Cypress Philharmonic

The Cypress Philharmonic proudly launches its second season with a Four Seasons theme. On September 22, the first concert, "Stirrings of Autumn," evokes a fall mood with Peggy Stuart Coolidge's two-movement "New England Autumn" and Kirt Mosier's "Overture to the Wind." The program features Antonín Dvořák's powerful "New World" Symphony (No. 9) and the world premiere of Houston artist Joe LoCascio's sneaky "Gently Criminal" for strings. Rounding it all out is Mexican composer Arturo Márquez's lively "Danzón No. 2" just in time to kick off Hispanic Heritage Month.

This year, the CyPhil adds a special event, collaborating with the Houston Repertoire Ballet to create a "Winter Wonderland" with a full production of Pyotr Tchaikovsky's The Nutcracker. Houston Repertoire Ballet, founded by Gilbert Rome and under the direction of Victoria Vittum, has mounted a production of The Nutcracker annually since 2001, but now will feature live music from the Cypress Philharmonic. Performances will be held on Saturday, December 7 at 2 p.m. and 7 p.m. and Sunday, December 8 at 1 p.m. and 4:30 p.m. in the Tomball High School auditorium with reserved seating. Ticket information is at www.hrbdance.org and 281-940-4721. Major funding for the project is provided by Houston Endowment and ConocoPhillips Company. The Nutcracker is also funded in part by grants from Harris County and Texas Commission on the Arts through the Houston Arts Alliance.

On March 23, 2014, "Spring Fever" highlights the passion of romance with music from Georges Bizet's Carmen Suites No. 1 and 2 and Aaron Copland's "Appalachian Spring." Themes of rebirth and renewal are visited in music from Linda Tutas Haugen's Transformations of Darkness and Light and Nikolai Rimsky-Korsakov's Russian Easter Overture.

The annual pops concert will be held on June 28, 2014. Information about this "Summertime" concert will be made available through the website and print and social media.

The Cypress Philharmonic is a 50+ member ensemble made up of music educators and professional musicians in and around the Cypress area. Founded by Music Director Glynnes Lanthier in 2012, the CyPhil presents classical favorites alongside new and recent works by a diverse group of composers. We welcome inquiries from musicians, community members and prospective board members. To find out more about the CyPhil, visit the website or e-mail at admin@cyphil.org. The Cypress Philharmonic performs in the Berry Center on 8877 Barker Cypress in Cypress, Texas. Tickets and performance information are available online or by leaving a message at 713-939-9493.

BACK-TO-SCHOOL STRESS CAN TRIGGER ACNE

For teens, getting rid of embarrassing may seem impossible, but Dr. Denise Metry, an assistant professor of dermatology and pediatrics at Baylor College of Medicine, says improving your skin isn't as difficult as you may think. "Stress can be a catalyst for acne breakouts because it stimulates hormones, which in turn causes some skin glands to pump out more oil," Metry said. She suggests that teens wash their face twice a day with a gentle cleanser, maintain a healthy diet and get adequate rest to help prevent future breakouts.

Other treatment options include topical creams such as Retin-A to help unclog oil ducts and antibacterial creams, lotions or gels with benzoyl peroxide, which can be used alone or in combination with topical or oral antibiotics. Some young women may be prescribed the birth control pill to help control acne, and Metry may recommend chemical peels for those with severe acne. "I think that parents downplay acne a lot of the time, but it can become a serious problem if it's not addressed early on," Metry said. "I encourage kids to talk to their physicians and in severe cases contact a dermatologist."

BE LICE-FREE FOR BACK-TO-SCHOOL

By Stacey Pomerantz

Back-to-school means lots of new things: new clothes, new backpacks and new supplies. It's a time to navigate a new class schedule and meet new teachers. Yet, it needn't be a time to worry about head lice. We often hear about lice during back-to-school season because kids return to a tighter environment after a summer of being outdoors. Lice are transmitted via direct head-to-head contact 95% of the time. The ideal scenario for lice transmission is when kids talk, hug or sit with heads touching. Keep in mind that lice don't jump or fly. They also die relatively quickly (24-36 hours) if they're not directly on your scalp. Lice are easier to avoid and get rid of than you might imagine. Since lice do not carry or spread disease, there is no formal exclusion policy in Texas schools. Head lice doesn't mean a child is dirty or should be shunned. Mostly, lice are inconvenient due to the time necessary to eliminate them. Here are some easy tips to stay lice-free this school year:

1. Each child should have his/her own set of brushes and combs. Store them in separate drawers or baskets at home. Label them accordingly and make sure each child knows whose is whose and keep your own separate.

2. Use lice deterrent spray every day. There are a few varieties of combination detangler/lice repellent sprays on the market. These sprays contain scents that lice find offensive, such as mint or tea tree oil. When

used daily, these scents repel a louse and cause it to nest elsewhere (in another scalp). It can be most effective when applied every day, including before sleepovers, play dates and school.

3. This is a biggie: teach your kids to avoid direct head-to-head contact when playing with friends. Show your little ones a photo of children using the iPad or reading books in very close proximity. Help them learn how to play with other kids elbow-to-elbow, not head-to-head!

4. If school reports a lice outbreak – though they are not required to – or you suspect your child has lice, do not panic! Instead, make sure you have a good quality nit comb (normal combs do not trap lice or nits). Most parents say that it is hard to see evidence of lice. Use the comb as your eyes via daily comb-outs. Catching lice early can often prevent a household contraction. If you're not sure how to do a proper comb-out, look online where many 'how to' videos exist.

5. Finally remember the rule of "once a week, take a peek." While your kids are de-compressing after a long day of learning, run your nit comb through their hair at the base of their necks and behind their ears. Nits can be many colors from a cream color to amber. They glisten in dry hair and are the shape of a sesame seed that clings to one side of the hair shaft, often close to the scalp.

Ten Tiny Toes... 100 Billion Reasons

With 100 billion neurons still forming connections, your child's brain is remarkably unfinished at birth. Research has found that significant connections are either developed or lost by the age of five.

At Kids 'R' Kids Learning Academies, we use our **Brain Waves™** curriculum designed with activities to support healthy brain development during your child's most critical years – maximizing their mental capacity for educational success.
