A FOCUS ON PHYSICAL ACTIVITY Pathway to Improved Health

By Concentra Urgent Care

Being physically active is one of the most important steps you can take to maintain or improve your health. When combined with eating a healthy diet, regular exercise can substantially reduce your risk of chronic disease, prevent weight gain, and improve your overall level of physical and emotional fitness.

HOW MUCH PHYSICAL ACTIVITY DO I NEED?

The U.S. Department of Health & Human Services (HHS) has recently published several recommendations related to exercise:

- 1. Any physical activity is better than no physical activity
- Includes people with disabilities
- Far outweighs the possibility of risk of injury or illness

2. Most health benefits occur with at least

150 minutes a week

• Both aerobic and muscle-strengthening are beneficial

3. For most people, additional benefits occur when

- You increase the intensity of your physical activity
- You increase the frequency of your physical activity
- You increase the duration of your physical activity

SHOULD OLDER ADULTS EXERCISE, TOO?

The same HHS guidelines apply, but older adults need to make sure that their fitness level and any chronic conditions allow them to safely perform physical activity. For example, if an older adult is at risk of falling, he should do exercises that maintain or improve his balance.

WHAT IF I HAVE A CHRONIC MEDICAL CONDITION?

If you have a chronic medical condition, you should be under the care of a health care provider. It is important to consult your physician about the type and amount of physical activity appropriate for you.

HOW DO I GET STARTED?

The health benefits of physical activity far outweigh the risks and some activity is better than none. Persons who have not been diagnosed with a chronic condition (such as diabetes, heart disease, or osteoarthritis) and do not have symptoms (e.g., chest pain or pressure, dizziness, or joint pain) do not need to consult with a health care provider prior to starting an exercise program.

KIWANIS CLUB OF CY-FAIR HOUSTON

What is Kiwanis? Here are a few facts about the International and local organizations. Kiwanis clubs, located in 80 nations, help their communities in countless ways. Each community's needs are different—so each Kiwanis club is different. By working together, members achieve what one person cannot accomplish alone. Service is at the heart of every Kiwanis club, no matter where in the world it's located. Members stage nearly 150,000 service projects and raise nearly US\$100 million every year for communities, families and projects.

Kiwanis clubs focus on changing the world by serving children, one child and one community at a time. When you give a child the chance to learn, experience, dream, grow, succeed and thrive, great things happen. To do this, many clubs also sponsor Kiwanis family clubs—K-Kids for primary school children; Builders Clubs for adolescents; Key Clubs for teens; CKI clubs for university students and Aktion Clubs for adults living with disabilities. Through these outreach activities, Kiwanis is able to reach more people and have a greater service impact on their communities.

No two Kiwanis clubs look exactly the same. Each member's and community's needs are different, and each club should look different. Some clubs are very traditional, with weekly meetings and a strong sense of history. Other clubs don't meet at all, and instead hold meetings online and only come together for service projects. Newer Kiwanis clubs help their communities in countless ways Service is at the heart of every Kiwanis club, no matter where in the world it's located. Members stage nearly 150,000 service projects and raise nearly US\$100 million every year for communities, families and projects. Kiwanis members don't just do service—they have fun. Members make new friends by being part of a club where they attend meetings and participate in social events. Kiwanis clubs also provide excellent networking opportunities for professionals. Members meet new people from all over their region and the world through service projects, fundraising and by attending district and international conventions.

Houston has several Kiwanis Clubs located throughout the city so that you may find a Club near your home or your place of business. The Cy-Fair Club is located in the Cypress-Fairfield community ; however, the membership extends beyond those boundaries. It was founded in 1985 and will celebrate its 29th birthday on May 6 at our regular meeting at the Hearthstone Country Club at 12:15 pm.. You are cordially invited to attend and learn more about the services we render in the community. Lunch will be served. Please call George Crowl at 832-467-1998. Other meetings in May will be held on May 13 and May 20, same time and place. Your visit is always welcome.

SAVE WATER Every Drop Counts!

Spring is here and so is our rainy season. The city of Houston ranks second in the state, after Port Arthur, for total rainfall inches. Out of 48" of rainfall last year, 5.15" fell in May and 5.35" fell in June. With our growing population and limited supply of both groundwater and surface water, we must use water wisely. Rainwater harvesting is an innovative approach anyone can use, and it is good for your landscaping. Rainwater is free of salts and other minerals that harm root growth. It percolates into the soil and forces salts down and away from root zones. This allows roots to grow better and makes plants more drought tolerant. Whether your landscape is large or small, developed or new, now is the time to prepare to catch our rainwater by installing a rainwater harvesting system. Harvesting rainwater saves money on your water bill, reduces demand on the municipal water supply, and reduces flooding and runoff which causes erosion and contamination of surface water. Request a free copy of the Rainwater Harvesting brochure, prepared by AgriLIFE EXTENSION at Texas A&M, at our website www.KeepCyfairBeautiful.org.
