2nd annual Zambia Orphan Run/Walk Fundraiser

Submitted by Andrew and Graceann DeVlieger

Please join us for the 2nd annual Zambia Orphan Run/Walk Fundraiser Saturday, November 14th at Harris County Deputy Darren Goforth Park (formerly Horsepen Creek Park) in Houston. The goal of the race is to help raise \$110,000 to build a house in Zambia, Africa for 12 young orphan children my wife and I met two summers ago, currently living in extreme poverty and in the slums. We have already raised \$77k and are hoping this event finalizes our 14 month fundraising journey. Prizes/medals awarded to age division winners. Event features chip timing and Jimmy John's sandwiches and quality custom t-shirts will be distributed. Event also includes silent auction and opportunity to purchase gift cards at 80% of face value. 100% of the proceeds benefit these orphan kids, via the non-profit, Christian Organization we are associated with called Family Legacy Missions International. Address to the event is 9118 Wheat Cross Dr. Houston, TX 77095. This four mile race starts at 9:00 a.m. and registration will be available from 7:30 - 8:45 a.m on race day. To pre-register, please visit www.zambiaorphanrun.com. Walkers and furry friends are more than welcome :)

My wife Graceann and I traveled to Lusaka, Zambia (Africa) in July of 2014 with Family Legacy to love on orphan children and our lives and hearts were forever changed. The Tree of Life Children's Village, located just outside the capital city of Lusaka, Zambia is a 130-acre community of homes for orphaned children, designed to be a haven of hope and healing. My wife and I's vision is to build an additional house in this village that will serve as a refuge and a loving Christian home for 12 additional orphan children, who currently live in the slums.

The children that move into this village come from the most severe backgrounds of extreme poverty, abuse and neglect. Some are HIV positive, while others come from child-headed households. 17% of all children in Zambia die before their 5th birthday and 65% of the population lives on less the \$1.25 a day. None of these kids chose their state in life, but now each of them must somehow try to exist in it.

Children at the Tree of Life receive both the educational and spiritual development that will dramatically transform their future. Kids here are provided first class education through highly qualified teachers and exceptional curriculum, equipping these children to become the future leaders of their country. Full-time pastors build on this by teaching the Word of God and encouraging the children in their faith.

Our desire is to cast visions into the lives of these kids so they can become all that God intended them to be. Top-notch education, discipleship and counseling are daily fixtures in their lives. In this village, children have the chance to do what most kids in Zambia have never done before: just be kids. Please help us in making our vision a reality! www.zambiaorphanrun.com

The Choirs of Christ the Redeemer Celebrate Saint Cecilia on Nov. 8

During the month of November, we observe the feast of All Saints and All Souls as well as specifically the feast of St. Cecilia, the patroness of musicians. The choirs of Christ the Redeemer Catholic Church will celebrate these feasts with a concert of beautiful sacred music at 2 p.m. on Sunday, Nov. 8.

More than 120 singers and soloists and some 15 instrumentalists will come together to praise God and honor the saints as we near the end of our church year. The centerpiece of the program will be the beautiful "Mass in G" by Franz Schubert for choir, soloists, organ and strings. Other selections include Gregorian chant, classical and contemporary compositions. The concert will conclude with a spectacular arrangement of "For All the Saints" arranged by Donald Busarow for choir, organ, brass and assembly.

All are welcome to attend this delightful celebration with our adult, youth and children's choirs with organ, strings, brass and percussion. The event is free and open to the public. Large groups are also encouraged to attend. For more information, visit www.ctrcc.com/music or call the Parish Office at 281-469-5533.

Pet of the Month

Peggy is a super sweet gentle giant! She listens well and loves to be next to your side. She is 2-3 years old, spayed, up to date on shots. She is around 50 lbs. She was found in the heights area as a stray and a nice family took her in and found us to take her into our group. As you can see from her pictures it looks like she had a rough life and we hope to find her a forever home

where she can be spoiled the rest of her doggy life! Peggy gets along with other dogs big and small. Call or email us to adopt her.

Shield Bearer's Mother Daughter Strong 2015

Moms and daughters enjoyed a fun and energizing morning of fitness and connection with Shield Bearer's Mother Daughter Strong 2015. Mother Daughter Strong event was created as a way for moms and daughters to celebrate their relationship, find support and encouragement, explore new habits and conversations, and have fun!

Shield Bearer Executive Director Roy Wooten stated, "What we noticed in counseling adolescent girls and women is that too frequently they are

living out of negative images of themselves, physically, emotionally, and in every way. We wanted to create an experience for women and girls before they need our services." Shield Bearer staff and volunteers encouraged attendees to embrace the positive, to see their beauty through God's eyes, and to work on building strength in four key areas: physically, emotionally, mentally, and spiritually.

Attendee and mom, Leslie McKeand said, "What I liked most about Mother Daughter Strong was being able to connect with my daughter in a new and different way. We were able to start a conversation about things that are important, like loving ourselves. Getting teenagers to open up about their feelings and express love for themselves is important as they start spending more time with outside influences like friends and social media. It was a great reminder to keep having those conversations."

Event sponsor Sara Quinnett of Sara Jane Photography agrees

that taking the time to connect is important in mother daughter relationships. "I was excited for the opportunity to capture memories for these beautiful women to hold onto. This life gets so busy with school, work, and a host of other distractions that sometimes you just need to sit back and spend time with your girl! There's no stronger bond than the love a mother has for her daughter. I wanted to be a part of showing that love through this event!"

Shield Bearer, a 501c3 nonprofit charity and a lead agency in the movement for healthy marriages, families, and communities, provides hope and healing to thousands each year including human trafficking

survivors, homeless women and children, victims of crime and abuse, veterans and their families, and struggling marriages and families. Shield Bearer Associate Director Melissa Rotholz states, "We want to do all we can for the families in our community. We are dedicated to providing healthy ways for families to communicate, heal, and grow closer. Mother Daughter Strong is a wonderful way to support this mission. We are so happy to have partnered with Life Path Church and P31 fitness for an awesome experience for moms and daughters."

WAITLISTS:

As divisions approach our maximum capacity of registrations, we sometimes need to utilize waitlists in order to ensure that we have appropriate numbers for each team. We also do this to backfill any cancellations. If you receive a note that you have been placed on a waitlist, it does NOT necessarily mean you won't be able to play. However, as we approach the close of registration the possibility of being shut out increases as we reach capacity numbers. Some divisions will be limited due to space and once a division is full, we cannot accept any more registrations.

LATE REGISTRATION:

There will be NO LATE REGISTRATION. Unfortunately, our size has dictated a more strict approach to registration cut-off in order to handle all of the administrative duties and preparation necessary to start the season.

GETTING INVOLVED:

Lastly, I would like to invite everyone to find a way to take part in your sports association. FSA is a volunteer organization and could use your help to provide the best facilities around. There are jobs ranging from helping with try-outs, opening day help, field maintenance, and concessions duty. We hope you familiarize yourself with the Baseball and Softball Committees via our website and reach out to committee members to see how you can help. Three areas needing the most help are baseball committee, nightly field maintenance and concessions. These are opportunities to not only get involved and meet great people, but most of all contribute to making Fairfield one of the best places around for our kids to play sports!!!

On behalf of the Fairfield Sports Association and the Baseball/ Softball committee members, I would like to thank you for all your support.

TEXAS A&M AGRI LIFE EXTENSION

MEALYBUGS

Mealybugs are pests of landscape plants and houseplants. They are often active during times of warm, dry weather, but can also become a problem indoors at any time of year. Infestations usually start at the base of stems and then spread from there as populations increase.

Mealybugs are a type of unarmored scale insect. They are sexually dimorphic (males & females look different). Males have wings while females remain wingless and nymph-like throughout their life. Females are oval, soft-bodied and covered with a white waxy powder.

These insects have piercing-sucking mouthparts which they use to penetrate plant tissue and suck out juices. This can lead to chlorosis (yellowing of the plant), wilting and distortion. With larger infestations, the insects may cause stunted growth, premature leaf drop or death of the plant. Mealybugs are also known for secreting honeydew, a sweet, sticky substance on which a fungus called *sooty mold may grow.

*Sooty mold is a fungus that grows on honeydew excretions. Sooty mold can indirectly harm the plant by covering plant surfaces and reducing the amount of sunlight that reaches plant tissues, resulting in reduction of photosynthesis.

Since all but male mealybugs are wingless, adult females have to be placed near a host plant for them to infest it. They can crawl short distances to plants. Immatures can be blown to new locations by the wind, move by water or be transported by animals.

Tips for mealybug management:

- Conserve beneficial insects; there are many insects that will feed on mealybugs or parasitize them
- **Use high pressure water sprays to dislodge the insects from the plant
- **Insecticidal soap

- **Horticultural oils
- **Insecticides labeled for mealybug control
- For severely infested plants, it may be best to throw the plant away and buy a new one

**If treating houseplants, move plants outside during treatment then move back inside once treatment has dried.

Hosting an International Exchange Student

Hosting an International Exchange Student is such a great experience for all of those involved. It leads to a better understanding between individuals of other cultures, hopefully branching its way out to a more peaceful global society. But don't just take my word about it, read about Nelva's experience and understanding of the exchange program.

I'm so lucky to have been placed with a great host family in Texas! The best part is when we share each other's cultures and have a lot of quality time together. I'm blessed to have chance to study in American High School.

Being an exchange student is hard. For the first couple days it was hard because I didn't know anybody, the moving class system is new for me and sometimes it's hard to understand what they say. But America is really friendly and handy so I got a lot of help from them. From the exchange program, people can really get to know each other, people start to respect each other and we can start a new chapter to have a better world.

So if you want to enrich your life, host an exchange student!

Nelva is from Indonesia and is spending the academic year here in Texas as part of the Kennedy-Lugar Youth Exchange and Study (YES) program. This program is funded by the US Department of State which provides scholarships for secondary school students from countries with significant Muslim populations. As part of her program year, Nelva is required to perform at least 60 hours of community service (however most YES students' hours amount to hundreds of hours) and continue working with the program in her home country.

Our application process for the 2016 Spring Semester and 2016/2017 academic year will soon be opening. School spots in our area tend to fill up rather quickly, so get your application in early to host one of these amazing students!

Ayusa is a non-profit organization founded in 1981 to promote global learning and leadership through foreign exchange, study abroad, and leadership programs for high school students from the U.S. and around the world.

For more information about hosting a high school foreign exchange student, please contact your local representative Vicki Odom at 832.455.7881 or vodom@ayusa.org or Ayusa at 1.888.552.9872 or by visiting the website at www.ayusa.org.
