Cy-Fair Residents to Spend Less Time on US 290 as Key Construction Completion Dates Move Up

Chamber to look at future mobility for Cy-Fair at Annual Mobility Forum on Nov. 1

Cy-Fair residents and businesses can expect to get some much-needed traffic relief on one of the top 25 congested roads in Texas. Thanks to \$168 million in funding provided by state legislators and part of the additional \$2 billion TxDOT identified earlier this year, some key construction projects along US 290 in Houston will be completed up to two decades earlier than originally scheduled. The completion of critical projects also means travelers will see a 40 percent decrease in time spent in traffic along US 290.

"This is a huge win for Texas drivers," said Phil Wilson, TxDOT Executive Director. "Not only will sections of this road be ready 20 years ahead of schedule, they could save drivers 20 minutes in commute time during peak hours on US 290 from IH 610 to SH 99."

TxDOT and the Harris County Toll Road Authority (HCTRA) are working to finalize an agreement to provide the needed funding allocated by the Legislature. Under the agreement, TxDOT will contribute \$787 million and HCTRA \$400 million putting all US 290 projects between IH 610 and SH 99 (Grand Parkway) under construction by the middle of 2014.

PROJECT PLANS INCLUDE:

- Reconstruction and widening of US 290
- Four general purpose lanes for in- and outbound traffic
- Two to three reversible managed lanes in the middle to carry HOV and tolled traffic Future construction of the parallel Hempstead Tollway
- A bike trail and right-of-way preservation for a high-capacity transit system
- Additional safety improvements that should reduce the number of accidents that typically cause big delays.

"Our economy and our quality of life depend on our transportation system and our ability to efficiently move people, goods and services throughout the state," Lt. Governor Dewhurst said. "We all want to see more roads built so that hardworking Texans can spend less time in traffic and more time at home with their families, but we must resist the natural urge to spend money on easy projects and instead spend our hardworking taxpayers' dollars on projects that will have the greatest impact on our

economy and quality of life -- like the US 290 project."

Leslie Martone, President of the Cy-Fair Houston Chamber of Commerce, said "The US 290 project is a great example of how strong partnerships between the chamber, state and local legislators, transportation entities and the community can produce results." Martone added, "With this infrastructure in place the Cy-Fair area will be better prepared to accommodate the population growth projected for our region; however, there is still a lot of work to be done and we need to stay vigilant in our planning for future mobility in Cy-Fair."

The Cy-Fair Houston Chamber's 5th Annual Mobility Forum will be held on November 1 at the Berry Center. The event is underwritten by Methodist Willowbrook Hospital and will allow guests the opportunity to look at future mobility options. "This year's theme is 'Trains, Planes and Automobiles'". Martone said. "We want to make sure we stay ahead of the game to meet the needs of businesses and residents in Cy-Fair."

Solar Savings

For those of us living here in Houston, we're all acutely aware that the sun is a plentiful, if not unrelenting, source of heat and sunlight (okay, the heat is really a byproduct of the intense sunlight). And for many of us I bet that we've thought, "Gosh, if I could harness just some of that free sunlight..." The harder part is trying to answer the obvious questions about installing a solar array or solar panel system on the roof of your home - "How much electricity would it generate and how much money could I save on my electric bills?"

Without having to know much about solar or needing to contact a solar installer or solar company, you can easily get those estimates at your fingertips. The National Renewable Energy Laboratory, which is operated by the US Department of Energy, has created a website allowing anyone to calculate the amount of electricity a solar panel array system would generate. Here's the website (notice that it already takes into account that you're in Houston): <http://rredc.nrel.gov/solar/calculators/PVWATTS/version1/US/Texas/Houston.html>. Once on the website, for your initial estimate, you can use the default information presented and just click on "calculate" at the bottom. On the results page you will see that in Houston, a South facing solar panel array (which means the Array Azimuth = 180 degrees) that's built for 4 kW of electricity generation, would generate 4879 kWh in a year and save you \$473.26. To give you a better estimate, there are 3 settings you can go back and change: *Array Azimuth in degrees, DC Rating in kW, and Cost of Electricity in cents.*

Array Azimuth: If you're considering placing your solar array on the side

of your roof that gets the most sunlight and that part of the roof faces due South, then the Array Azimuth would be 180 degrees. If your proposed solar array will be facing Southwest, the azimuth would be 225 degrees. Southeast would be 135 degrees. And so forth. The more accurate your submission, the more accurate your estimate.

DC Rating: The DC Rating (in kW) default is 4 kW in the calculator. This would be the "size" of electricity generation by your solar array - basically, by adding (or subtracting) more solar panels to your proposed system, the DC Rating would increase (or decrease). Makes sense - if you add more solar panels to your array, you'll increase the amount of electricity generated and therefore increase the amount of money saved.

Cost of Electricity: The default is the Texas state average of 9.7 cents per kWh. For those of you with an electricity provider with higher (or soon to be higher) rates, you should change the rate accordingly to get a more realistic estimate.

So that's it, an easy way to determine what you would be generating with a solar array on the roof of your home. This is a simple but fairly accurate way to determine the benefit of installing solar on your home. Of course, YMMV (your mileage may vary) but by getting a fairly accurate estimate of the amount of electricity generated and the money saved, you can better determine whether or not installing a solar array on your roof would make financial sense for you and your family. Northwest Flyers Youth Track Club Registration on Feb. 2nd

The Northwest Flyers Youth Track Club will celebrate its 26th Anniversary Season by hosting its annual free information / registration breakfast on Saturday, February 2nd, 2013, for all boys, girls and their parents who are interested in joining for the 2013 track season. The breakfast starts promptly at 8:30 AM at the Cypress Creek Christian Community Center Forum located at 6823 Cypresswood Dr., Spring, TX, 77379.

The free breakfast is the opportunity for youth athletes to register for the club's 2013 spring/summer track season, and to meet the Northwest Flyers coaches, staff, and other new and returning athletes. The event will be highlighted by a special presentation from a member of the USA Track & Field Olympic organization. All new parents and athletes interested in joining the Northwest Flyers must attend.

The Northwest Flyers Track Club is a youth (ages 6 -18) track club, affiliated with USA Track & Field (USATF), that provides a full program of sanctioned "track" events such as sprints, hurdles, middle distance, distance and relays, and sanctioned "field" events such as long jump, triple jump, high jump, pole vault, shot put, discus and javelin. The Northwest Flyers has approximately 285 members. The club was founded 26 years ago by Olympic gold medalist Fred Newhouse to foster the development of youth track & field in the Northwest Houston area.

The Northwest Flyers is a member of the "Win with Integrity" program, a partnership between USATF and the American College of Sports Medicine. "Win with Integrity" brings elite track & field athletes and school-aged kids together to promote healthy lifestyles, keeping active, and living with integrity through the sport of track & field.

For additional info on the Northwest Flyers Track Club, please visit the team website at www.northwestflyers.org or contact Linette Roach at (281) 587-8442 or linette.roach@sbcglobal.net.

EXPERIENCE MATTERS doing business for 30+ years.

Cy-Fair ISD & Volunteers In Public Schools (VIPS)

Where "Volunteers are Treasures!"

"Heroes take journeys, confront dragons, and discover the treasure of their true selves."

-- Carol Lynn Pearson

All of our volunteers are true treasured heroes. They help in the library, sell school spirit items, organize fundraisers, read to a classroom, make costumes and test vision & hearing. The list is endless and their experience is vast. If you listen to their stories though, you will find that in all the things volunteers do, there is an element of discovery. They find not only what a child can do, but what their own treasured gift might be. And yes, there has probably even been an encounter with a dragon or two along the way.

Cypress-Fairbanks ISD is so fortunate to be able to draw from such a great diversity of skills and knowledge in our community. VIPS (Volunteers in Public Schools) in Cy-Fair ISD center the attention of their service on supporting students and staff and making a significant contribution to the education of children. These jewels in our district give freely of their time and resources and have an impact on the academic and personal development of Cy-Fair ISD students.

If you are interested in being involved in Cy-Fair schools as a volunteer and making a difference, or would like more information, please contact Pam Scott, Partners in Education Director at 281-894-3950.

CY-FAIR ISD & VOLUNTEERS IN PUBLIC SCHOOLS

November & December 2012 Events

November 8: VIPS General Meeting – 9:30 a.m. to 12 p.m., Berry Center: Open to all CFISD volunteers, parents, staff and community members. Get the latest information on CFISD volunteering and learn ways to improve your volunteer program through networking with other volunteers in our district!

November 27: PIE Mentor Training – 9:30 a.m. to 11:30 a.m., Berry Center: Training for individuals committed to serve as a role model and friend to CFISD students. There are no VIPS events scheduled for the month of December at this time. Be sure to check us out in January when the opportunities for volunteering are in full swing again.
