TIP OF THE MONTH

CYBERBULLYING IS REAL – BE ALERT!

Today's teens use technology more than ever. Most have high-speed Internet access, which they use to send

instant messages to their friends, create blogs and online videos, keep personal profiles on social networking websites, share photos, and more. Many teens also have cell phones and spend hours text-messaging friends. Technology, especially the Internet, allows all of us immediate access to information, which can greatly benefit our lives. However, it has also provided some people with the means to exploit the innocent, commit crimes, and inflict injury on others. This technology has allowed some teens to take the bullying that thrives in school hallways into cyberspace.

Cyberbullying is using the Internet, cell phones, video game systems, or other technology to send or post text or images intended to hurt or embarrass another person.

Youth give many reasons for bullying; as adults, you can help stop cyberbullying by learning why youth cyberbully and by teaching youth how to interact positively in cyberspace. An overwhelming majority of teens believe that youth cyberbully because they think it's a joke, not realizing the negative impact it may have on the victim. Many teens cyberbully because they are encouraged by friends or because they believe that everyone else cyberbullies. Dealing with cyberbullying can be difficult, but there are steps parents, educators, and other caregivers can take to prevent it.

Parents and caregivers have a responsibility to help keep youth safe online. In order to do this, parents have to be aware of the types of activities youth are engaged in online and teach teens

STEEPLECHASE

Safety Corner - (Continued from Cover Page)

about cyber-ethics, responsibility, and Internet safety.

- *Talk with teens about some of the risks and benefits posed by the Internet
- *Share examples of inappropriate incidents that can happen online, which teens may view as harmless or normal (e.g., a stranger initiating a conversation with a teen regarding pictures the teen has posted of him- or herself online)
- *Learn what their teens are doing online and keep track of their online behavior
- *Visit websites that teens frequent (such as social networking sites) to see what teens encounter online
- *Tell teens never to give out personal information online (including their names, addresses, phone numbers, school names, or credit card numbers)
- *Let teens know that they should never arrange a face-to-face meeting with someone they meet online
- *Communicate online rules and responsibilities to teens and enforce rules with tangible consequences
- *Keep computers in a highly trafficked room in the house where online activities are hard for teens to hide
- *Teach youth about cyberbullying and let them know that engaging in cyberbullying is unacceptable
- *Explain that youth who cyberbully sometimes bully because they have a feeling of anonymity and a lack of accountability; however, cyberbullying is harmful and can have negative consequences
- *Explain that youth who cyberbully aren't always anonymous; they can be traced, located, and punished if the bullying becomes harassment
- *Speak to teens about how to react if they are cyberbullied

What if Teens Are Bullied?

Despite our collective efforts to teach teens about cybersafety, they can still be victimized by youth who cyberbully. Moreover, cyberbullying can be an extension of bullying that teens are experiencing in school, and it may be more emotionally destructive. Threats and taunts posted on websites are visible throughout the world, 24 hours a day, seven days a week. Youth who cyberbully often create websites that encourage friends and classmates to make disparaging comments about another youth. Thus, teens who are cyberbullied can face constant victimization and do not have a safe retreat. Because of this, cyberbullying can elicit a strong emotional response from teens. Some teens change their daily online and offline behaviors. Over 50% of teens felt angry after they were cyberbullied. Roughly one-third of teens felt hurt, and almost 15% of teens felt scared by cyberbullying experiences.

Teens currently use their own methods to counter cyberbullying, and many teens respond with a variety of reactions:

- *Ask the bully to stop.
- *Block communication.
- *Talk to friends about the bullying.
- *Do nothing about the bullying.
- *Sign offline.

Neighbor to Neighbor

You can change the experience you have in your own neighborhood by getting more involved with those around you and taking pride in the area in which you live. The following is a new article that will appear monthly to publish friendly neighborhood notes and reminders submitted by readers. Your own Neighbor to Neighbor note can be emailed to Newsletter@SteeplechaseTX.com.

(Note: Editor reserves the right to edit notes for length and to maintain tone of friendliness. No names or addresses will be published.)

Dear Neighbor,

If you wish to have large parties at your home which require your guests to park several houses up and down the street from where you live, please ask them to be considerate of your neighbors and not litter our lawns with their empty beer cans, beer bottles, and large empty beer cartons. When I went out to retrieve my morning paper after one of your late night parties, I found broken beer bottles smashed in my driveway and saw numerous beer cans and cartons littering my neighbors' lawns. I had to sweep up all of the broken glass before I could drive my car out of my driveway. If your guests cannot be more considerate, you should be responsible and clean up after them once they leave. Thank you, Your Neighbor

Dear Neighbor,

For many of us who work, 12 hour days are not unusual from the time we leave for work until the time we return home each day. This amounts to a long work week. Saturdays are one day that we can take advantage of sleeping in a few hours later and it is very annoying to be awakened before 7:30 a.m. by the sound of your lawn mower. Please be considerate of those who are up by 5:00 a.m. during the work week and would like to sleep in a few extra hours on a Saturday. I polled different homeowners I know and the general consensus is people should not mow their lawns before 8:00 a.m. Thank you!

Dear Neighbor,

Please do not encourage Solicitors in the neighborhood by speaking with them about their product or buying from them. If we all interrupt their sales pitch with, "I am sorry, we have a No Solicitation policy in our community," they will move on to another area. If they don't have the respect for you to abide by your request to leave your property, you should not do business with them anyway. If you believe them to be suspicious, especially persistent, or even a scam, call the Harris County Sheriff's department. They can't arrest them for soliciting, but they can ID them and make sure they do not have a criminal history. Thank you!

Online Service Option For Citizens Reporting Crimes

The Sheriff's Office has implemented an on-line service called "CopLogic" for Harris County citizens to report crimes. **THIS IS FOR REPORTING LOST PROPERTY, THEFT OR VANDALISM ONLY AND WHEN THE COMPLAINT NO SUSPECT INFORMATION.** This service is provided as an option to the citizen in lieu of waiting for a unit to respond to their location and response can sometimes take several weeks.

Examples of incidents that can be reported via CopLogic:

1. **LOST PROPERTY:** When property is missing or lost, i.e. leaving items in a restaurant or missing from home.
2. **THEFT:** Property is taken without the owner's permission.
3. **VANDALISM:** The act of changing, modifying or defacing public or private property, i.e. graffiti, knocking over a mailbox, throwing a rock through a window, etc.

To access this service, please visit the Sheriff's Office web site: www.hcso.hctx.net. Click on "Report Crime" link at top of screen. Click on "Report an Incident." Follow instructions on the screen for filing an offense report.

CopLogic is an alternative method for the citizen to report the crime quickly, get a case number and print a copy of the report. It does not replace entering a call for service for a unit to respond if the citizen prefers to see a unit or does not have access to the Internet.

If You...SEE Something SAY Something!

A simple observation, a single report can help solve or prevent a crime.

The Harris County Sheriff's Office is committed to serving the citizens of Harris County through a cooperative working relationship between the police and the people we serve. The success of solving crime lies in the actions of the citizens who have knowledge of, or view these criminal acts.

With your help, we can all strive to make Harris County, Texas a safer place to live and play. iWatchHarrisCounty.com is a community awareness program that educates the community about suspicious activities & criminal behaviors. iWatchHarrisCounty focuses on criminal behavior and criminal enterprises that could also indicate a nexus to terrorist activities. Citizens are provided a convenient reporting method to provide tips and leads to police concerning crime that is affecting their community.

iWatchHarrisCounty allows our citizens to harness the communication capabilities of the internet/social networking sites to report crime tips and leads. This site is a new and innovative tool to increase our community wide effort to reduce crime.

This app is available for iPhone, Blackberry and Android mobile phones. Visit <http://iwatchharriscounty.com/> for more information and to download the app.

What is iWatchHarrisCounty?

iWatchHarrisCounty is a mobile crime watch tool that you and your neighbors can use to report suspicious or criminal activity. It's a proactive, hands-on, partnership between you, the citizens of Harris County, and the Harris County Sheriff's Office (HCSO).

Why should I report these behaviors and activities?

You are the eyes and ears of your community. Your awareness of suspicious behaviors and activities and reporting it to the police can help solve crimes or prevent crimes.

What should I report?

Give as many details as possible, for example:

- Time of day
- Where it happened
- What you witnessed
- A description of individual(s) involved
- Was there a vehicle?
- Color and license plate number?
- Have you seen this activity before?

There are four ways to report:

- Report online at iWatchHarrisCounty.com
- Text a tip to 1-855-HCSO-iWatch (1-855-427-6492)
- Use the downloadable app found on iWatchHarrisCounty.com
- Call 1-855-HCSO-iWatch (1-855-427-6492)

If you have an emergency and need the police immediately do not use iWatchHarrisCounty, call 911.
