Austin Banditos 8U Team

The Austin Banditos 8U team which traveled to Sulphur, LA for a USSSA World Series tournament and WON IT ALL! Five States were represented (TX, LA, AR, OK, TN) and twenty teams in the 8UAAA division played five days of games.

TEAM ROSTER:

Sage Sanders #15
Wyatt Gatlin #5
Mikey Caputo #2
Theo Gillen #6
Travis Garrett #7
Josh Atomanczyk #4
Jack Burnett #27

Cullen Lee #20 Peter Cienega #16 Gavyn Schlotterback #11 Cade Waibel #25 Maddox Medrano #10 Jack Williams #42

Wednesday, July 2nd Pool Game Play:

Banditos of Austin defeat Boom Baseball from Madisonville, LA 7-4 Banditos of Austin defeat Legacy Baseball from DeQuincy, LA 10-4 *Thursday, July 3rd Pool Game Play:*

Banditos of Austin defeat SMASH Baseball from Sulphur, LA 7-5 *Friday, July 4th CHAMPIONSHIP BRACKET Play:*

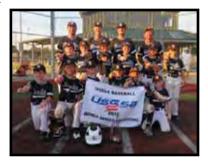

Banditos of Austin start bracket play as one of four teams with a 3-0 pool play record and are given the #4 seed. Banditos of Austin got first round bye in bracket play and then defeated the #13 seed

SMASH Baseball from Sulphur, LA 11-3 in second round of bracket play. Banditos of Austin then beat the #5 seed TTC Kings from Forney, TX 10-6 in third round of bracket play.

Saturday, July 5th CHAMPIONSHIP BRACKET Play:

Banditos of Austin defeat the #1 seed Jackson Coyotes from Jackson, TN - considered at the time the #1 team in the nation -

10-6 in the quarterfinal round of bracket play. Banditos of Austin defeat the #6 seed Assault from Pearland, TX - previously considered the #1 team in Texas - 11-9 in the semifinal round of bracket play. Assault then worked its way through the remainder of the losers bracket to get back to the championship game, where they had to beat

Banditos of Austin twice. Assault defeated Banditos of Austin 9-5 in game #1 of the championship. Banditos of Austin then came back and defeated Assault 13-8 in extra innings to win the USSSA 2014 World Series National Championships as the best 8U team in the nation.

Intelligent minds are nurtured by a peaked curiosity and love for learning.

A child with confidence is built on a foundation of love and support. The Children's Center of Austin's educational and developmental curriculum is like none other and reaches to all types of early learners. Learning doesn't only take place in our classrooms! Learning continues to be fostered in our school library, gym, art studio, computer labs, and playgrounds.

Do I Need a Permit to Replace a Water Heater?

Yes, since 2007, a plumbing permit has been needed to install a hot-water heater in Texas, requiring a licensed plumber to tackle the project in accordance with the Uniform Plumbing Code. A qualified installer and inspection is needed because water heater installation or replacement involves work with electricity, natural gas in many cases, and a pressurized holding tank. Anyone of these things can cause catastrophic damage and/or injury if the work is not done properly. Hot-water heaters also need to be sized according to the number of fixtures in your home or business.

Installers should be very familiar with the regulations and requirements concerning hot-water heaters including location, drainage and ventilation requirements and procedures for electrical or gas connection. The installer should also ensure that a temperature and pressure relief valve is properly installed with appropriate drainage.

Make sure your home improvement projects are done safely and according to code.

A FOCUS ON HEAT EMERGENCIES Healthy Tips To Stay Cool In Extremely Hot Weather

By: Concentra Urgent Care

Heat illnesses are easily preventable by taking precautions in hot weather. Children, elderly, and obese people have a higher risk of developing heat illness. People taking certain medications or drinking alcohol also have a higher risk. However, even a top athlete in superb condition can succumb to heat illness if he or she ignores the warning signs. If the problem isn't addressed, heat cramps (caused by loss of salt from heavy sweating) can lead to heat exhaustion (caused by dehydration), which can progress to heatstroke. Heatstroke, the most serious of the three, can cause shock, brain damage, organ failure, and even death.

SIGNS AND SYMPTOMS:

Heat Cramps • Dizziness and lightheadedness

- Sweating
- Pain in arms, legs, and abdomen Headache and confusion
- Heat Exhaustion
- Moist, pale skin
- Fatigue and fainting
- No sweating
- Dry, hot, red skin
- Temperature over 103° F • Confusion/loss of consciousness • Seizures

CAUSES:

Heat Stroke

- High temperatures or humidity Medications, such as diuretics,
- Dehydration
- Prolonged or excessive exercise
- Excess clothing
- Alcohol use

WHAT TO DO IN HEAT EMERGENCIES...

1. Have the person lie down in a cool place. Elevate the person's feet about 12 inches.

2. Apply cool, wet cloths (or cool water directly) to the person's skin and use a fan to lower body temperature. Place cold compresses on the person's neck, groin, and armpits.

3. If the person is alert, give cool water or sports beverages. It's advisable to drink slowly and steadily, particularly if they are experiencing nausea.

4. For muscle cramps, give beverages as above, and massage and stretch affected muscles gently, but firmly, until they relax.

5. If the person shows signs of shock (bluish lips and fingernails, and decreased alertness), starts having seizures, or loses consciousness, call 911 and continue cooling procedures, as described above.

DO NOT:

• underestimate the seriousness of heat illness, especially if the person is a child, elderly, or injured.

• give the person medications that are used to treat

- fever (such as aspirin or acetaminophen). They will not help, and they may be harmful.
 - give the person salt tablets.
- give the person liquids that contain alcohol or caffeine. They will interfere with the body's ability to control its internal temperature.
 - use alcohol rubs on the person's skin.

give the person anything by mouth (not even salted drinks) if the ٠ person is vomiting or unconscious.

PREVENTION:

- Wear loose-fitting, lightweight clothing in hot weather.
- Rest regularly in a cool area; seek shade when possible.
- Avoid strenuous physical activity in hot or humid conditions.

• Drink plenty of fluids every day. Drink more fluids before, during, and after physical activity.

• Be especially careful to avoid overheating if you are taking drugs that impair heat regulation, or if you are overweight or elderly.

· Be careful of hot cars in the summer. Allow the car to cool off before getting in.

• Avoid heavy meals and hot foods.

For more information on how to cope with the heat, ask your Concentra health professional, or visit the CDC's Web site at: www.cdc.gov/niosh/ topics/heatstress/

RETIRE BETTER - A LIFETIME OF INCOME

WITH JOSH STIVERS

Q: With the stock market at record highs and interest rates at all time lows, where should you be investing?

A: We are currently in the sixth year of this bull market and are continuing to set new records on the stock market indexes. The Federal Reserve's monetary policy is keeping interest rates low for the foreseeable future. With that said, many investors are trying to determine the best course of action to take from here.

While markets could continue to go higher, that doesn't mean that the stocks that got us here will be the stocks to get us there. Let me explain. There is currently a shift in the investments that are providing the growth and income of the market.

While the high flyers have been technology and financial sectors, things are starting to lean in favor of investments that provide stability and dividends.

It is important to protect your current portfolio values while continuing to achieve total return. We are advising that investors begin to take profits on some appreciated investments. Those profits can then be placed into investments that provide better than average yield and are non-correlated with the current equity market.

By properly diversifying, being very aware of price, and requiring significantly more yield than the current market, it is possible to hedge your portfolio against a possible market downturn without completely getting out of the game. There are a number of vehicles providing these options including master limited partnerships, real estate investment trusts, preferred stocks, and business development corporations.

Most of these investment vehicles offer current yields that surpass those of the dividends paid by blue chip stocks. In addition, the underlying strategy providing the returns is not based on the direction of the equity markets. Therefore, it is possible to use these alternative strategies to put reposition your profits and "hedge your bets" on the direction of the overall market.

If you would like further information on this topic or to receive a copy of our report on retirement income planning, please send your requests to the email below. As always, we are here to answer your pressing questions and concerns regarding retirement investment planning.

Send your questions and information requests to retirebetter@platinumwealthadvisory.com

LTHS Cavalettes to host Junior Cavalette Dance Clinic!

The Lake Travis High School Cavalettes are preparing to host their annual fall Junior Cavalette Dance Clinic! Each year the Cavalettes entertain the Cavalier fans and members of our community with their award-winning half-time performances and parade appearances. This is an opportunity for kids K-8th grade to join the Cavalettes to learn a dance routine and participate in the Homecoming parade and pep-rally!

The clinic will be held on Saturday September 13th from 1-4pm. The Jr. Clinic is for kids K-5th and the Drill Team Prep clinic is for middle school students in 6th-8th grades where they will learn skills to help them prepare to be a future Cavalette or Red Ruby! Both groups will learn a dance routine and participate in games and other fun activities. On Wednesday September 24th, these dancers will have the opportunity show off their new skills as they ride on a float in the Homecoming parade and perform alongside the Cavalettes at the community pep-rally on the LTHS Varsity Field!

This fundraising event is a wonderful opportunity for kids who love the Cavalettes and LOVE to dance! The proceeds from this event go directly to support the Cavalette and Red Ruby dance teams and to help fund the Cavalette Senior Scholarship program as well as this year's special invitation to perform in the 2014 Chicago McDonald's Thanksgiving Day Parade! The cost to attend is \$45 if you register in advance by September 12th. Learn more at www.LakeTravisCavalettes. com or www.eventbrite.com/e/cavalette-homecoming-clinic-2014-tickets-12209459823

SEPTEMBER 13TH: CAVALETTE JR. DANCE CLINIC & DRILL TEAM PREP

Come join the Cavalettes for a 4 hour dance clinic where you will learn a dance routine and participate in other fun activities. Participants will ride on a float in the homecoming parade and show off the dance routine as they perform alongside the Cavalettes at the community Homecoming pep-rally on Wednesday September 24th. Proceeds from the event go to support the Cavalette and Red Ruby Dance teams and to help the Cavalette Senior Scholarship program as well as this year's special invitation to perform in the 2014 Chicago McDonald's Thanksgiving Day Parade! The event is Sat. Sept. 13th from 1-4pm at Lake Travis High School. Cost is \$45 with advance registration. Learn more at www.LakeTravisCavalettes.com or www.eventbrite.com/e/ cavalette-homecoming-clinic-2014-tickets-12209459823.

Sports

LTYA is a privately funded, not-for-profit organization founded in 1978 to provide safe, fun, friendly and affordable recreational opportunities for the youth of Lake Travis. Today, we serve over 4,500 youth in our 9 sports programs and activities annually and we need your support.

Providing positive and safe sports for all children that teach basic values they can count on in their lives. We know how important the youth sports experience is for the children and that is the reason we teach the importance of teamwork, cooperation and hard work.

News You Can Use

Tadah! Can You Believe This?

Your local Austin Music Teachers Association was just nominated the best in the country! Submitted by: Nell Trimble, Benevolence Chair for A.D.M.T.A.

The Music Teachers National Association just awarded your local association as being the 2014 State Affiliate of the Year or the best in our country!

Why? Because of "programming for students" which includes 20 events and "community outreach" such as Youth Music Ambassadors which means the most opportunities for your child!

Also, our Dr. Martha Hilley right here in Austin at the University of Texas, was selected as the Teacher of the Year for Music Teachers National Association. We here in Austin nominated her for that award and then she was selected as that first at the state level and then nationally! Dr. Hilley's teaching sparkles with a fountain of electrically inspiring ideas. She also is a writer and deeply involved on a statewide level with the governing of our colleges. Her picture

and caption supporting President Powers was on page 2 of the 7/13 Sunday Austin American Statesman.

In addition Dr. Sophia Gilmsom was just awarded silver in the Global Music Awards for her CD of the Goldberg Variations On Harpsichord and Piano by Johann Sebastian Bach. Dr. Gilmsom is the head of Piano Pedagogy at the university here.

Perhaps the most outstanding concert I have ever been to was her performance of that work both on the piano and harpsichord. How totally different was the music on the two instruments!

To find a piano teacher in your area, go to www.admta.org, click on the link to "Community Resources" on the home page for our new "Find a Teacher" registry with descriptions of each teacher's program in their studios.

BOAT RAMP ETIQUETTE: DON'T BE "THAT GUY" THIS SUMMER

By Dave West, Austin Wakesurf

With summer now officially here, our beloved lakes are filled with watercrafts of all shapes and sizes buzzing around towing enthusiastic tubers, intensity-high skiers, dedicated fisherman and exercise hungry paddleboarders. However as the number of people using our aquatic playgrounds increase, so does the risk of accidents among the busy boat ramps and lakefront docks. If you're planning on using these areas during the busy summer season, here are a few pointers to remember when launching and retrieving your boat:

Avoid unnecessary delays and blocking the boat ramp when launching your boat by completing as much of the preparation (loading of your gear) in the staging area as possible. Make sure your tie down straps are removed, battery is on, and that all your required safety gear, as well as ski's, tubes, coolers and towels are already in the boat.

If there is a dock at the ramp, ask your passengers to meet you there while you and another experienced person launch the boat without any unnecessary distractions

Use at least two experienced people to launch and retrieve the boat —one to drive the towing vehicle and one to operate the vessel). It is also a great idea to have all your dock lines and bumpers already in place prior to launching.

Launch your boat slowly and safely – ensure the area immediately behind the boat is clear of other boats, personal watercraft and people.

As you approach the dock to pick up your passengers, have a dock line ready to hand off to someone on the dock and instruct everyone to wait until you tell them it is safe to board the boat.

At the end of you boating adventure, drop all your passengers off at the dock first and wait away from the dock while an experienced person retrieves your vehicle and trailer. It's often best to leave all you equipment in the boat until you reach the staging area where you can safely unload safely.

When retrieving, do not pull your boat into a launch lane until the towing vehicle is at the ramp. The line is formed by vehicles with trailers, not by vessels in the water.

Have the driver of the vehicle tow the boat to a staging area where you can meet your passengers and begin unloading and wiping down. Always double-check your tie downs prior to driving away from the boat ramp area.

Never block a ramp with an unattended vessel or vehicle.

Alcohol and boating don't mix.

Always wear a US Coast Guard Approved (USCGA) life jacket when conducting any type of watersport.

Do not power load your boat: Propeller wash can erode the sediment just beyond the ramp surface, creating a large hole. The eroded sediment is deposited behind the propeller, creating a mound. Trailer tires can get stuck in these holes, and boats can run aground on the mound.

Why choose Primrose[®] for Pre-K and Kindergarten?

Just Ask a Mom[®].

"As an educator, I know what my children need in order to be ready when they leave Primrose. My son, who attended Pre-K at Primrose, was more than ready for Kindergarten."

LAKEWAY/LAKE TRAVIS ROTARY CLUB AWARDS SCHOLARSHIPS AND RECOGNIZES SPONSORS

On Thursday, July 24th, LTHS Seniors and their corporate sponsors were recognized at the regularly scheduled Rotary meeting. The local businesses that generously contributed to the Mercedes Raffle sponsored the scholarships for the Seniors. The club awarded \$20,000 in scholarships this year and has awarded \$410,000 in scholarships to date. For more information on the Club, Car Raffle and how to become a Sponsor, visit www.RotaryClubofLakeway. com. Questions about the fundraiser may be directed to Michael De La Fuente via email at mdlf4u@gmail.com.
