## Drowning Is Preventable

The Texas weather is warming up. Summer is almost here. Pools will soon open and the cool water will be calling your name. You can almost hear your kids laughing and the playing in the pool. Your family deserves to have many Best Day Ever moments in the water this summer. Please do not let those moments be ruined by the sound of a life guard whistle blast or the need to do CPR in order to save your child's life. Most families love a trip to the swimming pool, the lake or the beach during the summer...but the water can be deadly for a child.

Did you know that drowning is a leading cause of accidental death for children between the ages of 1 and 14, with kids under the age of 5 at even higher risk?

Colin Holst's parents did not know either. Sadly, June 13th marks the 5 year anniversary of his drowning in a public, lifeguarded pool in Austin. Since Colin's drowning in 2008, Central Texas-based Colin's Hope has become a nonprofit leader in water safety and drowning prevention.

My name is Alissa Magrum and I am the Executive Director of Colin's Hope. But I am also a parent to 8 year old Ella. So, from one parent to another, please listen to this message. It is simple but filled with purpose: DROWNING IS PREVENTABLE. YOU can help protect your children. Following a series of simple water safety tips creates multiple layers of protection. These layers WILL keep children safer in and around the water and CAN prevent drownings.

### THE FIRST 3 OF THESE TIPS ARE KEY.

**Practice constant visual supervision.** Always assign an adult "water guardian" whose ONLY responsibility is to watch children who are in, near and around the water. If that water guardian needs to take a break, they must transfer their "watching" duty to another adult.

**Learn to swim.** Enroll children (and adults too) in formal swim classes. For kids under the age of 4, taking formal swim lessons reduces the risk of drowning by 88%.

**Wear life jackets.** Children who cannot swim should ALWAYS wear a U.S. Coast Guard-approved life jacket when in and around the water.

You can see additional tips, as well as more information on water safety and drowning prevention, on our website at [www.colinshope.org](http://www.colinshope.org).

Each year, Colin's Hope volunteers stuff and distribute 75,000 water safety packets to families in zip codes that have been targeted due to the high number of near drownings and drownings in recent years. This life saving information along with a Peel Inc. ad campaign, a Reagan National Advertising billboard campaign and a presence at many community events is helping to raise water safety awareness to prevent children from drowning.

**WE ALSO NEED YOUR HELP. PLEASE SHARE THIS INFORMATION** with family, friends, neighbors, teachers, babysitters...everyone! We have seen the difference that being aware and being prepared can make. Communities that have received our water safety information in prior years have seen child drownings and near drownings in their areas reduced to zero!

Please visit [www.colinshope.org](http://www.colinshope.org) to find out how you can get involved in your own community. Find us on Facebook, follow us on Twitter, subscribe to our monthly newsletter or even support our efforts with a donation.

We envision a world where children do not drown. Please share that vision and together we will get there.

*Wishing you the SAFEST AND BEST SUMMER EVER,  
Alissa Magrum Executive Director, Colin's Hope*

The Kiwanis Kids Triathlon will be one of only 6 triathlon City-wide events this year and will be held at Langham Creek YWCA. We invite you to a complimentary lunch to hear more about the children's activities we sponsor. The Cy-Fair Kiwanis Club sponsors nine Key Clubs in the Cy-Fair Schools; Girl Scout, Boy Scout, and Sea Scout troops and activities; we provide scholarships to outstanding Key Club members in our district; and support other family oriented groups such as Cypress Assistance Ministries and Bear Creek Ministries; the Houston Food Bank; and many other nonprofit organizations. ## Food Safety Tips Help Prevent Food Poisoning

When getting together to cook for loved ones, the last thing you want is to get sick from the food you eat. Roberta Anding, a registered dietitian at Baylor College of Medicine, has a few tips to keep your food safe.

- Always use a meat thermometer to check if meat is fully cooked. The color of the meat can't determine the safety of the meat. All meat should be cooked to 165 degrees Fahrenheit.
- Wash your hands frequently and thoroughly during food preparation.
- Wash all produce before cutting and chopping.
- Refrigerator leftovers within two hours.
- Use a thermometer when reheating food as well.

Following these basic guidelines will ensure that the food you serve is safe to eat, said Anding.
