8TH Annual Salute to Our Heroes Gala

On February 13, 2016, the Cy-Fair Educational Foundation (CFEF) will hold its 8th Annual Salute to Our Heroes Gala at the Omni Houston Hotel Westside. Joe Myers Ford Lincoln is generously underwriting this gala that honors the brave men and women who have served to protect our freedom and liberty. Cypress Fairbanks Medical Center Hospital and North Cypress

Medical Center are Major General Sponsors for Salute to Our Heroes. The evening will include a Missing Man Table and Honors Ceremony to honor our missing loved ones [or missing comrades in arms, for veterans].

Gerald Coffee is the guest speaker. Captain Coffee served our country as a naval officer for 28 years; much of that service was as one of the longest held prisoners of war in the communist prisons of North Vietnam. His military decorations include the Silver Star, the Distinguished Flying Cross, two Bronze Stars, the Air Medal, two Purple Hearts, and the Vietnam Service Medal with 13 stars.

Salute to Our Heroes has raised more than half a million dollars over the past seven years. Proceeds from this event have funded three endowed scholarships for students graduating from the Cypress Fairbanks ISD.

CFEF was established in 1970 as a non-profit to raise money to fund a scholarship for high school graduates in the area. Over the past 45 years, the Foundation has grown tremendously through the efforts of the Board of Trustees and the generosity of the Cy-Fair Community. The Foundation has awarded more than \$6 million in scholarships to 1300 graduating seniors. CFEF is a 501(c)3 non-profit organization, all contributions are tax deductible, as allowed by the law.

Sponsorships and tickets are available for Salute to Our Heroes
Tickets: \$100 individual; \$50 veterans

For more information please contact marie@thecfef.org or visit our website at www.TheCFEF.org.

The wonderful ladies of the Elisha Roberts Chapter, NSDAR (National Society, Daughters of the American Revolution), would like to extend an invitation to local females (18 and older) to attend our next meeting. THE PLAIDS RETURN FROM THE AFTERLIFE TO PERFORM AT THE HOUSTON FAMILY ARTS CENTER

Stuart Ross's Off-Broadway Musical "Forever Plaid" is being resurrected on the HFAC Garza Main Stage

Stuart Ross's, "Forever Plaid", is one of the most internationally popular Off-Broadway musicals to hit the stage, and it's coming to the Houston Family Arts Center. This nostalgic, 50's revue opens on the Garza Main Stage January 29, 2016 – February 21, 2016.

"What is amazing about this show," says director Eric Domuret "is how it makes me feel. So many memories, successes, and life experiences have come from this show. This show and its legacy preserves so perfectly the heart of the generation of the 1950s that had big dreams and felt their decency and hard work was enough to get them there. What better way to preserve it than experiencing it, and making it take hold in the here and now in the hearts of a new generation. What makes this production unique is how much it is like the original production from the early 90s. The original Plaids have handed down their direction, traditions, and intricacies that cannot be discovered outside of this legacy. This is what is being brought to HFAC."

Frankie, Jinx, Sparky, and Smudge are The Plaids. One the way to their first big gig, their cherry red '54 Mercury collided with a school bus, and The Plaids were killed instantly. Now, they've come back to Earth for one final performance. Don't miss this charmingly fun show as The Plaids' sing some of the greatest hits of the 1950's including: "Three Coins in the Fountain," "Chain Gang," and "Heart and Soul" to name just a few!

The guardian angels of The Plaids' are Eric Domuret (director/choreographer), Jesse Lozano (music director), Michael Montgomery (producer), Mary Balest (costume design), Amelia Templeton (scenic design), Ron Putterman (lighting design), David Dean (sound design), Alex Brokmeyer (stage manager), and Mitch Lawyer (bassist).

The posthumous harmonic quartet includes: Eduardo Tercero

(Frankie), Daniel Rosales (Jinx), Brian Chambers (Sparky), and Taylor Fisher (Smudge). Fisher has appeared in several HFAC shows recently as The Baker in "Into the Woods," John Adams in "1776," and Javert in "Les Miserable." Tercero, Rosales, and Chambers are all newcomers to the Garza Mainstage. Eduardo Tercero is known in the Houston opera community for his vocal work with the Houston

Chamber Choir, Houston Symphony, and Ars Lyrica. Daniel Rosales is a recent musical theatre graduate from Sam Houston State University and has been seen at Stages Repertory Theatre and the former Masquerade Theatre. Brian Chambers is a director and teacher for the Cypress Academy of Performing Arts.

Performances of "Forever Plaid" are Friday and Saturday evenings at 7:30 p.m., with Sunday matinees at 3 p.m., January 29th – February 21st on the HFAC Garza Main Stage. Tickets are on sale now and may be purchased online at www.houstonfac.com, or by phone at (281) 587-6100. Special pricing is available for groups of 10 or more.

LEAF CUTTING ANTS

Leaf cutting ants are reddish-brown with three pairs of spines on the thorax and one pair of spines on the back of the head. Workers come in various sizes, but can be up to ½ an inch long. Mounds can become large and are sometimes mistaken for fire ant mounds.

Leaf cutter ant mounds have a central opening and often a crater shape at the top.

Leaf cutting ants typically forage when the temperatures are cooler, such as at night or in the morning. They can sometimes cause complete defoliation of plants or small trees overnight. These ants remove leaves and buds from plants in the landscape. The ants do not eat the plant pieces, but take the pieces back to their colony and feed them to a fungus garden. They tend a particular species of fungus and weed out any other fungus from the garden.

Colonies may exist for years and can exceed over two million ants. It is not unusual for a single colony to cover an acre of land. Colonies are usually found in well drained, sandy or loamy soils.

Plants can be temporarily protected by using spray adhesives around the base of the plant. The adhesive would need to be refreshed often when dirt or debris accumulates. Temporary protection can also be provided with contact insecticidal spray or dusts labeled for “ants”. If mounds are located in an area, the bait product labeled for leaf cutter ants, Amdro Ant Block, can be broadcast with a hand-held

spreader around the mound area. If no mounds are seen, then residual sprays and dusts labeled for “ants” can be used along foraging trails and around openings.

Top Three Tips To Be Remembered In Any Situation

Rule Number One: Must Have Clean Humor

Networking. This will either sound exciting to you or send a shudder up your spine. Whether you are a spouse wondering what in the world you are going to talk about at the next office get together outside of business or wondering how you can stand out in the crowd of other entrepreneurs, here are Rules to Successful Networking that may help smooth your nerves.

Nothing says stay away from me faster than a bad, tasteless joke, or worse, to have someone remember you for the wrong reasons. It is hard to find clean jokes to make everyone smile and for certain have someone else remember you as they repeat a clean joke when they get home or at the office the next day to get a few laughs.

So when "Want to hear a dirty joke?" has everyone leaning in.... say, "Actually, I do have one (Dramatic pause or have everyone lean in....)

"White horse.....fell in the mud.....and got dirty! Argh. Argh. Say "Oh yes, you are groaning, but I'll bet you'll find yourself repeating it somewhere down the line!"

Laugh or Groan. Hey, someone will fall for this joke. Okay, Okay, you'll just have to know your audience, but when it was my job a long time ago to find good, clean jokes I really, really found out how hard it was to FIND a good, clean joke. At networking events, you'll have only a few minutes and all heads turn when you hear laughter, right? Here is one that I bet you'll repeat at least once!

Best Clean Joke

The local sheriff was looking for a deputy, so a young woman (or gentleman), went in to try out for the job.

"Okay," the sheriff drawled. "What is 1 and 1?"

"Eleven," she/he replied.

The sheriff thought to himself, "That's not what I meant, but that is right."

"What two days of the week start with the letter "T"?"

"Today and tomorrow."

He was again surprised that the young woman/man supplied a correct answer that he had never thought of himself.

"Now, listen carefully: Who killed Abraham Lincoln?"

SERVING HOUSTON SINCE 1992

(Continued from Page 26)

The young woman (or gentleman) looked a little surprised herself/himself, then thought really hard for a minute and finally admitted, "I don't know."

"Well, why don't you go home and work on that one for a while?"

So, the young woman (or gentleman) excitedly met with her/his friends, and they just couldn't wait to hear the results of the interview.

The young woman(or gentleman) was excited beyond belief. "It went great! First day on the job and I'm already working on a murder case!"

At least start the chuckling yourself. Go ahead be bold and say a joke anyway. A clean joke.

Second Best Clean Joke ...

A jock and a geek were applying for the same job. The boss said, "Boys, you need to take a test before you can get this job."

So they took the test and the next day they came back to see who the boss chose. "Well, he said, "Both of you got the same score except I'm going to choose the geek."

The jock complained, "Don't you think that's unfair?"

"Well," the boss said, "Let me tell you what happened. Both of your papers were right all the way through until the last question came up, and the geek answered, "I don't know," and then when I looked at your paper, you answered,

"Me either!"

When the chuckling subsides, say "I only have two jokes". I am always looking for another one to trade up, has anyone heard something funny lately?

Rule Number Two: Be Interesting

To be remembered as someone who IS interesting, you'll have to BE interested in other people. Yes, it pays to have something to add to the conversation, and you'll be forearmed after reading the rules of Networking above. Have a few questions ready in case there is a pause in the conversation.

What keeps you occupied outside of your business? This question will help you gain common ground or something interesting to write about in your follow up note.

Have you seen any good movies lately? Did you see? See, this is where you will sound interesting.

That was terrible aboutDid you see it on the news this morning? What are your thoughts on ?

Getting other people to talk about themselves and their interests ultimately makes you more interesting.

Your mission: look in the newspaper, look at your local networking clubs and go make some new clients, friends or even dates! You don't have to be a Toastmaster to feel comfortable in new environments.

Oh, a Bonus Rule. Keep your nails nice. Keep your nails nice.

Whether handing your business card over to your next big client or holding a drink (preferably soda), you'll be sending a message that you think about yourself as much as you'll care about them as an account.

Rule Number Three: Remember Names

Actually, Rule Number Three: Remember Names should be Rule Number One. Remembering names is crucial. Asking for a business card. Ask how they spell it. Except for the easy, easy names. Try "Is that Linda with an 'i' or a 'y'? Making up a rhyme, word association, movie association, actor association. Be deliberate and really slow to repeat their names in your head or at least in re-working the introduction. "My pleasure to meet you, Linda". You'll already be thinking of your next question, so please think slowly on remembering someone's name. As crazy as it sounds, try saying "Linda, Linda, Banana Fanna Bo Binda Fee Fi Bo Binda, Linda" (ahem, in your head, please). Anything works. ;You'll surely brighten someone's day and impress them with your Savant-mindedness. Don't use this if you wind up saying "My pleasure to meet you, BInda"? or worse "Bimba".

ACUPUNCTURE

Acupuncture and Traditional Chinese Medicine (TCM) are safe, effective and drug-free options for the treatment of most non-emergency medical conditions. Whether you're new to acupuncture or have years of experience, acupuncture can help your general health.

What is acupuncture?

Acupuncture is a form of treatment involving the use of very fine filiform needles that are inserted into certain specific points of the body. This stimulates the body to increase circulation and activate the body's own natural healing process. Acupuncture can be used to treat a wide range of conditions and illnesses and is a wonderful option when western medication does not work or is not tolerated.

What to expect?

Acupuncturists often use additional techniques, such as tui-na, cupping and moxibustion, in conjunction with acupuncture. Tui-na is a form of

Chinese manipulative therapy, consisting of massage, acupressure and other forms of body manipulation. It works by applying pressure to acupoints, meridians and muscles or nerves to remove blockages that prevent free flow of Qi (energy) through the body. Cupping involves the use of glass globes placed on the body to create a suction effect. The vacuum effect that draws up the skin is believed to open up the skin's pores to stimulate the blood flow to the muscles, balance and realign the flow of Qi. Cupping may result in small, circular bruises in the area where the cups were applied, but these bruises are usually painless and disappear within a few days after the treatment. You may have seen these cupping marks on the back of the Chinese Olympic swimmer Wang Qun at the Beijing Olympics in 2008! Finally, moxibustion is a traditional therapy that involves the burning of moxa made from dried mugwort, a soft and wooly herb, to penetrate to a deeper level of the body. Moxibustion has been used throughout Asia for thousands of years; in fact, the actual Chinese character for acupuncture, translated literally, means "acupuncture-moxibustion".

What about herbal medicine?

Chinese herbal medicine refers to the use of a plant's seeds, berries, roots, leaves, bark or flowers for medicinal purposes. Traditionally, this involves formulating a mixture of various herbs to create a formula based on a patient's specific needs. These herbs can be taken

in the form of herbal tea after boiling the herbs in hot water to extract the active ingredients. Although herbal medicine is still widely used and available, formulations in the form of tablets or capsules are more convenient and have become more popular these days.

What conditions can be treated?

Acupuncture and Traditional Chinese Medicine (TCM) is most commonly used to treat pain caused by various illnesses such as arthritis, bursitis, fibromyalgia and PMS. It can be very effective for treating migraine, back pain, neck pain, frozen shoulder and sciatica. Acupuncture can also achieve good results when treating stress related problems such as insomnia, anxiety and depression. It is an effective way to treat substance abuse, reduce substance dependencies (e.g. pain killers) or help you to quit smoking or reduce weight. Acupuncture may also be used as an adjunct to physical rehabilitation or surgical intervention to hasten functional recovery. Talk to your licensed Acupuncturist about what acupuncture and TCM can do for you. Please refer to the Classical Ads of this newsletter for our detailed information or visit www.amaranthacupuncture.com.

Fernando Velasco

In previous newsletters, I offered tips on how to hit a forehand groundstroke, a two-handed backhand, one-handed backhand, forehand volley, and the two handed backhand volley. In this issue, I will give you instructions on how to execute the serve, considered as the most important stroke, since the player has complete control of the game at this time. In these pictures, Adolfo Gonzalez, one of the tennis pros at the Grey Rock Tennis Club, demonstrates the proper form and technique for a right-handed player. For a left-handed player, the instructions will be the opposite hands.

Step 1: Ready Position: The body is sideways with the right hand holding the end of the racket in a forehand grip position and the left hand is holding the ball under the throat of the racket. The left arm is slightly straight and the ball is held with the thumb, index finger and middle finger. This allows for a consistent toss without using the wrist and/or elbow. Feet are a shoulder width apart and the body is in equal balance. For beginners, it is okay to change the grip slightly toward the forehand grip. As the player gets more advanced, the continental grip will be a better one to give more spin on the ball.

Step 2: Back Swing: The left arm comes down and the right arm follows it. It is vital to slow down the motions to allow for both of

the arms to have good balance in the front and behind the body. Notice that the hand is in the process of tossing the ball in front of the body and the left wrist is bent down. It is imperative to have a good consistent toss since it will dictate the success or failure of the serve.

Step 3: Point of contact: Once the player is ready to hit the ball, the right arm will force the racket toward the point of contact, while the left hand will come down toward the body. This allows for the "snap" of the wrist to accelerate and bring the ball down. Notice that the point of contact is slightly higher than then center of the racket. Eyes are still focused on the point of the contact and will be ready to look down as soon as the ball leaves the frame. The right hip is extended to allow the body to extend up.

Step 4: Follow Through: The racket speed will extend to the left side of the body. The right foot is coming forward and is pointing toward the net. The trunk is straight and eyes are focused on the direction of the ball. At this point the player will take the split step and will jump either behind the base line to rally with the opponent or will move toward the net to serve and volley.
