"Hats Off to Volunteers" At Cy-Fair ISD

"Whenever you wear your hat, your day will be special." Margo Nickel

In Cy-Fair ISD, volunteers have the opportunity to wear lots of different hats. Some will find themselves wearing the hat of a library helper or classroom reader. Others find that organizing a fundraiser or mentoring a student is the hat they wear best. Whatever volunteer hat you are wearing in our schools, one thing is certain; your day will be special. Cy-Fair ISD volunteers center the attention of their service on supporting students and staff and making a significant contribution to the education of children. They give freely of their time and resources and have an impact on the academic and personal development of our students. Cypress-Fairbanks ISD is fortunate to be able to draw from a terrific diversity of skills and knowledge in its community.

If you are interested in being a part of an exciting group of volunteers and making a difference in your Cy-Fair ISD Schools, or would like more information, please feel free to contact Pam Scott, Partners in Education Director at 281-894-3950.

TENNIS TIPS

How To Execute The One-Handed High Backhand Volley Approach Shot

In previous newsletters, I offered tips on how to hit a forehand groundstroke, a two-handed backhand, one-handed backhand, forehand volley, the two handed backhand volley, the serve, the forehand half-volley, the one-handed backhand volley, the overhead “smash”, the forehand service return, the backhand service return, the forehand high volley approach shot, and the two handed high volley approach shot.

In this issue, I will offer you instructions on how to execute the one-handed backhand high approach shot. This shot is used when a player is caught in “no-person’s land” (around the service line area) and receives a high ball to volley. The important part of this shot is to be able to hit a deep volley at the feet of the opponents and/or to hit a deep volley close to the baseline, so the opponent is put into a defensive mode. This will cause the player to hit a softer ball so the player can now move closer to the net for the “killer or placement volley”. In the illustrations, Darin Pleasant, Director of the ATP Academy at the Grey Rock Tennis Club, shows the proper technique to execute this stroke.

Step 1: The Ready Position and Split Step: When Darin realizes that he is caught in “no-person’s land”, he takes the split step by bending of the knees and staying on his toes. His racket is in the volley position and his feet are angled toward the path of the incoming ball. Notice that the left hand is on the throat of the racket.

Step 2: The Back Swing: Once Darin realizes that the ball has been directed to his backhand, he will turn his upper body and will take the racket slightly back. Notice that the left hand is still on the throat of the racket. He has loaded his weight onto his left foot and will be ready to step forward to meet the ball. He will make a slight change toward the continental grip on the right hand.

Step 3: The Point of Contact: Darin is now ready to step into the ball. He has kept his eye on the ball and his center of gravity now is shifted toward the point of contact. Notice the right toe pointing to the ball meeting the racket. The face of the racket is open to allow him to hit behind the ball and allow maximum net height and allow him to hit the ball deep. The control of the ball will be made with the right hand, which is holding the racket tighter. The right hand will keep the face of the racket at a 45 degree angle at the point of contact.

Step 4: The Follow Through: Once Darin has made contact with the ball, he finishes the follow through with his left wrist laid back. His left arm is pulling back for better body balance and his eyes are still watching the racket where he made contact with the ball.

Step 5: The Move for the Kill Volley: As the ball is headed toward the opponent and Darin realizes that his shot is deep He now moves closer to the net for the put away volley. If his shot was not deep, Darin will decide to stay close to the service line to protect the lob over his head. By the look in his eyes and his smile, he just did a “kill volley”.
