## SUMMER READING AT BEE CAVE PUBLIC LIBRARY

Bee Cave Public Library kicked off its 7th Annual Summer Reading Program with a theme of Read for Fun, and it looks like the community has taken the motto to heart. More than 800 children have already signed up for the program, picking up reading logs to track the number of minutes they read in order to earn prizes. Children who log at least 400 minutes of reading will have their photo made into a personal poster that will hang in the library throughout the summer. This year's first posters featured sister and brother Ash and Jordan Londa, who hit the 400-minute mark within two days of the kick-off.

The Read for Fun theme inspired one family to write their own books and donate them to the library to "publish." Older brother Isaac Slade, son of Duane and Jessica Slade, wrote that "Once upon a time there was a little boy named Carter Slade. He lived in a wonderful family that loved him." The "book" goes on to tell how much fun Carter had in the summer, and how he loved to have his older brother write him stories, "and Carter helped to publish them in the library." Accepting the donation, Library Director Barbara Hathaway commented, "This is the kind of moment the library staff delights in. The children's love of reading and excitement at putting their own stories down on paper just shines through. This is what summer reading programs across the country are all about!"

The Teen and Adult Summer Reading Program is also off to a great start, with hundreds of readers entering raffles for fabulous prizes donated by local businesses and the Friends of the Library. Teens and adults who participate receive a "review ticket" for each book they read, and can enter as many raffles as they wish.

Major sponsors for this year's Summer Reading Program include the Shops at the Galleria and Broadway Bank, both long-time supporters of the Library. Partners include PAIYH Dance Studios, A+ Federal Credit Union, Austin Foot & Ankle Specialists, Ben Archer State Farm Insurance, Huntington Learning Center, Rigby Dental, and Your Personal Best Physical Therapy. Due to construction that should begin by mid-July, the library may be closed at times due to safety concerns. Patrons are encouraged to call or check the library website for up-to-the minute schedule changes before visiting. Outdoor book drops are available for return of materials.

### LIBRARY HOURS:

Bee Cave Public Library is open Tuesday-Thursday 10 am to 7 pm, Friday 10 am to 5 pm, and Saturday 1 pm to 5 pm. The library is closed on Sunday and Monday. For summer hours and more information, visit the library website at <http://pl.beecavetexas.com> or call 512-767-6620.

## Pruning Guidelines

for Prevention of Oak Wilt in Texas

Oak wilt, caused by the fungus *Ceratocystis fagacearum*, is the most destructive disease affecting live oaks and red oaks in Central Texas. Most of the tree mortality results from tree-to-tree spread of the pathogen through interconnected or grafted root systems, once an oak wilt center becomes established. New infection centers begin when beetles carry oak wilt fungal spores from infected red oaks to fresh, open wounds on healthy oaks. Wounds include any damage caused by wind, hail, vehicles, construction, squirrels, birds or pruning. Research has shown that both oak wilt fungal mats on infected red oaks and insects that carry oak wilt spores are most prevalent in the spring. Below is a brief description of how you can reduce the risk of fungal spread when pruning.

- Always paint fresh wounds on oaks, including pruning cuts and stumps, with wound dressing or latex paint immediately after pruning or live tree removal at all times of the year.
- Clean all pruning tools with 10% bleach solution or Lysol™ between sites and/or trees.
- If possible avoid pruning or wounding of oaks during the spring (currently defined as February 1 through June 30). Reasons to prune in the spring include:
  - To accommodate public safety concerns such as hazardous limbs, traffic visibility or emergency utility line clearance.
  - To repair damaged limbs (from storms or other anomalies)
  - To remove limbs rubbing on a building or rubbing on other branches, and to raise low limbs over a street.
- On sites where construction schedules take precedence, pruning any live tissue should only be done to accommodate required clearance.
- Dead branch removal where live tissue is not exposed.

Pruning for other reasons (general tree health, non-safety related clearance or thinning, etc.) should be conducted before February

1 or after June 30.

Debris from diseased red oaks should be immediately chipped, burned or buried. Regardless of the reasons or time of year, proper pruning techniques should be used. These techniques include making proper pruning cuts and avoiding injurious practices such as topping or excessive crown thinning. If you are uncertain about any of this information, you should consult with a Texas Oak Wilt Certified arborist, ISA Certified Arborist, or an oak wilt specialist from a city, county or state government agency such as the Texas Forest Service or Texas AgriLife Extension Service.

## Lakeway Activity Center Offers SAT Prep Course

The Lakeway Activity Center is excited to offer the SAT Preparation course again this year! This program is partnered with Cambridge Educational Services, the nation's largest on-campus test preparation program. Veteran teacher, Lynette Mathieson, will be joining experienced test-prep instructor Caro Palmatier. This is the perfect class to get your child up to their maximum potential for the SAT test on October 6th (registration deadline for the SAT is September 7th /late registration is September 21). Students learn how to maximize their SAT test taking skills and gain confidence as they prepare to further achieve entry into the college or university of their choice or secure scholarships.

Caro is a fabulous all level Math teacher who excels in teaching Algebra 1 through Pre-Calculus and Physics. Caro has written curriculum for Algebra 1 through Pre-Cal and wrote and constructed math problems for Educational Testing Service through the Texas

Education Association. Lynette has taught students from all academic backgrounds from gifted and talented to special education and has maintained an active tutorial business with one-on-one SAT review to enhance performance, understanding, competence, study and organization techniques. All of these elements together provide a practical and realistic framework for students to receive the testing experience armed with greater knowledge of the material and an increased awareness of testing strategies with enhanced abilities to

analyze reading passages and improve sense of timing to result in solidly higher scores.

Cambridge Educational Services uses official off-record SAT tests that have been administered in the past. Taking an official off-record pre- and post-test allows students to gain practice and comfort while relieving test anxiety. The pre-test serves to give students an idea of where they stand while giving instructors insight into strengths and weakness to work on in class. The post-test acts as another opportunity to practice taking the actual SAT test, but more importantly, as a way for students to measure their progress through their investment in the course. In depth course books provide over 1,000 pages of content to help build skills and learn cutting-edge test-taking strategies. Average scores gains for these courses are 60-150 points, however, test scores can be significantly higher from those students who attend all classes and actively participate. Cambridge utilizes a research based model based off of over 20 years of experience in test preparation. The verbal portion of the course will review SAT essay writing, sentence correction and completion, plus critical reading of paragraphs and long passages. The mathematics portion reviews the multiple choice and student-produced response questions.

This program is scheduled perfectly to be completed right before the next official SAT test so all the information will be fresh and your child will have more confidence when he takes the official SAT on October 6th. Class is held on Saturdays August 11-September 29 from 9 a.m.-noon (No class on Labor Day weekend-September 4). Students will receive 18 hours of direct instruction with an additional first session for administration of the pre-test on August 11 and post-test on September 22. Post test results and overall review as well as individual question/answers will be on September 29.

Another class is scheduled for Wednesday evenings to coincide with the official SAT in November. Call the Lakeway Activity Center at 512-261-1010 or go to our website: [www.Lakeway-Tx.gov](http://www.Lakeway-Tx.gov) for additional information.

Students must preregister by August 6 in order to ensure supplies are in stock.

## District Officials, Students Accept Donation of Video Production, Web Platform

Lake Travis Independent School District officials and students officially accepted the donation of a multi-media platform that will enhance the District's video presence on the web during a presentation held May 25 at Lake Travis High School.

The primary donation was made by Haythem Dawlett of Legend Communities, Inc. and Philip Jalufka of Legacy International Resort Properties, in conjunction with the Lake Travis Education Foundation.

"This is a sizable donation that will have a significant and lasting impact throughout our school community," said LTISD superintendent Dr. Brad Lancaster. "On behalf of our students and staff, I thank Mr. Dawlett, Mr. Jalufka, and the foundation for their generosity and support."

The donation of the web-based video platform—LakeTravisTV—allows LTISD students and staff to broadcast a wide array of content via the Internet. Once videos are uploaded from other sites such as district/campus websites, High School Cube, and YouTube, they can be organized, shared, and featured for public viewing 'on demand' through specific channels on LakeTravisTV. The platform and administrative portal—valued at \$125,000—have been customized and enhanced for use by the school district.

"Legend Communities is pleased to further its support for the children and families of Lakeway through this donation to Lake Travis ISD," said Mr. Dawlett, principal of Legend Communities. "We look forward to seeing this outstanding school district expand its presence for the betterment of students for years to come."

In addition to the LakeTravisTV donation, Lake Travis High School received a grant from the LTEF last fall which funded the purchase of the TriCaster, a mobile video production and broadcasting unit which allows students to record and produce school content and

programming including athletic, performing arts, and community events. Students are able to capture content using three video cameras and audio equipment obtained through the technology portion of the District's 2006 bond program.

"The donation of the LakeTravisTV platform—coupled with the purchase of the TriCaster, video cameras and audio equipment—has opened a world of opportunities for our film students," said Carl McLendon, LTHS film studies teacher. "We're doing things we only dreamed of doing before (the donation). More importantly, we are now able to reach a much wider audience by providing content like the recent Cavalettes Spring Show and our high school graduation that our school community has come to expect. There's a much bigger picture here as well as we begin to position and market the LT brand like never before, and provide entrepreneurial opportunities to Lake Travis students. The donation and public-private partnership makes all this possible."

A sample of campus videos and other LTISD student-created content is available on LakeTravisTV at <http://lttv.ltidschools.org/channels/lwe>. For more information, contact the LTISD Office of Communications at (512) 533-6046.

## ***Ski Shores Café Welcomes Summer with Dockside Pick-Up Service, Live Music and Family-Friendly Movie Nights All Summer Long***

Fun in the sun and relaxed lakeside dining are on the menu this summer at **Ski Shores Café**, the 57-year-old iconic Lake Austin family restaurant and bar. The restaurant is ushering in Central Texas' summer evenings with spectacular sunset views and a menu packed with tempting burgers, tacos, pizza and much more! In addition, Ski Shores is now offering **dockside pick-up**, a service that allows restaurant patrons to call in their food orders to-go, cruise on over to one of Ski Shores' designated boat slips and pick up their meals by a friendly member of the Ski Shores wait staff.

Ski Shores Café is also offering an array of fun seasonal activities, including **live musical entertainment** and **family-friendly movie nights**. Throughout the summer, Ski Shores will welcome a variety of Austin musicians who will perform live music Friday, Saturday and Sunday afternoons on the café's newly improved outdoor stage. The recently added deck seating and covered palapa are

ideal for casual lakeside evenings spent kicking back, sipping on a cool beverage from the full bar and taking in a live show.

While Mom and Dad enjoy the live entertainment, the kids will be enthralled by the giant playscape, which will have extended evening hours during the summer. At sundown on **Friday Family Fun Nights** all spring and summer, families can gather around the Ski Shores fire pit, enjoy some free gooey s'mores and take in a family-friendly movie.

Located just off City Park Road south of Austin's 360 Bridge, Ski Shores Café is a full-service restaurant that boasts plenty of indoor and outdoor space for laid-back lakeside events. Guests can even park their boats in one of the many boat slips, and step off the lake and into the restaurant for a quick afternoon bite or an entire evening of dining while enjoying the lake atmosphere. With indoor and outdoor TVs, and lots of arcade games for the kids, Ski Shores ensures the whole family will be entertained in this cozy, beach-style environment.

The menu at Ski Shores Café is just as iconic as this captivating establishment. From appetizers and burgers, to tacos, pizzas and dessert, Ski Shores' recently updated menu has something to please every taste. The menu features longtime favorites like the Border Burger, the infamous Scooter Burger, and Ski Shores' legendary 14- and 16-inch pizzas. Some new classics and Austin staples include the Fish Tacos, Catfish and Shrimp Baskets, and the Garden Fresh Salad with Grilled Chicken, a "fave on the lake." The kids' menu features all-time classics like Chicken Tenders, Grilled Cheese, Corndog Bites, and Cheese Quesadillas, all served with a drink and a choice of fries, coleslaw, chips or applesauce.

## Vocational Camp

*Submitted by Laura Barnes*

This summer, Lake Travis ISD is hosting its third annual Vocational Camp for Life Skills students in High School. These students are exploring various career opportunities through volunteering in the community. Over the course of the five week program students will volunteer at the Capital Area Food bank and Mobile Loaves and Fishes. They will also work with the City of Bee Cave "sprucing up" the historic Bee Cave School.

Other job training sites are always welcomed. Several of the students would like to volunteer in the field of animal care (feeding, bathing, walking). If your business could use some hard working teen volunteers (accompanied by a teacher) please contact Laura Barnes. [laurabarnes51@gmail.com](mailto:laurabarnes51@gmail.com)

# Financial Focus - Student Loans Crushing College Grads

*Submitted by Rich Keith*

Today's college grads are facing the "real world" with an extra scoop of debt. Two-thirds of students graduating from college or graduate school have student loans – about \$25,000 on average. That's a 25% increase over the past 10 years. In fact, today's twentysomething holds an average debt of \$45,000, including everything from student loans to mortgages and credit cards. Unfortunately, unemployment for those aged 18-29 is 12.4%, well above the national rate of 8.2%.

Don't feel as if you have to be the savior. Six in 10 boomers report giving financial help (outside of college tuition) to a child or grandchild in the past five years. Of those, \$59,000 was the average amount of aid. If this sounds like you, ask yourself: Do I really have the resources? Am I saving enough for retirement? Try to share more financial wisdom and less cash with your adult offspring. The more you save for your own future means less possibility that you'll need their help later on.

Without going into too much detail, share the family financial picture with your children once they hit the mid-teen years. They need to know the family income is X and it takes Y amount to cover the mortgage and bills. Once they see X minus Y in action they will be surprised at how much it actually costs to run a household.

This may have a side benefit of limiting how much and how often your children ask you for money and gifts.

Children who have a basic understanding of money, especially the corrosive effects of debt, have a better chance of becoming financially independent later in life. They will be more resistant to the credit card offers sure to come to them in their freshman year at college. And they will more ready to partner with their parents as the family manages their college finances with them.
