## Back To School Checklist

### ENSURING A HEALTHY RETURN TO THE CLASSROOM BEGINS AT HOME

As a parent, there's no doubt that back-to-school season requires a lot of effort to get your kids all set for the challenges of the classroom. But it's also an important time to consider your child's health, says Daniel Howard, M.D., a pediatrician with The Austin Diagnostic Clinic (ADC).

"From making sure all of the proper vaccinations have been administered on schedule, to getting their kids back on 'school year' sleep schedules, health is obviously a huge consideration for parents with school-age children," Dr. Howard says.

- **Vaccinations 101.** Children should receive a variety of vaccinations and booster shots to prevent them from getting many serious and highly contagious diseases.
- **Hearing and vision tests.** Consider getting your child's hearing and vision tested before they begin school to prevent learning challenges in the classroom.
- **Health information.** Parents should be prepared to provide schools with a list of emergency contact information that includes telephone numbers for parents, close family, pediatrician, and dentist.
- **Diet and sleep.** Healthy eating is a critical part of a child's physical and mental development and can help curb the risk of childhood obesity. Sleep is also essential—kids should get between eight to 11 hours per day, depending on their age.

*Daniel Howard, M.D., is a pediatrician for The Austin Diagnostic Clinic, a multi-specialty clinic with physicians representing 21 medical specialties at more than six locations throughout Austin and Central Texas. Dr. Howard sees patients at the ADC Cedar Bend, at 2400 Cedar Bend Drive. For more information, visit [www.adclinic.com](http://www.adclinic.com) or call 512-901-4016.
