10 POWERHOUSE FOODS THAT WILL HELP YOU BURN FAT IN THE NEW YEAR

Marissa Balch - CPT, Nutrition Coach - Texas Fit Chicks Boot Camp

1. Oatmeal - Great source of soluble fiber and slow-digesting carbohydratesthat will keep blood sugar and insulin in check so fat burning can stay high.

2. Eggs - A form of well-absorbed protein, healthy fats and Vitamin D (found in the egg yolk). Eggs also contain lecithin, which promotes healthy liver function, thereby helping the body to burn fat.

3. Salmon - High in omega-3 fatty acids, salmon reduces inflammation in the body and lowers LDL and triglyceride levels while raising good HDL levels. Salmon also has a beneficial effect on leptin (hunger hormone) levels in the body, which means it helps to suppress your appetite.

4. Nuts - Another source of fiber and rich in omega-3s, these fats help to regulate blood sugar and protect the heart and the immune system.

5. Grapefruit & Berries - These fruits contain slow-digesting carbs and are rich in fat-fighting fiber. Strawberries, raspberries, blueberries and blackberries all are loaded with soluble fiber and antioxidants that protect blood vessels and promote healthy blood flow.

6. Avocado - It's got fat, yes, but the good kind! The monounsaturated fats found in avocado are burned readily for fuel during exercise and actually encourage fat burning. Good source of fiber and antioxidants.

7. Leafy Greens - Broccoli, specifically, is a fibrous carb that can make you feel full quickly—one reason why it's a great food for getting lean. Broccoli also contains phytochemicals that can help enhance fat loss. 8. Cinnamon - Helps to reduce blood sugar levels, which in turn prevents the body from storing sugar as fat. Add it to your oatmeal and yogurt to enhance flavor without adding calories.

9. Green Tea - Drink this! Not only is green tea packed with antioxidants, it also contains catechins, a phytochemical that helps speed up metabolism and burn more fat.

10. Beans & Legumes - Great sources of protein and they normalize insulin levels and help keep your blood sugar steady throughout the day. Black beans, Garbanzo beans, red beans and lentils are all great to incorporate into your diet.

Fruit flies can become a problem at any time of year because they are attracted to ripe or fermenting fruit. Fruit flies can be brought into the home from ripe fruits or vegetables picked from the garden or items purchased at the grocery store.

Adults are small (about 1/8 of an inch) and usually have red eyes. The front portion of the body is tan while the back portion is dark brown or black. If given the opportunity, females can lay up to 500 eggs. Larvae feed near the surface of fermenting foods or other organic matter.

Prevention is the best way to deal with fruit flies. Do not purchase over ripened fruit or vegetables. Fruit and vegetables should be eaten in a timely manner or stored in the refrigerator. If storage in the refrigerator is not an option because you are ripening the item, place it in a paper bag and use a clothespin or chip clip to close the bag. All recyclables should be rinsed thoroughly before placing them into the recycling bin. The recycling bin and garbage can should be cleaned out on a regular basis to eliminate any spilled material.

To eliminate a fruit fly infestation, all sources must be located and eliminated. Insecticides will not help if sources are not eliminated. While searching and eliminating breeding sources, a trap can be constructed to capture adult flies. Create a paper funnel by rolling notebook paper and place the funnel into a jar that contains a small amount of apple cider vinegar in the bottom.

Boy Scouts of America, Troop 533 & 1907 FUNDRAISER!!!

Good Shepherd United Methodist Church and Fairfield Baptist Church

If you are looking to beautify your landscape and bring your lawn back to life, then you will be interested to know that it is that time of year again for fertilizer and mulch sold to you and brought to your home by your local boy scouts. Coming this spring!

Troop 533 Chartered by GSUMC and Troop 1907 Chartered by FBC have joined forces once again to conduct their annual fertilizer and mulch fundraiser starting on January 13, 2015. Troop 533 has delivered to homes in the Cypress community for more than 10 years and is proud to continue this tradition. Scouting makes a direct and positive impact on your community by teaching positive values and leadership skills to our youth. Your support ensures that Scouting will continue building character, fitness, and citizenship for years to come.

The funds from your purchase will directly benefit the troop and each individual scout on their continued journey through the scouting programs. The proceeds from each of the scout's sales will help fund activities such as High Adventure Summer Camp , Treks, Monthly troop campouts and so much more. By purchasing your lawn mulch and fertilizer from the Scouts, you are directly supporting scouting programs where you live — programs that clean up your parks, gather food for the area needy, and even help your community prepare for disaster.

This year's offerings include Red or Black mulch, Hardwood or Pine mulch as well as Premium or Slow Release fertilizer and Weed n Feed fertilizer. Scouts will be visiting your neighborhood soon. All purchases will be Scout delivered on February 28, 2015.

For your convenience, Scouts will be selling door to door in your subdivision beginning January 13th. If you are reading this circular and think we may miss you or want to support, please order by emailing Troop 533 at <u>BoyScoutsTroop533@yahoo.com</u> or contact Stacy Hedrick 832-419-3199

Yours in Scouting, Scoutmaster Louis Mayer (Troop 533) and Scoutmaster David Goodin (Troop 1907)
