Spring is my favorite time of year. It is so nice to see the flowers in bloom and homeowners out and about working in their yards. 2013 continues the strong momentum in our local market. Table 1 shows activity in the Atascocita/Humble area. Table 2 shows specific data for Eagle Springs.

Homes are selling and prices are slowly starting to move up in this area after nearly 4 years of prices being down or flat. If you have been sitting on the sidelines or have been told you may be upside down on your home, give me a call for a confidential analysis (CMA) of your home's value. The time to put your home on the market and sell may be right now.

FYI to Buyer's, prices are starting to move up as inventory of available homes is down. There are numerous companies relocating to the area putting demand on available homes, with some opting to lease until the home that fits their needs comes on the market. That home may be yours. Let me help you evaluate your options if buying or selling is in your future.

"Days on Market" for homes is shrinking. I have been getting multiple offers on many properties as well as homes selling in as few as 6 days. I have sold over 450 homes and I can sell yours too!

**Remember to get your applications in with all required documentation for the Rebekah Snipp Scholarship by April 15, 2013. Her experience will serve our customers well.

## WE NEED YOUR HOME

A National Housing Survey conducted in February 2013 revealed that Americans are feeling really good about the housing market. The study found that homeowners and renters expect home prices to rise. The result has been a dramatically changing real estate market. Renters want to buy and many homeowners are taking advantage of the trend; selling at highs not seen since July 2008. Still, home inventory is low as demand continues to rise. "We need your home" as buyers are lining up.

## HOW LONG WILL INTEREST RATES STAY THIS LOW?

For good reason, more and more consumers are concerned interest rates will continue to rise in the coming months. Goldman and Sachs February Mortgage Analyst predicts a steady increase in 30-year mortgage rates over the next 18 months. In the first two months of 2013, 30-year mortgage interest rate rose from 3.3% to 3.6%.

## POOL SEASON IS ALMOST HERE!

As a reminder, to enter the community pools, residents must show a Pool ID card validated for 2013 as well as utilize the electronic access device.

**Electronic Access Device:** If you have a key fob or access card that works for the tennis courts or fitness center, this will also work for the pool facilities. These do not expire so if you have one from any prior year, it is still valid and you do not need anything further. If you have a metal key fob, please check the access by using it at the fitness center. If it doesn't work, you may bring it to the onsite office for an exchange to the new access card.

**Pool Cards:** If you have a pool card issued by the community, you must have a sticker showing the year "13". If you received a new sticker last year, it may say 12 & 13.

To Receive Validation Stickers, New Cards, or an Electronic Device:

**Option 1:** Visit the onsite office during normal office hours – Monday and Wednesday from 2 – 7 pm and Saturdays from 9 am to 1 pm.

**Option 2:** Attend one of the scheduled Pool Card Validation Days which are currently scheduled as follows, each at the Eagle Springs Clubhouse by the Athletic Club pool.

**April 25 from 6 pm to 9 pm**

**April 27 from 9 am to 4 pm**

**April 30 from 6 pm to 9 pm**

## AUTO BURGLARY PREVENTION TIPS

During spring break property crimes increase, especially auto burglaries. This month I have included an excerpt from the University of Oklahoma Police Department which provides some very useful tips for preventing auto burglaries.

Auto-burglary prevention, like all crime prevention, involves limiting the criminal's ability and/or opportunity to commit the crime. With very little time and effort, you can make a huge difference in your vulnerability to auto-burglary.

It generally takes a mere few seconds to secure your valuables, but it will take only a few seconds more for a thief to break in and steal valuables left in plain sight.

The first thing you can do to help: Don't leave valuables in your car - particularly not in plain sight!

Are your valuables VISIBLE? Don't be the next car burglary victim!

The last thing you need is to find your vehicle's window broken or items missing. We suggest taking these simple but important steps to maintain your car's safety:

Don't leave valuables in your car. That sounds like "common sense", but drivers/passengers do leave items of value in plain view every day. If you leave valuable items visible in your car, your car is automatically a target. If you must leave valuable items in your car while out and about, place items out of sight before reaching your destination or move them inconspicuously. This includes packages, backpacks, gym bags, GPS units, MP3 players, and so forth. Someone may be watching when you put items under a seat or throw something over them. An opportunistic thief is on the lookout for trunk-packing, and can break into your car the minute you're out of sight.

If you can't take them with you, at least lock the items in your glove compartment (if capable of locking and large enough) or your trunk (if you have one).

One reason SUVs and pickups are common auto-burglary targets is because they don't have a "trunk" to hold valuables — the driver/passenger generally just "hides" their valuables "out of sight". The thieves know this, and do check glove compartments, behind seats, and under seats. It only takes a few seconds to check all the "usual" hiding places.

Unobtrusively locking everything valuable "in the trunk" (if you have one) may be difficult when you're combining errands at multiple destinations. Certainly avoid leaving packages or shopping bags visible in your car — lock them in the trunk out of sight if you have to leave packages in your car unattended. Plan your shopping/errands so that you don't load your trunk until you are ready to drive to another destination; never open a trunk, fill it full of valuables, close it, and then just walk away.

Taking advantage of free home delivery offered by many merchants is one way to protect your purchases while making your shopping far more enjoyable.

Keep your car in good operating condition and always have plenty of gas to get "there and back" (it costs no more to keep the top quarter of the tank filled than to keep the bottom quarter-tank filled!); you don't want to have to leave your car (and valuable contents) sitting along the side of the road if that can be avoided.

Once home, unload your valuables immediately. Do not store valuables in your car any longer than necessary, and certainly never overnight.

If your trunk can be opened from inside your car without a key, lock this feature when you are not in your car or have it disabled, if possible.

Leave no trace. Don't leave any "sign" that there might be valuables "out of sight" in your vehicle, such as docking stations or connector cables. Leave nothing in "plain sight" that might make your vehicle worth "investigating" by a thief; not even loose coins or a CD.

Just leaving an empty docking station in plain sight, even if you've taken the high dollar component with you, may end up costing you hundreds of dollars to replace a broken window because the thief wanted to check your car for "hidden" valuables. Very few auto break-ins are "random" — the thieves see "something" in plain sight that's valuable, or hints of possible hidden valuables.

If you have an after-market stereo/CD-player with a removable faceplate, remove it. Without the faceplate, the unit is less attractive/useful to many thieves, and harder to "fence". If the unit can be pulled, pull it! Take it with you. Just covering a valuable radio (or ANY valuables in your car) with something (like a blanket or towel) to hide it will probably only draw thieves' attention.

Try to park in busy, well-lighted areas. Try to park in well-traveled areas. Large anonymous lots are hit by thieves much more often than parking immediately adjacent to residential housing or other occupied buildings. On a busy campus, day or night, "picking" your parking spot is easier said than done — but try to choose a well-lighted, visible, parking spot where there is lots of vehicular and pedestrian movement when possible. Auto-burglars prefer breaking into cars where they will not be observed or attract notice, and choose their targets accordingly.

Lock ALL your vehicle's doors even if you plan to be gone for only a brief time. Every year, we have items stolen from unlocked vehicles where the owner was only going to be gone "just for a second". It only takes seconds to steal your stuff! It's not at all uncommon for thieves to walk down a row of parked vehicles and check vehicle doors to see

## The Lake Houston area's first single-incision robotic surgery performed at Memorial Hermann Northeast

Dr. Jose Ortega, M.D.

A surgeon affiliated with Memorial Hermann Northeast Hospital has successfully performed the Lake Houston area's first gallbladder removal through a single small incision in the bellybutton using the *da Vinci*® Si Surgical System. Because it's performed through the navel, the procedure leaves virtually no visible scar.

"This is quite an advancement over traditional surgery," said surgeon Jose Ortega, M.D., "We were able to remove the patient's gallbladder safely through one tiny incision."

Memorial Hermann Northeast was the first Lake Houston-area hospital to offer this version of the *da Vinci*® Si robot with the single-site system. The innovation allows procedures to be made using a single incision rather than the three to five previously required by traditional robotic-assisted procedures.

"Memorial Hermann Northeast is proud to make this remarkable technology available to area residents," said Heath Rushing, the hospital's chief operating officer. "These single-site procedures can make patients healthier with little or no scarring, which leads to a faster recovery."

"There is a trend among patients seeking less-invasive techniques," commented Dr. Ortega. "The *da Vinci*® robot is the breakthrough we were looking for to support our patients."

Surgeons affiliated with Memorial Hermann Northeast are now performing *da Vinci*® robot-assisted procedures in gynecology, urology and general surgery.

For more information about Memorial Hermann Northeast's robotics system, call 281.540.7303.

## Auto Burglary Prevention Tips (Continued from Page 8)

if they are unlocked. Don't leave any window open or even cracked open, including vent/wing windows and sunroofs.

Set any alarm or anti-theft device. If you have one, use it! Many people believe that car-alarms no longer make a difference, but they can be an effective deterrent to an auto-burglar, who most often chooses the easiest target. If they have two cars to choose from, one with an alarm and one without, they will likely burglarize the one without (unless you've left out valuables just too good to ignore!)

Locking your car and setting your alarm is just part of the solution. Even if locked and alarmed, if you leave valuables (or the hint of valuables) in plain sight, a thief may target your car, even knowing it's locked and alarmed. But, without a clear prize in sight, a locked/alarmed car will likely be bypassed for an easier "target of opportunity". Don't think your dark tinted windows will hide your valuables. Thieves often use flashlights to see through tint, and after-market tint is handy to keep all the broken glass in one "sheet" when they break out your window (and toss the broken window into your back seat or passenger seat to hide the evidence of the break-in from passersby). Don't use "hide-a-keys". Thieves know the best places to hide those. But remember, just "locking" isn't enough. Keep your car OFF the target list of the thieves by keeping all hints of valuables totally out of sight. If they see something tempting, they certainly can break in.

## ITEMS MOST COMMONLY STOLEN FROM VEHICLES?

- Backpacks, gym bags, briefcases, day-planners
- Cash/coins, checkbooks and credit/debit cards
- Wallets and purses (even when hidden under a seat or in an unlocked glove compartment)
- Laptop computers, iPods and MP3 players, (and docking stations)
- Cell phones (and chargers)
- Portable GPS navigation systems
- Stereo/CD players (and faceplates), amps, speakers (even when bolted down!)
- Jewelry, keys, mail (identity theft), tools
- Anything of obvious value

## MARK YOUR VALUABLES!

As a last line of defense (not really to prevent theft as much as to aid in recovery), mark your valuables. Recording serial numbers is dandy, but nowadays many serial numbers are on removable "labels", rather than "engraved" into valuable items. Also, a serial number doesn't "directly" link you to your stolen property. We'd suggest inscribing/engraving a "personal identifier" on all valuables. Don't use your social security number (identity theft) — use your driver's license (DL) number, prefaced by your DL "state". With that marking, any police officer can trace your valuable back to you, wherever it's recovered, and the chances of being reunited with your stolen valuables is dramatically increased. If you become a victim of Auto Burglary contact the Harris County Constables Office Pct 4 Dispatch line at (281)376-3472.

### The Houston Real Estate Market Charges into 2013 at Full-Throttle

Housing inventory in Houston now matches levels last seen 13 years ago, as January home sales maintained the aggressive pace established in 2012. January marked the 20th consecutive month of positive home sales, with average and median prices reaching the highest levels for a January in Houston.

According to the latest monthly data prepared by the Houston Association of REALTORS® (HAR), single-family home sales achieved the highest monthly year-over-year percentage increase since last October, rising 28.3 percent compared to January 2012. Contracts closed on 3,899 homes, shrinking inventory to 3.6 months. That matches a level last recorded in December 1999.

The Houston real estate market gained even more momentum as the new year began. Market conditions right now are excellent for those considering selling their homes, especially as further growth in hiring continues to drive more potential buyers to the Houston area every day.

If you are thinking about selling, now is the perfect time. Call today for a free market analysis on your home. With my 10+ years of experience and strong negotiation skills, I will help you get the most for your home in the shortest amount of time possible. I will market your home aggressively to get you the greatest exposure possible to reach people all over the world looking for a home just like yours. I have had record sales with homes being sold in just a few short days. Let me show you my marketing plan and let's work together to get your home sold!

# THE TUTORING CENTER

## Does Your Child Need Tutoring?

As a parent, you know that nothing is more frustrating than not knowing what to do to help your child. We are here to help. Our unique one-to-one instruction known as "The Rotational Approach to Learning™" will help your child improve confidence and concentration while strengthening the academic skills that he or she needs to succeed in school.

### **ONE-TO-ONE INSTRUCTION**

The Rotational Approach to Learning™ enables students to work in a highly interactive, positive environment while working one-to-one with an instructor.

### **Signs that your child may need tutoring:**

- ✓ Your child's grades start to fall independent of how hard he or she seems to be working.
- ✓ No matter how long your child spends on homework, it's neither complete nor accurate.
- ✓ Your child shows an increasing lack of confidence and motivation.
- ✓ Your child has lost interest in learning.
- ✓ Your child experiences extreme anxiety before tests and exams.
- ✓ Your child is reluctant to go to school, fearing failure and criticism from others.
- ✓ Your child's teacher reports that he or she is acting out, becoming a behavior problem in class.
- ✓ Your child says, "I'm too stupid. I'll never understand this stuff." Or, "I give up."

If you have any questions about your child's academic performance or would like to schedule your FREE Diagnostic Assessment contact us at 832-644-1404
