The Fairfield Seniors

The Seniors of Fairfield are an active, fifty plus, fun-loving group of couples and singles who enjoy fellowship, monthly trips, and various activities together. If you or your spouse is fifty or older, a newcomer to Fairfield Village or have lived here in Fairfield for some time but have never attended one of our functions, you are cordially invited. Come and be a part of our fun-loving group. We're sure you will enjoy it.

OUR HISTORY: Over these past ten plus years we've taken over a hundred trips. The Fairfield Gazette's web site has back issues available from September, 2004. In order to go back to our beginning, we must thank Kelly Peel of Peel Inc. for locating all our articles from their archives and sending them to us. We now have every article submitted, which enabled us to put together Our History and a complete listing of all our trips. Shalom Cypress Hebrew School is now open for enrollment for the Fall & Spring 2014/2015 year. This upcoming year Morah Alana is going to concentrate on conversational Hebrew with the children. Please see our below upcoming event schedule for this month:

Middle School & High School Registration for Track Team

The Northwest Flyers Track Club will host an orientation/registration session for all middle and high school athletes and their parents interested in joining for the 2015 season. The event will be held on Tuesday, May 5 at 7:00 p.m. at Valley Ranch Grill & Barbeque, 22548 S.H. 249 @ Spring Cypress, Houston.

The Northwest Flyers is a youth (ages 6 -18) track organization, affiliated with USA Track & Field. The club provides a full program of "track" events such as sprints, hurdles, middle distance, distance and relays, and "field" events such as long jump, triple jump, high jump, pole vault, discus, shot put and javelin. It is an excellent "off-season" program for young

athletes who currently compete on their middle school or high school track teams.

The club was founded 28 years ago by local Olympic gold medalist Fred Newhouse to foster the development of youth track & field in the northwest Houston area. Last year, the Northwest Flyers sent 87 young athletes to compete at U.S. Junior Olympics National Championships in Myrtle Beach, South Carolina and Humble, Texas.

Visit the team website at <http://www.northwestflyers.org> for registration forms and information prior to the session, or contact Linette Roach at (281) 587-8442, or linette.roach@sbcglobal.net.

TENNIS TIPS

By USPTA/PTR Master Professional
Fernando Velasco

Caption 2

Caption 3

“Tennis for Children 9-10 years old and under – Orange Ball”

This series of Tennis Tips are focused on how to involve children of all ages to learn to play tennis and offer tips to the parents on how to help at home. In the last issue I offered advice for children 8 years old and under. This issue, will address children 9 and 10 years old and under playing with the orange low bouncing ball.

Caption 1: Tennis Racket and balls: The children should be using rackets ranging in length from 23” to 25” long and the orange ball. These short, lighter rackets and lower-bouncing balls will make it easier for the child to control the swing and the point of contact. The racket to use will depend on the height of the child and the age. Balls will bounce from 41” to 47”, which is within the comfort zone for most children of that age.

Caption 2: Tennis Court: Most tennis facilities have added lines to measure 60’ x 21’ for singles and 60’x 27’ for doubles within the confines of a regular tennis court. If lines have been added, they will be painted with a darker color than the tennis court. If lines are not painted, Clubs will use rope and/or starter tennis court lines on the courts.

Caption 3: Join a Group: Tennis, like other sports, is learned

better in a group. Children like to imitate other children and learn from their successful hits and also avoid their missed shots. I believe in allowing them to “shadow” the person executing the shot, so they become used to the swing and timing of the point of contact.

Children at this age are already “rallying back and forth” and are given tips on how to hit volleys (ball hit on the fly), and also serve underhand or overhead. The USTA provides tournaments and leagues for children 10 and under using the orange ball and 60’ courts. They normally play 4 game sets and are encouraged to play round robins and/or consolation rounds.

Tips to parents:

- Have child tap the orange ball up and down on the ground in a safe area, like a garage.
- Do the same with ball being hit on the fly without bouncing.
- Encourage them to hit in a safe area with them dropping the ball and hitting it against a wall or a garage door. Always be there to supervise.

BE FAIRFIELD PROUD

Your Association spends many dollars each month on postage reminding residents to store their trashcan and recycling bin out of view of the street. These monies can be better spent to your advantage enhancing Fairfield Village.

Although citing a trashcan seems like a minor infraction, the number of trashcans seen left outside creates an unattractive community. Even those homes with wrought iron fences are asked to make an effort not to leave their trashcan on the driveway.

While it may be convenient for you to leave your trashcan outside, it is an eyesore and detracts from the beauty of your community. It just takes a little extra effort to store your trashcan out of view on non-pick up days.

Thank you to the many residents who already go to the trouble of storing their trashcans and recycling bins out of view.

FIRST DEPUTY APPRECIATION LUNCHEON WAS A SUCCESS!

The first of what will be an annual event honoring our Constable Deputies for what they do to keep our neighborhood and surrounding area safe was a success. The luncheon was initiated and organized by block watch captains, Julie Widis, Marita Hirt, Laura Cook and Linda King. Everyone enjoyed a taco bar with all of the fixings, beverages and scrumptious desserts provided by Laura Cook. Everyone in attendance was able to meet all of the deputies which included five new recently added to the Fairfield patrol, and I know we all welcome them to our neighborhood. Sgt Rogers mentioned at the luncheon that one of the new deputies had told him that he didn't know what to do because people were smiling and waving with their whole hand and he told them all to just smile and wave back! What a great neighborhood we live in!

We would like to extend our thanks to the businesses and individuals that supported our luncheon by making donations to make this happen:

INSPIRING AND BREATHTAKING **EVITA DANCES INTO THE HOUSTON FAMILY ARTS CENTER**

The story of the most beloved and hated woman in Argentina's history

hits HFAC's Garza Mainstage May 1 through May 24

The brilliance of Andrew Lloyd Webber and Tim Rice is brought to life when Houston Family Arts Center (HFAC) brings the Tony award-winning musical EVITA to HFAC's Garza Mainstage, May 1 through May 24.

"EVITA is a true work of art. It is an example of a woman who came from nothing and grew to become the most powerful person in Argentina," said Matthew Logan, director and producer of HFAC's EVITA. "This musical is deep, energetic and fun, yet also wrestles with issues that we are confronting in America today."

EVITA follows the rags-to-riches rise of the First Lady of Argentina, Eva Duarte Peron. Set primarily in Argentina, from 1934-1952, the musical follows Eva on her journey from fatherless child, to ambitious actress, to the most powerful woman in Latin America. The events in Evita's life are presented

in song and editorialized by the show's narrator, Che. The musical began as a rock-opera concept album, winning the Laurence Olivier Award for Best Musical and was the first British musical to receive the Tony Award for Best Musical.

Lending their talents to this production are Matthew Logan (director), Michael Montgomery (executive producer), Jennifer Stewart (musical director), Adam Delka (choreography), Lisa Garza (scenic design), Kristin Knipp and Amber Stepanik (costume design), Ron Putterman (lighting design) and David Dean (sound design).

The show is brought to life by cast members Shanae'a Moore (Eva Peron), Darry Hearon (Che), Larry Luck (Juan Peron), Sam Balest (Magaldi), Nicole Palmer (Mistress). Rounding out the cast are ensemble players: Patrick Barton, Bambi Carlson, Joey Castorema, Tyler Collins, Adrian Collinson, Monica Cummings, Stephanie Hayden, Mandy Kolbaba, Shannon Murray, Charlie McCoy, JJ Obee, Chloe Rhodes, Christa Ruiz,

MOSQUITOES

Mosquitoes can be very irritating and disrupt outdoor activities. They also are able to transmit various diseases to humans and animals. Mosquitoes are known to transmit heartworm in dogs and cats, and they can spread encephalitis (including West Nile Virus), Chikungunya, dengue, yellow fever, malaria and filariasis among humans.

Most female mosquitoes require a blood meal for egg production whereas males feed on nectar and do not bite. Eggs can be laid on the surface of water or in dry locations that are occasionally flooded by water. Some eggs are able to remain dormant under dry conditions for several months. Eggs hatch into larvae, or wigglers. Mosquito larvae live in water and feed on organic debris or microscopic plants and animals. Larvae molt into pupae which do not feed. Mosquito pupae spend the majority of their time at the surface of the water, only moving when disturbed.

around the home. Eliminate all sources of standing water. Containers such as watering cans, buckets and bottles can turn into mosquito breeding grounds. Water should be drained from birdbaths, gutters, flowerpots and pet dishes at least once a week. Children's wading pools should be emptied of water at least once a week and stored so they cannot collect water when not in use. Tree holes should be filled in with sand or mortar, or drained after each rain. Leaky faucets and pipes located outside should be repaired.

Areas that cannot be drained, such as ponds or large rain collection systems, can be stocked with mosquito fish that eat mosquito larvae. Dunks can also be used in these areas. Dunks are a small, donut-shaped product that contains *Bacillus thuringiensis* var. *israeliensis*. The donut disrupts the life cycle of the mosquito and

is non-toxic to humans, amphibians and fish.

Avoiding peak hours when mosquitoes are active is probably the best method to avoid being bitten. When outside, wear loose-fitting, light colored clothing with long sleeves & long pants. Repellants containing active ingredients such as DEET, picaridin or oil of lemon eucalyptus can be effective to keep mosquitoes from biting when evening activities cannot be rescheduled. Other products such as citronella candles will also repel mosquitoes, but work best in enclosed areas.

BREAST CANCER *Importance of Early Detection*

By: Concentra Urgent Care

Breast cancer is the most common cancer among women in the United States, and is the second leading cause of cancer deaths. Screening is vital because early stages of the disease are easier to treat. The American Cancer Society recommends women:

- Obtain yearly mammography screenings, beginning at age 40
- Obtain yearly clinical breast exams
- Check your breasts regularly for lumps
- Discuss their breast cancer risk with their physician

Breast cancer risk increases as we age. Other factors that increase a woman's risk for breast cancer include:

- Having started menstrual periods at a young age
- Having a first child after age 30
- Use of hormone replacement therapy
- Having a family history of breast cancer

Men are also at risk for rare cases of breast cancer. All persons familiar with the normal look and feel of their breasts should promptly report any unexpected changes to their physicians. The American Cancer Society recommends both women and men consult their doctor if they notice any of the following:

- A new, hard lump or thickening in any part of the breast
- Change in breast size or shape
- Dimpling or puckering of the skin
- Swelling, redness, or warmth that does not go away
- Recurrent pain in a particular part of the breast
- Pulling in of the nipple
- Nipple discharge that starts suddenly in only one breast
- An itchy, sore, or scaly area on one nipple

For more information about breast cancer and early detection, contact your health care provider, your Concentra health specialist, visit the American Cancer Society Web Site at: www.cancer.org, or visit the National Breast Cancer Awareness Month Web site at: <http://nbcam.org/>
