Between the Lane Lines: What's next for the Whitesharks?

By Jonathan Armstrong

Last summer was the Whitesharks' 20th anniversary season, and what an anniversary it was! (Did you see the tent in the parking lot? How cool was that?) We went all in on the season long celebration; it was great seeing so many old and new faces reminisce about the old days, and enjoy the present days.

So now it's back to the same old routine, right? Wrong! Every year the Whitesharks begin anew. Every season we start with new goals and a fresh start. On thing remains the same, and that is our number one team goal of having fun. We will teach, motivate, and encourage each other to another fantastic year, and pull together as a team doing so. We will bring families together, we will begin and renew friendship we will work hard, play hard, and cheer hard.

If you are not already a part of this great community activity, it's not too late. You have the opportunity to join something extraordinary - EVERYONE is encouraged to come enjoy the summer with us, swimmers and families alike. We have swimmers between 3 and 18 years old start new every year, so what are you waiting for, come join the fun!

For those of you who are already Whitesharks, I hope you are getting as excited as I am. We need everyone to come back – ready to swim fast and have a blast. If you are interested in getting a leg up on the competition, or just can't wait to get started, you may want to sign up for a head start program. This is going to be another great season as we remind the world just who the Whitesharks are!

Registration for the 2015 Whiteshark season starts online at worthamwhitesharks.com on March 15. Meet the Coaches will be at the clubhouse on March 29 if you have any questions you need answered. One question that comes up every year is how can we commit to Swim Team when my son or daughter has multiple activities? Let me answer that with we will make it work. Come chat with us and you will see, it is worth the effort. Bring your family and friends, this is one of those activities where The More The Merrier.

So after a fabulous 20th anniversary season, what's next for the Whitesharks? Come and join us and find out!

North! South! East! West!

KIWANIS CLUB OF CY-FAIR HOUSTON

YOU are cordially invited to attend an introductory meeting of the Kiwanis Club of Cy-Fair Houston at the Hearthstone Country Club.

Time: Lunch is served at 12:15pm; adjournment at 1:15pm.

Dates: We will meet on March 3, 10, and 17. Join us for lunch, followed by a short, informative program. We welcome your visit and invite you to consider membership in this service oriented organization.

Why join Kiwanis? Kiwanis is an international service organization focused on changing the world one child and one community at a time. The Cy-Fair Kiwanis Club of Houston seeks to serve this community through sponsoring Key Clubs for high school students, Builders Clubs for middle school students, and Aktion clubs for adults with disabilities. Also, we sponsor Boy Scout and Girl Scout troops. We provide support to various other organizations in the community that serve children and families. Enjoy the pleasure of being a part of this service.

What is Kiwanis? Service is at the heart of every Kiwanis club, no matter where in the world it's located. Members stage nearly 150,000 service projects and raise nearly US\$100 million every year for communities, families and projects. In addition, Kiwanis members actively participate in many service projects in their home communities.

Kiwanis members don't just do service—they have fun. Members make new friends by being part of a club where they attend meetings and participate in social events. Kiwanis clubs also provide excellent networking opportunities for professionals. Members meet new people from all over their region and the world through service projects, fundraising and attendance at district and international conventions.

VANDALISM IN WORTHAM

Submitted by the Wortham Board of Directors

Recently, we have had vandalism that affect our monuments by the clubhouse and the pool/clubhouse area. On Christmas Eve night the holiday decoration wreaths installed on the main monuments were stolen. But someone also destroyed the lights for the monuments and some of the lights around the pool area. The estimate amount of damages is \$5,000. This incident has been turned into the Sheriff's Department and to our insurance company. We wanted to let all residents know about this incident so that if any suspicious activity is observed around the clubhouse/pool area or the monuments in the future that the Sheriff Department be contacted. Thanks

DID YOU KNOW?

Did you know we have a free Hazardous Waste Collection service close to us? HWC is located on 6900 Hahl Road on the northwest corner of Gessner and 290.

HOME IMPROVEMENT REMINDER

Remember, ALL exterior changes and improvements made to your home or yard [including your fence and roof] require ARC approval first. Please do not base your home improvement decision on the fact that someone else in the neighborhood has the same improvement. The safest way to ensure compliance is to obtain ARC approval prior to all exterior modifications. Please contact Crest Management to obtain an ARC application or a copy of the community guidelines.

Neighborhood Watch Corner

We need more block captains; some streets have none, and all streets can use more. Please encourage your neighbors to join the watch program. It is a good way to meet your neighbors and find out what is going on in the neighborhood. Duties are minimal, attend a few meetings, help out with National Night Out and pass on information to your neighbors, either in person or via email.

Pet Place Reasons to “Scoop the Poop”

by Jennifer Magness, DVM

Dogs are a very popular pet and are found in many households. There are 70 million pet dogs in the United States alone. Opening up your home to a dog also means accepting responsibility for that pet, including cleaning up their waste.

Most people have heard the term “scoop the poop” but some people may not have heard the reasons why this is so important. Some people view dog feces (or what most people call dog poop) as a good fertilizer, but this is actually a myth. Dog diets mostly contain animal products such as chicken and turkey. Thus, a dog’s waste contains substances created by the breakdown of the animal products. It does not enrich the soil for plants such as grass. If not picked up, dog feces can enter waterways via storm drains after it rains. Nitrogen in the feces depletes the oxygen from the water, and the water is made harmful to fish and other aquatics. It is often listed as the third leading cause of water pollution. Dog feces are also considered an environmental pollutant as it contains harmful organisms.

One gram of dog feces may contain as much as 23 million bacteria. Harmful bacteria such as Salmonella and E. coli can be found in dog feces. Parasites such as Giardia, Cryptosporidium, roundworms, hookworms and whipworms may also be found. Many of the parasites (usually in a resistant egg form) linger in the environment for years, even if the rest of the dog feces breaks down over time. Both bacteria and parasites are health hazards for both humans and animals that come in contact with them.

Besides the “ick” factor of stepping in dog poop and the unpleasant odor of it, dog feces can serve to attract pests (such as flies) and rodents (such as rats). Being a responsible pet owner and scooping your dog’s poop is important for the community health of both humans and animals. It helps Improve local water quality. Scooping your dog’s poop also promotes favorable views towards dogs by others in the community.
