## LONGWOOD BOY SCOUT GIVES BACK TO FORMER SCHOOL

*Eagle Scout hopeful Braely Pace braved rising flood waters as he spearheaded the work of 17 volunteers to make two playgrounds safer for his preschool alma mater.*

*By Chris Fults*

Sixteen-year-old Longwood resident Braely Pace was determined to press forward with his Eagle Scout project on the morning of Friday, July 13. Pace, a member of Boy Scout Troop #84 sponsored by The Church of Jesus Christ of Latter-day Saints, had spent weeks organizing donations and recruiting 17 volunteers to layer a protective safety cushion of mulch onto two playgrounds owned by The Woods Private School.

The plan had come off with only one hitch. Both playgrounds were saturated with rain, and the playground located at 15002 Lakewood Forest Drive sat next to an overflowing tributary of Cypress Creek, which had already reached flood stage and was continuing to rise. Despite the flood waters, Pace and Chad Boase, an assistant director at the school, decided it was safe to move ahead with the much-needed project. Pace joked to Boase, "No one here is afraid to get wet or muddy!"

"When I considered all of the many options for an Eagle Scout project," said Pace, "I decided that I really wanted to give back to The Woods. I was a student there, and all of my siblings attended there as well. I wanted to repay them for all of the good work they do for so many children."

Mary Beth Gavin, an assistant director at the school, said, "Our school has been open for 29 years, and it has been fun seeing these children grow

*Braely Pace pushes a wheelbarrow of mulch as flood waters rise in the background.*

up and then come back years later to help out. What makes this mulching project so special is that Braely is one of our former students. He is one of our own."

Donna Boase, director of The Woods, said, "Mulching the playground is an important safety issue that we deal with every year. The state sends out a case worker annually to be sure our playground is safe for our students. Last year the mulching seemed to take forever because we didn't have as many people to help. This year it's been such a blessing to have Braely and his volunteers accomplish this important work, and it is a relief to get it done so quickly."

Pace pitched his Eagle project idea to Phillip Sheppard of Living Earth Technology Company, who generously agreed to donate 30 cubic yards of mulch. Pace recruited his hardworking, mostly teenage volunteers from his own congregation, the Longwood Ward of The Church of Jesus Christ of Latter-day Saints.

Pace is no stranger to hard work, growing up on a 500-acre Utah family farm, where he bailed and hauled alfalfa by hand. He returns every summer to help out. This work ethic has been reinforced during his eight years in Scouting, which fosters self-reliance, leadership and hard work, culminating in the Eagle Project.

## LOCK THOSE CAR DOORS!

Area neighborhoods including Longwood had a rude awaking the morning of Friday, August 3. Between bedtime and the early morning hours of Friday, August 3rd, a number of vehicles parked in the owner's driveway had been entered and, in some cases, items taken. From the reports we have received, it appears most, if not all, of the vehicles entered were unlocked and some of the missing items included a GPS device and some children's clothes. If at all possible, park your locked cars in a locked garage and always lock them up when unattended.

## Are Your Business and Home Ready for Hurricane Season? *Find out with Anthony Yanez at the Sept. 27 CYFEN meeting*

What precautions should you take to protect your home and business during hurricane season? Find out with KPRC's Anthony Yanez in his presentation titled "Hurricane Preparedness-Business and Home" at the Cy-Fair Express Network (CYFEN) luncheon Sept. 27.

Yanez has done it all in the news business - photography, editing, reporting, anchoring and sports - but he found his true passion in weather. And this meteorologist, who has covered severe weather since his first day July 15, 2003 at KPRC with Hurricane Claudette, said there is never a dull forecast in Houston as he deals with oppressive heat, severe thunderstorms, tornadoes and hurricanes.

All are welcome to attend the monthly meetings of CYFEN, which are held from 11 a.m. to 1 p.m. (with the program beginning promptly at 11:30 a.m.) the fourth Thursday of the month at the Sterling Country Club, 16500 Houston National Blvd.

Bring business cards for networking. The meeting cost is \$25 with advanced reservations made by the Friday prior to the meeting and \$30 at the door.
