

The Clippings

May 2016 Volume 4, Issue 5

A Message from the General Manager

Dear Walden Members,

2015 has turned out to be one of our best years ever so I would like to take a few moments to update you on some of the highlights of the year.

First of all, CBons International Golf Group (CBIGG) has now officially owned the property for a full year and not only have they honored the Partner Fund, in which members generated \$160,000 in 2014, they also contributed an additional \$80,000 toward the renovation of the tee boxes. I am proud to report the following improvements and upgrades that were done this year using the Partner Fund and CBIGG's contribution:

Renovation of all the tee boxes	\$160,000
Cart Path Repairs	\$40,000
NEW Pool Furniture	\$27,000
NEW Gorilla Play Set	\$3,000
NEW Tennis Equipment	\$3,000
NEW Weight Room	\$7,000

The renovation of the tee boxes, which took place from June to October, required all the boxes to be leveled and some of the boxes were expanded. Renovations are complete and all tee boxes are now in play so you should come and check them out if you haven't already.

Our pool area, which is available to all members, has consistently been one of the most popular amenities at the club. Therefore, we invested in new pool furniture which included 20 lounge chairs, 20 umbrellas and stands, 4 large tables with 6 chairs each and 20 end tables. And since safety is of utmost importance to us, we built and installed new lifeguard chairs so our lifeguards are better able to keep watch over our children.

The tennis area of the club has also undergone some significant improvements. Each of the courts has a new bench and umbrella

for the comfort of the players. We also received new umbrellas for each of the 4 tables located in the observation area. For those of you who participate in one of our many junior and adult tennis programs, you may have noticed that the tennis instructors have upgraded tennis carts and all new tennis balls. The junior practice tennis balls that we purchased are softer than standard balls and are designed to help younger players in their development. This will benefit our tennis pros by enabling them to cater to younger players which will help our junior programs grow.

At Walden, our goal is to have something for everyone in your family to enjoy. Therefore, we installed a brand new Gorilla Play Set for children of all ages to have fun on. If you haven't seen it yet, it's right next to the pool and tennis areas. The play area is also available to all members.

One of the best kept secrets at Walden is that we have an excellent exercise gym equipped with all the latest machines and equipment. We recently transformed one of our two racquetball courts into a free weight gym giving us a separate free weight room and cardio gym. We removed the glass wall and replaced the floor with rubber mats and lined the walls with mirrors. The transformation was complete after we installed a 60" flat screen TV on the wall.

These are the many things we have done to revitalize Walden. We have plans in 2016 to paint the main building inside and out and the fence and pillars of the swimming pool. Thank you for being a member and I am looking forward to seeing you at the club.

Sincerely,

Jon Schlemmer, GM

LAKE HOUSTON LADIES CLUB

May 2016 Meeting and Luncheon Information

Lake Houston Ladies Club will have their meeting and luncheon on Tuesday, May 17, 2016 beginning at 10:00 a.m. at the Walden Country Club, 18100 Walden Forest, Humble TX 77346. The Hula Mammals will be performing their Drums of the Pacific show, an Authentic Polynesia Review. There will audience participation, so ladies get ready. This should be lots of fun, as they will bring Hawaii to us. Lake Houston Ladies Club is a social organization that welcomes new members from all surrounding areas. Several Interest groups are available which include: Readers Choice, Bridge, Bunco, Tea Time, Lunch and Look, Movie Group, Supper Club, Mah Jongg, and Girl's Night Out. Please join us. New members are always welcome. Reservations need to be made by Sunday, May 8, 2016 by 5:00 pm. For luncheon reservations go to: <http://www.lakehoustonladiesclub.com/> For more information about the club call Linda at 832-379-3009.

6 Health Benefits of Eating Dark Chocolate

If your sweet tooth craves chocolate, there are plenty of reasons to surrender to your cravings and indulge. Dark chocolate is loaded with nutrients that can positively affect your health. Made from the seed of the cocoa tree, it is one of the best sources of antioxidants on the planet. Cacao offers a number of health benefits from helping to control blood sugar to lowering the risk of cardiovascular disease because it contains flavonols, which are a type of antioxidant that has been shown to improve blood flow and can protect against sun-induced damage, improve blood flow to the skin and increase skin density and hydration.

Bottom Line: Quality dark chocolate has various nutritional perks so enjoying a delicious treat that has at least 65% cacao can be guilt-free if you don't overdo it.

NUTRITIONAL PERKS

HEART-HEALTHY

Dark chocolate has been shown to improve blood flow and possibly prevent blood clots. It also helps lower blood pressure and may help keep arteries from hardening.

BRAIN FOOD

Because chocolate increases blood flow to the brain, it can be a boost to your cognitive health.

MOOD CHANGER

Chocolate also contains phenylethylamine (PEA), which encourages your brain to release endorphins that make you feel good.

CANCER FIGHTER

Antioxidants in chocolate help rid your system of free radicals, which have been linked to multiple age-related health risks and diseases.

SOMETHING TO SMILE ABOUT

Theobromine, found in dark chocolate, helps harden tooth enamel, which helps prevent cavities.

SUN BLOCKER

Some studies show that people with diets high in flavonols take longer to burn in the sun than people with low flavonol diets.

Whiteflies

Whiteflies are small, soft bodied insects with piercing-sucking mouthparts. They are creamy white and adults have a mealy wax coating their body and wings. Immatures, also called nymphs, are small, oval, flattened and wingless.

Whitefly populations can increase quickly when temperatures are warmer. The insects like to be on the underside of leaves, often in clusters. Common species of whiteflies have a wide host range and can switch host plants.

Whiteflies suck plant juices and large populations can cause foliage to turn yellow, appear to be dry or even fall off the plant. Some whiteflies cause plant distortion or foliage to turn silver in color. Whiteflies produce honeydew, a sticky substance secreted by some insects. Honey dew causes foliage to become shiny in appearance and can attract a fungus called sooty mold. Some whiteflies are capable of transmitting plant viruses.

Try to encourage natural enemies to help manage whitefly populations in your garden. To do this, make wise pesticide choices. Try to choose pesticides to target specific pests and/ or specific areas. Also, you may need to manage ants that tend the whiteflies to obtain honeydew. The ants protect whiteflies from natural enemies that may

normally keep the pest population at manageable levels.

In vegetable gardens, you may want to try reflective mulches to make the underside of the leaves where whiteflies hide less habitable.

As for chemical treatment, you can use high pressure water sprays, insecticidal soap, azadirachtin, d-limonene, botanicals or a synthetic product. Target your treatment to the underside of the leaves to get to where the whiteflies like to hide.
