The Ranch Record is mailed monthly to all Steiner Ranch residents. Residents, community groups, churches, etc. are welcome to submit information about their organizations in the newsletter. Personal news for the Stork Report, Teenage Job Seekers, recipes, special celebrations, and birthday announcements are also welcome. To submit an article for consideration please email it to meredith@steinerranchhoa.com. The deadline is the 8th of the month prior to the issue.

This month’s cover photo was taken at Country Trails Lane, near Laura Busch Elementary and Canyon Ridge Middle School. Please yield to pedestrians and remember that school zones have reduced speed limits. We wish all of our Steiner kiddos a fabulous school year!

Send us pictures you’ve taken around the neighborhood, and we’ll enter you in our monthly photo drawing. The winner will receive a $20 gift card to a neighborhood business AND their photo will be included in the Steiner Ranch Record. We love receiving pictures from our residents! Playing at the Lake Club, participating in community programs and sports, goofing around at the pools and parks, or capturing a great shot of sunset… the possibilities are endless. Even if you don’t win the drawing, your photo may be used in a future newsletter. Say cheese!

September is upon us! School is back in session and we are just months away from Christmas. Soon the nights will be cooler, it will be getting darker earlier, and the nip of fall will be on our noses. With all that, it’s time to pay close attention to all the children walking to and from our neighborhood schools. Crosswalks are filled with kids who are paying more attention to telling their friends what happened on the playground, than paying attention to the red mustang barreling down Quinlan Park Road. In July, Steiner Ranch narrowly missed a tragedy when a car jumped a curb, drove across two lawns and into the side of a house. Luckily the residents of the home, nor the driver, were seriously injured. However there was serious property damage done to the home and vehicles inside the garage. So please, no one wants to live the rest of their life knowing they crippled or killed an innocent person because of not paying attention. Slow down and watch for those around you.

On a lighter note, I want to thank all of our volunteers, especially Jannine Farnum, who without their support, hard work, and dedication, Concert In The Park would not have taken place. I also want to thank our HOA Lifestyle Coordinator, Desirre Ghebremicael. While new to the position, she stepped in to do her best in preparing for this fun community event. Thank you all. You help make Steiner Ranch the premier community it is.

Be sure to take advantage of the many neighborhood events that are planned this fall. The next scheduled events are the Steiner Ranch Fall Community Garage Sale, and our last Movies In The Park showing, both of which will take place on Saturday, September 12th. Enjoy!

Bartlett Real Estate has been serving Four Points for more than 20 years! We were one of the very first Real Estate groups to call Four Points home. We continue to support our local schools, build relationships with Four Points businesses, and strive to be the Four Points Peoples’ Choice for their Real Estate needs. If you are thinking of buying or selling, give me a call. I would love to help you move forward.

Steiner Ranch Specialist, Certified Negotiation Expert (CNE), Steiner Ranch Resident, Bartlett Real Estate’s Top Producing Agent

Each office independently owned and operated.
Reckless Drivers
What Can You Do?

There have been several accidents and many concerns about speeding and reckless driving in the neighborhood. What can residents do? The Travis County Sheriff’s Department advises residents to call their Selective Traffic Enforcement Patrol Unit to report areas where speeding is continually observed. Dispatchers will assign an officer to patrol the reported area at an unannounced time.

To reach the Travis County Selective Traffic Enforcement Patrol, call 512-974-0845 and choose option 3. You will then be transferred to a dispatcher.

Remember we are all neighbors – let’s look out for one another by paying attention, obeying speed limits and giving pedestrians the right of way. It’s the neighborly thing to do AND it’s the law!

To remind residents about their speed, the HOA regularly posts a radar speed display at various areas in the neighborhood. Hopefully this helps everyone remember to SLOW DOWN.

Send Your Photos!

You Could Win A $20 Gift Card!

Send us pictures you’ve taken around the neighborhood, and we’ll enter you in our monthly photo drawing. The winner will receive a $20 gift card to a neighborhood business AND their photo will be included in the Steiner Ranch Record. We love receiving pictures from our residents! Playing at the Lake Club, participating in community programs and sports, goofing around at the pools and parks, or capturing a great shot of sunset… the possibilities are endless. Even if you don’t win the drawing, your photo may be used in a future newsletter. Say cheese!

Please submit photos to: meredith@steinerranchhoa.org
SCHOOL’S BACK SLOW DOWN!

Now that students have headed back to school, it’s particularly important to obey traffic laws and drive safely in school zones. If you drive through our neighborhood school zones, please follow these safety tips to keep all students safe this year:

- Obey the 20 mph speed limit in all school zones.
- Be patient during drop-off and pick-up if you drive your student to school or drive near a school. The roadways surrounding schools are congested during these times.
- Yield to pedestrians at all intersections, it’s the law.
- Look both ways for pedestrians and bicyclists when turning right on a red light.
- Be aware of students along the road and when backing out of driveways.
- Watch for younger and less predictable children who may dart into the road.
- Stop and wait for school buses when red lights are flashing.

Thanks for doing your part to keep students safe in Steiner Ranch!

Who Are The People In Your Neighborhood?

By: Adam and Tonya Stahl

HUE Salon, owned by Trina Mallet, is conveniently located in the Shops At Steiner Ranch and got its name from Trina's focus on hair color. She wanted a name that was short, sweet, and interesting. Hair coloring and styling have always been a huge part of Trina's life-you could say it's in her roots. Trina grew up working in her parent's barbershop in Arnaudville, Louisiana and by secondary school, Trina was known by her peers as the “go to” girl for great hair styles and treatments. This is when she realized she wanted to pursue a career as a stylist and have a business of her own. Her dream became a reality in 2011, here in Steiner Ranch. Trina created HUE to be a neighborhood salon, serving both male and female clients.

Some describe HUE as a trendy, upscale salon with warm Southern hospitality. That description is just what Trina likes to hear. “Clients should feel free to come into HUE in their workout gear or business attire. HUE is a relaxed environment. Continuing education is a priority here. We are keeping current with the latest trends and techniques,” said Trina.

This small town girl from Louisiana, with a big heart for people, is passionate about helping clients create a look they love. When HUE’s clients are happy, everyone at HUE is happy and that is what Trina’s business is all about.

What’s New At HUE

The following specials are offered based on client recommendations:

Cycling News

By Thomas Lea

The Steiner Ranch Cycling (SRC) is a group of fun loving cyclist who enjoy the outdoors, burning calories, and meeting new people. Cycling is easy on your body, good for your health and a great way to build community. There is no cost to ride, and we welcome new riders. You probably see us riding around the neighborhood in our Steiner Ranch-themed red white and blue kits.

SATURDAY RIDES

On Saturdays we host an open group ride, starting at Cups & Cones at 7:30 AM. Our Saturday rides have changed up a little and now include an advanced and intermediate group.

The advanced group will have average speeds from 18 – 20 mph and the intermediate group will average between 15 - 17 mph. While each group will be travelling at different speeds, each group will be tackling the same course with a typical distance ranging from 45 up to 60+ miles. The turnout is typically between 10 – 20 riders depending on weather. Come on out and have some fun, everyone is welcome. Ride details are posted each week to our website at www.steinerranchcycling.com.

The advanced and intermediate groups require a higher level of fitness and experience and there is NO designated sweeper.

SUNDAY COFFEE SHOP RIDE

On Sundays we host a mellow no-drop ride to a local coffee shop outside Steiner, great for new riders and/or recovery rides.

The group will leave Cups & Cones at 7:30 AM, and will target some not-too-far coffee shop for some espresso, pastries, and socialization. The ride will average around 16 mph and should be perfect for those looking to recover from the week's riding, or to extend their range out of Steiner. Our destination is typically Red Horn Coffee House and Brewing Company at 1431 and Parmer which is 18 miles from Cups & Cones. This is a no-drop ride, but you should be able to ride the 38-50 miles at a 16 mph pace.

Please visit our website at www.steinerranchcycling.com to check out what is going on in the Steiner Ranch cycling community.

WEDNESDAY MIDWEEK RIDE

Every Wednesday evening at 6:30 PM we will depart from Cups & Cones for a 20-25 mile Tour of Steiner. It will be a no drop ride, but you should be able to maintain 14-17 mph. We may entertain short, out-of-Steiner excursions, such as River Place/Ski Shores, depending on group consensus. This is a self-led ride with no designated ride leader. Just show up and ride with nice people!

Monthly SRC Oasis Ride

Join us for the third Saturday of each Month when Steiner Ranch Cycling will host a ride starting from Cups & Cones at 7:30 AM, covering 50-70 miles and ending at the Oasis Brewing Company. Bring your bikes up on the deck and enjoy views of Lake Travis with discounted beer and food options from various local food vendors.

OTHER UPCOMING RIDES

The Tour de Cure is September 12-13. This is a club favorite and supports the fight against diabetes. This year there is an epic 2 day option! Those not wanting to ride for 2 days can opt for shorter single day rides. Please see the events calendar on the Steiner Ranch Cycling website for a link containing more details and how to sign up on the SRC team.

RIDING TIPS: SO YOU WANT TO GET FASTER?

Most recreational riders, even if they ride a lot, basically do the same thing. If they like to climb, they climb; if they like the flats, they ride on the flats. And fast or slow, it’s usually around the same speed. First, nothing whatsoever wrong with that, if that’s how you enjoy cycling then please have at it! But if you’re interested in getting faster, something else may be required...

INTERMEDIATE:

At this level, it’s pretty simple: Start doing things you don’t usually do. If you don’t usually climb, add a few climbs into your ride. If you just cruise along at the same speed, pick spots on your ride where you’ll hold a higher speed for a few minutes at a time. Your body adjusts to whatever it receives, so if you ride at the same speed all the time, it will get really good at that. But if you surprise your body with different effort levels, different terrain etc., it will adjust - and you’ve just added to your abilities!

ADVANCED:

For advanced riders, specific intervals really help. Build intervals into each ride: For example, if you typically get tired and fade at the end of a long ride, start putting a couple of 20 minute intervals into training rides, where you hold an exertion level that’s 10 or 20% higher than cruise speed. If you get dropped during attacks, build in some four minute intervals at a hard pace. Between each interval rest from 100% to 200% of the interval time - in other words, if it’s a four minute interval, pedal at a slow cruise for four to eight minutes in-between. Again, you’re giving your body something new to react to, and teaching it - and thereby you! - new abilities.

MONTHLY BOARD OF DIRECTOR’S MEETINGS

Wonder what’s going on at the HOA? Attend a monthly Board meeting and find out. The next SRROA Board Meeting is scheduled for Thursday, September 24th at 6:00pm and will meet at the Towne Square Community Center. The next SRMA Board Meeting will take place on Tuesday, September 29th at 6:00pm and will meet at the Towne Square Community Center.

What’s the difference between the SRMA & SRROA Boards?
The Steiner Ranch Residential Association (SRROA) meets monthly to discuss and make decisions relating to the following community areas:
• Chapparal
• Hancock Hill
• Mesa North
• Plateau

The Steiner Ranch Master’s Association (SRMA) meets monthly to discuss and make decisions relating to all other communities in the neighborhood (example: Summer Vista, Canyon Glen, Parkside, etc) as well as the Lake Club, Towne Square and Bella Mar Community Center and facilities.

Residents are strongly encouraged to attend meetings, where they are able to voice questions, concerns or make recommendations during the homeowner forum. Residents will also have the opportunity to listen to the board discuss various items under consideration as well as the status of business relating to that association.

The HOA is always seeking resident volunteers to serve on committees, which are involved in upholding community standards and activities. We hope to see you at one of our next meetings!

Compliance Reminders

Please remember that parking on the street overnight is against HOA rules. Doing so creates a potential hazard and puts your neighbors at risk. Also remember the HOA stipulates that dogs must be on leash when on community property. This is for resident and pet protection. Remember to pick up your pet’s waste - your neighbors appreciate it!

HOA OFFICE HOURS

Please note that summer HOA office hours have ended. Our regular office hours are now in effect as follows:

Monday - Thursday 1:00 – 5:00pm
Friday 10:00am – 5:00pm

Telephone: 512-266-7553   |   Fax: 512-266-9312
Community Associations Office
12550 Country Trails Lane
Welcome to Steiner Ranch and congratulations on the purchase of your new home! As a member of the Steiner Ranch Home Owners Association, you will enjoy access to the three community centers which include two junior Olympic-sized pools, a resort pool, splash pool, splash pad and two baby pools. Also located at the community centers are eight lighted tennis courts and four basketball courts. In addition, you have exclusive access to the Lake Club conveniently located on Lake Austin, seven parks and four multi-purpose sports fields. Along with over 20 miles of serene hiking trails, Steiner Ranch is lined with extensive and manicured landscaping throughout the community.

In order to help us maintain these benefits, you are charged semi-annual assessments that are due on January 1st, and July 1st of every year. If you have questions concerning your assessments you may contact the HOA Office and speak to the Accounting Coordinator at 266-7553 ext 23.

Another unique asset of Steiner Ranch is our on-site Community Associations Office with a full management team! For questions regarding the community, please stop by our office at 12550 Country Trails Lane. Our office hours are 1:00pm – 5:00pm, Monday through Thursday, 10:00am – 5:00pm on Friday. You may also reach us by phone at 512-266-7553 during business hours.

Here is a quick check list for you to get acquainted with your new neighborhood:

Stop by the HOA office and pick up a new resident packet that includes your facility key fob, gate tags (if you live in a gated community), and complete a lake club agreement. Be sure to bring your settlement statement.

The College Search & Application Process:  
Some Words of Wisdom for Juniors, Seniors and their Parents

By Steiner Ranch resident Bridget M. Larrabee

For many, the return to school also means embarking on (if you're a junior), or continuing with (if you're a senior) the often daunting, and seemingly mystifying college search and application process. After working for many years as an admission officer at a private research university where I reviewed and evaluated thousands of applications, and as a college counselor at a small independent secondary school where I advised hundreds of students, I know well the anxiety both parents and students often associate with the entire process.

Regardless of where you are in the college search and application process, if you understand the admission process is mostly art and only a bit of science - more qualitative than quantitative – than you will already have a greater comprehension of the process and how it works. If too much information leaves you dizzy, believing the world of admission is little more than an unyielding maze, do not lose hope. The good news is that you, the applicant, have a great deal of freedom to plan your own course of action. By understanding the general process of admissions, remaining positive, and taking one step at a time, you will feel a greater sense of confidence, and ultimately, control.

Generally speaking, most colleges and universities are interested in five key aspects of the application including:

• Your high school record/transcript
• Standardized test scores
• Essay and/or personal statement
• Letters of recommendation from teachers
• Extracurricular activities: anything you devote your time to outside the classroom

Although variation exists from school to school, most admissions officers agree the high school record is the single most important factor in the entire process. Schools are interested in the grades achieved in the classes you have taken, and in any trends such as an improvement in grades from freshman through senior year, or a change in the level of courses (for example, taking standard classes in the first half of high school, then switching to intermediate

(Continued on Page 29)
College Search (Continued from Page 28)

or honors classes). It is better to push yourself in more difficult courses, perhaps risking a lower grade, than it is to take easy classes and earn all A’s. Students and parents often find this truth difficult to believe, but I promise you, this one stands true – take the tougher class!

After reviewing the high school transcript, different schools will place different value on the remaining components. Some will place great credence on letters of recommendation while others may be more or less interested in your standardized test scores. As for the essay or personal statement, most college admissions professionals concur, a great essay rarely makes up for a weak academic record, and a mediocre essay won’t necessarily consign your application to the deny list. But, a great essay forces the admission officer to focus on you for a critical period of time, and often, it generates increased curiosity about your candidacy. It is that quantity of time and quality of curiosity that can make the difference.

Some general words of wisdom for juniors who may be beginning the process:
• Start early! Takes SATs, SAT IIs, and ACTs by the end of junior year.
• Self-reflect: Think about who you are and what is important to you. Ask yourself how, where, or if any of this will fit into finding a school that is the right match for you.
• Do your research: Read the college mail that will soon inundate you, visit schools’ Web sites, establish a relationship with your college counselor (or whichever school official can help you with this process).
• Create a preliminary list of schools in which you may be interested.
• Schedule campus visits: Attend information session, take campus tours, and meet with admissions representatives.
• Become discerning: Begin to eliminate schools in which you may no longer have interest.
• Continue to focus on your academics. Although the college search and application process quickly takes on a life of its own, do not let your grades slip or opt out of challenging classes. Junior year grades and course selection are of great importance. Though junior year can be critical, don’t be overly concerned if you are a senior just beginning to think about this process. Many students complete most, if not all, of the admissions steps during the fall of their senior year. No matter where you are in the overall process, you can and will be successful. I encourage each of you to be honest, sincere and thoughtful throughout the entire college search and application process. If you stick to these core principles, you will remain true to yourself while also presenting your best self to those who will be reading and evaluating your applications. Best wishes!

The Birth Order Effect
By Steiner Ranch Resident Shelley Coleman M.A., L.P.C.-S.

In the 1950’s, Alfred Adler argued that the birth order of a child influences his personality. Today some researchers believe that birth order is nearly as important as genetics. As a parent of two children, I can attest that my kids have not had the same parenting experience.

As new parents to our first child, we did everything by the book. We “interviewed” pediatricians and left a five page “instruction manual” with caregivers. On the contrary, when our second child was born, we realized that she was not going to break and that we did not have to call 911 in response to every minor scrape. We engaged in a more “laid back” parenting style. And, like most siblings, our children are very different.

So what are some of the traits of children who exit the womb in first, second, or third place? First born children are frequently described as reliable, conscientious, and cautious. These high achievers are often put under a lot of pressure to succeed by their first time parents. Even in her pre-kindergarten class, my firstborn’s teacher described her as a “class leader” who struggled with turn taking.

When the second child comes along, he may be the “peacemaker” among siblings. The middle child is characterized as understanding, cooperative, and competitive. Neither the baby nor the oldest, this child usually receives the least amount of parental attention.

Which brings us to the last born or baby of the family. By the time this child comes along, parents are confident in their ability. The last born is frequently afforded more freedoms. As a parent of a younger child, I am frequently informed by her firstborn sister that she is permitted to “get away with murder” on a daily basis. Last born children can be described as fun-loving, manipulative, and attention seeking.

Of course there are exceptions to all theories. Twins, divorce, blended families, adoption, and length of time between births effect all family roles and personalities. And, as we know, our personalities are influenced by many factors. Some would argue that the role of birth order and sibling relationships are the biggest influence on a child’s temperament. But as a parent of two wonderful children, I believe that the influence of the primary caregiver and attachment to that caregiver provides the greatest impact. And, if we can know our children just a little bit better based on the family roles they are in, we can truly support their journey and bring our “A” game to our important jobs as parents.

Shelley Coleman is a Licensed Professional Counselor and Supervisor. She is in private practice in Lakeway where she provides play therapy, child and adolescent counseling, family therapy, group therapy, and parent education.

WE’RE FOR WATER, WHETHER IN DROUGHT OR NOT

Some 300 years ago, Thomas Fuller wrote, “We never know the worth of water, till the well is dry.” It might be an old adage, but it’s relevant today as more and more communities face concerns from mild water shortages to extreme drought. Even though Lake Travis is back up now, the drought of the past four years has reminded us it’s always a good idea to save this precious resource for future generations and fellow consumers. That’s why it is so important to use a little “WaterSense” to save water now and for the future. Here are our top tips to reduce your water use indoors and out.

Follow the rules. Restrictions on water use are to ensure that water is available for critical community needs such as fire-fighting, and healthcare facilities. Save it for these important services!

Check for leaks. Make sure your faucets, toilets, and showerheads are not leaking and check your sprinkler system. If you find leaks, fix them immediately. Leaks can rob your home of thousands of gallons of water each month, and they add up to more than 1 trillion gallons wasted across the United States each year!

Consider an upgrade. If you’re thinking about a bathroom refresh, now is the time to replace water-wasting fixtures with high-performing, WaterSense labeled models, which are independently certified to use at least 20 percent less water than standard models. In fact, if you replace all the fixtures in your main bathroom with WaterSense labeled models, it could save nearly 10,000 gallons of water, or the amount it takes to wash 240 loads of laundry every year!

Take a sprinkler break. Grass doesn’t have to be bright green year-round. It’s natural for your landscape to go dormant and look a little less vibrant during summer’s hottest months. Also, raise your mower blade and leave the lawn a little long to help grow a more drought-resistant lawn with deeper roots, reduced evaporation, and fewer weeds.

Go the extra mile. If you’ve done all you can to be water-efficient, get creative:

Don’t waste a drop. Collect water from your shower or kitchen chores and reuse it to water your flowers.

Shave off a gallon or two. Turn off the faucet while you brush your teeth and shave; you could save more than 5,000 gallons of water per year, as well as the energy used to heat that water.

Rev up recycling. Wash the car with dishwater from a bucket, or consider using a commercial car wash that recycles water.

Even if the rains return this fall, your water-saving ways shouldn’t go away. Avoiding water-wasting habits will help you save water, energy, and money and help our community save water for the future.
