COVER PHOTO

Do you take great photos?

Do you take great photos? Would you like to see your photo published? We are looking for great cover photos for upcoming issues of the River Review. All photos submitted must represent River Place or the surround area. Our deadline for submittals is always the 9th of the month prior to the issue. All photos should be submitted electronically by the deadline date in high resolution (300 dpi) to riverreview@peelinc.com. Portrait (vertical) photos work best.

To view other photos submitted please visit www.PEELinc.com/RiverPlace, and view any of the past newsletters.

By submitting your photo you agree to allow your photo to be published in future issues of the River Review or other Peel, Inc. publications.

If your business is interested in sponsoring the cover call 512-263-9181 to find out how to be featured on the cover of the Lakeway Voice.

BIRDIES FOR BIKES at River Place Country Club

The third annual Birdies for Bikes tournament was held at River Place Country Club on Saturday, November 9th. The event was open to all junior golfers including elementary, middle school and high school ages. Prizes were awarded to the junior golfers that raised the most money for the charity.

The event this year raised \$10,000 for Birdies for Bikes. Each participating junior golfer collected donations and pledges for the number of pars and birdies they score in the golf tournament. In 2011, the tournament raised more than \$3,000. The second annual tournament in 2012 raised \$8,042.50, facilitating the purchase of 60 bikes, 60 helmets and 60 bike locks for under-privileged Austin area children. Now in its third year, Austin area junior golfers, many local residents and Austin area businesses support this tournament.

In October 2011, Hailey Derrickson, age 13, started the Birdies for Bikes Charity Golf Tournament. Its purpose is to enable junior golfers to help Austin area children without bicycles receive one during the holiday season through the Bikes for Kids Charity. Bikes for Kids began in 1996 in Austin, Texas and was created by Mix 94.7 Morning Show co-hosts J.B. Hager and Sandy McIlree.

After the event, prizes were awarded and the participants enjoyed a pizza party at the River Place Country Club pool. Tim Lopez of "The Plain White T's" had all members of his band autograph a guitar that which was awarded to the junior that raises the most money. In addition, PGA Tour Winner and former PGA Champion Rich Beem played with a group of the top money raisers.

"The first year of the event was fun, but last year the kids raised about \$3,000. Last year they took it up a level and got more players. I recruited some of my college kids I teach and some friends that are Tour Pros to play with a group and make it a Shamble Format. We added a 9 hole event for the younger players and they raised over \$8,000 last year!" said Chris de Keratry, Head Golf Professional at River Place Country Club.

School Bus Safety Alert

Attention all River Place drivers! Are you aware that the most dangerous job for a school bus driver is not monitoring students' behavior on the bus, but that of loading and unloading his or her student passengers? Are you also aware that as September 1, 2013, the state of Texas has increased the penalties for any driver caught in the act of passing a school bus with lights flashing and its stop arm extended? HB 1174 amends current statute to increase the fines for this misdemeanor offense. The new law increases the minimum fine from \$200 to \$500 and the maximum fine from \$1,000 to \$1,250. The legislation also raises the penalty for a second or subsequent conviction of that offense committed within five years to a misdemeanor punishable by a minimum fine of \$1,000 and a maximum fine of \$2,000.

Recently, several incidences of drivers ignoring the flashing lights and the swinging stop arms of school buses loading students have been observed on Big View Drive during the morning commuting hours and have been reported to the Travis County Sheriff's office. As a result, a patrol car will be dispatched to River Place in the coming days to monitor the situation and ticket when an infraction is observed.

The Leander ISD transportation department was also made aware of the failure to stop problem in our neighborhood. In response, a representative from that department emphasized that this safety violation presents an ongoing and serious problem throughout the entire school district. In fact, Leander was one of several school districts that participated last school year in a 90-day pilot program called Bus Guard, a camera program which targets drivers who pass stopped buses engaged in the process of loading or dropping off students.

According to a KVUE news report, the results were alarming. Leander's study yielded 66 violations, and it was reported by the LISD's transportation department that they are currently in the process of testing a camera mounted on the stop arm extension on various school bus runs throughout the district. Since this traffic infraction can only be ticketed in the district if witnessed by an officer, the transportation department is assessing the value of installing cameras system-wide.

It should be noted, however, that neighboring Lake Travis ISD, which reported 91 passing violations during the pilot program, recently announced plans to be the first in the area to begin the installation of permanent stop arm cameras on all buses in order to identify, ticket, and fine offenders by mail after securing support from the cities of Bee Caves and Lakeway.

In light of this acknowledged serious safety concern, it is therefore imperative for River Place drivers to exercise extreme caution when approaching a stopped school bus from either direction on our streets in compliance with state law. After all, it only takes a moment of inattention to change a driver's life and that of a child forever. I'm sure most of us would agree that a fine is a small price to pay to educate drivers about the importance of safeguarding our school buses' most precious cargo, our children!

Time To Slow Down!

FOUR POINTS HOMEWORK HELP IS BACK

VHS PALS (Peer Assistance and Leadership) directed by Amy Gallagher and NHS (National Honor Society Students) directed by Ashley Koble, volunteer their time each week to help Leander ISD students in our Four Points Area with their homework. This is for elementary students - high school.

It was a great success last year with students: increasing their grade point averages, forming friendships and creating a closer community bond. Four Points Homework Help is based on Peer Assisted Learning which follows LISD's 10 Ethical Principals and Learning Model. This is 100% volunteer with the gratuity being the satisfaction of making a difference and working together as a community. Many high school volunteers more than doubled their required hours because they really enjoyed helping others.

This is a privately organized volunteer program that was started last school year by Vandegrift High School Senior -NHS and PALS member - Addison Stahl. He created this volunteer organization with the support of his family based on a program in NY organized by the public library. Addison and his friends were looking for ways to volunteer and really make a difference and Homework Help became a reality.

Mrs. Gallagher and Ms. Koble believed in the idea and offered the opportunity to earn volunteer hours through this program to their students.

Cathy Richardson - CathyBDesign - donated professional graphics and posters to give Homework Help an identity.

Kristi and Rick Nordin, owners of Cups and Cones supported the cause and donated meeting space at Cups and Cones. They also offer weekly specials during Homework Help hours.

Four Points Homework Help will be held at Cups and Cones again this year starting October 22, 2014. The days will be Tuesday and Thursday from 5:30pm -7:30pm. Sessions will have an LISD approved adult volunteer supervising them. Appointments must be set up to participate.

New addition to the group is Lucas Martis. Homework Help will have a website and online scheduler to make scheduling easier. Lucas Martis - VHS Junior - is webmaster for this volunteer program and is getting the site ready to go.

For more information please email 4ptshmwkhelp@gmail.com. Please look for flyers and posters at Cups and Cones soon for the website and further information.

ROBOTICS TEAMS COMPETE AT FIRST LEGO LEAGUE AND FIRST TECH CHALLENGE SCRIMMAGE SPONSORED BY VANDEGRIFT HIGH SCHOOL, CENTRAL TEXAS FIRST AND HILL COUNTRY EDUCATION FOUNDATION

Dozens of teams from around Austin will compete at the 2nd Annual Four Points Community FIRST® LEGO® League and FIRST Tech Challenge Scrimmage, sponsored by the Vandegrift HS ViperBots, Central Texas FIRST, and Hill Country Education Foundation. Leander ISD's Vandegrift High School will host the event on Saturday, November 16, 2013, from 9am until noon, in various areas of Building 2 of their campus in northwest Austin.

The FIRST Tech Challenge's 2013-14 competition is called "BLOCK PARTY!sm." Between 22 and 24 middle school and high school teams will compete, using this scrimmage as a forerunner to the Central Texas Qualifying Tournament held at Vandegrift on Saturday, December 7, 2013. You can learn more about this season's FTC game here: <http://www.usfirst.org/roboticsprograms/ftc/game>.

The FIRST LEGO League's 2013 competition is called "NATURE'S FURY Challenge." Competing elementary and middle school-based FLL teams will use this scrimmage as a forerunner to the Central Texas Qualifying Tournament held later this season. To learn more about this challenge, go to: <http://www.firstlegoleague.org/challenge/2013naturesfury>.

"We strongly support science, technology, engineering and math programs, and are thrilled to see this level of participation," said Kai A. Lamb, President of the Hill Country Education Foundation. "These robotics clubs are a remarkable vehicles to ignite the interest of our students in these fields of study. Clubs have recently launched in other area schools, and we are positioning the program at Vandegrift and the surrounding feeder schools as the pinnacle of robotics in Central Texas."

In addition to supporting STEM (science, technology, engineering and math), robotics clubs offer invaluable skills in communication, research, project management, writing, and strategic and analytical thinking.

Students and families interested in robotics or in starting robotic clubs at their schools are encouraged to attend.

TENNIS TIPS

By USPTA/PTR Master Professional
Fernando Velasco

How to execute The Two Handed Backhand Lob

In previous newsletters, I offered tips on how to hit the forehand groundstroke, the two-handed backhand, the one-handed backhand, the forehand volley, the two handed backhand volley, the serve, the forehand half-volley, the one-handed backhand volley, the overhead “smash”, the forehand service return, the backhand service return, the forehand high volley approach shot, the two handed high volley approach shot, the one-handed high volley approach shot, and the forehand lob.

In this issue, I will offer instructions on how to execute the Two Handed Backhand Lob. This shot is used when a player is forced to retrieve a ball that is hit deep to the backhand side of the player, and the opponent is either charging to the net or staying far back. The player hitting the lob is looking for “air time” to regain balance and court space. This ball should be hit high enough so the players at the net cannot reach and “slam” the ball down, or force the opponent at the base line to retrieve back. In the illustrations, Marimel Ansdell, a Member of the Grey Rock Tennis Club, shows the proper technique to execute this stroke.

Step 1: The Back Swing: When Marimel is forced deep into the backhand side and realizes that she has to hit a defensive lob, she pivots to the left and gets her racket back early. Notice that the head of the racket is low and her left hand is on the handle of the racket. Her eyes are focused on the path of the ball and her weight is on her left foot.

Step 2: The Point of Contact: Marimel is now ready to hit the ball.

Her eyes are now focused on the point of contact and the face of the racket is tilted at a 45 degree angle in order to create height and depth on her lob. Her goal is to keep her head still and not start looking up to her opponent or to the other side of the court.

Step 3: The Follow Through: The success of a deep lob is the follow through. Marimel's left wrist is still “laid back” and her shoulder is lifting the racket above her head. Her right hand is holding the racket slightly, but still in control of the racket.

Step 4: The Finish: In order to create a natural top spin on the lob, Marimel is now finishing her stroke with the racket behind her right ear. This will make the ball bounce higher and/or force the opponent to hit a tennis ball that is still rotating on the air.

Step 5: The Shuffle Back: Once Marimel finishes the stroke, her goal is to either move forward toward the net top to hit an overhead, or to shuffle back to the middle of the court in order to drive the next ball back to the opponent. In this caption, she moved back to the center of the court waiting for the opponent's shot to come back.

Look in the next Newsletter for: How to execute “The One-Handed Backhand Lob”

TRAVELING WITH YOUR PET OVER THE HOLIDAYS?

Here are some tips that will help
make your drive smooth sailing.

Submitted by Kristen West, Owner of Gusto Dogs LLC.

1. Take your pet on short trips prior to the big day to let him get used to traveling by car.
2. Keep your pet safe in a secured, well-ventilated crate or carrier. It should be large enough for your pet to stand, sit, lie down and turn around. Letting him have free range in the car not only puts him at risk, but it also poses a risk to your family if you were to stop suddenly.
3. Never let your dog travel in the bed of a truck. Even if he is secured on a short line to prevent him falling or jumping out, your pet can experience discomfort from the weather and wind or sustain injury from debris.
4. Feed your pet three or four hours prior to departure and avoid giving him any food or treats in the car.
5. Never leave your pet in a parked vehicle, which can quickly become a furnace and cause heatstroke, even with open windows. In cold weather, the car holds the temperature like a refrigerator.
6. Your pet's microchip should be up-to-date and he should be wearing a flat collar and ID at all times.
7. Bring a bowl and extra water in case you get stuck in the inevitable holiday traffic jam!
8. Take lots of breaks to let your pet stretch his legs and relieve himself. It's a great excuse to do some sight-seeing or pick up a fun treat for yourself!

Great News! Convenient Health Care Now In Your Neighborhood
