OMG! Like TexARTS' "Legally Blonde" Was A Total HIT!

Where have those lazy days of summer gone? Well, they certainly never existed for the 40 students enrolled in TexARTS' Musical Theatre Intensive. Working at a pace equal to any professional theatre company, the MTI students rehearsed, staged and performed their version of the Broadway smash, "Legally Blonde" all in just three weeks.

Based on the novel by Amanda Brown and the popular Reese Witherspoon film, "Legally Blonde" tells the tale of sorority star Elle Woods. When dumped by her boyfriend for someone more "serious," Elle puts down the credit card, hits the books and hatches a plan to win back her beau by enrolling in Harvard Law. Along the way, Elle proves that being true to oneself never goes out of style.

TexARTS instructor and Broadway veteran Keenah Armitage directed this uplifting, feel good production that combined all the original wit with a catchy pop score and energetic dance numbers. As an added bonus, the MTI student cast was able to gain additional insight to the show by taking master classes with guest teaching artist Jason Gilmore. Gilmore, a professional actor, starred in the original Broadway cast of "Legally Blonde."

Kalie Naftzger, a 15-year old TexARTS student, landed the lead role of Elle.

"Elle Woods is a dream role for me," said Naftzger. "The intensive was challenging and yet a great learning experience. The instructors were wonderful and helped push me to fully embrace my role. This was my sixth summer intensive at TexARTS and I can't wait for next year."

If you missed the sold out run of "Legally Blonde," be sure to attend the TexARTS' open house, "A Taste of TexARTS," on August 18 from 10:00 a.m. to 2:00 p.m. There you can meet the instructors and the cast, take a free dance class and enjoy some selected musical numbers from "Legally Blonde."

TexARTS is a non-profit organization that also offers year-round classes in acting, voice, ballet and dance as well as completely staged youth and professional productions. TexARTS' mission is to cultivate a thriving arts community by exposing all people to the visual and performing arts.

For more information on A Taste of TexARTS or to register for TexARTS' upcoming fall classes, visit www.tex-arts.org or call 512-852-9079. TexARTS is located in Lakeway at 2300 Lohman's Spur, Suite 160.

Lakeway Regional Medical Center Hospital Update

Since opening this past April, Lakeway Regional Medical Center (LRMC) has hit many milestones in becoming a world class destination hospital. From its first patient experience at approximately 10:30 AM on April 16th, their great nursing team has been providing exceptional care, causing the first ripple of LRMC becoming a beacon of quality. Thus far, the hospital has:

- Served over 1,200 community members in the emergency room
- Captured over 1,000 radiology images
- Performed over 150 surgical cases, including multiple catheterizations and 5 open heart surgeries
- Delivered over 20 babies into the Lake Travis Community
- Received over 300 applications from physician the medical staff

In each case, we are reminded that having healthcare close to home is prevalent to everyone in different ways.

With every new day, the team of board certified physicians, nurses and all other staff realize new potential opportunities of growing into Austin's premier hospital. Lakeway Regional Plaza (new office building), expected to open in September, will bring us closer to that realization as a well-rounded group of primary care and specialty physicians take a more permanent and visible presence on the medical campus.

Back To School Checklist

Ensuring a
Healthy Return
to the Classroom
Begins at Home

* * * * *

As a parent, there's no doubt that back-to-school season requires a lot of effort to get your kids all set for the challenges of the classroom. But it's also an important time to consider your child's health, says Daniel Howard, M.D., a pediatrician with The Austin Diagnostic Clinic (ADC).

"From making sure all of the proper vaccinations have been administered on schedule, to getting their kids back on 'school year' sleep schedules, health is obviously a huge consideration for parents with school-age children," Dr. Howard says.

- **Vaccinations 101.** Children should receive a variety of vaccinations and booster shots to prevent them from getting many serious and highly contagious diseases.
- **Hearing and vision tests.** Consider getting your child's hearing and vision tested before they begin school to prevent learning challenges in the classroom.
- **Health information.** Parents should be prepared to provide schools with a list of emergency contact information that includes telephone numbers for parents, close family, pediatrician, and dentist.
- **Diet and sleep.** Healthy eating is a critical part of a child's physical and mental development and can help curb the risk of childhood obesity. Sleep is also essential—kids should get between eight to 11 hours per day, depending on their age.

Daniel Howard, M.D., is a pediatrician for The Austin Diagnostic Clinic, a multi-specialty clinic with physicians representing 21 medical specialties at more than six locations throughout Austin and Central Texas. Dr. Howard sees patients at the ADC Cedar Bend, at 2400 Cedar Bend Drive. For more information, visit www.adclinic.com or call 512-901-4016.
