Annual Wortham Food Drive!

It's that time again for our annual Wortham food drive!

The food collected will be given to CAM (Cypress Assistance Ministries) to assist those in need. This food drive is a combined event with the Food Fast at Christ The Redeemer Catholic Church.

This service opportunity permits the youth of CTR to assist in distributing the bags & flyers, collecting the food, and restocking the food pantry at CAM.

A bag will be delivered to your door between March 15-18th. Please fill it with any can goods, non-perishable food items or toiletry items.

The youth of CTR will collect the bags between the hours of 8:30am-10:30am on Saturday, 3/23/13.

Thanks in advance for your donation. It is greatly appreciated!

Happy St. Patrick's Day!

FALSE ALARM FEES ARE CHANGING IN HARRIS COUNTY'S UNINCORPORATED AREAS

(HOUSTON TX) The Harris County Sheriff's Office dispatches deputies to investigate residential and commercial alarms about 100,000 times a year. About 99 percent are found to be false alarms, squandering crime-fighting resources in the unincorporated areas, where 1.5 million people live.

Until now, a false alarm fee was assessed every time a property generated more than five false alarms per calendar year. But now the fee, \$75, will be assessed every time a property generates more than three false alarms in a calendar year.

Harris County Commissioners Court approved the change today along with other updates to regulations enforced by the Sheriff's Office on burglary alarms, panic alarms, and other types of alarms. Permit requirements will now apply to fire alarms as well.

The changes are designed to reduce the number of false alarms and to encourage property owners to obtain permits for their alarm systems, Sheriff Adrian Garcia said.

The initial fee for an alarm permit is \$35. Annual renewals are \$10 each. (In many cases, companies that provide alarm monitoring services obtain permits on behalf of their customers). There is no fee for permit holders 65 years of age or older. The fee for reinstatement of a suspended or expired permit is \$50.

All fee payments go into the county government's general operating fund.

Owners of alarm systems that have no permit may be issued a misdemeanor citation that could result in fines up to \$500 in justice of the peace court. In 2011, the most recent year for which statistics are available, the Sheriff's Office issued about 1,300 citations for unregistered alarms.

The permit form can be found at <http://hcsowebtest01/hcsoexternalweb/documents/Alarm%20System%20Permit%20Application%20Jan2010.pdf>

BETWEEN THE LANE LINES:

Where community, cooperation and competition (and friends) meet

By Jonathan Armstrong

The Wortham Whitesharks website welcomes visitors to the team with the phrase “where community, cooperation and competition meet”. This statement is very true. The Whitesharks are truly a great part of our community, we work together as a team, and we learn about competition and setting goals. What’s missing, though admittedly implied, is that the Whitesharks Swim Team is also place for friends to meet. It is part of the FUN we all have on swim team, making new friends, and spending time with old ones. It is one of the greatest draws of swimmers to the team. I can’t tell you the number of times that someone has told me they did not feel they were a complete part of our community until they joined the Whitesharks. Lifelong friends have been made through the Whitesharks, even friends that vacation together.

This year however, a Whiteshark friendship will go to a new level, to a Whiteshark marriage! Whiteshark greats Catherine Armstrong and Joseph Terry met in 1997 when they were 15 and 16 years old. After many years of friendship, dating, not dating, and dating again, the two decided to pull the trigger and get married (finally!). I have been to a few Whiteshark weddings before (always an honor), but this will be the first whose relationship started with the Whitesharks. How cool is that! And yes, in case you were wondering, Catherine is my sister. Many of the long time families in Wortham will also recognize Joe Terry, one of the original Whitesharks from 1995. Both of these ‘kids’ are very special to me, as are all of my swimmers, but I hope you will forgive me if I have extra sentimentality with these two.

OK, so I can’t promise that you or your child will necessarily find a soul mate on the Whitesharks, but I can promise you this, you will find friends that you will cherish forever. I know I have. Come join us! Online registration starts March 18 at www.worthamwhitesharks.com. If you have any questions, come visit us at the clubhouse on March 23 for “Meet the Coaches”. I look forward to seeing you.

BICYCLING WITH TEAM AUDREY'S HEROES

in support of the MS Society

—by Herman de Hoop

Why I'm Moving Forward

Multiple sclerosis is a progressive neurological disease that affects people in many different ways. It could be paralysis one day, loss of vision the next or impaired memory the day after that. Living with MS means living with uncertainty.

When it comes to MS, only two things are certain:

- Another American is newly diagnosed with MS every hour of every day.
- Many people are joining the movement toward a world free of MS! including me.

Why I Ride

I've registered for BP MS 150 to fulfill a personal challenge, and to help the National MS Society fund research, advocate for change, and help people with MS and their families lead powerful lives. This year I am fortunate enough to ride on a Team Audrey's Heroes. Audrey, who suffers from MS, is a very brave young mother, who has become a visible and eloquent spokesman for the MS150. Some days you see her vibrant, other days, she has to walk with assistance. She reminds me daily of why it is so important to help the MS Society. I believe in the work they do and want to be an active part of it. I know I can count on your help.

Let's Move Forward Together

The Society organizes 100 rides nationwide. The funds they raise fuel research aimed at treating and eventually curing MS; they also provide crucial services for persons living with MS.

I'm helping the National MS Society move forward toward a world without MS and making a difference in the lives of 400,000 Americans with multiple sclerosis.

Please join me! <http://main.nationalmssociety.org/goto/hdehoop>

NEIGHBORHOOD WATCH CORNER

There have been only a few reports of incidents in the neighborhood. One, happened over the holidays on Hillside Glen, where a neighbor had a package, left on the doorstep by UPS, broken into.

Another incident is an ongoing complaint of fourwheelers/motorcycles racing in the bayou (and the detention ponds on Fallbrook. This is not a new problem, but appears to be on the rise again. Stopping this has not been easy. Deputies do patrol the bayou and the MUD is monitoring this problem as well.

Our first block captain meeting for 2013 will be in the clubhouse at 7-8pm on Monday, March 4. We would like to urge more neighbors to become block captains. Duties are light. Attend a few meetings a year, talk/email with your neighbors and help out with National Night Out. Block captains serve as eyes and ears for their street. It is a great way to meet your neighbors and be informed about what is going on in Wortham.

Parking in the yard. There have been complaints about people parking their cars over the curb on the grass. The MUD has asked deputies to put a warning on those vehicles and ticket repeat offenders.

Eleven-year-old Cait was trying to fall asleep when her 8-year-old brother, Doug, came into her room. He looked around a bit, but seemed really out of it. Then Doug went back into the hallway and stood there staring up at the hall light. Little brothers can be weird, but this was really strange. Cait didn't know what to do. Just then, Cait's father appeared and explained that Doug was sleepwalking.

WHAT IS SLEEPWALKING?

Not all sleep is the same every night. We experience some deep, quiet sleep and some active sleep, which is when dreams happen. You might think sleepwalking would happen during active sleep, but a person isn't physically active during active sleep. Sleepwalking usually happens in the first few hours of sleep in the stage called slow-wave or deep sleep. Not all sleepwalkers actually walk. Some simply sit up or stand in bed or act like they're awake (but dazed) when, in fact, they're asleep! Most, however, do get up and move around for a few seconds or for as long as half an hour.

Sleepwalkers' eyes are open, but they don't see the same way they do when they're awake and often think they're in different rooms of the house or different places altogether. Sleepwalkers tend to go back to bed on their own and they won't remember it in the morning. Researchers estimate that up to 15% of kids sleepwalk regularly. Sleepwalking may run in families and sometimes occurs when a person is sick, has a fever, is not getting enough sleep, or is stressed.

IS SLEEPWALKING A SERIOUS PROBLEM?

If sleepwalking occurs frequently, every night or so, it's a good idea for your mom or dad to take you to see your doctor. But occasional sleepwalking generally isn't something to worry about, although it may look funny or even scary for the people who see a sleepwalker in action. Although occasional sleepwalking isn't a big deal, it's important, of course, that the person is kept safe. Precautions should be taken so the person is less likely to fall down, run into something, or walk out the front door while sleepwalking.

WHAT WILL THE DOCTOR DO?

There's no cure for sleepwalking, but the doctor can talk to you about what's happening and try to find ways to help you sleep more soundly. Most kids just grow out of sleepwalking.

For kids who sleepwalk often, doctors may recommend a treatment called scheduled awakening. This disrupts the sleep cycle enough to help stop sleepwalking. In rare cases, a doctor may prescribe medication to help someone sleep.

HERE ARE SOME TIPS TO HELP PREVENT SLEEPWALKING:

- Relax at bedtime by listening to soft music or relaxation tapes.
- Have a regular sleep schedule and stick to it.
- Keep noise and lights to a minimum while you're trying to sleep.
- Avoid drinking a lot in the evening and be sure to go to the bathroom before going to bed. (A full bladder can contribute to sleepwalking.)

HOW DO I TAKE CARE OF A SLEEPWALKER?

One thing you can do to help is to clear rooms and hallways of furniture or obstacles a sleepwalker might encounter during the night. If there are stairs or dangerous areas, a grown-up should close doors and windows or install safety gates.

You also might have heard that sleepwalkers can get confused and scared if you startle them into being awake. That's true, so what do you do if you see someone sleepwalking? You should call for a grown-up who can gently steer the person back to bed. And once the sleepwalker is tucked back in bed, it's time for you to get some shut-eye, too!

Customer Service!

Each Office Independently Owned and Operated

When I was looking for a realtor, I needed someone who knew the area, offered a package of services that would enhance the salability of my home, and had the complete staff to support me and keep me informed on the progress of my home sale. I found all of these in David Flory's team. The level of personal service that I received made selling my home the absolute correct choice for my family.
