Hays Free Press Article Correction

The October 31 edition of the Hays Free Press included an article describing a presentation made at the October 22 City Council meeting regarding the potential use of a Public Improvement District ("PID") to assist in the financing of the remaining undeveloped portions of Plum Creek. As this is an approach which the City of Kyle has not utilized previously, we wanted to make sure that all of Plum Creek's existing residents and businesses had a full understanding of how the PID would impact them.

Under the proposed plan presented by Plum Creek, the use of the PID for the remaining portions of Plum Creek would involve the following:

- No financial obligations to any existing Plum Creek residents or businesses
- No financial obligations to the City of Kyle
- No reduction in tax revenues for the City of Kyle
- No additional assessments will be put on any existing homes or businesses

New Care For Seniors with Alzheimer's and Dementia in Hays County

There is something new in Alzheimer's and Dementia Care coming for seniors in Hays County with the opening of Orchard Park Assisted Living and Memory Care in Kyle Texas. At Orchard Park they will be unveiling the "Memories in the Making" Memory Care program. This program is based on a resident centered approach of validation. While there are many good programs that deal with Alzheimer's and Dementia the Memories in the Making program is focused on training our staff members and family members around Validation Therapy.

The best way to describe "Validation Therapy" is to say that with Validation the caregiver allows the person with dementia to be heard. To validate someone is to say that his or her feelings are genuine, powerful and deserve to be heard, understood and accepted. To validate someone is also to show that his or her thoughts, opinions and special memories are important and deserve attention and respect.

To validate a disoriented older person, is to do these things with empathy while using specific learned principles and techniques. It also employs assisting that person to relieve pent up emotions, express their inner needs and resolve unfinished life tasks. We at Orchard Park believe it to be a powerful philosophy of care for our residents with dementia.

Naomi Feil, M.S.W., A.C.S.W., is the Executive Director of the Validation Training Institute, in Cleveland, Ohio. She is the creator of Validation Therapy, which is currently recognized as a state-of-the-art method for treatment of older people diagnosed with having dementia or related disorders. She is internationally recognized for her work with older people and is a sought after trainer in the field of dementia care. Mrs. Feil continues to conduct work shops in North America, Japan, Europe and Australia.

Steve Catoe the with Meridian Senior Living will be training

caregivers and family members on how to use this new approach. Currently Steve has advance training in Validation Therapy. He will then begin actual hands on training with caregivers at Orchard Park before the Memory Care opens at the end of October 2013. He feels the name "Memories in the Making" best describes the approach our trained staff will use in helping our residents.

"One of our core values at Orchard Park is respect for our residents that call our communities their home." says Steve Catoe. He also states "Respect can be shown in many ways but we believe that the older person with dementia deserves special attention in regards to retaining their dignity. Our priority is on-going training for our staff of loving care givers and assisting them in employing Validation techniques on a daily basis when working with our Memory Care residents. " Call Orchard Park for more information 512-920-6400.

Judging for the Lights Contest Begins on Saturday, December 7th

Beginning Saturday, December 7th, the PC Landscape Committee will judge the holiday lights of Plum Creek. With three categories, everyone can get into the spirit of the season.

Our first category is Traditional, which includes the simpler designs of house trimming and lots of greenery. It's the classic winter wonderland and Christmas of old with 1st, 2nd, or 3rd awarded!

Next, we encounter the Religious category, which embraces all major religious holidays. These holidays include Christmas, Hanukkah, Kwanzaa, and more. We award 1st place only.

In the Novelty category, you can run amuck! This category

accepts all of the rest! Once again, you can receive 1st, 2nd, or 3rd.

Judging begins the night of Saturday, December 7th at 6PM and runs through the night of Saturday, December 16th. Winners receive a gift card and sign in their yard through the holidays and will be announced in the PC eNews in December and the February PC Post newsletter.

Feel free to nominate your own home or your neighbor! Just email landscape@plumcreektxhoa.com.

Remember, have your decorations up and lights shining by Saturday, December 7th at 6PM and every night at that time until Saturday, December 16th!

REINDEER NOSES SIMPLY, YUMMY TREAT

This recipe is so simple and so yummy! Basically, you need M&M's in Christmas or Winter colors, Hershey Kisses, and round pretzels. They are salty, sweet, and addictive! Plus, the kids can help, too.

Preheat your oven to 225 degrees. Cover a cookie sheet with the round pretzels but make sure they lay flat. Unwrap lots of kisses. Place one kiss in each pretzel. Then, put the cookie sheet in the oven for about 3 minutes...just long enough for the chocolate to soften. You want them to be soft enough to mush but still hold their shape when you look at them. If you leave them in too long, they dry out and harden. Put one M&M into each kiss. Let the chocolate cool and set-up. You can place in the fridge to speed up the process, too. Some variations include using square pretzels in lieu of round ones or using rolos or Hershey Hugs (the striped kisses). The Candy Cane Hugs seem to be a favorite! Enjoy!

Vertical Mulching to Help Your Trees

Thanks to Resident Valerie Marburger for this great information on Vertical Mulching:

Our trees are taking a beating due to the drought. Have you ever heard of vertical mulching? It's a way to get essential organic matter down to the roots at the drip line of the tree. Simply stated, you loosen the soil around the drip line of the tree and introduce organic matter down several inches. The internet has several articles about this including a 4 minute video at: <http://www.youtube.com/watch?v=PALLQQVTRKg>

Golfers, did you know?

Plum Creek HOA Residents get a discount at the Plum Creek Golf Course. You need to present your Plum Creek recreational id to receive the discount. Call the golf course at 512-262-5555 for more information.

Street Parking

The streets can easily become crowded with extra vehicles. Please use your driveway and garage for as many vehicles as possible. If you have more than two vehicles and need to park on the street, make sure not to block access to a neighbor's mailbox. Blocking a neighbor's mailbox on a regular basis can prohibit

their mail from being delivered regularly. Also, be courteous to neighbors and try not to block the entire front of their house. Your neighbors have friends and family that want to visit them also. Remember to be courteous with your neighbors and feel free to discuss parking issues directly with your neighbors.

CHRISTMAS TREE RECYCLING AT HAUPT PARK

450 Haupt • December 30, 2013 through January 30, 2014

Plum Creek residents have a great option for extending the life and usefulness of their natural Christmas trees. From December 30th until January 30th, you can drop your Christmas tree at Haupt Park. The tree drop-off will be located at Haupt Park, on the Hartson side, by the group of large oak trees. A designated area will be set up after Christmas for the trees.

The City of Kyle will bring a chipper to the park and chip the trees. You can also bring tree limbs and shrubs and

these will be chipped also. The sap from the trees is too strong for many garden plants so we will recycle it under the neighborhood swings and playgrounds.

Remember to remove all hooks, tinsel, and decorations from your trees before disposing of them. Do not dispose of household trash in this location since nothing will be taken to the dump. Lastly, please do not drop trees after dark or outside the posted dates or designated area.

We solve all the pieces to the puzzle.
