LEGENDS RANCH

Please Control Your Pets!

Legends Ranch Community has had many loose dogs & cats lately. Please do your part to keep your animals safe and contained on your property.

It is a deed restriction violation if your pets are not confined to a fenced backyard or within your home. They must not be allowed to bark all night or cause a nuisance to your neighbors. They must also be on a leash at all times when not in a contained environment. It is also the pet owner's responsibility to keep ALL areas of the community FREE from pet debris when walking your pets. Please remember that cats must also be confined.

Remember that all pets should always wear a collar with ID tag! Pet owners should also consider pet microchips for identification in case your pet loses their collar/ID tag.

Gardening Tips for August

Are we all well done yet? At least we have air conditioning to retreat into. Your lawn and garden will be showing the stress of constant heat. Most plants will slow down or stop growth and blooming when subjected to extremes of heat. Be sure to keep to a watering schedule so that your plants and lawn have access to moisture

During these hot days, just as you sweat, plants transpire water through specialized cells called Stomata. These are located on the underside of the leaf and open and close according to the plants need to lower its temperature.

Keep a close watch on your lawn for the signs of grub or chinch bug damage. There are multiple products on the market that will take care of both of these pests with a single application.

I know that some of your flowers are not looking their best this month. Just remember the months of pleasure you received from them. Many of the plants will recover as temperatures lower and give you loads of blossoms.

Now for the plant of the month. Lycoris, sometimes called "Surprise Lily", "Naked Ladies" or "Spider Lily". These tough little bulbs bloom in late August or early September. The bloom spike appears before the foliage (thus the naked lady name).

There are three common varieties of Lycoris.

- Lycoris radiata, with bright red, spidery petals.
- Lycoris squamigera, with light pink amaryllis type petals.
- Lycoris aurea, with yellow petals that are somewhat between the other two in shape.

Until next month!

Gratitude is the key

Unlocking The Doors To Treasures In Our Children

By Sugandha Jain

Gratitude is an instant mood converter. Gratefulness is the knife that melds impatience to patience, fear to love and anxiety to peace. Enveloped by the clouds of thankfulness, we can soar high in the air of optimism. Our aura is immediately cleansed when we fill our thoughts with praise. Relationships glow under the varnish of a positive expression in mutual affection.

We only have to look around us to realize how blessed we are. Being mindful of the generosity of people, beauty in our surroundings and the uniqueness of our own spirits can help us appreciate our fortunate existence.

Opening ourselves to receiving divine grace that is already a part of our lives makes us acknowledge our own sacredness. We appreciate our oneness with the universe and what we feel as a result, is gratitude on being a part of the whole. We feel love, we feel complete.

Modeling gratefulness with our families can help children open their hearts to the love and light in everything they do. Daily writing in their Gratitude Journal can gradually shift children's consciousness to a higher dimension.

Constantly reminding children to see the lessons presented by events instead of sulking on challenges can be an exercise in life-long learning. When we encourage children to make choices, evaluate them and re-choose options that help them feel grateful, we show them how to be free.

Together, we find that our interactions with each other have always been complete; the missing link in the puzzle in seeking out and seeding in the Om of smile- the symbol of thankfulness.

Sugandha Jain is a Master Registered Texas Trainer and Director of Accreditation at a local preschool.
