'Precision Marching Kazoo Orchestra'  
Doug Skelton and his wife Linda along with Larry Dresch and his wife Sally are putting together a Kazoo Orchestra to march in the 4th of July parade! If you are interested in a fun time with little precision and a stretch of the word orchestra then this is just the activity for you! We desperately need you to join these two couples to make our 4th of July Independence Day Parade that much more fun and exciting! For more information please contact Doug Skelton [dougskelton@yahoo.com](mailto:dougskelton@yahoo.com) 832-698-1079

Please check the VNP Yahoo Group and the Club House Community Sign at the club house for times and further information on the '4th of July Bike Parade'.

## WELCOME SUMMER!!

The Shockwaves swim team would like to thank the Villages of NorthPointe for hosting us and we are so excited to share that more than 50% of our swimmers live in this neighborhood!

### 2012 SUMMER PRACTICE SCHEDULE

All practices/home events are at the NorthPointe community pool.

#### SUMMER SCHEDULE (June 1st – July 3rd)

Swimmers **MUST** practice with their assigned age group.

TIME	AGE GROUP
7:00-7:45	9/10
7:45-8:30	7/8
8:30-9:00	6U
9:00-10:00	11/12
9:30-10:30	13U

Please try to attend at least 3 sessions each week.

*\*NOTE: Times and groups may change at the Coaches' discretion*

Once morning practices begin, limited evening practice will be offered for swimmers who cannot be available to attend morning practices due to extenuating circumstances. Evening practice has limited space and is not to be used as a "back-up" swim practice if a swimmer misses a morning practice.

## VNP Summer Women's Bible Study

Are you a planner like me? What do you do when things don't go as you planned? I don't know about you but I get totally frustrated especially if the new plan involves me doing something I hadn't anticipated and/or want to do. I'm like Jonah in the Bible. When God had a different plan for Jonah than what he had planned for himself, Jonah found the first road out of town and bought a ticket on the fastest boat he could find to take him away from the presence of the Lord.

Join me and a few of your neighbors this summer in a six week interdenominational summer Bible Study by Priscilla Shirer called Jonah: Navigating a Life Interrupted. Whether you've been walking with the Lord for many years or just getting to know Him, all are welcome. Mommies – feel free to bring your little ones along. I will serve as host home and facilitator. We plan to get started the week of June 18, 2012.

For more details, call Diane Whitney at (281) 379-5420 or email [b.d.whitney@sbcglobal.net](mailto:b.d.whitney@sbcglobal.net).

## Why choose Primrose® for Kindergarten? Just ask a mom.

*"From the curriculum, our kids have developed a confidence in themselves on a day-to-day basis. And it speaks to the character development that the curriculum encourages, which is respect and friendship, and caring and giving."*

## Girl Scout Troop 15231 completes journey

Some of the girls from Junior Girl Scout Troop 15231 recently completely their journey project and earned their journey "agent of change" award. In order to complete their journey, the girls brainstormed some ideas and came up with the idea of decorating pillowcases and putting together craft kits for the kids to do in their rooms at Texas Children's Hospital. They held a garage sale to raise the money to purchase the items and then were able to decorate and send 100 pillowcases and craft kits to the hospital. They started this journey project in January and completed it in April. Congratulations to Vicki Bayang, Caitlin Edwards, Raini Bulacac, Cierra O'Connell, Taylor Shell, and Natalia McEvoy. Girls, this is an amazing accomplishment and such a beautiful thing to do for the sick children of Texas Children's Hospital. I bet this put many smiles on many little faces. Your community is so proud of you, keep up these wonderful missions, they really do make a huge difference in the lives of many.

## What's Making It In The Garden?

- (1) Lilly's –all kinds (daily water)
- (2) Elephant Ears –make sure and put them where you really want them, they are, at this point, semi-invasive. (treat as sub tropic-once or twice a week watering)
- (3) Plumbago (at least every other day if in the sun to keep color bright)
- (4) Creeping Jenny; grows in both semi shade and sun, you just get a different color. Light lemon green in shade-lime in Sun. (water 3 to 4 times a week when really hot)
- (5) Texas Blue Bonnet's (loves the shade!-water every other day)
- (6) Macho Fern. Water as any other fern-but these guys are tough as nails!!!

Remember; try and keep water off the flowers during the day-only roots need the water -it will wilt your flowers and decrease the active bloom. And, remember to dead-head-flowers, they love this! you are forcing more flowering and thicker foliage when you do this.

See ya next month!!!

*Angela Hausinger*

### JUNE GARDENING TIPS

June is the beginning of the hurricane season. Remove dead branches and dead trees before a storm is forecast. Also, do you have any leaning trees that could be at risk from the prolonged rain of a hurricane causing them to topple?

- Keep azaleas well watered. They're setting next year's flowers now.
- Water All planting areas deeply but infrequently during dry periods to force roots to grow downward instead of sideways during dry periods.
- If you have any professional tree removal done, make sure the company is insured. It is wise to be present when tree pruning is done.
- Fertilize waterlilies every 2 weeks. Cut off the dead flowers. Watch the water level in ponds and replenish when the level drops.
- Compost and earthworms are wonderful additions to the garden at anytime.
- Drought tolerant plants bloom less when they are watered too much.

#### Pest Control:

- Scale insects, including mealybugs: Spray plant oil products or mound drench products.
- Black spot on roses, mildew, and other fungi: Spray Garrett Juice Plus, garlic tea or diluted skim milk and drench the soil with garlic tea or apply dry granulated garlic See home page of DirtDoctor.com for the entire Organic Rose Program. Spray Plant Wash.
- Weeds: Hand remove and work on improving soil health. Spot spray vinegar – based products.
- Lace bugs, elm leaf beetles green June bugs, etc. Spray garlic pepper tea, summer-weight horticultural oil, plant oil products or mound drench products containing orange oil. Spinosad products will also work on this and other insect pests.

#### SECOND MAJOR FERTILIZATION OF THE YEAR

- All planting areas with organic fertilizer. This should be the second major fertilization of the year. Use about 20 lbs. of fertilizer per 1,000

sq. ft. To give plants an extra boosts, use fish meal or corn gluten meal. Add mycorrhizal products such as Alpha Bio Systems.

- Spray all plantings and lawns with Garrett Juice Plus every 2 weeks or at least once a month.
- Iron and general trace mineral deficiency results in yellowed leaves with dark green veins on the youngest growth. Drench soil with Garrett Juice Plus, greensand. Magnesium products will also help. Use high-calcium lime for calcium deficiency. Rock phosphate can also be helpful.
- Apply the Sick Tree Treatment to any ailing trees and other woody plants.

## Father's Day Ultimate Fajita Class

THE ARBOR GATE IN TOMBALL

JUNE 17TH 1PM - 4PM

*Konrad Haskins, Pit Master*

**Cost: \$139 / BYOB**

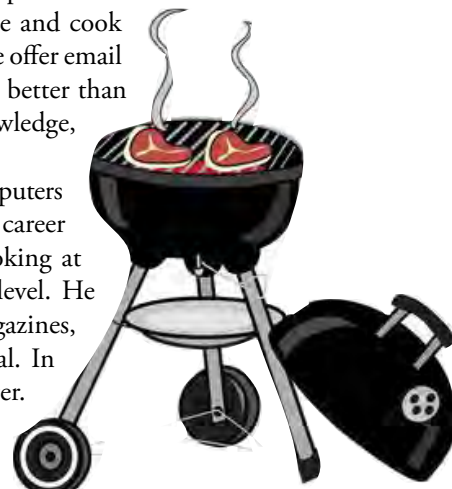

Konrad has cooked 100,000 pounds each of Brisket, Pork Shoulder, Pork Ribs and Chicken. His favorite foods are those he has not cook 100K# of. Great Fajitas is one of his true personal passions when it comes to enjoying great food. All these recipes and techniques are his own developed over the years with great passion.

Our Ultimate Fajita class will have us making everything from scratch and using fresh herbs. Marinated Beef Skirt and Flank Steak. The secret to tenderizing Flank. Reverse searing for tender meat with amazing flavor. Moist smoked barenaked chicken breasts. Scratch made flour tortillas, scratch made fire roasted Salsa and scratch made guacamole. Come Hungry. These techniques will work with charcoal and gas grills and wood fired pits.

As an experienced caterer, restaurateur and competitor Konrad knows how to barbecue everything from an intimate dinner for two to lunch for 5,000 soldiers returning from Iraq. His love of barbecue started while watching his grandfather cook whole steers on a spit when he was five. He now combines a lifetime of teaching and cooking with food science to help his students understand how to cook better barbecue. Our classes give you the knowledge to use different techniques successfully on everything from a propane grill to a trailered smoker. With the internet full of confusing and contradictory advice, the BBQ Institute® classes provide a clear and easy to follow road map to success.

Our definition of success is when you go home and cook barbecue that impresses those you care about. We offer email support to graduates to guarantee your BBQ is better than ever. Improve your skills or give the gift of knowledge, book a class today.

After working and teaching in aviation and computers in 2002 he started competing. His competition career has seen success all over the US including cooking at the elite invitation only world championship level. He has appeared on TV, radio, newspapers and magazines, including Food TV and the Wall Street Journal. In 2003 Konrad went full time professional pitmaster. In 2004 he Started the BBQ Institute®, which is now his full time career.
