounds, they weren't at an outdoor sporting event but at the annual cup stacking tournament at Goodson Middle School.

At this event, I judged children from the ages as young as five to thirteen, watching large amounts of talent and precision in their abilities to stack cups at great speeds. My day began walking into the preliminary rounds of the competition. I was judging the seven-year old participants, for whom this might have been their first year participating. They were tasked with completing the 3-3-3, which was an event where they stacked up pyramids of 3 cups and then took them down. After the 3-3-3 they would complete the 3-6-3 which followed the same guidelines as the 3-3-3. After the 3-6-3, would be the Cycle, which is perhaps the most difficult because it involved stacking up the cups the same as the 3-6-3 then after taking the cups down, the cups would be divided into two towers of 6 cups each. They would then stack both towers into pyramids after which they take the pyramids down and then combine the cups into one tower and then build up into one grand pyramid before finishing in the 3-6-3 stance. Also with the singles divisions were the doubles divisions where two competitors would work as one stacker using only one hand depending where they stood to stack the Cycle.

When the preliminaries were completed, next were the team relays where a majority of teams worked against each other and the clock to advance into the next round. The teams completed the 3-6-3. With the 3-6-3 team relays the first person would start the clock and each contestant on the team would stack the 3-6-3, after the last person has stacked, he or she would stop the clock and the judges would compare scores and times to determine the winner.

Finally were the finals where the top 5 in each division would participate in head to head times. During this time, cameras would be set up to record the contestants stacking but there are two reasons for these cameras: one is to record the contestants in case they surpass and set new records, and another is to check whether or not they made a mistake and the time is not recorded as by this time, a majority of the competitors move too fast for the judges to properly observe.

During these events I witnessed many competitors moving at varying paces. The little kids would move at a speed many might describe as a snail's pace while the older competitors might be moving as fast as a fighter jet. But no matter what speed the little kids were moving at, the whole goal was neither their ability nor speed at stacking, but for them to have fun. Witnessing the number of smiles and laughter from the kids, as well as cheering from excited parents, I can tell without a doubt that this goal was accomplished in soaring numbers.

Early Packing List: When to Get Travel Vaccinations

PLANNING AHEAD IS THE KEY TO SAFE, HEALTHY GLOBE-TROTTING

Submitted by Laura Guerrero, M.D., medical director for The Austin Diagnostic Clinic's Travel Clinic

There are just a few days to go before your big trip overseas. You've triple checked your itinerary, memorized important maps, and maybe even practiced speaking a bit of the local language. But unless you have taken the proper vaccination measures well in advance, your health may be at risk.

One of the most overlooked to-dos on a busy pre-travel itinerary checklist is the need to get vaccines and other medical preparations taken care of weeks, sometimes even months, before a trip, says Laura Guerrero, M.D., an internal medicine physician and medical director of the Travel Clinic at The Austin Diagnostic Clinic (ADC).

"Depending on where in the world you are going, you may be exposed to diseases and other pathogens that your body just hasn't had to cope with here in the United States. Often, vaccines are the best preventative measure to protect your health," says Dr. Guerrero. "But what people sometimes forget is that many vaccines have to be taken over an extended period of time before they can effectively prevent an illness."

ROUTINE, RECOMMENDED, & REQUIRED VACCINATIONS

The Centers for Disease Control and Prevention (CDC) divides travel vaccines into three categories: routine, recommended, and required. Dr. Guerrero says the number and type of vaccines you should receive will vary depending on what part of the world you are traveling to.

"Your particular vaccination and health needs can be as different as the Amazon jungle is to the Sahara desert," says Dr. Guerrero. "The only way to know what vaccinations are recommended for you is by consulting with your doctor at least one month before you plan on traveling abroad."

THE RIGHT VACCINE AT THE RIGHT TIME

Routine vaccinations are designed to protect you from diseases that rarely occur in the United States, but are still common in many parts of the world. According to the CDC, routine vaccinations should be administered for things such as influenza, tetanus, hepatitis A and B, measles, chickenpox, and zoster (shingles).

Exactly what routine vaccinations travelers should get will also depend mainly on your age and gender. And if you are traveling with children, they will likely require different vaccinations than an adult. Infants may need to have their vaccines administered over a period of several days or weeks, explains Dr. Guerrero. Recommended vaccinations will also depend on where you are traveling. The CDC lists vaccine information about specific destinations around the world on its website, <http://wwwnc.cdc.gov/travel/destinations/list.htm>. The site includes detailed health information about specific countries.

"We will update your shot record so we know what vaccines you should be receiving," says Dr. Guerrero. "And we will also counsel you about what diseases may be present in your destination, and how you can avoid exposure." As far as required vaccinations

go, international health regulations currently only require a vaccination for yellow fever for travelers visiting certain countries in sub-Saharan Africa and tropical South America. Meningococcal vaccination is also required by the government of Saudi Arabia for annual travel during the Hajj—the term for the annual pilgrimage to Mecca, Saudi Arabia, which occurs sometime between November and January.

"Even if you do not get your travel vaccines in time, it's always a good idea to see your doctor before you travel abroad because you can still benefit from medications and other information about how to protect yourself from illness and injury while on vacation in another country," adds Dr. Guerrero.

HEALTHY TIPS WHILE ABROAD

Once you have followed the vaccination schedule exactly, there are many other health considerations to take into account, Dr. Guerrero says. If you are taking prescription medications, for example, make sure you bring enough to last your entire trip and that you keep them stowed in their original containers. It's also a good idea to bring medicine for diarrhea, and to be cautious about drinking from local water supplies or eating things like raw seafood or other uncooked items.

"Part of ensuring a memorable travel experience abroad is making sure you are prepared for any potential health situations," explains Dr. Guerrero. "For example, if you have a preexisting health condition, it's always a good idea to know what your emergency care options are if something were to happen abroad. By taking the proper health planning measures, your trip of a lifetime can be filled with good memories instead of bad ones."
