Wild Pigs

The wild pig problem is being addressed but in the meantime, please make your family aware of potential dangers.

BUT PLEASE NOTE: Truth be known, once the pigs catch the scent of humans, they will normally run off in the opposite direction. There is very little danger to us from any pig that has a way out. The reason they sometimes seem to be coming at you, if you see them in the wild, is that they have very poor eyesight, and haven't yet sensed you. A loud WHOOP and jumping up and down and waving your arms is an effective, exhilarating, and satisfying way of getting them to turn and run off. If we tell the kids this, they might actually have fun doing it.

This is not to say that people should not observe the following cautions;

- 1) Have adults or older children accompany younger children to the bus stops (Probably the case anyway).
- 2) Keep ALL pets on a leash.
- 3) Walkers and joggers, pay attention in the early mornings and late afternoons.

A Beautiful Pools Is Looking Forward To A Safe & Exciting Summer

A-Beautiful Pools, Inc. is thrilled about managing your pool again this year for a great season of fun in the sun. With 28 years of experience in the pool management industry, we are in business to provide safer pools I Houston while empowering employees to succeed in their job. We envision aquatic experiences resulting in happy people and safe, beautiful pools. We consider it a privilege and an opportunity to be working with Stone Gate and hope that we are not only viewed as your management company, but also viewed as a part of your neighborhood.

A-Beautiful Pools, Inc. offers many exciting programs for residents. Summer swim lessons are a great way your children to spend the summer. Our prices are competitive and our times are flexible. Safety is key when spending time at the pool with your children. Take advantage of this neighborhood activity and call now! Pool Parties are a great way to celebrate birthdays, graduations, and school events! You can also get a group together for fun at the pool after hours based on your community's policies! We hope that we can be a resource for your party needs this summer. Please call our office or register

online for Swim Lessons (registration begins May 1) and Pool Parties (reservations taken April 1). All policy, pricing and information for these programs can be found at www.a-beautifulpools.com.

When you walk into one of our facilities you should expect the most qualified and well trained lifeguard & management staff in the city of Houston. Our lifeguards are trained to "proactively scan" their water, anticipating problem swimmers before a problem occurs. With frequent in-service training, emergency scenario testing and training by the American Red Cross, we know that our lifeguards will be ready in an emergency situation. A clean and orderly facility from top to bottom is also a top priority for our staff. We work hard to deliver a clean pool and spotless restrooms and furniture. If you ever find one of our staff members not delivering on that goal, please do not hesitate to contact the office staff directly.

We are also hiring lifeguards now for area subdivisions!

OIL STAIN CLEAN UP

Clean up any fresh oil stains by blotting the surface with newspaper.

Sprinkle a layer of clay-based cat box litter over the top of the oil stain. You want to completely cover the stain so that you can no longer see it through the litter. The litter will soak up the oil from the concrete.

Monitor the color of the litter several times while it is sitting on the stain. As the oil becomes absorbed into the litter, it will change to a darker color. When the litter changes colors, remove the old litter by sweeping it up with a broom. Dispose of the discolored litter as you did the oil-soaked newspapers. Sprinkle more litter onto the stain the same way you did in the prior step and continue to let it soak up the oil. Leave the stain covered with litter for a minimum of one day. Clean away all the litter after 24 hours. Sweep up the litter and dispose of it.

Apply a liquid dish detergent with grease-cutting agents to the oil stain. Use a scrub brush to rub the detergent into the stain.

Allow the detergent to settle for five minutes, then scrub the detergent into the stain again using short, circular movements.

Pour 1 cup of boiling water on to the dish detergent covered stain. Use your scrub brush to rub the water and soap into the stain. Take care not to burn yourself.

Blot up the now oily and soapy water with newspaper after the mixture has cooled for several minutes. Dispose of the newspaper. Continue to blot the area until you have absorbed all of the oily water.

Pour another 2 cups of boiling water over the stain. This will wash away any oily water that was not absorbed by the newspaper. Be careful not to burn yourself. If the stain is still present, repeat the process.

Let Us Keep Our Neighborhoods Litter Free!

Take responsibility for yourself & be a good neighbor! Keep our streets & neighborhood trash & litter free! Make it a habit, be a good neighbor & do your part! If each person did their own part (around the outside of their home including their little stretch of street in front of their house), what a better place this would be to live!

A clean environment/neighborhood makes people feel good about themselves. They will keep it clean. Some need to be reminded. Others need to be continually reminded. It takes time to change habits. Keeping your neighborhood clean is a habit that takes conscious effort.

Report Me! Please!

The City of Houston's 311 website (<http://hfdapp.houstontx.gov/311/index.php>) will allow you to report me so I won't damage any more cars. In fact you can report the rest of my family as well (flooding, trash pick-up etc.). We don't like being a nuisance or worse. So the next time me or any member of my family shows up in the City, click on the link and do me a big favor.

The City of Houston*

Please Control Your Pets!

Stone Gate Community has had many loose dogs & cats lately. Please do your part to keep your animals safe and contained on your property. It is a deed restriction violation if your pets are not confined to a fenced backyard or within your home. They must not be allowed to bark all night or cause a nuisance to your neighbors. They must also be on a leash at all times when not in a contained environment. It is also the pet owner's responsibility to keep ALL areas of the community FREE from pet debris when walking your pets. Please remember that cats must also be confined. Animal Control can be reached at 281-999-3191.

If you happen to come across vicious dogs, or ANY loose dogs of this nature, please contact your local Animal Control at 281-999-3191. If you are familiar with the property address the pets belong to, please feel free to submit that information to PCMI – Mary Carey mcarey@stes.com – to pursue the deed restriction violation. Notification and ample time must be given to the owner to correct the violation prior to any further pursuit by the Association. Remember that all pets should always wear a collar with ID tag! Pet owners should also consider pet microchips for identification in case your pet loses their collar/ID tag.
